BIG INSURGENT FORCE IS TRAPPED

MAY OUS ABERHART

Petition of Non-Confidence Being Circulated Among Social Credit Members

EDMONTON, April 3.—Insurgent leaders of the Social Credit party in the Alberta Legislature are circulating a petition among members of the House asking for the resignation of Premier William A. Aberhart and his cabinet on the grounds that the administration has lost the confidence of its followers. It is expected that thirty to thirty-five names will be secured. If the government does not resign, it is probable that a direct vote of confidence will be offered in the Legislature.

Douglas Watching LONDON, April 3.—Major C. H. Douglas, father of the Social Credit movement, who has just returned to England, said yesterday that he was keeping in touch with developments in Alberta in an unofficial way.

DIED HERE LAST NIGHT

Mrs. Nick Gurvich, Well Known Pioneer Woman, Passes Away At Her Home

Death claimed a well known pioneer woman of Prince Rupert, at her home on Fraser Street at 7:30 last evening in the passing of Mrs. Christina Gurvich, aged 64, widow of the late Nick Gurvich who died five years ago. Mrs. Gurvich had been a sufferer with heart trouble for some time and on January 25 last, while visiting in San Francisco, she suffered the fracture of her pelvis and both arms in a fall. The shock of the injury undoubtedly hastened the end. She had been brought home just two weeks ago yesterday she began to sink rapidly and the family was advised a few hours previous that the end was near. Mrs. Gurvich's last words before lapsing into unconsciousness about an hour and a half before she quietly died were: "I'm Going Home."

Mrs. Gurvich was born in 1873 in Serbia, now Jugoslavia. Upwards of forty years ago she came to this country with her oldest child and for eleven years lived at Juneau where three more children were born. From the Alaska capital she went home for a visit to the Old Country and for a time in Seattle before coming to Prince Rupert in July 1909. Here the rest of her children were born. Deceased was of a generous disposition and the hospitality of her home was well known to many, particularly to fellow-countrymen often strangers in a strange land. Her passing will be regretted by numerous friends and general sympathy will be extended to the bereaved child ren. There are four sons—John, Dido, Spiro and Mike—and two daughters—Amelia (Mrs. E. J. Olsen) and Nellie—as well as a number of grandchildren. Mrs. Gurvich belonged to the Greek Orthodox Church. Funeral arrangements, in the hands of B. C. Undertakers, will be announced later.

American Coal Miners Going Back to Work Monday

NEW YORK, April 3.—The United Mine Workers of America soft coal miners' strike by which 462,000 men were called off their jobs throughout the country yesterday has been speedily settled and John L. Lewis, president of the union, last night ordered the men to return to work on Monday.

The agreement, to be operative until April 1, 1939, is in the nature of a compromise although the miners have won their demand for time and a half overtime. The working week remains at thirty-five hours, the men having sought thirty hours while the companies wanted forty hours. There will be a 50c per day increase in pay. A joint committee of companies and miners to study mechanized mining is provided for.

Following the settlement of the coal strike, Lewis left today for Lansing, Michigan, where he will resume negotiations with Walter P. Chrysler, president of the Chrysler Motor Corporation, looking to a settlement of the Chrysler Motor strike.

Welded switch gates shut in a freight carload of automobiles today as the first sitdown strike directed at a Ford unit moved into its second day. Switchyard gates through which railroad track spurs are run into the rear of the plant were welded shut by strikers backed by the Committee for Industrial Organization.

Greatest Slaughter Of Spanish Civil War May Be Facing Rebel Force

Fifteen Thousand Soldiers, Mostly Italians it is Said, Are Reported Hemmed in Not Far From Cordoba

MADRID, April 3. (CP)—Fifteen thousand insurgent soldiers, described in government reports as being mostly Italian, are reported to be facing possibly the greatest mass slaughter of the Spanish civil war in a Cordoba front military trap. The insurgent force, which has already retreated fifteen miles, was said to be caught more than twenty miles northwest of its principal Cordoba supply base. Government capture yesterday of the town of Villarta placed Madrid's militiamen in a position to dominate the only road connecting Cordoba with the mass of General Gonzalo de Llano's men. From Bilbao it was reported that Basque troops had fought their way to the top of a 4600-foot mountain peak in what commanders asserted was a successful attempt to halt the insurgent drive on Bilbao from the south. "Rebel detachments were cleared out," said a terse government report.

Publicity Stunt

Olof Hanson, member for this district, is not only a keen parliamentarian but is also a good publicity man. He has drawn special attention to Prince Rupert and its importance by giving a Prince Rupert dinner at the House of Commons at which were present six cabinet members as well as a number of senators and members of the House of Commons. At this dinner Prince Rupert fish was served and Prince Rupert was the subject of discussion, the member for this district taking advantage of the occasion to impress the diners with the varied possibilities of the port and potentialities of the district.

Collision in London

It is not often that there are railway accidents in England. That makes it all the more spectacular when one occurs such as that which killed a dozen people yesterday and injured a large number. It seems that even under the best possible conditions there is bound to be an element of risk in any kind of travel. But of course there is risk in staying at home and going about the ordinary duties of life.

