## One Hundred Guests Routed From Beds In Early Morning Blaze

Manager and Night Clerk of Belmont Rushed Through Six Floors to Awaken Sleeping People—Damage is Placed at \$50,000

VANCOUVER, Sept. 29: (CP)—Over one hundred guests were routed from their beds early today when fire of unknown origin swept through the basement and beer parlors of the Belmont Hotel on Granville Street. The manager and night clerk, with aid of other employees, ran through the hallways of the six storey building, giving the alarm. Two alarms were sounded before firemen brought the flames under control. Damage is tentatively estimated at \$50,000.

## FASCISM LOGICAL

So Says Mussolini in Berlin Speech—Italian and German Regimes Based on Consent of People

BERLIN, September 29: (CP)—Speaking fluently in German, Premier Benito Mussolini of Italy told six hundred thousand Germans massed in the rain at the Olympic Stadium last night that peace would be the issue of Nazi-Fascist collaboration. The two nations were united as a bulwark of peace in Europe. Mussolini said there was "no secret intention behind my trip" to visit the German Chancellor.

Hitler bitingly denounced the "democratic, Marxist internationalism" while Mussolini predicted that Europe would go Fascist not through our propaganda but by the logic of things.

## SLEEPING GIRL DIES

Bronchial Pneumonia Following Operation Proves Fatal To Patricia Maguire

CHICAGO, Sept. 29:—Patricia Maguire, who has been in coma for over five and a half years with a form of sleeping sickness, died in Presbyterian Hospital here last night without regaining consciousness she lost five and a half years ago. Suffering from bronchial pneumonia developed Sunday following a tumor operation, two blood transfusions and administration of oxygen failed to save the sleeping girl's life.

Her death now seals the enigma of the pretty 32-year old girl's long sleep. Many eminent physicians studied the case after Patricia fell into deep slumber over five years ago. Serum injections, massage and artificially induced fever were all employed with equal futility in attempts to awaken her. The sleep is attributed to lethargic encephalitis.

## DEATH OF RAILMAN

Edmund Deschenes, Manager Of Central Vermont, Passes Away

ST. ALBANS, Vt., Sept. 29:—The death of Edmund Deschenes, vice-president and manager of the Central Vermont Railway, occurred here early last evening following an abdominal operation. He was in his fifty-ninth year.

"The death of Mr. Deschenes will come as a severe blow to the officers and staff of the Canadian National Railways," said E. P. Mallory, executive assistant to President S. J. Hungerford, who is at present in England on a business mission. "Mr. Deschenes was widely known in transportation circles throughout Canada as well as the United States. His great ability, energy and geniality had won the warm admiration not only of his colleagues but of all the business communities in New England which he served."

Mr. Deschenes was born in St. Albans, September 7, 1878, the son of the late Edmund Deschenes and Rosalie Lafontaine Deschenes. His father, a Canadian, came to the United States when a young man. As a lad of thirteen, Mr. Deschenes first became interested in a railroad career and obtained part time employment as a messenger boy with the Central Vermont Railway. In 1895 he took full time employment as an errand boy in the Central Vermont auditing office and has been employed with the railway continuously since that time.

Mr. Deschenes enjoyed a wide acquaintance among United States and Canadian railway executives and for several years was a member of the disbursement committee of the Railway Accounting Officers Association. He was also a member of the organization's executive committee.

Self Made Man  
Being a self made man, Mr. Deschenes worked his way from the bottom to the top rung of the ladder of accomplishment through diligence and attention to details and hard work. After holding various clerical positions, he was made chief clerk of the passenger and general accounts departments. He was appointed auditor of Central Vermont Lines in 1915 and named comptroller of the railway in 1920. He served as assistant to the president, Canadian National Railways, at Montreal, with supervision of capital and budget expenses, from 1929 to 1931, when he returned to the Central Vermont as comptroller and manager. He was elected to the Central Vermont's board of directors in 1932 and was appointed vice-president and manager of the property in 1934. Mr.

