One contract will be given for the whole building including excavation, foundation and main structure, according to present plans.

Some three weeks ago the plans were in Ottawa receiving final approval by the departments. Certain mnor changes were made and the plans are now back again in the hands of the architects in Vancouver to have these changes incorporated. The next step is the calling for tenders.

Speaking of appropriations made by the Department of National Defence for coast defences in this neighborhood, Mr. Hanson pointed out that, as is already known, topographical surveys were now under way. From these necessary information for the program would be secured.

After the closing of the session at Ottawa, Mr. and Mrs. Hanson, accompanied by Leslie Mutch, member for Winnipeg South, and Mrs. Mutch, made a motor trip to Florida whence Mr. Hanson returned to Ottawa enroute west. Mrs. Hanson is now in Montreal and will be returning west with her son. Olof jr., after he has completed the term's studies at McGill University.

## WAKE UP YOUR LIVER BILE-

And You'll Jump Out of Bed in the

Morning Rarin' to go The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.