Planning Big Event

Evidently the celebration of the coronation of the King is to be made one of the big events of the year in Prince Rupert as well as in other parts of the Empire. A strong committee has the arrangements in hand and a fund has been started for carrying out the plans in a proper manner. The heartiest co-operation of the whole community is asked in this local expression of loyalty to the Crown and through it to the whole Empire.

Italian Rout

The newspapers have all carried stories of the rout of a section of the Italian army in Spain by the loyalists. The men were Italian volunteers who had enlisted in the Fascist cause in the hope of turning the tide of battle against the government forces and ending the war. Evidently they found the going much more difficult than they expected. One correspondent says it was a bitterly fought seven day battle. On the final day three Italian divisions of five thousand men each were put to rout by co-operation of planes, tanks and infantry. This correspondent says he saw the battlefield, the booty, the prisoners and the dead.

DANCING DISPLAY

Interesting Demonstration By Pupils of Mrs. James Watt Last Evening

The dancing display by pupils of Mrs. James Watt in the Odd-fellows' Hall last night was a very entertaining affair which attracted a large attendance. The program included many dances in costume representing Scotland, England and Ireland, among the numbers being Highland flings, sword dance and reels for Scotland, sailor's hornpipe for England and six hand reel for Ireland. The other dances were a mixture of old time favorites including quadrilles, eightsome reel, haymakers, jigs, pin reels etc. Thirty-seven girls between the ages of four and fourteen years participated. The dancing display was between the hours of 8 and 10 o'clock and the evening came to a close with two hours of dancing for adults. Mrs. S. V. Cox assisted Mrs. Watt in giving out ice cream to the children who took part in the program, these being as follows:

Ruby Anderson, Loraine Barbe, Peggy Barclay, Joan Croxford, Margaret Doiron, Bernice Eastwood, Julia Field, Eileen Feasby, Lois Howe, Lorna Howe, Jean Krause, Ethel Hemmons, Thomasina Krause, Muriel Keays, Dorothy Lambie, Mary McAfee, Jean McAfee, Isobel McKenzie, Betty McKenzie, Sheila McKee, Dorothy Peachey, Bea Ritchie, Dorinda Rix, Bea Rudderham, Jean Smith, Dorothy Smith, Norma Squires, Ann Stevens, Marjory Shrubbs, Mavis Thain, Rosaline Thain, Hazel Toombs, Audrey Toombs, Kay Toombs, Ken Thomason, Jeanne Thompson, Norma Watt.

Music was by an orchestra consisting of John Bremner, J. B. McKay, James L. Lee and James Watt. James Hadden was master of ceremonies.

Man in the Moon

You may not have heard of the time two Irishmen were up before Magistrate McClymont and were told to go home and settle their differences. They did so and the next day both were in the hospital.

The banks all over Canada are advertising money to loan for home improvements but when Jake applied for one he says he was greeted with the usual stony stare.

Aviators are able to circumnavigate the globe in a few days but I know a poor fish that does it many times a day. The fish I refer to is a gold fish.

They tell a story about a woman who got a job in a restaurant so that she could see her husband occasionally at meal times.

Very soon we shall be reading the baseball scores and imagining ourselves watching a game in New York, Boston, Chicago or some other eastern city.

Jake says some Prince Rupert people should have died years ago and he hopes to see their funerals advertised soon.

Doc Orme is said to have been a costly visitor at his store this week. It took about a gallon of embrocation to restore his right arm to normal following the reception.

He—"See that man over there? He's a bombastic butt, a wind-jammer, nonentity, a false alarm, a hot air shrimp, a—"

Woman—"Would you mind writing that down for me?"

He—"Why?"

Woman—"He's my husband, and I want to use it on him some time."

Excellent Affair Last Night By Junior Chamber of Commerce
 The spring dance of the Junior Chamber of Commerce in the Moose Hall last night drew a crowd of about three hundred persons, and from 10 p.m. until 2 a.m. a very jolly time was spent by all. The hall was attractively decorated for the occasion with seasonal colors of green and yellow. Excellent music was furnished by Charlie Balagno's Orchestra and Sam Joy was a genial master of ceremonies. Appetizing refreshments were served at midnight.
 Responsible for the success of the affair was a committee consisting of Ross Ingram, chairman, Jack Bulger, H. G. Kennedy and Cliff Bartlett. Members of the Junior Chamber assisted generally.

The King and His 'Right Hand Man'

King George VI is shown (right) attired in camping kit at his Southwold camp, where he was host to 400 boys. The guests are from public schools and industrial centres. One of his aides is with the King. Note the mufflers—in deference to damp air.

Bernice Palmer says . . .

Even nature seemed to celebrate Palm Sunday here as apricot trees gently shook their blossoms to the ground, covering it in places like a blanket of snow. One day the orchards were a mass of flowering beauty, the next stripped of their white robes and ready to begin the business of bearing fruit. As the children of Jerusalem greeted our Lord, strewing petals in His path 1900 years ago, so does nature greet him today. The air around me is white with fluttering petals. It is a sight of exquisite beauty and reminds me poignantly of my first snowflakes. It is hard to put into words the delicacy and beauty of this scene. Hope I will be able to recall it this summer when the children begin to track squashed cots through the house CHEERIO.

