British home fleet units now at Gibraltar, comprising the Hood, Ramillies, Orion and Neptune, will be returning to the United Kingdom. LONDON, Jan. 8: (CP)—J. Reid Young, secretary of Vickers Limited, munitions makers, denied flatly before a royal commission on private manufacture of arms today that his company was a member of "an international armaments ring" with business ramifications throughout the world. Vickers officials said that the company's foreign investments included twenty-five percent of a Japanese ordnance and shipbuilding firm, twenty-one percent of one Spanish armament company, twenty-two percent of another and thirty and one-half percent in a Roumanian armament firm. They added, however, that Vickers had no control of these companies in any way. It was merely an investment.

HAUPTMANN EXECUTION SET FOR JANUARY 17

TRENTON, N.J., Jan. 8:—Bruno Richard Hauptmann, convicted of the kidnapping murder of Charles Augustus Lindbergh jr., was told yesterday as he shaved in prison that his execution would take place on January 17 about 8 p.m. He took the announcement with his customary stolid coolness. Hauptmann's only hope now rests with the New Jersey State Board of Pardons which on Saturday will consider his appeal for commutation to life imprisonment.

Sir Herbert Lawrence, chairman of Vickers Limited and Vickers Armstrong Ltd., said that "demand from abroad has resulted in the development of an anti-aircraft gun which, in competition with the world, has proved its pre-eminence," but he added: "Our own government, if it wishes, can get full advantage of this development."

DAILY EDITION

Wednesday, Jan. 8, 1936

WHAT WILL HAPPEN IN 1936?

The year 1936 is to be a year of conflicts but there will be no big European war, the fighting being confined to the more remote parts of the world. There will, however, be a good deal of political and industrial strife, according to a forecast issued by the Aromc Rosicrucian Brotherhood of San Jose, Cal. Last year we published a summary of a prophecy of theirs which assured that there would be no European war during the year. This year the forecast was issued in November and is said to be based on charts and diagrams and world studies which have been a dependable guide in the past.

Politically, the prophecy speaks of there being a great awakening in many lands, with reforms, new movements and plans of popular control. Before the close of the year many old parties, groups, regimes, cliques and diplomatic circles will be rejected and new political parties and associations will be formed by leaders rising from the ranks.

There will be a final and ultimate outburst of stored-up energies, antipathies and disagreements and unsound and unwarranted suspicions. Some disputes will be settled by local warfare, others by arbitration and others by indefinite postponement.

There will be war in the far east before the year is out and during the year the color question will reach its first active phase of the cycle. At first it will be a challenge from the blacks to the whites but the brown and yellow races will become involved.

TROUBLES OF AUTOCRATS

In Russia there will be treachery and differences that will slowly wreck the integrity of the Soviet government. The rulers of that country will find that her masses of people have not been contented, satisfied or deceived into passivity and one of the great leaders there will be removed.

In Germany Hitler's popular power will be greatly diminished and treachery will again be uncovered in his own ranks. A popular movement will arise there demanding a return to true German political principle as a protest against Hitler's unique and surprising decrees and regulations.

The United States is just entering a new cycle of peace and with a few deflections will maintain an attitude that will win it the title of "peacemaker of the world."

CATHOLIC REVIVAL

In religion the year will be marked by the Roman Catholic Church enjoying a new cycle of increased membership and devotion. The Pope's intelligent, sympathetic influence in certain national and international problems will assist in bringing some serious possibilities for conflicts to an early settlement. Important messages to the world from the Vatican will bring about a period of world wide influence for the church. Other churches will find themselves modifying their doctrines largely as a result of the youth movement. The Christian Science Church will increase its membership in some lands but decline or stand still in Canada and the United States. Changes in this church will be demanded but on the whole the year will be a good one.

OTHER ACTIVITIES

During 1936 Communistic activities will increase and will play a serious part in unfortunate disputes between capital and labor. When the United States starts to purge the country of the radicals a really serious diseased condition of politics created by these radicals will be exposed. Real estate will boom in United States and England. The Townsend plan will be defeated although it will grow in popularity. It will suffer from malicious attacks from persons within its own ranks.

