NEW YORK YANKEES WIN SUNDAY'S GAME TO TAKE WORLD SERIES HONORS

Score was 4 to 2—Three Home Runs, Two by Yanks and One by Giants, Featured Play—Lefty Gomez Winning Pitcher

	1	2	3	4	5	6	7	8	9	R	H	E
Yankees	1	1	0	0	2	0	0	0	0	4	8	0
Giants	0	0	2	0	0	0	0	0	0	2	10	0

POLO GROUNDS, New York, Oct. 12—Under leaden skies after an all night and all morning rain which left a sodden diamond, New York Yankees Sunday defeated New York Giants 4 to 2 to win the World Series for the second year in a row. Thirty-eight thousand shivering fans sat out in a chilly north wind to witness the game which was the fifth of the series, the Yanks having won four and the Giants one.

Lefty Gomez, who had won the opening game for the Yankees, was again the winning pitcher Sunday although his performance was not of the brilliance which had characterized the first. Gomez, who has never lost a World Series game, yielded the Giants ten hits which he kept well scattered, pitching himself out of trouble on several occasions when the Giants vainly threatened.

The Giants used three pitchers—Cliff Melton, who lasted five innings; Al Smith, who did two, and Don Brennan, who finished the game. The trio yielded the Yankees eight hits. Melton had previously been the Yankees' victim in the second game.

Three home runs featured the game, one by Myril Hoag in the second inning and another by Joe DiMaggio in the third, a clout high over the left field roof which was one of the longest drives ever seen in the Polo Grounds. In their end of the third, the Giants collected their only home run of the Series when Mel Ott slammed one into the upper deck of the stands to score Bartell ahead of him.

In the fifth inning the Yanks made their two winning runs during a sprinkle of rain. Tony Lazzeri sent a high fly 450 feet into centre field for a triple and scored on Gomez's fast line drive. Later Lou Gehrig's two-bagger scored Gomez. Thus the Yankee southpaw contributed to winning the game not only by his steady pitching but by effective batting and base-running.

Later on in the game there were Giant uprisings but none got to the scoring stage although some were disappointingly close. Gomez was cool in the tough spots and received fine support from his teammates when it was needed.

The Giants missed in the sixth when Rippe and Leiber singled but McCarthy's attempted sacrifice went wrong. Gomez catching Rippe at third after which Danling fanned and Whitehead was thrown out by Lazzeri.

It was an errorless game although DiMaggio fumbled in the sixth. During the morning postponement of the game had been considered owing to the rain but, when it ceased raining at noon, Judge Kenesaw Mountain Landis, Commissioner of organized baseball, ruled that it should proceed.

Their victory yesterday climaxed another record-smashing chapter in the Yankee's book of baseball accomplishments. It was their second straight World Series triumph over their neighboring rivals, the Giants, and since the war.

The victory gave Lefty Gomez his fifth World Series victory with no defeats, tying the record of Jack Coombs and Herb Pennock.

Following the fourth game on Saturday, the last in which the

SWISS FOLK LOSE HOME

New Settlers at Smithers Hard Hit But Resolutely Start Rebuilding

SMITHERS, Oct. 12: (Special to Daily News)—The family of Mr. Gyger, one of the new Swiss Settlers here this spring, who purchased the Ben Mueller farm three miles from Smithers, had the misfortune to lose their home and contents by fire at the weekend.

Only a few articles of clothing were saved by Mrs. Gyger who was home alone at the time. There was no insurance and the loss is considerable for these new settlers.

The fire started on the roof from the stove pipe chimney. The family has started already getting out logs for a new home.

Wrath Of Queen Mary Is Keeping Edward Abroad

LONDON, Oct. 12:—There will be no return of the Duke and Duchess of Windsor to England, it is believed here, until such time as the Queen Mother relaxes her stern attitude towards the Duchess. Writing in a newspaper article, Randolph Churchill predicted that Edward will never return to England.

