TRANSPORTATION GIANTS VIE FOR TRANSATLANTIC SPEED RECORDS

Transportation, by air and water, has improved beyond man's ability to comprehend. And with improvements competition for speed and records follows. So much so that today there is a three-cornered ocean race between a super ship of the air and two super ships of the sea. Back in 1819, the Savannah, the first steamship to make a transatlantic voyage, puffed away from Savannah, Ga., and 27 days later landed at Liverpool, England. Soon the Queen Mary, the British superliner will point her bow toward New York and arrive there in four days and a few hours. The French liner, Normandie, recently altered, will be the Queen Mary's competitor on the water. Meanwhile, in the air, the LZ129, known as the Von Hindenburg, is the new sky queen, now being on her second flight to the United States. Contrast the new giant of the air with an early type Zeppelin, shown above. The new Zeppelin is much speedier than the new ocean liners.

Five Billion Dollar Relief Is Found Unconstitutional; Guffey Coal Act Also Out

More Body Blows Are Dealt at New Deal—Congress Said To Have no Power in Matter of Big Money Measure—Stock Market Reacts to Decision

WASHINGTON, D.C., May 18: (CP)—The 1935 United States Relief Act was held unconstitutional today by the District of Columbia Court of Appeals. In a sweeping opinion, three of the five judges said the \$4,880,000,000 law was void because it "attempts to reach and control matters over which the Constitution has given Congress no powers."

Washington Watches

WASHINGTON, D.C., May 18: (CP)—Renewed attention was called Saturday by William Phillips, Under Secretary of State, to previous indirect United States warnings against Japanese expansionist activities in China. Mr. Phillips was replying to press conference inquiries as to whether Japanese strengthening of its military garrisons in North China was being studied by the United States.

Speaking on Behalf of Secretary of State Cordell Hull, Mr. Phillips confirmed United States' continued support of the nine-power treaty of 1921 guaranteeing the integrity of Chinese territory against foreign aggression and under which the signatory nations agreed to maintain in China only sufficient troops for legation guards. United States has maintained about 500 troops for this purpose and other nations a like number. The recent movement of some 7000 troops by Japan into North China is officially regarded here as a "military invasion" rather than a "measure of protection."

Effect on Stock Market NEW YORK, May 18: (CP)—The decision in the Guffey coal case gave the stock market a brief and potent stimulant today but the rally was short-lived and prices slid back to close irregularly lower after advancing one dollar to around four dollars a share.

Military Movement Against Chancellor Schuschnigg Is Seen

VIENNA, May 18—Activity in the massing of Prince Ernest Rudiger von Stahrenburg's private army, the Heimwehr, was seen by some observers on Saturday as a move against the expansion of dictatorship by Chancellor Kurt von Schuschnigg.

Schuschnigg has announced a plan to dissolve such military organizations as that headed by the former co-dictator who was deposed during the past week.

Reports of possible disturbances in the near future followed Chancellor Kurt Schuschnigg's announcement that all private armies will be disbanded.

Prince Stahrenburg is reported planning a new scheme for restoration of his power, so recently taken from him when he was ousted from the Cabinet by Schuschnigg, and says that "only over his dead body will his private army be dissolved."

JUDGMENT INVOLVED

Both Sides Win in Supreme Court Case Over Dairy Property At Smithers

Damages for the plaintiff in the sum of \$750 with costs were awarded Friday in Supreme Court here in the case of Theodore Olsen and Bruce Olsen vs. George Oulton. The defendant was also given judgment with costs on a counter claim, this judgment to go into effect upon the \$750 being paid to the plaintiff. The action followed the purchase by plaintiff of a dairy property at Smithers from defendant. The judge found "fraud in law" in connection with the transaction, the defendant's representation that the herd was free from disease being "untrue." His Lordship, however, denied rescission of the agreement of sale to the plaintiffs as they had been "in full knowledge of the facts." The defendant was given judgment with costs on the counter claim for return of the property with the declaration that the "contract is absolutely determined." The defendant, therefore, gets the place back when he pays the \$750 to the plaintiff, subject to adjustments. H. H. Griffin and L. S. Freer acted as counsel for the plaintiffs while J. T. Harvey appeared for the defendant.

VICTORIA ELECTION

B. C. Nicholas, manager of the Victoria Times, is proposed as Liberal candidate in Victoria for the federal house in place of D'Arcy Plunkett, who died recently. The Conservatives plan to run former Premier Tolmie, who was at one time minister of agriculture in the Conservative cabinet, and who also held a similar position in the unionist wartime cabinet.