## PASSING OF STATESMAN

Senator Rodolphe Lemieux Dies In Montreal—Was Cabinet Minister and Speaker

Fine Personality

Endeared Himself to all Through Charm, Dignity, Impartiality and Courtesy

MONTREAL, Sept. 29: (CP)—Senator Rodolphe Lemieux K.C. P.C., L.L.D. former member of the cabinet of the late Sir Wilfrid Laurier and former Speaker of the Canadian House of Commons, died

## Passes Away

SENATOR RODOLPHE LEMIEUX

yesterday at his home here after a five-day illness. He was seventy-one years old.

While Senator Lemieux will be remembered for his achievements in government during the years he was member of the cabinet of Sir Wilfrid Laurier, his name will also go down in history as an eloquent public speaker and a lecturer on Canadian law and international law. More particularly however did he endear himself to all Canadians because of the charm, the dignity, the impartiality, and the unflinching courtesy which he brought to his important position as Speaker in the House of Commons.

The unparalleled distinction was Mr. Lemieux's of being Speaker for three successive parliaments. There were many turbulent sittings, particularly in the exciting session of 1926, but Mr. Speaker was ever unperturbed and ruled a bristling chamber with a calm dignity that never forsook him. He was considerate of the feelings of all the members regardless of which side of the house they were sitting, and whether they were front benchers or less conspicuous representatives. The care with which he selected the words to express his decisions, the richness of his voice, the charm of his personality, and his obvious desire to be fair and tolerant will long be remembered in the houses of parliament.

When at the close of the sixteenth parliament at the end of May, 1930, Mr. Lemieux was elevated to the Senate, he left the Commons where he had served continuously since the Liberal party was swept into power in the election of 1896. Then a young man, he had seconded the address in reply to the speech from the throne. After four years as the representative from Gaspe, he was again returned by the electors of that constituency in 1900.

In 1904 Mr. Lemieux became Solicitor-General in Sir Wilfrid Laurier's government. He was given an acclamation in Gaspe in the subsequent by-election and again in the general election held the same year. In the general election he was also elected for the constituency of Nicolet. In the election of (Continued on Page Two)

## PLANNING BUILDING

Museum Board Hopes to Have Concrete Structure Erected Next Spring

The museum board, at its regular monthly meeting in the city hall last evening, spent considerable time discussing the possibility of erecting a new museum building. The consensus of opinion seemed to be that it would be a concrete structure and should be on city property at Fraser Street Park, not far from the Fire Hall. It was thought the cost would be approximately \$6,000 without the furnishings. It was decided to commence the preliminary plan of campaign immediately with the hope of having the building erected in the spring.

Those present at the meeting included Dr. Neal Carter, chairman, City Commissioner Alder, C. G. Ham, Rev. Canon Rushbrook, Rev. W. E. Collison, Robert Bartlett, secretary, and H. F. Pullen.

A. E. Parlow was out of town and Mrs. J. B. Gibson was unable to attend.

It was reported that the big rock with the Indian hieroglyphics, which had been donated by Rev. Canon Rushbrook, was on a flat car at the station and would be delivered at the site near the Salvation Army today. It is a big rock weighing about five tons which was brought from a point on Portland Canal between the Nass River and Anyox. It is being installed near the Salvation Army Citadel.

Custodian N. L. Jones reported that there were 107 visitors at the museum during the month. A specimen of the Arctic owl had been donated to the museum by R. Kilday. Four new members had been added to the list since the previous meeting.

### THE POSITIVE PROGRESSIVE ATTITUDE

In a period such as Prince Rupert has been through the people are apt to adopt a less aggressive attitude and become critical of everything. This is not an attitude that makes for progress. Even if the city has not made the progress it was expected it would during the past ten years, it is still a very much alive centre with the very best of prospects. It will, undoubtedly, become a great port and the more we all put on a bold front and adopt a progressive attitude instead of a petty, nagging attitude, the more likely are we to make good.

In spite of a certain amount of worrying over what people were saying it was found this week that only a dozen people disapproved the movement to try to induce a pulp mill to start in the city. It was a splendid exhibition of unity of purpose and gives hope that in all our future movements we shall be able to stick together and present a united front. The wild talk of a half a dozen kickers was shown to have little influence on the whole community. People with a stake in the city still keep the progressive attitude. It is the attitude that wins success.