HALIBUT BOAT SEIZED

The local halibut boat Vera Beatrice, Capt Sinclair Pierce, was seized off Queen Island in the Bella Bella area at the end of the week and was brought into port Saturday afternoon by the fisheries patrol boat Onerka. The Vera Beatrice will be charged with fishing in Area No. 2 with an Area No. 3 clearance. According to the fisheries office, she had 800 pounds of halibut on board.

ATTACK PROTESTED

LONDON—British Fascists announced today that a vigorous protest would be lodged with the Home Office over the attack on their leader, Sir Oswald Mosley, at Liverpool Sunday. Sir Oswald was greeted with a barrage of bricks and stones when he started to address a Fascist meeting there. He was knocked unconscious and underwent an operation for a head injury. George Milander has been arrested and charged with assaulting Sir Oswald.

CONSUL IS SLAIN

BEIRUT, Syria—James Theodore Marriner, United States consul general for French-mandated Syria, was slain today. The killer was identified as an Armenian who was incensed because the consul refused to grant him a visa to visit United States.

WINDSOR IN BERLIN

BERLIN—The Duke and Duchess of Windsor arrived in Berlin yesterday. The Duke, here to study industrial and housing conditions, visited factories and mingled among the workers. The Duchess, feeling indisposed, did not accompany him but remained in her hotel.

OGDEN MILLS DIES

NEW YORK — Ogden Livingstone Mills, Secretary of the United States Treasury under President Herbert Hoover and staunch Republican figure, died here suddenly shortly before noon on Monday of a heart attack. He served as Under Secretary of the Treasury under President Calvin Coolidge and became Secretary of the Treasury during the regime of President Hoover on the retirement of Andrew W. Mellon. He owned a half interest in the Alaska-Juneau mine at Juneau.

Mr. and Mrs. William Millar sailed this afternoon on the Catala for a vacation trip to Vancouver.

Italian Official Describes Spanish Accusation as "Absurd and Bombastic"

To Open Pyrenees

Surprise Announcement Made by British Admiralty — Marauding Submarine Destroyed

LONDON, Oct. 12: (CP)—A Spanish government note at the end of the week claimed that a new Italian intervention in support of the insurgents in the Spanish civil war included "gas attacks on Spanish cities." An Italian embassy spokesman termed the Spanish allegations as an "absurd and bombastic statement."

Following the Italian refusal to consider withdrawal of volunteers from the Spanish civil war unless Germany is also invited to a conference at which that subject would be considered, France is reported to be making plans to open the Pyrenees passes to passage of men, munitions and supplies for the loyalist forces of Spain.

The loyalist government of Spain notified Great Britain and France yesterday that it was prepared to dissolve all foreign volunteers in the civil war providing Italy would withdraw its volunteers from support of the insurgents.

Despite an icy rain, insurgents forces were reported yesterday to have made further advances towards Gijon, last remaining loyalist stronghold on the north coast of Spain.

General Francisco Franco yesterday called all unmarried women to the support of his fighting forces as office workers, chauffeurs, cooks, stenographers, and in other capacities. The Admiralty has made a surprising announcement that the British destroyer Basilisk was not really attacked by a submarine off the Spanish coast early last week as had been generally reported.

It was stated, however, that a marauding submarine, supposedly a Spanish insurgent, had been destroyed in the Mediterranean by means of a depth charge.

Axie Millar, Young Smithers Man, Loses His Life As Punt Sinks During Hunting Trip

SMITHERS, Oct. 12: (Special to Daily News)—The first hunting fatality of the season in Bulkley Valley occurred Saturday afternoon about three o'clock when Axie Millar of Smithers was drowned in a small lake near the McGregor farm at Quick while hunting ducks with three companions. He attempted to cross the lake in a small

lately started. It was not until 2:30 Sunday afternoon that the body was recovered.

Millar was about twenty-one years old and lived at Smithers with his father, A. S. Millar. One brother lives in Washington State, one in Princeton and a sister, Mrs. Cliff Griffin, at Government Ranch in the Bulkley Valley.

The accident has cast a gloom over Smithers where the young man was so well known and had many friends.

