## SPIRIT OF ARMISTICE HELPING HOSPITAL

Remembrance Day Brings Tributes To Memory of Ever-Mounting Roll of Nation's War Dead

OTTAWA, Nov. 25. (CP) — Although the Great War is receding into history and a generation to whom that conflict is only a memory of youth is assuming an increasing share in national activities Canada observes Armistice Day each year as a day of remembrance and consecration. Throughout the Dominion the people repair to cenotaph, church and monument, there to recapture the spirit of sacrifice and duty which inspired the 60,000 whose memories they seek to keep green.

Canada's war dead greatly exceed that figure, for men are dying in accelerated numbers in consequence of wounds and sickness incurred on active service. Reliable agencies cite a yearly toll of war veterans in the neighborhood of 3000. Advancing age has, in recent years, quickened the rate.

**190,000 Casualties**

Battle casualties in the Canadian forces numbered 190,092 from the declaration of war August 4, 1914, to Armistice Day, November 11, 1918. Of these 60,661 were killed in action, or died of wounds or sickness. The total represents nearly one-third of all who enlisted in the Canadian forces, in addition to Canadians who served in the United Kingdom and the allies.

A total of 647,635 Canadians served. This included Canadian Expeditionary Forces, 619,636; Royal Canadian Navy, 8,826; Royal Flying Corps (including cadets and mechanics) 18,852; Royal Military College graduates in other forces than Canadian, 371. In addition many Canadians served in other armies of the allies and of these there is no official trace.

Men from Canada's military forces, as distinct from those who saw service at sea, fought on eight major fronts. Their concentration was in France and Belgium; but many fought also in the Balkan Peninsula, in Palestine, North-West Persia and the Caucasus; Siberia; North Russia; Mesopotamia and Italy. Records are available of some who ranged as far afield as Russian Turkestan, Afghanistan, East Africa and the Kameruns.

Of those who became casualties as a result of war service, 79,282 are in receipt of pensions while 12,169 receive the war veterans allowance.

For those two items the compensation rate for the current year amounts to \$44,452,481, dividing a total of \$40,517,469 for pensions and \$3,935,012 for allowance.

### MEN WHO FEEL OLD

Get Back New Youth, Energy, Vitality

Too many men to-day feel tired out all the time — can't work, hate to get up mornings, haven't the vitality to do the things they used to do. A weak unhealthy liver caused by modern living, soft foods, lack of exercise, is the chief reason. Your liver is the storehouse for glucose or the "energy part" of the food you eat — it supplies energy to muscles, tissues and glands. If it is not strong and active the wonder you feel all day is "Fruit-A-Tives" it will build up your liver like nothing else will. You'll be surprised how young you soon feel. 25c., 50c., all Druggists.

### DIVORCE IS DISCUSSED

Subject of Debate at Meeting of Anglican Young People's Association

The regular weekly meeting of the Anglican Young People's Association was held on Wednesday evening in the Cathedral Hall. Following the opening hymn and prayer a short business session was held. It was decided that next Sunday, being Advent Sunday and also the Sunday before the Feast of St. Andrew, Patron Saint of the Cathedral, the members will attend in a body the early celebration of Holy Communion. It was also arranged that a breakfast would be served in the hall after the service.

The main feature of the evening was a debate on the subject: "Resolved that the liberalization of the divorce laws would be in the best interests of our country." The speakers for the affirmative were Dick Kennevis and Miss Ruth Nelson and, for the negative, Jack Storrie and Miss Phyllis Taylor. The judges were Miss Joan Cross and Robert Yerburgh who gave their unanimous decision in favor of the negative. Both sides put up very fine arguments.

In summing up her side of the argument Miss Taylor remarked: "Marriage is a contract which must be binding in the interests of the race first and foremost. One of its functions is to protect the children of the union and so the future well being of the country is dependent on it. I would venture to suggest that the remedy lies not in liberalizing the divorce laws but in the tightening up of the marriage laws. For the wise reformer who would elevate and protect the family, the centre of the problem is marriage and not divorce. An increase in happy, wholesome marriage is the only permanent solution of our divorce problem." "Divorce" like crime is fearful evidence that our civilization is developing to a point of strain where there is a special need of strengthening the weakness disclosed by using our social resources to encourage sane ways of living.

Following the meeting refreshments were served by Misses Ruth Nelson and Jean McLean.

### DOWN THE ALLEY

News and Views of the Regent Bowling Front

Royal Hotel team continues to lead the City League and in a fairly safe bet to win the first half. Three Five Taxi however, has a fighting chance to emerge on top.

In the Commercial League Canadian National Recreation Association has a one game lead over Ripport Motors with Printers in third position. With less than a month of play in the first half, it looks like a fight between these three teams and my prediction is Rupert Motors, first; Printers, second; C.N.R.A. No. 2 third. Gibb Taylor agrees with me so that settles it.

Old Empire five-pinnars are having difficulty fielding a full team and want to withdraw from the league. If that happens the Five Pin League is disrupted, because three teams are not enough to carry on with. So it is to be hoped that Croome and Shriberg will realize their responsibility to this league and carry on until they fill the team again.

In the ladies section, Rangers are still leading the field with Annetta's fighting hard to out them.

