### DEADLOCK IN STRIKE

No Progress in Negotiations For Ending of Tie-up at Oshawa

### Rogers Enters

Federal Minister of Labor Offers To Mediate Automotive Dispute

OSHAWA, Ont., April 13: (CP)—Still deadlocked over the issue of Committee on Industrial Organization recognition, Oshawa's General Motors strike entered a new week yesterday and its sixth day today since the walk-out.

The week-end was featured by collapsed negotiations and two great mass meetings for nearly four thousand strikers.

C. I. O. heads declare that pressure will be brought to bear upon General Motors in the United States towards a settlement.

Minister to Negotiate? An official reply was being awaited today from General Motors of Canada to an offer of Hon. Norman Rogers, federal minister of labor, to mediate the dispute between the company and its 3700 workers now on strike.

The workers have accepted the minister's offer but executives of the company indicated last night that General Motors will decline the suggestion at least for the present.

The company has been co-operating with Premier Mitchell Hepburn of Ontario in his effort to settle the strike.

Hepburn's Stand United support of his cabinet will be demanded by Premier Hepburn of Ontario in his stand against the John L. Lewis Committee for Industrial Organization.

The Premier, who immediately after the strike started promised the force of his cabinet would be put in the fight against the C. I. O., today reiterated his attitude regarding the Oshawa strike.

It was fight against the "forces of John L. Lewis and communism which are now marching hand in hand," said the Premier. If any member of his cabinet was out of sympathy with the present policy, then that member must resign, the Premier said.

### Mass Flight On Way to Hawaii

Big United States Navy Squadron Safe at Half Way Mar k Last Night

SAN DIEGO, April 13:—Twelve United States Navy patrol planes, which left yesterday afternoon for Pearl Harbor, Hawaii, were reported safely about half way to their destination last night. It was estimated on leaving that the mass flight would take about twenty hours.

### Weather Forecast

Published through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 24 hour period ending 5 p.m. tomorrow.

A storm of considerable intensity is centred about 200 miles off the north of Vancouver Island causing gales and rain on the coast.

Prince Rupert District and Queen Charlotte Islands—North-easterly gales, cool and showery.

West Coast of Vancouver Island—Strong southerly gales, mild with occasional rains.

### British Fascists Split Up

LONDON, April 13: (CP)—British Union of Fascists headed by Sir Oswald Mosley has been split by the formation of the rival "National Socialist League" led by Mosley's former two chief lieutenants. Many of Mosley's former followers are said to have gone over to the rival group.

### HAS NOT SOLD OUT

Premier William Aberhart Denies Suggestion—Dunning Says Alberta Treated Fairly

EDMONTON, April 13:—"I haven't sold out to the financiers," said Premier William Aberhart in his weekly address before the Prophectic Bible Institute Sunday. He criticized the statement of Graham Towers, general manager of the Bank of Canada, that Alberta required no financial assistance from Ottawa and also declared that it was unfair for the federal government to take out so much more revenue from the province than it put in.

Treated Fairly OTTAWA, April 13:—Shown a statement by Premier Aberhart of Alberta that his province was not treated fairly by the Dominion in the matter of financial assistance.

Hon. Charles A. Dunning, minister of finance, declared that the federal government was treating Alberta "fairly and squarely."

### Relief Workers' Strike is Over

Decision Made to Return to Work Pending Review of Situation By Central Committee

At a special meeting of the unemployed yesterday afternoon to receive the report of a committee which interviewed civic authorities in regard to reinstatement of city relief strikers who have been on strike, it was decided to accept the report of the committee and return to work pending a review of the situation by a central committee comprising delegates from various organizations which was recently formed.

Forty men returned to work on Wantage Road this morning. They are to be given the back relief for which they had refused to work on the understanding that they will now work it out. In fact, there is no change from the previous basis of relief distribution.

The strike committee negotiated yesterday with City Treasurer D. J. Matheson.

