Lower Mainland Longshore Organization Satisfied; Oppose Outside Interests

VICTORIA, March 11: (CP)-Members of the Canadian chartered waterfront organizations working at lower coast points of British Columbia are on record as being entirely satisfied with existing longshore employer-employee relations in the province and opposed to incursion of their territory by foreign chartered unions.

In a letter to federal, provincial and lower coast port municipal authorities, seven longshore groups ask that outside interference be not allowed to interfere with the "present stable and satisfactory conditions of the industry in British Columbia."