### PUBLIC QUESTIONS

H. R. MacMillan, one of Canada's leading industrialists, in an address to the Canadian Chamber of Commerce recently, which address is now distributed in pamphlet form, deals with a number of questions of trade and commerce which are of great interest to us all.

One of these questions is that of cost of production. He shows that the increasing cost of living, as a result of controlled marketing, tends to discourage production by making the cost too high for the purchasers to pay. As the bulk of the products of British Columbia are exported and sold in competition with cheaper labor, the question of keeping up the export of products and thus continuing our prosperity, is a vital one.

Again he mentions the question of defense of our trade routes and shows that, as long as we are dependent on our export business, we must be in a position to protect our shipping as well as defend our own shores.

One of the commodities in which Mr. MacMillan is interested is that of fish, for he is president of the B. C. Packers. He shows that British Columbia fish has to compete with similar fish packed by cheap Japanese labor. This fish is sold in the same market as British Columbia fish. Japanese people engaged in fish packing receive about nine dollars a month in Japan. The result is that B. C. fish is ousted from all but protected markets.

We all believe in high wages and we hope British Columbia will be in a position to pay them but, the moment wages get so high that the products cannot compete with other countries, there is an immediate lessening of employment. We respect the efforts but there must be a reasonableness in these efforts else we shall find the market demoralized and all the efforts of all the marketing boards in the world will not keep the prices up.

### PASSING OF STATESMAN

(Continued from Page One)

1908 Gaspé again sent him back to parliament.

Mr. Lemieux was chosen for the portfolio of Postmaster-General by Sir Wilfrid Laurier in 1906 and he continued in this post until 1911. In those years he played a conspicuous part in the development of Canada's postal service and was recognized as one of the strong men of the ministry. In 1907 he was the special envoy from Canada to Japan when the Asiatic immigration troubles were smoothed out. In 1910 he represented Canada at the inauguration of the parliament of the Union of South Africa. In 1911 he was made Minister of Marine and Fisheries, but shortly afterwards the Laurier government went down to defeat on the reciprocity issue. Mr. Lemieux met his first reverse in Gaspé, but was elected in Rouville. In the general election of 1917 he was elected for the constituency of Gaspé and also for Maisonneuve. After that he ran only for Gaspé, and won the elections there in 1921, 1925, and 1926.

### Was Named Speaker

When the Liberal party led by Rt. Hon. W. L. Mackenzie King came into power in 1921 Mr. Lemieux was offered a portfolio, but declined. He was elected Speaker of the Commons at the session which followed—the first session of the fourteenth parliament.

In 1924 the Liberal government offered him the Lieutenant-Governorship of the province of Quebec, and he later had an opportunity to become Minister of Justice in Mr. King's cabinet. He declined both of these positions. He frequently told friends that he loved most his positions as head of the House of Commons. The fifteenth parliament in January, 1926, again selected him as Speaker, and when the commons assembled after the general election that year, they once more made him their presiding officer.

One of the earliest speeches of Senator Lemieux in the Upper Chamber urged that ministers of the Crown having seats in the Commons should be permitted to appear and speak in the Senate from time to time. The proposal found support from some other members of the Senate but was not adopted.

Many honors came to Mr. Lemieux from outside his own country. The French government made him a knight of the Legion of Honour in 1906 in recognition of his services in promoting closer and better relations between Canada and that nation. Later he was made an officer of the same order. In July, 1927, he was elected member of l'Institut de France, succeeding Cardinal Mercier.

He was a member of the Eight Club, the National Liberal Club of London, England, and the Circle Inter-Allie of Paris, France. The Vatican conferred on this devoted son of the Church the honor of Knight Commander of St. Gregory the Great in 1924.

In Canada he was elected President of the Royal Society in 1918.

He was a member of the Mount Royal Club, the Royal Ottawa Golf Club, the Murray Bay Golf Club, and the Rideau Club in Ottawa.