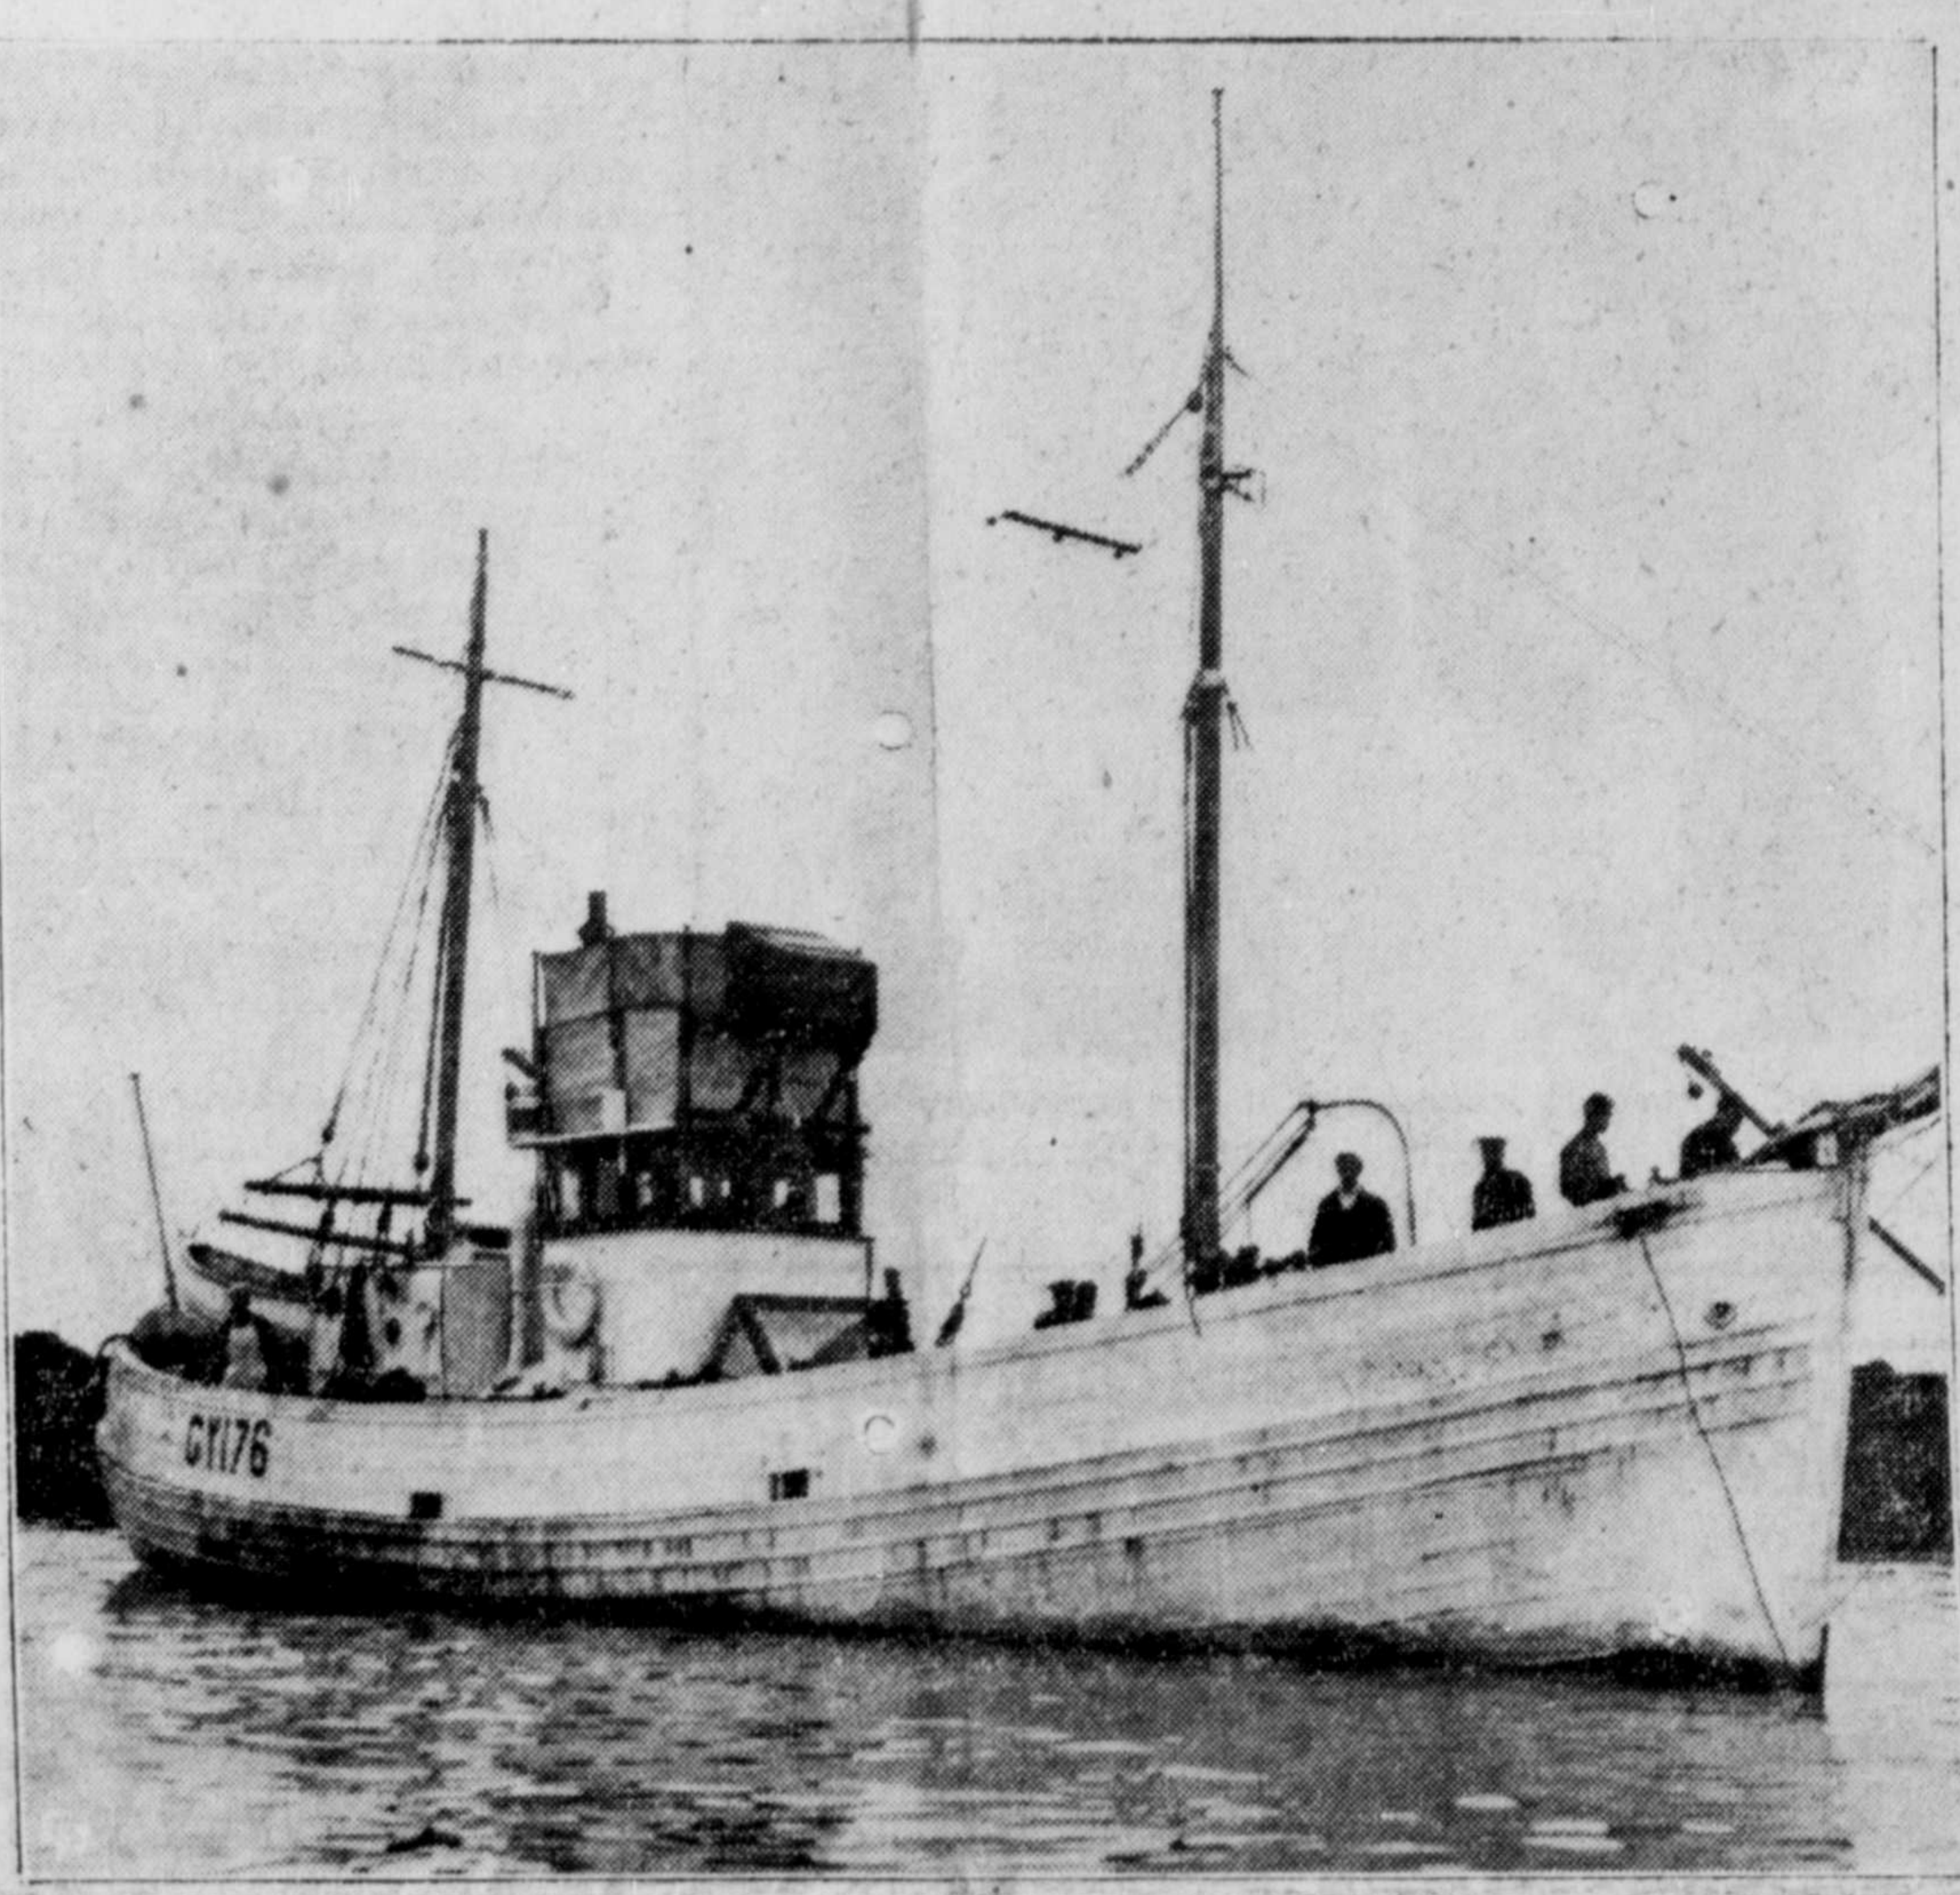

### BAR SILVER

NEW YORK, April 13: (CP)—Bar silver was trading at 46c per ounce on the New York metal market yesterday, down 1/8c from the end of the week.

### MAORI "PROPHET" DIES

AUCKLAND, N.Z., April 13: (CP)—Rua, a 68-year old Maori whose ability to foretell the future gained him a large following, is dead near Whatatane. He had 12 wives.

### Colorful Schooner "Girl Pat" in U.S. Custody

Pictured on the Delaware River at Philadelphia, Pa., is the Girl Pat, the Grimsby, Eng., fishing trawler that left her port a year ago and never returned, writing colorful maritime history all over the face of the seven seas. There's more mystery attached to her, for the Girl Pat is in custody of the U. S. Coastguard, members of which remain silent as to why and wherefore.