South China Sending Forces to Rescue of Nationalist Government Forces—Japan Forming Cabinet of the Talents—Confident With Italian and German Support

BRITISH CARS SHOT ON

SHANGHAI, Oct. 12: (CP)—Three automobiles belonging to the British embassy were machine-gunned today by two squadrons of Japanese warplanes. None of the occupants were injured. Staff cars in which S. S. Murray, assistant air attaché of the British embassy was riding with several other Britons were attacked by raiding Japanese planes near Minhong, fourteen miles south of Shanghai. The British asserted that the cars carried Union Jacks and added there was no doubt the attacking planes were Japanese.

SHANGHAI — With China proceeding with plans for a greater offensive drive than ever with a view to driving the Japanese invaders further back, Japanese struck today with a devastating bombardment which cracked the defense lines to the strategic Nanking-Shanghai Railway. There was stubborn Chinese resistance, however, in the

face of a general infantry advance under withering machine gun fire, a rain of bombs from fighting planes and heavy shelling from naval howitzers. The turn of the tide was definitely in favor of the invaders.

Jap Planes Down
Five Japanese airplanes were brought down today during spectacular air raids on the Chinese capital of Nanking and nearby cities. Three of the planes were shot down during dog fights with Chinese aircraft. The other two suffered destruction at the hands of pursuit planes at Chingkiang.

In South China it was reported today 200,000 troops were being formed to go to the rescue of the Nationalist forces which are retreating towards the Yellow River where the expectation is that a great stand will be made. Meanwhile from Geneva comes the announcement that China will attend an emergency conference with nine powers with the end in view of ending the Sino-Japanese conflict. The nine power conference will be held at Brussels within two weeks it was intimated last night.

Japan's Super Cabinet
TOKYO, Oct. 12:—A super-cabinet or "brain trust," consisting of military, naval, business and industrial leaders is being formed in connection with Japan's prosecution of the war in Japan and is about ready for submission to Emperor Hirohito for his approval.

In spite of anything the nine powers may do in the way of boycott, Japan, with the co-operation of Italy and Germany, will be able to carry on its campaign in China successfully, it is confidently declared in official quarters.

GEOGRAPHY OF KAIEN ISLAND AND DISTRICT

At the opening of the teachers' convention last week, City Commissioner W. J. Alder mentioned the desirability of Prince Rupert teachers informing themselves in regard to the district in which they are sojourning. He might have gone farther and announced that in order to teach in Prince Rupert, teachers should be asked to learn the geography of Kaien Island and the whole Prince Rupert district and be prepared to teach it to their classes.

Prince Rupert has a splendid lot of teachers but most of them come from the south and are not much interested in the section of the country in which they are living temporarily. The majority expect to get away to the south again as soon as convenient. Having this in view, it is quite reasonable for Prince Rupert to insist that, if they plan to teach in the north, they must know the north in order to teach geography, resources and capabilities. We shall probably make ourselves rather unpopular in certain quarters by advocating this but we have done it before and shall continue to do so as long as we have teachers coming from the south who know more about the St. Lawrence River than they do about the Skeena and the Naas and whose knowledge of the Prince Rupert district is confined to the fact that the climate is humid. A study of the native life, of the flora and fauna, particularly of the forest trees and the fish seems to be essential. A study of the harbor and the route to the sea is also as important to us as is a knowledge of the Straits of Juan de Fuca as the route to the sea for Vancouver and Victoria.

Prince Rupert people are not generally well informed in regard to their own surroundings. Many of them never visited Terrace or Hazelton or Smithers and few have been to Port Simpson or even Matlakatla. We have even met people who did not know the source of the city's water supply or the fact that the city is located on an island. The ignorance is colossal. To overcome this we look to the children who like to explore.

WEDDED ON SATURDAY

Miss Aleza Dodd Becomes Bride of Eric Christison in Interesting Ceremony at Usk

A romance of childhood days culminated in a pretty wedding being solemnized at the home of Mr. and Mrs. H. A. Dodd, Usk, on Saturday afternoon at 3 o'clock when their daughter, Aleza Josephine, became the bride of Eric Holland Christison of Surf Point, Porcher Island, son of Mr. and Mrs. W. D. Christison of Prince Rupert. The service was conducted by Rev. Adam Crisp.