In science it will be proved that germs are not infectious. There will also be many other scientific developments of great importance.

The only person specifically mentioned in the prophecy is the Prince of Wales who it is said will be tempted to marry either in the spring or fall.

WILL PAY CONTRACTS

Special Appropriation To Be Asked Of Congress To Meet A. A. A. Pledges

WASHINGTON, D.C., Jan. 8.—President Franklin D. Roosevelt announced yesterday the intention of the administration to make good all payments to farmers contracted for under the Agricultural Adjustment which was ruled unconstitutional this week by a majority judgment of the Supreme Court of the United States. A special appropriation would be asked of Congress to cover the contracts running up to \$600,000,000.

Seventy farm leaders from various parts of the country have been invited to Washington on Friday and Saturday to confer with President Roosevelt and Secretary of Agriculture Wallace over the situation following the ruling out of the adjustment act.

One of the immediate effects is expected to be a general decline in the prices of agricultural products. The only means of combatting such a decline would appear to be the capturing of new markets or the limiting of production.

Meantime all field officers of the A. A. A. have been ordered to discontinue their activities.

Prayer Meeting Well Attended

Interest Continues to be Shown In Campaign—Rev. C. D. Clarke Is Speaker

In spite of inclement weather, there was a good sized congregation at the Salvation Army Citadel last night for the second of the series of meetings this week in connection with the observance of Universal Week of Prayer.

Inspiration came with the opening song which was followed by several voluntary prayers.

Following the second song, Lieut. Hilda Bridge read selected verses from Hebrews 11 and 12 after which Rev. C. D. Clarke, pastor of First United Church, spoke on the topic of "Faith." Following up on "Repentance," which had been the theme on Monday night, Mr. Clarke explained that the now penitent soul must have faith in the mercy of God. The next step was Christian faith which was spoken of as the launching of life towards the unseen future. "Faith is a venture," continued the speaker. "No one lives without faith." Comparisons were drawn between the material and spiritual exercising of faith.

After the closing song, Rev. Canon W. F. Rushbrook of St. Peter's Anglican Church pronounced the benediction. W. Vaughan Davies presided at the piano and Adjutant Eva Laycock was in charge of the meeting.

Tonight's meeting will take place at First United Church with Very Rev. James B. Gibson, dean of St. Andrew's Anglican Cathedral, the speaker.

Leonard Cripps, who has been spending some time in Vancouver, returned to the city from the south on the Prince George this morning.

SMITHERS HAS FIRE

Considerable Damage Done To Dr. J. B. Judge's Premises—Contents Saved

SMITHERS, Jan. 8.—The town of Smithers was alarmed by the fire siren Monday night, not only for the first time this New Year but the first time in two years, when fire broke out in the office of Dr. J. B. Judge, chiropractor, at about 7:30 o'clock.

The Village Commissioners happened to be in session in the Municipal Hall, adjoining the fire hall when the siren sounded and, in less than two minutes, they had converted themselves into a fire department and had the large chemical engine on the street and on its way to the fire.

L. B. Warner joined the department enroute and, with 20 years experience in fighting fires in Smithers behind him, he soon had the hose into the building and proceeded to extinguish the fire and the crowd of spectators that was rapidly gathering. When the liquid hit a live wire and conveyed the "juice" from the wire to Mr. Warner's hands he thought that Chiropractor Judge had started manipulating his spinal column.

With the assistance of a lot of snow which was thrown onto the fire inside of the building it was only about half an hour before the fire was out, notwithstanding that it had gotten a good hold on the building and had broken out along the eaves.

