REBELS ON OFFENSIVE

Claim to Have Captured Several Villages in Advance On Bilbao Front

Change in Power

Not All One-Sided in Warfare—Confidence in Franco Wavering

VICTORIA, Spain, April 2: (CP)—Spain's insurgent northern army smashed government lines on the Bilbao front, capturing several hamlets in the course of an initial thrust of the long awaited rebel offensive.

The insurgent drive was reported to have broken through entrenchments northeast of the town of Villarean, north of Vitoria, and only 22 miles south of Bilbao, seat of the Basque government. Today it was reported that General Mola's insurgent army had smashed the first line of government defence and carried the drive within 25 miles of Bilbao on the Bay of Biscay.

Government Victory

Today a column of government militia battered its way forward in heavy fighting on the southern front to snip the communication line between General Gonzalo de Llanos Cordoba headquarters and the insurgent army. The town of Oeyjo is expected to fall at any hour in the course of the drive from the government stronghold at Pozoblanco further north.

Power Shifts

BARCELONA, April 2: (CP)—Power in the new Catalan cabinet shifted into the hands of the National Confederation of Works, an anarcho-syndicalist trade union organization, which controls the majority of Catalan workers, the Solidaridad Obrera, Confederation of workers, said today. The paper declared it was not merely a change in personnel "but a change in orientation of the Generalidad Council." The proletariat will emerge from this crisis strengthened, the paper declared.

Franco Confidence Wanes

PARIS, April 2: (CP)—A drop in Spanish insurgent securities on the stock exchange today was interpreted here as an indication that confidence in financial circles in General Francisco Franco's regime was waning.

Who to Name As Chief Justice

Speculation as to Whether Martin Or Macdonald Will Head British Columbia Court

OTTAWA, April 2: (CP)—A well known view of Prime Minister William Lyon Mackenzie King favoring the elevation of younger men to the bench and ranking posts on the bench may favor Mr. Justice M. A. Macdonald over Mr. Justice Archer Martin in the making of the appointment of a successor to Chief Justice J. A. Macdonald as head of the Appeal Court of British Columbia. Mr. Justice Martin may, however, be appointed on the understanding that he would possibly retire in two years' time.

NEW YORK, April 2: (CP)—Hundreds of soft coal mines from Pennsylvania westward to Washington closed down today as the long threatened strike of the United Mine Workers of America began without fanfare.

PLANNING PROCEEDS

Coronation Celebration Committee Losing No Time

The tentative program for celebration of Coronation day in Prince Rupert will include a thanksgiving service in the Capitol Theatre and grand pageant parade in the morning, children's and field sports and native football championship game in the afternoon, native war canoe races in the early evening with dances following.

In connection with the parade it is expected that the different industrial, mercantile, fraternal and individual interests will take an active part so that an excellent representation will be obtained. School principals will be asked to co-operate in the matter of putting in groups of school children in national costume. C. V. Eviitt, who is in charge of the parade, is arranging his classification entry list. This will be announced later.

It is proposed to commence the day's activities with the service of non-denominational thanksgiving. The Ministerial Association, Catholic Bishop, Salvation Army and all other recognized religious bodies will be asked to participate.

The general parade will consist of floats, etc. An invitation will be extended to the Mayor and citizens of Ketchikan to attend the celebration.

The matter of a barbecue is being discussed at length. Further information will be obtained on this particular feature. Arrangements will be made for suitable cash prizes for parade contestants and sports and it is also expected that Coronation trophies will be presented to the winners of the adult competitions. Should the committee decide to run two Coronation Dances the Gyo Club offered to assist them by taking charge of one of these dances, this to take the form of a Coronation Ball. This matter, however, has been left to the decision of the dance committee which will meet at a later date and report back their reaction to the general committee.

On Wednesday night the Coronation celebration committee had its first meeting, W. M. Brown, chairman, presiding and C. V. Eviitt, Jack Preece, G. J. Dawes, S. D. Medonald, Mrs. A. Orchard McLeod and D. G. Borland attending. New additions to the committee were made as follows: G. W. Cripps, permanent secretary; F. A. MacCallum, treasurer. A decoration committee was added with M. P. McCaffery as chairman.

London Has Worst Traffic Smash In Recent Years When Trains Collide

LONDON, April 2: (CP)—Twelve persons were killed and forty injured when two suburban trains, crowded with city-bound workers in the morning rush, crashed on a sixty-foot high viaduct. The smash was one of the worst in the London area in recent years. One coach was badly telescoped across a live rail but the resulting blaze was quickly extinguished. The cause of the collision is not yet determined.