### Hotel Employees Threaten Strike

Fourteen Leading Hostleries in San Francisco Bay Region May Be Tied Up

SAN FRANCISCO, April 13:—Employees of fourteen leading hotels in the Bay area are threatening to go on strike for higher wages and improved working conditions.

### Car Goes Over Road; Three In It Are Unhurt

Tommy Glenn, local taxi operator, and two passengers, Margaret Fowler and Harold Hampton, miraculously escaped injury in an automobile accident last night just east of Hays Creek bridge. Glenn was driving off the bridge at 10:10 p.m. when the steering gear locked and the car went over the side down an embankment, turning over a couple of times in doing so. The driver and two passengers climbed out unhurt. The car sustained considerable damage.

### CROW'S NEST STRIKE OFF

Fernie Coal Mine Tie-up Averted Pending Further Negotiation

FERNIE, April 13:—A strike of some one thousand Crow's Nest Pass district coal miners has been averted. It was announced yesterday. There will be further negotiation of the demands for higher wages and better working conditions. The miners are members of the United Mine Workers of America, an affiliate of the Committee on Industrial Organization in the United States.

### BOARD IS UNANIMOUS

Conciliators Agree on Railway-men Getting All Cut Back

OTTAWA, April 13: (CP)—Restoration of basic wage rates by April 1, 1938, to some ten thousand employees of the Canadian National Railways, who are members of the Canadian Brotherhood of Railway Employees, is the unanimous recommendation of the report of the board of conciliation released by the Department of Labor.

In effect, the recommendation calls for the same terms as agreed upon by the Canadian National and Canadian Pacific Railways in recent negotiations with the running trades whereby the ten per cent deduction from the basic wage rate would be completely restored by degrees over a period of one year.

VANCOUVER, April 13: (CP)—Wheat was quoted at \$1.37 1/2 on the Vancouver Exchange today.

### PEACE IN INDUSTRY

Validation of Wagner Bill Expected to Stabilize Unrest Between Capital and Labor

WASHINGTON, April 13: (CP)—Thousands of workers and their bosses in United States industrial centres are speculating on how the validation by the Supreme Court of the United States of the Wagner Labor Relations Act, guaranteeing collective bargaining rights of the workers, will affect their positions.

William Green, president of the American Federation of Labor, predicts an upsurge in union organization and the end of company unions.

Warren Madden, chairman of the Warner Labor Board, foresees greater industrial peace and expeditious settlement of many labor disputes pending in the courts.

### UNREST OF LABORITES

Contending Factions Resort to Gun Fighting and Bloodshed in Conflict

PITCHER, Okla., April 13: (CP)—Truculent lead and zinc workers returned to their jobs yesterday in an atmosphere intensified by a bloody week-end in which nine persons were shot with the leaders of the unaffiliated group of workers announcing their determination to "prevent Committee on Industrial Organization unionization of this territory."

Wounding of eight men and a boy at Galena, Texas, Sunday by gunfire from headquarters of the International Union of Mine, Mill and Smelter Workers climaxed a week-end of beatings and floggings.

British Freighters Advised Not to Enter Spanish Waters—H. M. S. Hood Standing By

### Limit Protection

Military Operations Still Continue Around Madrid—Fall of Bilbao Imminent

LONDON, April 13:—If British merchant vessels go inside the three-mile limit of Spain, British naval vessels can do nothing to protect them whether they are attacked by Spanish government or insurgents. This was stated officially last night following the announcement earlier in the day that the British government was not recognizing the Spanish insurgent regime.

British warships will protect British merchant vessels in the event of their being attacked outside the three-mile limit off the Spanish coast.

Five British merchant vessels headed for Bilbao, Spain, with food supplies for the beleaguered Spanish government port were advised to keep outside the three-mile limit of Spain under protection of H. M. S. Hood, largest warship of the British fleet, which is standing by. Insurgent warships will fire upon them if they venture inside.

General Francisco Franco has warned.

Foreign Secretary Anthony Eden declared last night that Great Britain was following a cautious foreign policy because "we refuse to lead Europe off the precipice." He answered critics of the government with the assertion that Great Britain would not take action likely to divide Europe into two blocs.

### Madrid Battle Continues

MADRID, April 13: (CP)—Reinforced insurgents today fought off government troops trying to force a ring around three thousand of General Franco's men in University City, the northwestern suburb. Government officers said the enemy was moving up heavy concentrations of troops to resist thrusts against Garabitas and Aguilera hills in the Casa de Campo sector.

Meanwhile tightening up of the insurgent warship blockade after Great Britain's withdrawal of protection from her merchantmen within Spanish waters has threatened to force the surrender of Bilbao to the encircling insurgent armies.

Deep Sea Fishing

A copy of a speech made in the United States Senate recently by Hon. Lewis B. Schwellenbach of Washington State gives a good resume of the position of Canada and the United States in regard to possible invasion of the fisheries of this coast by deep sea fishermen from Japan and European countries which would undoubtedly be a menace to the salmon and halibut fisheries of both countries.

According to this authority, the Japanese method of fishing offshore consists in sending out large floating canneries operating on the mother-ship principle. They carry with them fishing boats and gear and they use enormous nets aggregating as much as three miles in length. They pay no rental and fishermen's wages are very low. In the operations all types of fish including many immature fish are taken. The destruction is greater than the catch. Already the fishing off the Siberian coast has been seriously affected and the result has been that the Japanese have looked to this coast for a new area to exploit.