(Continued from Page 1)

The secretary reported taking the matter up with Miss E. E. Lucas, principal of the local high school.

A letter from Olof Hanson, M. P., forwarded a communication from the Postmaster General in regard to reported delays in mail going east from Prince Rupert. The minister pointed out that little would be gained by any changes they might be able to make.

C. V. Evitt reported progress in connection with the reception to be given the Vancouver Board of Trade excursionists in the summer. A tentative program has been drawn up which will later be submitted in more complete form.

A proposal to change the night of meeting of the chamber was set aside on the motion of W. O. Fulton, head of the committee, to which the matter had been referred.

F. A. MacCallum reported for the Coronation Celebration committee what it was planned to do in connection with the big event.

Road Work

Theo Collart reported for the committee that met Premier Pattullo in regard to the highway work. It was promised that a substantial sum would be expended on the road this year and that it would continue toward Warke Canal. The committee also asked that another aerial reconnaissance be made to try to find a route to Terrace north of the Skeena River.

H. F. Pullen reported for the Peace River committee and read a telegram from Page Rideout of Peace River complimenting him on the special number of the Daily News.

Rev. and Mrs. John Linney and child, who have been on a trip to Juneau, left by last evening's train for their home in Terrace.

C. B. Letnes sailed last night on the Cardena for a trip to Vancouver.

Canadian Landings of Halibut Heavy During Week—Falling Off in Canadian Fares Here—Red Springs Scarce But Appreciated

Heavy landings of Canadian fish featured halibut business of the week ending yesterday at the port of Prince Rupert. There were no less than forty Canadian boats—more than half the fleet—in with catches which aggregated 391,500 pounds. Only ten American boats were in during the week with a total of 135,500 pounds, many of the large American vessels having gone through to Seattle with their catches. The total landings at Prince Rupert for the week were 527,000 pounds, bringing the aggregate for the season up to and including yesterday to 1,179,100 pounds as compared with 693,100 pounds at a similar date last year. The Canadian total for this year to date is 655,300 pounds in comparison with 454,800 pounds at a corresponding date last year while so far this season American vessels have brought in 523,800 pounds as against 238,300 pounds last year. As a result of the heavy landings all along the coast, prices dropped off further during the week, striking the extreme low of 5.5c and 5c for Canadian fish and 6.5c and 5c for American. For Canadian fish the top price of the week was 7.4c and 5c which the J. R. was paid for 7,000 pounds while the highest price for American fish was 8.5c and 5c which the Sherman received for 15,000 pounds. An interesting situation has now arisen, due to the bunching of first season trips, whereby it is said that only two Canadian boats can be expected to land catches here during the next week.

GILLIES HONORED

Luncheon Today in Compliment To Retiring Agent of Canadian National Express Co.

Representatives of local fish shipping companies held a luncheon today in the Commodore Cafe in honor of A. D. Gillies, for many years local agent of the Canadian National Express Co., who has just been superannuated. The affair was in appreciation and recognition of the long and efficient service rendered these companies by Mr. Gillies. John Dybhavn presided and, on behalf of the companies, R. M. Winslow presented Mr. Gillies with a sum of money, a handsome club bag and a letter of appreciation. Suitable sentiments were voiced, speakers including Mr. Dybhavn, Mr. Winslow, W. H. Tobey and George Franklin, the new agent. Mr. Gillies also replied.

Those present were John Dybhavn, Peter Lorenzen, Peter Solem, J. C. Gilker, R. M. Winslow, H. M. D. Lambe, J. L. Lee, F. M. Davies, W. H. Tobey, A. D. Gillies, George Franklin and C. E. Starr.

Union steamer Cardena, Capt. Ernest Sheppard, arrived in port at 9:30 last night from the south and sailed at midnight on her return to Vancouver and waypoints.

Dr. Neal Carter, director of the Prince Rupert Fisheries Experimental Station, will be returning to the city on the Catala tomorrow evening from Vancouver where he attended a meeting of the Pacific sub-executive of the Fisheries Research Board of Canada. John Dybhavn, a director of the board, returned yesterday afternoon on the Princess Adelaide from attending the same meeting.

H. M. Daggett, secretary of the Halibut Marketing Board, sailed last night on the Princess Adelaide for a trip to Vancouver on board business.

Freighter Salvor was in port yesterday from Vancouver discharging local cargo. Capt. Albert Georgeson, well known master of the Salvor, was successful in passing recent examinations for the pilotage, it is understood, but has not yet been called into the service.

A number of hand trollers are now operating around Port Simpson and Prince Rupert harbor. There is not much of a run as yet, however. The luscious red springs are, as usual, popular on the local fresh fish market and command a good price.

Four halibut boats sold catches at Vancouver yesterday at prices ranging from 5c to 7.2c.

Five halibut vessels sold catches totalling 67,000 pounds at Seattle yesterday as follows: Northern, 34,000 pounds, San Juan, 7.5c and 6c; Tillicum, 8,000, Whiz, 9.5c and 6c; Thelma J., 5,000, Booth, 9.5c and
