Meat is the foundation of a man's meals. And does he like his meats well cooked! What a joy to have a modern range, one that unfailingly produces roasts that retain their flavors and juices. That are tender and appetizing. That are good to chew on and good to look at. Meats that are inexpensive to prepare because they don't dry out. That's modern cooking - electric cooking - quick, sure, economical. A few dollars a month will install a new electric range in YOUR home. Liberal allowance for your old stove.