Last year the Japanese sent a ship to operate off the coast of Alaska as an experiment. The test was to last three years and at the end of that time, if conditions warrant it, they plan to fish both for salmon and halibut by the mother-ship method, canning the salmon and shipping the halibut to be sold fresh on the world markets.

British and Norwegians also planned to send the Norway to this coast to fish in a similar manner but this movement has been frustrated or at least interrupted by diplomatic action.

American and Canadian fishermen feel that they have a proprietary interest in the fish on this coast, not only because the fishery has been theirs from the beginning, but because it has been maintained by their sacrifices such as in the regulations of recent years adopted by the International Fisheries Commission and by means of hatcheries and strict regulation of the fishery to prevent depletion. It has been suggested that the two countries join in a declaration that the continental shelf shall be construed the exclusive fishing grounds of United States and Canada. Another suggestion is that the matter be taken up directly with the nations interested with a view to preventing any foreign invasion of fishing rights on this coast.

In one paragraph the Senator says: "It needs no proof to bring the conviction that if the mother-ship halibut operators of the North Atlantic are permitted to invade this field they will completely destroy the effectiveness of our halibut regulation, not only by the actual increase of intensity but also by rendering it impossible to restrict our own fishermen when their competitors reap the profit. The International Fisheries Commission could have and would have no jurisdiction over them outside of territorial waters. They could and would come into closed nursery areas and they could and would disregard the regulations closing spawning areas during winter. The United States and Canada have spent \$554,000 in this investigatory and regulatory work. It will have been largely wasted and our resources destroyed if, after depleting the North Sea, the Iceland and the Greenland halibut banks, the fishermen of Europe commence their invasion in the North Pacific."

This is one case where it is an advantage to be a part of a powerful Empire and associated with a powerful country like the United States. Otherwise the pleas of the Canadian government would have been ignored and the halibut and salmon fisheries depletion would have already commenced. It is all right to be isolationists if we have no interests whatever beyond the confines of Canada. Fishermen on this coast will not be isolationists after this.

Even "dog days" have their silver lining! "Corky," the terrier in Joe E. Brown's picture "When's Your Birthday," gets \$150 a week! I once knew another dog who earned nickels for his young master. Remember when your Petering customer for "two-bits?" When I reproached him once for parting with his friend like that, he naively replied: "Oh Pat understands, he always escapes and runs back to me again." There was the makings of a great business man in that youngster—what is he selling now?

There will be great excitement in the North Pole this summer (or do penguins become excited?) when Soviet airmen drop from the air in parachutes to establish a permanent plane base in that region. They will stake out a landing field; then radio to a base now being established at Rudolf Island, 2,500 miles from Moscow, and supply planes will follow with camp equipment. Everything is to be lowered in parachutes until landing facilities can be arranged. It is a daring expedition and one the world will watch with interest.

Salmon Loaf

When the call comes for a meatless meal, there is an art in rising to the occasion and preparing a tempting, suitable menu. One dish that is practically a complete meal in itself, and that can be served in numerous ways, is salmon loaf. It can be served with shredded eggs, chopped pickle, a variety of sauces, or in sandwiches.

A delicious salmon loaf is made easily of the following ingredients: Two cups salmon, 1 cup rolled oats, 1 teaspoon salt, 1 onion, bread crumbs, 1 cup water.

To one cup of rapidly boiling water, salted, add rolled oats. Cook five minutes. Mix with two cups flaked salmon, including the salmon oil, and add minced onion. Shape into loaf in greased pan and cover with break crumbs. Bake 20 minutes in moderate oven and serve.

Church Worker At Kitzegukla Is Farewelled

KITZEGUKLA, April 3:— On Sunday, April 4, a service was held in the United Church to bid farewell to Abbe Russ. During the winter Mr. Russ has been an invaluable help to the church. Leading the choir, helping in organizing concerts and taking a very active part in all services. He will be missed.

Many expressions of goodwill and friendship were made. At the close of the service the president of the Epworth League, Peter Mark, presented Mr. Russ with a Young People's Society Pin, and Mr. Russ presented the League with a banner on which was printed "Love and Peace."

EVERY WOMAN FACES THIS QUESTION

How do I look to other people? So many women risk their beauty by neglect of constipation. It often causes loss of pep, sallow skins, dull eyes, poor complexions.

Yet common constipation can be ended so easily. Just eat two table-spoonfuls of Kellogg's ALL-BRAN with milk or fruits every day, three times daily in severe cases. This delicious ready-to-eat cereal supplies the "bulk" needed to exercise the system—and vitamin B to help tone up the intestinal tract.

Within the body, ALL-BRAN absorbs more than twice its weight in water, gently sponging out the intestines. It never causes the artificial action of pills and drugs, that often prove ineffective.

Kellogg's ALL-BRAN, you see, is a food—not a medicine. It relieves common constipation the way Nature intended—so its results are safe. Buy it at your grocer's. Made and guaranteed by Kellogg in London.

Twenty Friends Honor Mr and Mrs A Ivarson with Surprise Party

The occasion being their twenty-fifth wedding anniversary, some twenty or so friends of Mr and Mrs. A. Ivarson, 412 Eighth Avenue East, invaded their home last night for a delightful surprise party. There were five tables of bridge and the prize-winners were: ladies' first, Mrs. A. Ivarson; second, Mrs. G. Anderson; men's first, A. Ivarson; second, B. R. Rice. During the evening the presentation was made by Fred Cameron, on behalf of the guests assembled, of a handsome silver gift. The bride and groom of a quarter of a century ago both replied suitably. Appetizing refreshments were served.

