Soup Fog Held Responsible | Soviet Carries Out Sentence With Dispatch-Mercy Refused

> MOSCOW, Aug. 25: (CP)—Sixteen men convicted of plotting to overthrow Dictator Joseph Stalin and the Soviet government have already been executed, it was officially announced today. An appeal for mercy was declined following their sentence early Monday to die before a firing squad.

The execution of the sixteen confessed conspirators against the Soviet state is the highest measure of social defence of the government and marks the first time since the Bolsheviks came into power that they have ordered the sentence of death for leaders who marched in the October rebellion of nineteen years

The condemned men, included Gregory Linovieff and Leon Kameney who formerly governed Russia with Joseph Stalin. They were declared guilty of plotting with the exiled Leon Trotsky to DENVER, Colo., Aug. 25:-Claim- assassinate Dictator Stalin and others high in the government. Zinovieff and Kamenev had also been convicted previously of having brought about the assassination of Sergei Kiroff, first aide to Stalin, two years ago.

DEATH SENTENCE

The death sentence imposed upon Gregory Zinevieff and fifteen of his co-conspirators in Russia seems severe to us who are used to democratic institutions. Many will wonder why a group of men should enter upon so hazardous an undertaking as trying to kill the head of the Soviet Government and bluff their way by a program of slaughter into taking over the administration of affairs. The present Soviet got control in that way and the only way in which the administration can be changed is by kill- New Yo ing off the old one. They failed so they must pay the penalty. It seems that what Russia needs more than anything just now is a stable government such as that provided by Stalin, the dictator. To change just now would be fatal to progress.