Given in marriage by her father, the bride was beautiful in a gown of turquoise blue tulle with accessories to match carrying a bouquet of pink and white carnations.

The matron of honor, Mrs. Besie Branch, was gowned in rose rust crepe and carried a bouquet of white and pink carnations. Douglas Christison, brother of for Vancouver.

the groom, acted as groomsman. Out of town guests included Mr. and Mrs. Arne Selnes and Charles Bunn of Prince Rupert.

Following the ceremony a buffet supper was served to a large number of friends and toasts to the bride and groom were duly honored.

Mr. and Mrs. Christison are to reside at Surf Point. They arrived in the city from the interior on Saturday night's train and left yesterday afternoon for Porcher Island.

ANYOX MAN DIES

by Gathering Last Evening

With the new president, Ken Harding, in the chair, the Christian Youth Society held its regular fortnightly meeting last evening. Will Hicks led the members in the devotional period. Miss Venetia Feero was elected musical convenor. The age of members was limited to seventeen and up. Membership fees were set at fifty cents per annum. The annual meeting in the form

of banquet and dance will be October 22.

The social part of the evening was spent in playing Bingo after which refreshments were served with Edith Johnston in charge. To close a delightful evening the members indulged in community singing. The society has just begun its second year of existence and it is hoped that this year may be as successful as its predecessor.

The County Court case of John Geddes vs. John A. Swanson, in which the claim of plaintiff is for \$220.50, has been adjourned from today until Thursday. T. W. Brown is counsel for plaintiff and R. L. McLennan for defendant.

Millions of Canadian Workers
UNITED
In One Great Co-operative Enterprise

TO guarantee financial security for themselves and their families—more than three million workers throughout Canada are today banded together through their ownership of Life Insurance.

Nine out of ten Canadian policyholders are insured for small amounts—proof that Life Insurance extends its greatest benefits to the humble homes of Canada.

Only through Life Insurance could these thrifty men and women obtain such priceless protection for their homes and loved ones. Their "little savings" are pooled for the benefit of the widows, the fatherless and the aged.

In thousands of Canadian homes, Life Insurance means food, clothing and shelter—all made possible through Canada's greatest co-operative enterprise.

TEACHERS' MEETINGS

Convention Comes to Close With Interesting Session Saturday

The Saturday sessions of the Prince Rupert and District Teachers' Convention proved of great interest and value to all. Dr. Hugh Morrison, inspector of schools, discussed "The New Curriculum," reviewing the demands for it, its preparation and the department's expectations of its success. A lively discussion followed.

Harry Gordon-Cooper gave an interesting talk on physical education and recreation. This proved were practical and emphasized the need for a wider attention to the development of the body that complete life might be fulfilled.

A discussion on primary work, led by Miss M. Hartin, proved another worthwhile session. Following the introductory remarks a general exchange of ideas and experiences brought out much of value.

The out-of-town teachers were the guests of Dr. Morrison at luncheon. Also attending were City Commissioner Alder, Miss E. A. Mercer, Arthur Sutton, W. W. C. O'Neill and J. S. Wilson.

The afternoon sessions included an interesting discussion on "Social Studies" led by Dr. Morrison and taken part in by many teachers. An instructive and impressive talk on "The School Nurse, the Child and the Teacher" by Miss Priestly, was much enjoyed. Then followed a discussion on "The Art Course and the Schoolroom" led by Miss E. A. Mercer. This proved a very interesting session.

The last session was devoted to resolutions for the provincial convention.

Before adjournment appreciation was formally expressed of the courtesies of the city, the Rotary Club, the Women's Canadian Club, Harry Charlesworth, Dr. Morrison and the various speakers. The work of the organizing committee also came in for much praise.

On Monday the teachers visited the Canadian Fish and Cold Storage plant and in the afternoon were the guests of the city at the museum where Rev. W. H. Pierce and N. L. Jones thoughtfully explained the exhibits.