Dean J N Finlayson of University of British Columbia Heard on Friday

Meeting at the home of Mrs. W. H. Tobey, Pacific Place, on Friday afternoon, some fifty-five or sixty ladies of the Ladies' Reading Club of Prince Rupert heard an interesting address by Dean J. N. Finlayson of the University of British Columbia whose subject was "The Grandparents of Robert Louis Stevenson." The forebears of the famous author were civil engineers and his great-grandfather built Incheape Rock lighthouse, an outstanding engineering achievement of its time.

Following the lecture tea was served. Mrs. William Cruickshank presided in the absence of the president, Mrs. J. W. Nicholls, and a vote of thanks was tendered the speaker on motion of Mrs. G. H. Arnold.

**Kept in Bed  
 By Backache**

Now—Thanks to Kruschen—Not A Trace of Pain

This woman's life was made a misery by the pains of backache. Then her father, who had proved the value of Kruschen himself, advised her to try it. She did, and here is her grateful letter:—

"For years I have been suffering with pains in the back. At times I had to stay in bed for days. I could not walk, or even stand. My father was using Kruschen Salts for the same thing. He, too, used to suffer badly, and Kruschen relieved him. He advised me to try it. I did so, and did not get a pain for three years. I then neglected my daily dose for about six months, and two months ago the pain returned. I tried another remedy—it failed, so I again started Kruschen. Now I have not a trace of pain, thanks to Kruschen."—(Mrs.) H.R.

Pains in the back are usually due to impurities in the blood—waste products which the internal organs are failing to expel from the system. The numerous salts in Kruschen assist in stimulating these organs to healthy, normal activity, and so help them to keep the system free from harmful waste matter.

The fourth of the best three out of five game series between New York Rangers and Detroit Red Wings for the Stanley Cup, will take place in Detroit tonight. The Rangers won the first game last Tuesday while the Red Wings took the second on Thursday, the Rangers winning again on Sunday.

Leave it to the women to pick the long shots. Two women shared the "daily double" at Brisbane, Australia, recently at 2.135 to 1 odds but the record dividend, \$3,875 for \$1.25, went to a woman in 1935.

The Society for the Prevention of Cruelty to Animals has offered \$500 reward for information regarding the staging of cock-fights in England. The society has obtained four convictions in 30 years.

Sequel to "regettable incidents" in Manchester City's 5-0 fifth-round English Cup win over Bolton Wanderers, the Football Association has issued a general warning to Bolton players.

Aware of the fact or not, Australian newspaper racing experts "broke" one bookmaker. With liabilities of \$900, the "bookie" said in bankruptcy court the newspapers tipped too well.

With opening of the flat-racing season in England, one railroad has 150 horse boxes of improved design to make travelling comfortable. Another company has an express special for last-minute dashes.

Among 24 passengers in Dutch airliners forced to land at Gravesend, England, Walter Neusel, German boxer, said he would rather have one fight than 10 flights such as "I have just experienced."

Owing to unprecedented interest in the final test cricket match between England and Australia, a Capetown paper arranged to keep the public posted by phone. Just ask for "cricket," the fans were advised.

Struck under the heart by the ball during a football match at Southampton, England, George Brand, 28, died shortly afterwards.

Refused permission to race on the Ards circuit at Belfast, Ireland, because of a fatal crash last year, the Ulster Automobile Club has applied to hold the Tourist International race on the Saintfield circuit.

Unable to watch a boxer being severely pummeled, chief Constable Beynon of Tiverton, England, jumped into the ring and stopped the bout during a tournament there.

Sussex County Cricket Club's home matches at Hove, England, this year, won't be so "dull." Loudspeakers are to be installed on the ground to provide light music during intervals.

Accompanied by his wife and two friends, Lt.-Col. C. E. Cox collapsed and died while sheltering from a rainstorm during a round of golf at Blackmoor, England.

Visiting Welshmen at Gloucester, England, for a schoolboys' rugby international, are reported to have danced around a tomb in Gloucester Cathedral; put a beret and overcoat on a marble bust and smoked cigarettes in the church.

Fisher, the 1st day of March, A.D. 1937, I was appointed Administrator of the estate of Mike Sandul, deceased, and all parties having claims against the said estate are hereby required to furnish the same, properly verified, to me on or before the 2nd day of May, A.D. 1937, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

NORMAN A. WATT, Official Administrator, Prince Rupert, B.C. Dated this 2nd day of April, A.D. 1937.

## Britain and France Confer on Foreign Policies

This picture was taken recently in Geneva when both Sir Anthony Eden and Premier Leon Blum of France made addresses that were distinctly anti-Italian in tone and spirit. Left to right are Yvon Delbos, the new French foreign minister; Leon Blum, France's Socialist premier; Sir George Clerk, British Ambassador to France, and Anthony Eden, British foreign secretary. Both Eden and Blum asked the end of sanctions at Geneva, but neither would "acquit Italy," according to the interpretation placed upon their addresses by newspaper correspondents.