When Dr. Tolmie was brought out as a supporter of the unionist government, he received the hearty support of Mr. Nicholas and the Victoria Times, both of whom at that time supported the unionist wartime government. Since that Mr. Nicholas has gradually developed as a public man. As president of the Canadian Club he has often delivered lectures of a scholarly nature and is today looked upon as one of Victoria's outstanding public men. If he consents to lead the party in this by-election in the B. C. capital he is pretty sure of election.

BUDDHIST INVASION

Since the beginning of time Christians have been keen on spreading the gospel of Christ among people who are not Christians and who up to recent years have been looked upon as "heathen." Of late, however, it has dawned upon many people that other religions have been and are outstanding in their aims and ideals and in many cases are well suited to the peoples holding those religious views. Also it is noted by people of these other nations that Christians are not agreed among themselves and that some forms of Christianity are very different from others. This has resulted in leaders of other religions taking the offensive and invading what has in the past been looked upon as Christian territory. For example, Buddhists have invaded this continent, particularly among the Asiatic residents and temples are being built for the use of those who worship God in the manner prescribed by students of the Buddhist philosophy.

It is claimed by students of the older philosophies that Jesus studied in Buddhist monasteries during the period when he was preparing for his great but brief ministry and it is well known that much of the doctrine he promulgated was preached long before his time by lesser prophets and seers. At any rate there is nothing to worry about in connection with the invasion of Buddhists. It should, however, put the Christians on their toes, making them keener to put into effect the Christianity they profess.

CARAVAN AT GOAL

Ralph LePine Leads Townsend Plan Procession Into Washington

WASHINGTON, D.C., May 18:—The Townsend Plan caravan, headed by R. V. G. LePine, a former Canadian and resident of Prince Rupert, arrived in Washington at noon Sunday. It consisted of eighteen cars and three trucks and brought petitions weighing in all seven tons and containing ten

million names asking for the putting into effect of the much discussed old age pension plan whereby \$200 monthly would be paid to all persons over the age of sixty years.

The caravan, which had spent Saturday night at Fredericksburg, Virginia, was met at the city limits by supporters of the Townsend Plan and by police. It was forbidden to drive up to the entrance of the House of Representatives or to enter the Capitol grounds where organized processions are not permitted.

The intention is to present the list of names to a congressional committee.

BOOTH WON IN SOCCER

Defeated Borden Street School Four to Nil in Junior League

Although beaten by Booth Memorial School by four goals to nil, Borden Street School put up a good fight in Saturday's Junior Football League fixture and should have been value for a goal at least.

Cameron's cross was the first feature of the game. Then Currie had a long try that Dybhavn did well to stop. Ritchie next was prominent with a run. He was forced out to the wing but crossed a beauty that Cameron turned in with a splendid shot for the first goal. A moment later Cameron just missed the upright. Cook stopped Ritchie and Currie went ahead until Beynon stopped him. Scherk was playing a grand game. Currie and Schubert combined nicely but the latter shot past weakly. Kihara's shot was saved by Dybhavn and Ritchie and Cameron got away for Ritchie to score. Judge centred a ball that missed narrowly. Ritchie went through but missed an open goal.

McLeod and Nelson were stout defenders but were handicapped by lack of weight and height. Hougan and Flewin were doing well as newcomers. Mah saved well from Ritchie but McLean gave him no chance with a hard cross drive. McKay and Beynon were hard to pass although Borden now was more dangerous. Schubert and Currie both made headway. Cameron's shot grazed the bar and went over. Ritchie was lucky to be in the right place following a scramble to add Booth's fourth goal. Kihara centred well. Scherk took a penalty but shot weakly into Dybhavn's hands. Judge had a try as did Schubert but Booth cleared and the end came with no further scoring.

Booth—Dybhavn; Beynon, McKay; Franks, McLean, Flewin; Cameron, Hougan, Ritchie, Baker, Gomez.

Borden—Mah; Nelson, McLeod; G. Smith, Scherk, Cook; Kihara, Currie, Schubert, Fong, Judge. Jimmy Carroll refereed and D. Gomez and G. Ferguson were linesmen.

The league standing to date:

	W	L	D	F	A	P
High School	3	0	0	9	2	6
Booth	1	0	1	5	2	2
Borden	0	0	3	1	1	0

WINNER OF PREAKNESS

Bold Venture, First in Kentucky Derby, Repeats at Baltimore

BALTIMORE, Maryland, May 18: For the fifth time in American turf history, a Kentucky Derby winner has scored the double victory of taking the Preakness as well, Saturday afternoon before a wildly cheering crowd of 45,000 racing fans, Bold Venture, victor at Churchill Downs two weeks ago, won the Preakness by a nose from Granville.

The finish was so close that there had to be a photographic check-up before the result was officially confirmed. The time for the 1 3-16 mile sprint was 1 minute, 59 seconds, the third fastest in the history of the race.