For many years women have been fighting to gain an equal

status with the men. First they fought to get the vote, then they fought to get the jobs that men had always done, and just now they thought they ought to challenge man's supremacy in the bowling world. So Mrs. Raybone and Mrs. West gathered their cohorts together and picked a team with which they challenged the best the men could produce. Man, being naturally soft hearted, especially toward the fair sex, let the ladies take three of the first six games and, then to show that man can be firm and masterful when necessary, the boys took the last three games in a decisive manner. Not all, but most of the ladies bowed to the inevitable and took their beating with a very good grace. Now the men can relax once more and throw out their chests in the most lordly manner.

This series has shown the feasibility of a mixed league, with three ladies and two men on each team. It would be very interesting and entertaining and all it requires is to get the boys and girls together to form such a league.

Duck pins is another game that offers wonderful entertainment and, like five pins is a good game for both sexes. I know that if this game is given a trial, it will at least hold its own with any of the other games.

My old friend Ollie Franks is developing into a dark horse or something. Yes sir, he captured the high average the other night, but there were only two teams playing, so that may be the explanation. Ollie shot a nice 299, and averaged

## 'SPORT'

### SPORT CHAT

Suggestion of Dr. W. E. Dean, Toronto, that a team of professional cricketers visit Canada has been received with interest in London. Dr. Dean's idea arose out of the retirement of several of England's leading cricketers in recent years. He suggested the team might include players like Jack Hobbs, Pat Henderson, Andy Sandham, Maurice Tate, Frank Woolley and Andy Ducat.

"I think it's a good idea," said Pat Henderson, general Middlesex pro and idol of London crowds at Lord's. Pat has a warm spot in his heart for Canada. When he retired a few months ago he received letters of congratulation as his career from the big Dominion. He thought some of the players would be glad to make the trip, although he would be free only in school holidays. Henderson now is coach at Harrow.

Members of the Marylebone Cricket Club team that toured Canada during the summer returned with glowing reports of the reception accorded them wherever they played and all hope to pay a return visit to Canada. Members of the team are holding a reunion dinner in London shortly before Christmas.

The first cricket team to visit Canada, that of George Parr in 1929, was made up of professional players. It is not likely a team of amateurs playing in county championship cricket could leave England in the summer months but a strong eleven could be selected of men who have retired in recent years.

MR. so he really earned the honor, though I must have my bit of fun!

Well, to "all conquering man" and to the poor disillusioned female. I bid adieu till next we meet again.

### Money Came Back But Not Bulbs

This is Once That Fake Advertising Did Not Work

Several local people answered an advertisement appearing in an outside publication circulating in this city sending to an address in Holland a dollar for a large quantity of bulbs. The letters enclosing the dollar were returned unopened by the Dutch Post Office department with the information that the person to whom the letter was addressed was being prosecuted by the police.

This, it is understood, is the same advertisement local newspapers refused to publish. Each year advertisements have been sent out from the same place in Holland, all under different names and all equally valueless.

### VIVID RACE TRACK FILM

"Saratoga." With Jean Harlow And Clark Gable, Week-end Feature Offering at Capitol Theatre

Laughs and tears, thrills and romance mingle in "Saratoga," co-starring Jean Harlow and Clark Gable, which is the week-end feature offering on the screen of the Capitol Theatre here. It is a vivid story of the race track with paddock intrigue, a great race, unusual characters and a delicate romance. The characters hate, fight and love through an action-packed drama in which much whimsical comedy leavens the heavier moments.

"Saratoga" is the last picture of the late Miss Harlow who died a few months ago. Indeed it was uncompleted when she died and considerable ingenuity had to be exercised in order to finish it without the feminine star. Fortunately, the ending of the picture with Miss Harlow and Gable had been filmed. A double was used in a few scenes which were re-written and re-edited.

There is a notable supporting cast which includes Lionel Barrymore, Frank Morgan, Walter Pidgeon, Una Merkel and Cliff Edwards. Much of the action was laid at the famous Saratoga race track.

**Bernice Palmer** says . . .

Once again Thanksgiving Day has been with us. Over here it is almost on a par with Christmas and Pilgrim Plays are given and stories read. But of later years, less and less stress is being laid on the origin of Thanksgiving and the Pilgrim Fathers and more on the idea of just being plain thankful. Somehow, with such friendly feeling existing between the United States of America and Great Britain and Canada, people have got away from the idea of celebrating a quarrel that happened many years ago and it is a good thing. After all, we have so many things for which to be thankful it is foolish to go so far back to find a reason for being thankful.

With so much dissension and wars—both declared and illegal—these two great nations have much to be thankful for. We are by nature peace loving and happy, and speak the same language. It is something to ponder. And we should give thanks for this great peace. Ours is the longest unopposed border line between two countries in the world—Canada and the United States, two great nations at peace with each other, unarmed. The eyes of the whole world are on us and marvel. Yes, we have much to be thankful for today—only let's not forget that we have plenty of other days in which to be thankful, too and don't feel that, because there is one day set aside each year to publicly acknowledge our thanks, that we are exempt all the rest of the year! Just now I gave thanks that that rain cloud waited until the last line of clothes came in!