VANCOUVER, April 2: (CP)—Capt. Frank Taunton Saunders, aged seventy, one time master of the Union steamer Camosun in the early days, an early skipper of the Canadian National Steamships steamer Prince George, for many years agent of the Marine Department at Prince Rupert and superintendent of pilots on the British Columbia coast up to the time of his retirement in 1929, died here Wednesday night. He was one of the best known master mariners on the coast and his passing will be widely regretted. Capt. Saunders is survived by his widow and two daughters and one son.

SETTLEMENT WAS OFFSET

One Automotive Strike Dispute Ended Only To Have Another Take Its Place

DETROIT, April 2: (CP)—Offsetting a settlement yesterday that resulted in seven thousand men returning to their work in the Fisher Body plant at Cleveland was a strike that closed the plant of the Yellow Truck and Coach Manufacturing Co. at Pontiac. Both of these companies are partly owned by General Motors Corporation.

PACT ON HALIBUT

Premier King Asks Canadian Government to Approve New Treaty With U. S.

OTTAWA, April 2: (CP)—Prime Minister William Lyon Mackenzie King yesterday asked the House of Commons to approve the new halibut treaty between Canada and the United States. It replaces the present convention signed in 1930 which, in turn, replaced the 1923 convention.

The international commission administering the treaty had suggested certain amendments to the convention with a view to improving its operation, Mr. King said. One amendment would permit fishermen to retain halibut caught incidental to the catching of other fish during the closed halibut season. Another change would authorize the commission to fix a date for the last departure of halibut vessels in any area on fishing expeditions instead of fixing a date upon which fishing must cease.

FISHERMEN IN DEFENCE

Senator William Duff Has New Plan For Bolstering Up Canada's Coast Protection

OTTAWA, April 2: (CP)—The Senate is continuing debate on a naval defence resolution which brought from William Duff (Liberal, Antigonish-Guysboro) a seven point program for a fishermen's reserve to bolster up the nation's coastal defences. Senator Duff submitted that Atlantic and Pacific coast defences were absolutely inadequate and held that "we should go as far as possible in bolstering coast defences." He said that an immediate step should be the establishment of a Canadian naval reserve of fishermen who could follow their vocation for six months of the year and train for the navy the remaining time.

Charles A. Dunning, minister of finance. British Columbia is loaned a further \$250,000 to enable the province to pay its share of relief expenditures up to March 31, 1937.

Mr. Hanson told the parliamentarians from other parts of Canada that Prince Rupert was only at the beginning and that great things would be heard in the future. He had given them Prince Rupert food to show them it was as good as could be produced anywhere—and his guests agreed with him. Some of them paid compliments also to Mrs. Olof Hanson and their son and daughter. All government whips were present representing all the provinces.

Able-bodied men who have refused to work for their relief were again denied relief at the City Hall yesterday. "No work, no relief" is still the policy being followed at the City Hall, it was stated. Pickets, it is understood, are still preventing men who would work on Wantage Road from doing so. The strike for a larger relief allowance continues.

Political Move

The Victoria Times, which is always keenly interested in political movements, published the following editorial article this week:

There is news abroad that Robert Connell, formerly leader of the Co-operative Commonwealth Federation party and now leader of the Social Constructive group, and Rolph Bruhn, Independent member for the important provincial riding of Salmon Arm, and formerly Tory minister of public works in the Conservative government of Hon. Dr. Tolmie, are about to depart together on a speaking tour of the province.

Just what does this alliance mean? A mainland contemporary—which never knows what it wants in the form of government, either in British Columbia or in the federal field—thinks "there are coming to be some more hopeful signs of the pending election campaign." It tells us that Mr. Connell and Mr. Bruhn can "maintain a working alliance with the best of good faith. Mr. Connell was shown the door by the C. C. F. because of his insistence that what British Columbia needed in its immediate politics far more than social revolution was just plain, honest and efficient government. Similarly, Mr. Bruhn has consistently urged that what was mainly wrong in the government of British Columbia was too much party politics."

Then our contemporary goes on: "If they"—meaning Messrs. Connell and Bruhn—"stick to that issue, there ought to be a good hearing for Mr. Connell and Mr. Bruhn on their forthcoming tour. The curse of provincial politics in British Columbia has been for many years, and continues to be under the Pattullo regime, neither more nor less than too much party politics."