For many years Mr. Lemieux was much sought after as a lecturer and public speaker. He was a member of the law faculty of Laval University and from 1896 until 1929 he lectured there on the history of the Canadian law and international law. In 1928 he delivered a series of lectures at the Sorbonne University of Paris on the political evolution of Canada since the fall of New France in 1763. In 1922 he obtained from the government of France the gift of the famous Vimy plateau, 250 acres in area. He signed the accord to that effect on behalf of Canada, while M. C. Reibel, Minister of the Liberated Regions, signed on behalf of the French Republic.

### French Canadian

Rodouphe Lemieux was born in Montreal, Nov. 1, 1866, the son of H. A. Lemieux, late Inspector of Customs, and Dame Marie Anne Bisailon, his wife. He was educated in Nicolet College and Laval University. In his youth he was actively engaged in journalism. He was called to the bar in 1891, becoming a partner in law practice with Hon. Honore Mercier in Montreal and later with Sir Lomer Gouin.

Mr. Lemieux was married in 1894 to Berthe, daughter of Sir Louis Jette, formerly Lieutenant-Governor of Quebec. One of the deep sorrows of Mr. Lemieux's later life was the death of his only son, Lieutenant Rodouphe Lemieux, who was killed in action in France. His only surviving daughter is Sister Clotilde, a nun at the Ursuline monastery of Three Rivers.

Mr. Lemieux's brothers occupy a prominent place in Canadian affairs. They are Alphonse Lemieux of Montreal, Auguste Lemieux, K.C., Ottawa, Dr. Gustave Lemieux, M.L.A. for Gaspé, Dr. Lemieux, head of the Quebec government office in London, England, Mrs. (Justice) Poulitot of Quebec City is a sister.

## LOCAL NEWS NOTES

See the Mayfair window for latest in fall shoes.

Mr. and Mrs. George L. Rorie are leaving on this evening's train for Vanderhoof. Mr. Rorie is going into the Omineca mining country on business.

Mr. Justice and Mrs. A. M. Manson arrived in the city on the Prince George this afternoon from Vancouver. His Lordship was the speaker at a luncheon of the Gyro Club immediately after arrival with members of Women's Canadian Club also attending.

### Philharmonic Is Reorganized

Local Musical Organization Gets Under Way with Brocklesby and Riddell as Conductors

The initial meeting and practice of the season of the Prince Rupert Philharmonic Society was held last night. Officers were elected as follows:

President, Dr. R. G. Large.  
Secretary, J. H. McClinton.  
Treasurer, Arthur Sutton.  
Conductors—Dr. H. N. Brocklesby (orchestra) and Dr. W. A. Riddell (choir).

There will be two private concerts for associate members during the season.

### Rally Day And Harvest Festival Held At Terrace

TERRACE, Sept. 29:—A good congregation assembled in Knox United Church on Sunday evening to enjoy the Rally Day and Harvest Festival service. A special program of music was rendered by the newly formed junior choir.

Donations of fruit, flowers and vegetables were provided by members of the congregation and these were tastefully arranged for the occasion by the C. G. I. T. Group.

Rev. and Mrs. W. D. Grant Hellingworth, after an absence of a year in Vancouver, returned to the city from the south on the Prince George this afternoon.

Mr. Justice Manson is to be the guest speaker at the regular weekly luncheon of the Prince Rupert Rotary Club tomorrow.

Staff Sergeant and Mrs. G. H. Greenwood, who have been on a holiday trip to Vancouver and elsewhere in the south, returned to the city on the Prince George this afternoon.

### WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

The county court case of Max Heilbroner vs. Mrs. Myrtle Rogers, an action for \$20, was dismissed yesterday afternoon by Judge W. E. Fisher.

## DON'T BE A SLAVE TO OLD FASHIONED BAKING METHODS

—send coupon below and learn how really easy and simple it is to make bread and rolls the modern Quaker way.

With Quaker Flour and "The Quaker Easy Method of Baking," all the drudgery, trouble and hard work is eliminated from baking—it is so easy and simple anyone can use it without failure.

Quaker Flour, too, will give you a delightful surprise. It's not just ordinary flour, but the best all purpose flour you can possibly buy. It's especially milled for Canadian use—by the makers of famous Quaker Oats.

