THE CARNIVAL

Tonight the carnival opens. It is put on for the purpose of providing amusement for the people of Prince Rupert and their visitors and also for the purpose of refinancing the Boys' Band, giving them a proper outfit in uniform and instruments. The object of the carnival is an excellent one and, doubtless, it will attain its purpose.

Owing to lack of proper instruments and uniforms the band has been unable to appear before the public as often as might have been the case. People cannot appreciate music played on worn-out instruments. They are unable to gauge the value of the band to the community.

The band is a local organization which is training Baseball Standings event promises to be what the competition will stant tonight with youngsters to produce and to appreciate good music. Since its inception it has done wonderful work in the city. Whereas there were at the time of its formation only a bare dozen lads who could play any instrument or who New York had any idea of music, there are today all the young men st. Louis who have graduated from the band and the steady stream of youngsters who are trained to take the places of those falling out. We may not always see the result of the work being done but it is always going on.

Many will attend the carnival just to have a good time. Others, doubtless, will take an interest in it because of the desire to help the band.

SLOW YOU DOWN

Correct It by Eating the Right Meals

The most common type of constipation is due to insufficient "bulk" in the diet. When you continue to eat poorly balanced meals, period of weeks and months. faulty elimination often develops. You feel uncomfortable, lack your accustomed vigor.

Eat a balanced diet. Include milk, fruits and vegetables as protective foods. Also sufficient "bulk." Kellogg's ALL-BRAN is a convenient source of "bulk." Within the body, it absorbs moisture, forms a soft mass, gently cleanses the intestinal tract.

Fruits and vegetables contain some "bulk," of course. But scientific tests show that, with certain people, this "bulk" is largely broken down within the body. This does not happen to the same extent with bran. When you eat Kellogg's ALL-BRAN, you can be sure of obtaining

Serve ALL-BRAN as a cereal. with milk or cream, or cook into muffins, breads, etc. Two tablespoonfuls daily are usually sufficient. Stubborn cases may require ALL-BRAN oftener. If not relieved this way, consult your doctor.

ALL-BRAN is guaranteed by the Kellogg Company as a natural laxative food for constipation.* Eat it regularly for regularity. Sold by all grocers. Made by Kellogg in London, Ontario.