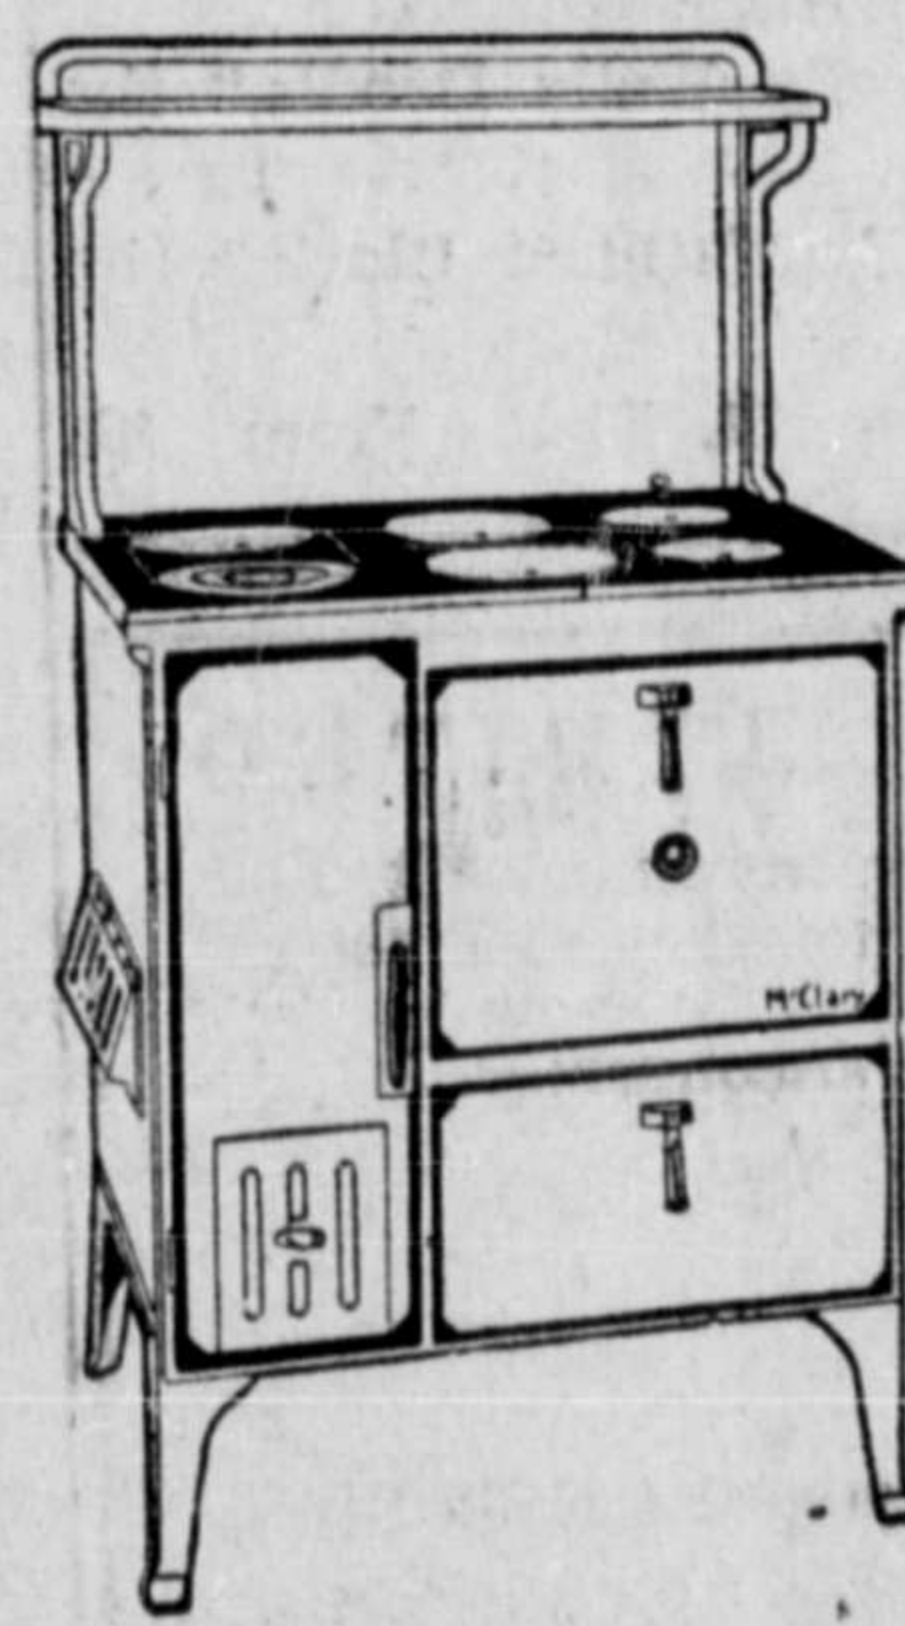

The cause of the fire is not known. The building was owned by the Carr Bros. and it is not thought that there was any insurance on the premises. It was very badly damaged.

Most of the contents of the building were gotten out. Mr. Gazley, who noticed the fire and turned in the alarm, salvaged some of the most valuable furniture before the fire department arrived.

## KINCOLITH YULETIDE

Season Fittingly Celebrated at Naas River Village—Something Doing Every Night

The Christmas and New Year season was celebrated in the native village of Kincolith at the mouth of the Naas River with enthusiasm and fervor, many events of various kinds being staged to the enjoyment of old and young alike.

The first affair was a Christmas tree for all the children of the village from babes to those fourteen years of age, none of whom were neglected by Santa Claus.

On Christmas Eve the choir of Christ Church sang Christmas carols in the streets from 10 p.m. until midnight when refreshments were served by Rev. and Mrs. Oliver Thorne at the Mission House.

Christmas Day began with celebration of Holy Communion at 9 a.m. and at 11:30 a large congregation joined in a hearty and inspiring service led by the clergyman, lay readers and a large choir.

After enjoying good cheer at their homes, the people gathered Christmas night in the Church Army Hall for a service of prayer and praise.

On each evening during the Yuletide week the various village societies played their part in entertaining the townsfolk.

The Kincolith Concert Band, led by Charles McNeil, gave a splendid program one evening. On another there was the masquerade and dance by the Sons of Kincolith. Still another affair was the Senior Society's Christmas Tree for adults when Santa Claus appeared and games of various kinds were played with refreshments being served.

The Women's Auxiliary of the Church of England had an evening devoted to a sale of work and served refreshments to all.

