LAKEHURST, N.J., May 6: (CP)—The big German zeppelin Hindenburg burst into flames today as it prepared to alight at the naval air station on her first crossing of the year. Aboard the Hindenburg were 39 passengers and crew of 60 including several students. The giant ship had tossed her noselines to the ground in a light shower when suddenly there was a terrific blast of flame from her stern. Sound of the explosion and flames brought shrieks from many spectators who had gathered to see the ship complete her twenty-first safe crossing between the United States and Germany. Within a few moments there was nothing but the twisted steel frame collapsed on the ground. No estimate of the injured or dead is available immediately.
