ROBERT CROMIE

Yesterday we recorded the sudden and unexpected death of Robert Cromie, an outstanding man in the life of his home city, Vancouver. Doubtless he had many faults but disloyalty to his home town was not one of them. In season and out of season he worked in the interests of British Columbia's metropolis. Even when on his periodic tours he looked for information that would be of advantage to Vancouver. For years he fought an uphill battle with the object of placing the Sun newspaper on its feet financially and the fact that he has been able to carry on its publication in face of fearful odds indicates that his policy was generally right. Mr. Cromie will be missed in Vancouver.

ADMITS CLAIMS

By the appointment of a Royal Commission to examine into British Columbia's claims for a change in her financial relations with the Dominion, the federal government admits that British Columbia has a case but prefers an independent commission to deal with it. That is one benefit and a very important one resulting from the visit of Premier Pattullo to Ottawa. It is what he has been asking for some time but only now has it been granted.

In any confederation it is necessary for all parts of it to be satisfied. In the past the Maritime Provinces have been able to exert so much influence at Ottawa that they have secured almost everything they asked. The west has been left out in the cold. Now it seems that British Columbia has some chance of securing a more just settlement.

TRAIN SERVICE IMPROVED

The train service on the line east from Prince Rupert is to be improved considerably this year. The Friday trains, it is understood, are to give a fast, fully equipped service, and through passenger tourists will be advised to take them as they connect with the Vancouver trains at Jasper with only a few minutes to wait. Last year there was no train of this class. Three mixed trains and two full passenger trains will be only one train in all less than in the palmy days. If conditions continue to improve there should be another improvement in the service next year.

PLEA FOR FISHERMEN

Hanson Would Have Government Lend Them Money With Which to Purchase Boats.

The following is from Hansard of April 28.

MR. HANSON: I want to associate myself with the hon. member for Gloucester (Mr. Veniot) when he describes the fishermen's griefs, and also the inequity of the bill passed last year in connection with assistance to fishermen in building their boats.

"Especially I should like to call the attention of the minister to the recommendation which he has received from the Pacific coast, from the deep sea fishermen there. The act passed last year allowed a fisherman only \$1,000. In order to get that they had to mortgage their boats and real estate. But for the deep sea fishermen on the Pacific coast it is impossible to do anything with \$1,000. Their boats in the first place cost all the way from \$5,000 to \$20,000, some up to \$40,000 and \$50,000. The fishing industry out there is the back-bone of business on the British Columbia coast. For instance, the port I represent, Prince Rupert, brings in each year five or six or seven million pounds of halibut. This fishing is all done in deep sea waters outside the coastal areas. A loan of \$1,000 to build boats of that kind is no assistance at all. Representation has been made to the government and to the minister that this amount should be raised, and there is no doubt in my mind that this could be done for the fishermen the same as it has been done in this housing scheme. The fisherman is required to give security on his boat or his real estate, and I do not see why the department should not extend to the fishermen the same privileges as they are doing under the housing scheme which in my opinion is a good idea and should be extended to everybody. We hear this plea not only this afternoon but year by year.

"I say, give the fishermen all the assistance that is coming to them. These men are the back-bone of the country and must be given the assistance they need. The farmers are provided for; it is not right to forget the other primary industries. I urge the minister to give his best consideration to the representation he has received from the deep sea fishermen. I know some consideration is required by the shore fishermen, but they have been getting help, while the deep sea fleet on the Pacific coast has had very little if any consideration."

Bulkley Valley Farmer Retires

Arthur P. Legerton Sells Driftwood Ranch to New Comer From Switzerland

SMITHERS, May 13—One of the best known farmers of the Bulkley Valley has laid down his tools and retired.

Arthur P. Legerton, who came to Smithers immediately after the war, took up land in the Driftwood district and has been farming there since that time, has sold his holdings to Fritz Hurlimann, a new arrival from Switzerland.

Mr. Legerton had one of the finest farms in the Bulkley Valley but last winter he had the misfortune to break a leg and has been more or less disabled since that time. He found it impossible to carry out his farm duties this spring and decided to retire. He has been very active in promoting the interests of the Driftwood district during his residence there, being secretary of the Farmers Institute and secretary of the Driftwood School Board of Trustees. He has always been very popular with the people of Driftwood and of Smithers and he will be greatly missed in the Driftwood district.

Mr. Hurlimann, the new owner, is a new comer to this district but he has lived in Canada before and was manager of a large farm at Mortlach, Sask. He should have no trouble fitting in in the Driftwood District.

The transaction was handled by a local realtor, L. H. Kenney, and is the first movement of real estate in the valley this year.

Mr. Hurlimann with his wife and small son are already in possession of the property.

ADVISED TO EAT BRAN FOR HER CONSTIPATION*

Kellogg's ALL-BRAN Helps Miss Hanson

Read this enthusiastic, voluntary letter: "Just a line to let you know how much I appreciate Kellogg's ALL-BRAN. I was troubled with constipation. I asked my doctor what to do. He said to eat bran.

"I tried other brands but they weren't so good, so I tried Kellogg's ALL-BRAN, and it is just wonderful. It makes delicious muffins, too." — Miss Agnes Hanson (address upon request).

ALL-BRAN provides mild "bulk" — missing in the average meal. This delicious cereal also furnishes vitamin B and iron.

The "bulk" in ALL-BRAN absorbs moisture, and gently exercises and cleanses the system. It is often more effective than that found in fruits and vegetables, as it does not break down within the body. ALL-BRAN also supplies vitamin B and iron.

Isn't this natural food pleasanter than patent medicines? Just eat two tablespoonfuls daily. If not relieved, see your doctor.

Sold by all grocers. ALL-BRAN is much more effective than part-bran products. Made by Kellogg in London, Ontario.

*Constipation due to insufficient "bulk" in meals.

SOUTH SEA FILM HERE

"Last of Pagans" With "Love on a Bet" Being Shown at Capitol Theatre

An absorbing drama of life on the Polynesian Islands entitled "Last of the Pagans" and a whirlwind romantic comedy "Love on a Bet" comprise a double bill program at the Capitol Theatre here at the middle of this week. In addition to the two feature pictures, Julius Welle appears on the stage in accordion solos.

With Mala, the Eskimo actor, and an all-native cast, "Last of the Pagans" shows in detail the intimate lives of the Polynesian natives. It is a gripping and romantic love story of a boy and a girl in the island paradise; of their separation through the work of rascally white traders, and their triumphant reunion. The action is set against a tapestry of picturesque native dances, glorious tropical sunsets, blue lagoons and gorgeous scenic details.

"Love on a Bet" is based on a strange bet around which is built up a lively romantic comedy.

TERRACE

After visiting her parents, Mr. and Mrs. W. E. Smith, for some weeks in Terrace, Mrs. McLroy has gone to Edmonton to join her husband in that city.

The Board of Trade held a special session on Monday to draw up a letter urging upon the Premier, while he is in these parts, to give his best consideration to the job of finishing the highway connecting Terrace with Hazelton and the outside world. Harry King presided and there was a fairly well attended meeting.

Captain J. Bowen Colthurst gave his Terrace friends a pleasant surprise on Monday night when he stepped off the train from Prince Rupert. The Captain intends to put in some time at Terrace and Lakelse and while here he plans to hold some meetings in the interests of the Social Credit League.

Starting out from New York in a pair of shorts, Gene Raymond is to be in Hollywood in ten days with a suit, \$100 in cash and a beautiful blonde. There are many hilarious episodes. Wendy Barrie has the romantic lead opposite Raymond.