## The Letter Box

TREATMENT OF INDIANS

Editor, Daily News: Many of your readers still revere the memory of the late Henry Edenshaw—a man who truly served God and made many sacrifices in the work among his own people, without pay, without receiving credit or thanks from anyone. But, while his memories linger, his wife and children are forgotten. Our church almost ignores the loved ones he left behind and the Department of Indian Affairs insults them by offering his wife four dollars per month and a dollar each to his two daughters. The late Chief Weah of Massett served the Department of Marine for twenty years and died while still in service after being refused aid from the department that he served so faithfully. His wife and two daughters are forced to live on six dollars per month, which was given by the Indian Department after it was proven that they were destitute. (Once upon a time, an Indian Agent told me that a destitute is a poor penniless person with nothing to eat and without friends or relatives to help them and any Indian who receives relief—who is not a destitute as defined is liable to be imprisoned not less than six months.)

I have an Indian friend who struggled to the position of a certified teacher. All his years of sacrifice, want and need have been spent in vain, for he is unemployed while two white teachers are employed to teach at his village. Space prevents me relating many other instances of injustices imposed on Indians who tried to serve God and country. Let us gaze across Alaska and see what they are doing with their Indians. If any Indian heeds the call of God, he or she is trained to become a salaried minister regardless of age. They have enough boarding schools to take care of all their children and are permitted to go to school until their ambitions are leached regardless of age. Preference is given to educated Indians in the Indian towns. They are employed as fishery officers, policemen, nurses and in many other jobs. Over here in Canada we are ignored, despised, grumbled at, laughed at, and both government and people still take advantage of our ignorant Indians. Maybe those are the reasons why the Alaska Indians are now self-supporting citizens of their country while we are still a burden to ours. I thank you for your valuable space.

IVAN ADAMS Massett.

## WAS DEAD IN SKIFF

Mrs. Mary Voy of Kumdis Slough Expires in Small Boat At Massett

MASSETT, April 13.—The entire community of Massett was badly shocked a week ago Sunday morning when the dead body of Mrs. Mary Voy was discovered in a skiff on the beach at Old Massett. Mrs. Voy, who lived at Kumdis Slough about sixteen miles up Massett Inlet from Massett, was sixty-two years of age but, in spite of her age, she made frequent trips to Massett alone in a rowboat for supplies.

On Saturday last, although the weather was very threatening, she persisted in leaving for home about four o'clock in the afternoon in spite of many friendly warnings. She was seen making slow progress on the way home but had evidently become exhausted as the skiff had drifted back about six miles.

Coroner A. R. Mallory held an inquiry and evidence proved that death was due to exhaustion. The funeral was held Tuesday, a large number being present. Mrs. Voy is survived by her husband at Kumdis Slough and one son in the States.

### Easter Season At Kincolith

Visitors From Greenville And Canyon City Were Present For Occasion

Related reports have been received of the recent Easter festivities in the native village of Kincolith at the mouth of the Nees River. Visitors to the village for the occasion included a Church Army party from Greenville and a Salvation Army party from Canyon City.

On arrival of the visitors on the Saturday afternoon, the Church Army Sisters welcomed them in Jubilee Hall where a dinner was served. On Easter Sunday there was a dinner for the visitors, also in the Jubilee Hall by the Woman's Auxiliary. Mrs. O. Alexander, president of the Woman's Auxiliary, presided and gave an appreciative speech.

On Easter Sunday morning there were splendid musical services by St. Andrew's Church Choir, morning and evening, featuring selections from "The Messiah." The choir was ably conducted by Joshua McKay with Fred McKay as organist. The evening service was attended by no less than 261 persons.

On Easter Monday a party was given by the Senior Society for the visitors. There was an acceptable program which opened with a march "Fly the Colors" by Kincolith Concert Band under the leadership of J. Stewart after which Grace was said by Sam Grey. H. Doolan jr. was toastmaster and other items on the program included march "S. I. B. A." by the band and addresses by Sam Lincoln, president of the Senior Society, Mayor Job Clerk of Greenville, Mrs. Douglas of the Royal Purple, Eli Gosnell of the Canyon City Salvation Army, Peter Calder, Abel Angus, Robert Stewart, James Adams (Alpinist) and Sam Grey.

### WHIFFLETS From the Waterfront

Co-operative Moving its Camps Out to Salmon Grounds—Closing Date for Salmon Fishing Set—Screenings to be Shipped.

Although little has yet materialized in the way of a run of fish, the Prince Rupert Fishermen's Co-operative Association is now moving its camps out to the salmon fishing grounds from Prince Rupert. The first camp to get away was that for Banks Island which was taken out on Saturday. The Stephens Island camp will follow tomorrow after which the Dundas and Zayas Island camps will be dispatched. The four camps will be operated this season. Two packers will be engaged in the packing of fish into Prince Rupert—the Ogden, Capt. Oscar Haveroy, and the Azurite, Capt. Sam Seydal. Both these boats are owned by the co-operative.

Dominion Constable A. J. Watkinson left early this afternoon with the Naskaena for a trip to Port Simpson on patrol duties. He expects to be back tomorrow.

Light poundage per boat due to seeming scarcity of fish on the banks and also on account of rough water featured Monday's halibut landings at Prince Rupert. There were eleven Canadian boats but all they brought was a total of 81,000 pounds. A single American vessel had 4,500 pounds. Prices for Canadian fish were from 7.4c and 5c to 8.5c and 5c while the lone American boat sold for 9.4c and 6c.

The Department of Fisheries announces that, for the purpose of conservation, it has been arranged that fishing for salmon for commercial purposes in Prince Rupert district during the coming year will close not later than September 24 in purse seine areas or at an earlier date if found necessary. Fishing for spring salmon by trolling may be resumed on October 11 following.