The Morning After Taking Carle's Little Liver Pills

WHIFFLETS

From the Waterfront

The Thanksgiving holiday week-end was favored with ideal weather conditions. It proved auspicious for a number of deer hunting expeditions, some rather far afield. One of the parties was that headed by Capt. Jim Morrison aboard the F. H. Phippen which has gone to Campania Island down the coast.

Union steamer Catala, Capt. James Findlay, arrived in port at 10 o'clock Sunday night from the south and sailed a couple of hours later for Stewart, Anyox and other northern points whence she returned here at 11:20 this morning southbound. The vessel was in the Skeena River this morning to take on the Chinese crew of Inverness Cannery for Vancouver.

C. P. R. freighter Nootka, Capt. M. McKinnon, after a voyage to Skagway with freight for the Yukon, called in port Saturday night for supplies and proceeded from here to Vancouver via Namu and Kildonan on the West Coast of Vancouver Island.

C. N. R. steamer Prince John, Capt. George Coles, which has been engaged in freighting during the past summer, arrived in port at 6:30 last evening from the south and was this morning discharging coal for Philpott-Evitt. On the way north, the John called at Murchison Island on the Queen Charlotte Islands with loggers for the T. A. Kelley Logging Co. After discharging her local cargo, the Prince John will proceed to the dry dock where a heavy lifting winch will be installed on her bows head. It is expected she will be going on the regular run between here and Vancouver via Queen Charlotte Islands in place of the Prince Charles at the end of next week.

John R. Morgan Logging Co.'s tug J. R. Morgan was in port yesterday for fuel, having left a Davis raft at Captain's Cove while she came in. The J. R. Morgan is in command of Capt. S. Salvarson.

C. P. R. steamer Princess Louise, Capt. S. K. Gray, is due in port at 8 o'clock tomorrow morning from Vancouver and will sail an hour later for Skagway and other Alaska points.

REOPENING OF RANGES

Gathering of Canadian National Small Bore Association Saturday Night Sees Improvements

An official opening informal shoot on the newly renovated miniature range of the Canadian National Recreation Association's Small Bore Rifle Club took place Saturday evening with a number of guests as well as marksmen members of the club in attendance, about twenty-five in all being present. Interest was displayed in trying out the ranges with various types of shooting following the improvements which have been made including painting throughout as well as new lighting arrangements which are much more effective and conducive to better shooting. A new installation is a 20-yard stage for offhand shooting. This was used by pistol as well as rifle marksmen.

Commencing with the erect position, or "offhand" marksmanship at 20 yards, in which all present took part, Theo Fortune, Ole Rollag and Peter Brass were outstanding. Mr. Fortune made a "possible" with his ten shots, Mr. Rollag, 99, and Peter Brass, 98.

An exhibition of heavy calibre revolver shooting by Constable Don Stewart of the City Police Force, also a member of the C.N.R.A. Rifle Club, proved attractive.

Concluding was the "prone" position shooting in which William Brass and Ole Rollag made possibilities.

Members of the Rifle Club also gave exhibitions of their skill in trick shooting—such as shooting out a candle flame at 25 yards in which Theo Fortune and Ole Rollag distinguished themselves—putting out the flame with their first shots.

An active winter season is anticipated with members taking part in national as well as regional competitions.

William Brass was in charge of the opening proceedings Saturday night, assisted by Ole Rollag and Theo Fortune. Refreshments were served by a committee of ladies consisting of Mrs. William Brass, Mrs. M. M. Lamb and Mrs. Theo Fortune.

It is interesting to note that ladies as well as men are taking part in the activities and competitions of the club. They participated Saturday night.

terday for fuel, having left a Davis raft at Captain's Cove while she came in. The J. R. Morgan is in command of Capt. S. Salvarson.

C. P. R. steamer Princess Louise, Capt. S. K. Gray, is due in port at 8 o'clock tomorrow morning from Vancouver and will sail an hour later for Skagway and other Alaska points.