### READ WHAT OTHER WESTERN HOUSEWIVES SAY:

"I always use Quaker Flour and The Quaker Easy Method of Baking. It saves so much time, trouble and work and I find I get more uniform and better results." — Mrs. J. Whitmore, Dauphin, Manitoba.

"No more kneading and overnight setting for me. The Quaker Easy Method of Baking with Quaker Flour not only saves me all this trouble and time, but my results are much better and I never have a failure." — Mrs. F. J. Smith, Milner, B.C.

"Baking is no longer hard work for me. I use Quaker Flour and the Quaker Easy Method of Baking and I not only save half the work and trouble, but I get much better results in half the time." — Mrs. G. Riley, Calgary, Alberta.

**DEATH OF RAILMAN**

(Continued from Page One)

Deschenes was also a director and president of the Bethel Granite Railway Co., and a director and vice-president of the following affiliated companies: Centmont Corporation; Brooksey Ways Inc.; and Central Vermont Terminal Inc.

He was a director of the New London Northern Railroad Co.; Central Vermont Transportation Co.; Vermont and Province Line Railway Co.; and vice-president of the Montreal and Vermont Junction Railway Co.; Montreal and Province Line Railway Co.; and the Stanstead, Shefford and Chambly Railroad Co.

Under his stewardship, the Central Vermont has been kept in the vanguard of transportation progress in New England. He was responsible for pioneering the development of merchandise freight collection and delivery service, coordination of rail and bus service and coordinated rail and airways service.

**Worked for Community**

Mr. Deschenes gave liberally of his time, experience and energy to civic and community development of his native city and state and was active in the development of winter and summer recreational activities in Vermont. He was an influential member of the Vermont State Chamber of Commerce and the New England Council. He was also so widely known in New England banking circles through his long association with the Weldon National Bank in St. Albans, of which he has served as managing director during the past four years.

The funeral will be held at St. Albans on Friday morning.

**Closing Date**  
**October 19**

Halibut fishing in Area No. 3 will close at midnight, October 19, it was announced this afternoon. Today is the last day for clearances.

**WHIFFLETS**  
From the Waterfront

Midnight tonight will mark the deadline for issuance of clearances to halibut vessels for Area No. 3 this season. A reasonable time will be allowed the vessels to leave after clearing. The boats are to be given a full opportunity to complete final catches.

Two western halibut boats landed catches at Seattle yesterday as follows: Polaris, 39,000 pounds, Whiz, 11½ and 9; Sunset, 46,000 pounds, San Juan 11½ and 9. Three local cod boats sold small incidental catches at 13c per pound.

Capt. Paul Armour returned last night from North Island with the boat John Essler. He brought the Union Oil Co.'s tank scow which has been stationed on the North Island trolling grounds during the summer and which will now be taken to Vancouver.

**NEWSPAPER TALE HERE**

"Exclusive" and "Wild and Woolly," With Jane Withers, on Double Bill at Capitol Theatre

"Exclusive," a drama of newspaper life with Fred MacMurray, Frances Farmer and Charlie Ruggles in the leading roles, and "Wild and Woolly" a comedy reature starring Jane Withers, comprise a mid-week double bill at the Capitol Theatre tonight and tomorrow as well as at a special matinee tomorrow afternoon on occasion of the school half holiday to mark the visit of President Roosevelt to British Columbia.

"Exclusive" is the story of a clash of principles between a father, an old school newspaperman who

places his ideals before gain, and his daughter, a modern girl who believes that journalism is a racket to be worked for what it will bring the individual. Charlie Ruggles is the father and Frances Farmer, the daughter. She is in love with MacMurray, who works with her father and shares his principles. They break when she refuses to change her attitude towards journalism. There is a powerful and dramatic climax which leads up to a happy ending. It is a fast-moving, thrilling and entertaining film.

In "Wild and Woolly," Jane Withers inherits a feud which has been carried on between her grandfather, Walter Brennan, and Berton Churchill, unscrupulous town banker, carrying it on with the latter's grandson, Jack Searl. The scene is an old frontier town but big city gangsters are introduced in the picture which is said to be a real pan-demonium-maker.