That old ditty that half a loaf is better than none goes for the newspaper that does not know what it wants just as well as it does for the politician that, to mix our metaphors, is wondering whether it might not be better to try to mix oil with water.

Let it be remembered that Mr. Bruhn's dislike of party government dated from the time he discovered that the ministry of which he was a member had begun to lose the confidence of the public, emphasized after his chief had decided to hold on to office for some time after the constitutional limit—a record in Canada. But in the early days of the Tolmie regime was there any indication that Mr. Bruhn, who presided over the important department of public works, had grown weary of party politics? The record does not seem to show it. Mr. Connell, of course, went into the Legislature new to the business of politics. We presume he considered it a sort of post-graduate course in the complicated business of public life.

What we cannot understand, however, is how the "Right" and "Left"—the labels attached to Mr. Bruhn and Mr. Connell only a few years ago—have found enough in common with one another, enough to enable them to break political bread with one another, enough to fire them with sufficient "coalition enthusiasm" as to undertake a speaking tour together in an attempt to disturb the chances of victory of the Pattullo government.

It again reminds us, concludes the article, that politics makes strange bedfellows.

MANAGER IS NAMED

Robert Sommerville Succeeds Late John O'Brien at Jasper

MONTREAL, April 2:—The appointment of Robert Sommerville as manager of Jasper Park Lodge at Jasper, Alberta, was announced today by Joseph Van Wyck, general manager of Hotels, Canadian National Railways. In this position Mr. Sommerville leaves his post as assistant manager of the chateau Laurier Hotel, Ottawa, and succeeds at Jasper the late John O'Brien.

Born at East Calder, Scotland, on June 20, 1896, he was educated in his native land, including three years' study of law, which course was interrupted at the outbreak of the Great War. After an extensive military service in France, Palestine, East Africa, Egypt and India, he entered the hotel business and made a study of hotel methods of operation in England, Egypt and France. He engaged in summer resort business in England and has had hotel management experience in Los Angeles, California, as well as at Toronto, Ontario, where he was for three years manager of the Selby Hotel.

Mr. Sommerville joined the Canadian National Railways in March, 1929, at the MacDonald Hotel, Edmonton; was transferred in 1931 to the Fort Garry Hotel, Winnipeg, and for the past two years has been assistant manager at the Chateau Laurier Hotel, Ottawa.

Its guests include visitors from all parts of the world and the qualifications which Mr. Sommerville brings to his new position assures a continuance of the popularity of the management.

Name Needed For Swimming Park At Morse Creek Span

What's in a name? The Rotarians do not like the name Morse Creek for the new bathing and skating pool and park surrounding it. Jointly with the Gyro Club the Rotarians plan to gradually develop this place and make it a valuable addition to the playgrounds of the city with proper dressing rooms and conveniences. In the course of the next three years it is expected to have it well fitted up so that it will be one of the most attractive bathing parks in the north.

The question of a name for this park is one that the joint committee is trying to decide. J. J. Little, in reporting to the Rotary Club at its business meeting yesterday, said they now had the matter under consideration. If they used the first two letters of Gyro and the first two of Rotary and combined them they still had Gyro so that would not do. Possibly some Daily News readers may be able to help

TINY GIRL STAR HERE

Shirley Temple in "Dimples" At Capitol Theatre This Week-End

Heralded as another outstanding hit in the diminutive star's parade of triumphs, Shirley Temple's latest picture "Dimples" comes to the screen of the Capitol Theatre here this week-end. An exceptional supporting cast includes Frank Morgan, Helen Westley, Robert Kent, Astrid Allwyn, Delma Byron and Stepin Fetchit.

The story is that of a lovable little street minstrel and her incorrigible but very funny guardian. The guardian has a penchant for acquiring other people's belongings. This leads him into trouble but he goes scot free through the little girl's smiles and pleas. With Shirley mothering and caring for the irresponsible scamp, the film moves through an entertaining story to a happy climax.

The picture is replete with laughter and drama as well as romance. "Dimples" also has some special song hits including "Hey, What Did the Blue Jay Say?", "He Was a Dandy," "Picture Me Without You" and "Dixie-anna." There are also special dance routines for Shirley.

Provincial Constable W. A. Smedley, who is being transferred from Smithers to Vancouver, arrived in the city from the interior on last night's train and sailed aboard the Prince George for the south, accompanied by his wife and family. Constable Smedley will be succeeded at Smithers by Constable W. H. Davidson of Vancouver who is coming north shortly.