The Church Army Sisters also had their night when they gave a good program.

At a public meeting the new village council, Chief Councillor Sam Stewart and his fellow councillors outlined their plans for the year and asked for the co-operation of the citizens.

The New Year was ushered in with a reverent service in the village church after which there was a torchlight parade with band and fireworks.

On New Year's Day all the societies joined in a gaily decorated parade through the village with the brass band in the lead.

The various societies did well in entertaining the people of the village during the holiday season and also gave money contributions to help the work of the church not only in the village but in the diocese.

Kincolith looks forward to a successful year in 1936.

## SONG FILM PRESENTED

Bing Crosby in "Two For Tonight" At Capitol Theatre—"Men Without Names" Also

A bright-spirited comedy with lulling love songs and gay romance is Bing Crosby's "Two For Tonight," featured with "Men Without Names," a crime-hunting drama, on a double bill at the Capitol Theatre here this mid-week.

The story of "Two For Tonight" centres around the humorous experiences of a struggling young singer when he is erroneously taken for a playwright. Bing is one of three brothers, sons of Mary Boland, who are evicted from their home. A sparkling, breezy, sentimental finale forms an exciting climax to the funfest. There is a fine assortment of catchy melodies including "From the Top of Your Head to the Tip of Your Toes," "Without a Word of Warning," "Two For Tonight," "Takes Two to Make a Bargain" and "I Wish I Were Aladdin." The late Thelma Todd and Joan Bennett have prominent parts.

Fred McMurray has the leading part in "Men Without Names." Teamed with Madge Evans, he plays the part of a federal agent who mixes romance with adventure and crime—hunting with love. Lynne Overman, David Holt, Leslie Penton and J. C. Nugent are seen in supporting roles.