There were forty-three passengers aboard C.P.R. steamer Princess Norah which was in port yesterday afternoon bound from Skagway to Vancouver. Three passengers disembarked from the vessel here while four sailed from here for the south aboard her.

Armour Salvage Co.'s power tug Pachena, Capt. Henry Hansen, left Saturday night for Green Bay where it will pick up and tow to Cumbhewa Inlet, Queen Charlotte Islands, two scows laden with logging machinery for the A. P. Allison Logging Co.

The Prosperity A. sold 15,000 pounds of halibut in Vancouver yesterday, receiving 5c to 8c.

Union steamer Catala, Capt. James Findlay, returned to port at 2:40 noon today from Stewart, at 12:55 today from Stewart. Anyox and other northern ports and sailed this afternoon for Vancouver and waypoints.

Some 565 tons of screenings are to be shipped within the next week or so from the Alberta Wheat Pool's local elevator to Vancouver. The cargo will be handled by a freighter of one of the coastal lines, it is expected.

### Church Will Be Improved

Material From Old Structure At Carnaby to be Used At Kitzegukla

KITZEGUKLA, April 13.—At a well attended meeting of the various members of the different organizations of the church held in the home of Joseph Wesley, it was decided to put an addition on the end of the church building.

For this purpose it was decided to pull down and dismantle the church building at Carnaby and use all the material possible on the new section. Since the floods this building has been made useless. Also there was no further use for it there. A number of teams and men went to Carnaby and brought the better parts of the building back with them.

A ceremony of laying the foundation was held on Thursday noon. After the singing of the hymn "How Firm a Foundation," and prayers, the local preacher laid the first beam—Alfred McDames, Moses Jones, and Peter Mark—in the name of the Father, Son, and Holy Ghost. The service closed with the benediction.

SMITHERS, April 13.—A. W. McPherson, Vancouver insurance man, was a business visitor in Smithers last week.

### George Sampare's Child is Dead

Many Mourn Passing of Young Member of Kitzegukla Village

KITZEGUKLA, April 13.—Early last Tuesday morning the child of George and Dora Sampare passed away. Funeral services were held on Thursday afternoon. The small casket was borne by the uncles, accompanied by the band. Arthur Sampare, the child's grandfather, is president of the band and the uncles active members.

Rev. B. Black, assisted by Alfred Sampare, conducted the service in the United Church, two hymns being sung—"What a friend we have in Jesus" and "Safe in the Arms of Jesus." "The Dead March in Saul" was rendered by the band as the mourners marched to the cemetery and also at the grave.

Among the mourners was the grandfather on the mother's side, Mr. Benson, who came from Kitzegukla. Sympathy goes out to the bereaved family. Many floral tributes were sent by friends and relations.

### BUSINESS TRIP

KITZEGUKLA, April 13.—Moses Jones left last Thursday for the canneries to make arrangements for the summer's work. He will be away for a few days.

### Church Concert Is Appreciated

Good-Sized Audience Enjoyed Recital by Augmented Presbyterian Choir

The concert presented last week by the augmented choir of First Presbyterian Church under direction of Mrs. E. J. Smith was appreciated by a good-sized audience. The program was one of much merit, reflecting talent and painstaking preparation.

Rev. Dr. J. W. Stevenson, the pastor, acted as chairman and those assisting the choir in individual capacities were J. A. Teng, Mrs. E. J. Smith, Charles Balagno, Dr. W. A. Riddell, Dr. H. N. Brocklesby, Dr. R. G. Large, J. E. Davey and Mrs. S. D. Johnston. H. M. Foote and James Hadden acted as ushers and Peter Lukie presided at the door.

# C.C.M. The LONG-LIFE Bicycle

Did you ever stop to consider the tens of thousands of revolutions that are made by the fast moving parts of a bicycle every day that it is ridden—and of the millions of revolutions that means in a year?

Yet, in spite of these countless turnings of metal against metal, the C.C.M. bicycle gives many long years of trouble-free service. This is because of the fine steels used in its manufacture—these steels are heat-treated in C.C.M.'s own furnaces. These qualities are especially important in the three fast-moving parts—the brake, the front hub and the big main sprocket bearing or hanger.

First in importance is the C.C.M. Hercules Coaster Brake which is a marvel of mechanical ingenuity and accuracy. The least touch of back-peddalling and on goes the brake, smooth and sure, increasing in its effectiveness as you increase the back pressure. Then a forward turn and the C.C.M. Hercules instantly drives you onward.

Then comes the C.C.M. Triplex Hanger to which the main sprocket, cranks and pedals are attached. This Triplex Hanger is virtually the power plant of a C.C.M. bicycle. All of its parts (except ball bearings) are made in the C.C.M. factory, and they include hardened ball races, stout cranks, an accurate sprocket and other true running parts. Because of the smooth running of the C.C.M. Triplex Hanger all of your pedalling effort is converted into power to roll you along.

The other fast-moving part of a C.C.M. bicycle—the front hub—is a strong and carefully built mechanism with a sturdy axle, ball bearings and hardened steel races.

These three accurately made important parts of a C.C.M. bicycle together with steel rims, rustless steel spokes, seamless steel tubing combine to make the C.C.M. "The Long-Life Bicycle".

Remember, when you go to buy a bicycle, that a C.C.M. has everything that you can find in any bicycle plus many exclusive C.C.M. features, plus long life.