BILLIARDS WAS CLOSE

Neil Cameron Wins Over R. C. Mutch by Scant Margin of Twenty-Seven

One of the most closely contested and interesting billiard matches ever seen in the city ended last night in a win for Neil Cameron, Prince Rupert city champion, over R. C. Mutch, Smithers champion, by a margin of 27 points, the final scores being: Cameron, 1000; Mutch, 973.

All the way through the game had been see-sawing, the lead often changing with successive breaks. The first 100 having been even, at the 250 mark Cameron was leading by 77. After the interval Mutch gained steadily and passed Cameron at 400 points. At the 500 mark Mutch was leading by nine after a wonderful piece of uphill playing. At the three-quarter mark Mutch was in the lead by 750 to 736 and the last block had the spectators intensely excited.

Cameron did not get ahead until he had 797 and Mutch, 793, a 24 break giving Cameron the advantage. A 30 break brought Mutch up to within 16 points of Cameron but Cameron got a 33 break. Then a 20 and a 25 brought Mutch up to 945 and Cameron's lead was cut to three points with only 55 points to go. Mutch later got a 10 and a 17 but Cameron had a 29 and ran out with an unfinished 18. Cameron's best breaks were 33 and a 30. Mutch had two 30's.

Mutch played steady billiards all through. His potting was very accurate and his cannons resourceful. A mashe shot in-off with the balls in the jaws of the pocket was the outstanding feature. Cameron brought off many cannons and had the advantage in positional play. He had some luck at the end and just at the time when a little luck meant the difference between winning and losing. The whole game was splendidly fought out.

Jack Allen was referee, "Red" Young marker and George Dawes scorer. The game was watched by a capacity crowd of 150 keenly interested spectators. It is hoped that a return match may be arranged at Smithers.

WASHINGTON, D.C., May 18:—The Department of Justice revealed Saturday that a letter written by Thomas H. Robinson Jr., who was captured at Glendale, Cal., during the past week and sentenced to life imprisonment at Louisville, Ky., for the kidnapping with violence of Mrs. Alice Stoll, was the first clue that led to the arrest of Robinson. For a long time Mrs. Robinson, who has announced that she will divorce her husband, had been kept under surveillance and all her correspondence scrutinized. Finally, a letter recognized as having been written by her husband showed up to give the clue which had long been awaited as to his whereabouts.

Gets Two Months On Theft Charge

Harry Farley Sentenced For Breaking and Entering Cafe—Owners Warned Regarding Rear Fastenings

For breaking and entering the Commodore Cafe, to which charge he pleaded guilty, Harry Farley was sentenced to two months' imprisonment by Magistrate McClymont in city police court this morning. The incident occurred about 1:30 Friday morning when Farley broke in through a back door of the restaurant and took groceries from the storeroom. He was taken into custody by a police officer while carrying the goods away.

The city police are asking proprietors of downtown business premises to take precautions that there are adequate fastenings on rear doors and windows of their premises. A number of places are known at present to be easy of access from the lanes.

ASKS EXPLANATION.

Editor, Daily News:
We take objection to the announcement in a recent edition of your paper wherein you state that George Bryant had been given the order by the city for seven firemen's uniforms at \$29 per suit, same being lowest tender.

We might say that we also tendered on this order, submitting seven samples of cloth, two of which were priced lower than the above tender. Our two lower quotations were \$23.80 and \$27.63 per suit and as we represent one of the best clothing houses in Canada where quality and fitting are guaranteed we think it only fair that we and the public are entitled to some explanation.

Thanking you for the use of your valuable space, we remain,

NEW MUSIC FILM HERE

Radio Activity is Background of "Stars Over Broadway," "Fisco Kid" Also Showing

Revealing the private lives and loves and the struggles and tribulations of successful radio stars, "Stars Over Broadway," feature attraction at the Capitol Theatre here for the first of this week, is reported to introduce a new idea in screen musical comedies. There is an unusual mixture of musical numbers, varying from classical selections to the very latest in jazz, as well as a spectacular specialty number. Pat O'Brien has the role of a theatrical agent who is about to say good-bye to the world because he is unable to find any clients when he hears a porter in a hotel sing and realizes his possibilities. James Melton and Jane Froman, radio stars, making their first appearance on the screen, have important parts in the cast which also includes Frank McHugh, Jean Muir and Frank Fay. The other end of the first of the week double bill is "The Frisco Kid," thrilling tale of the glamorous Barbary Coast of old San Francisco with an all-star cast headed by James Cagney, Margaret Lindsay, Ricardo Cortez and Lili Damita. The picture is set in the colorful background of the early fifties on the Frisco waterfront and the characters are based on historic personages of the time.
