PRINCE RUPERT, B.C., THURSDAY, JANUARY 21, 1937

PRICE 5 CENTS

New Hospital Project is Given Public Endorsation and Drive For Finances Will be Started

At a public meeting of representatives of various organizations in the city council chamber last night, a resolution was passed endorsing the new local hospital project and instituting the commencement of a campaign to raise the sum of \$30,000 required to complete a fund of \$100,000 which will be necessary to erect the structure.

There will be another meeting on February 15 of accredited delegates of the various bodies when organization of the drive will be completed with appointment of committees and other details. Last night's resolution was moved by C. Y. Evtitt, president of the Prince Rupert Rotary Club, and seconded by J. J. Little, president of the Prince Rupert Chamber of Commerce. The meeting was presided over by Frank Dibb and the principal speakers were W. M. Brown, president of the board of directors of the Prince Rupert General Hospital, and City Commissioner W. J. Alder who explained the details of the new building project, emphasizing the necessity of there being no further delay in getting the enterprise under way. A general discussion culminated in the passing of the resolution. There were some thirty persons present at the meeting.

In opening the meeting, Mr. Dibb expressed the belief that it was necessary to have the co-operation of all organizations and the public generally. There was no good reason why Prince Rupert should not have modern and adequate hospital facilities. Much smaller places had better hospitals.

Mr. Brown briefly outlined the history of the present building which had been erected 26 years ago. For many years now the necessity of a more modern, up-to-date and safer building had been recognized. The hospital board itself had been able to put aside a hospital extension fund which now amounted to about \$20,000. In his opinion, declared Mr. Brown, the city should show the way in the drive for the \$30,000 which remained to be raised.

The Commissioner

Mr. Alder, at the outset, complimented the hospital authorities on the finances of the institution. This was one of the few hospitals which had not run in the hole. The financial position of the city was well known. Any money to be derived from it could only come from already over-burdened taxpayers who were having a difficult time to hang on as it was. Last year the city had paid \$7300 to the hospital in per diem grants so it could not be said the city was not helping the hospital. The present building was inadequate and unsanitary and there was also the safety factor. Mr. Alder was confident that the \$30,000 could be raised. He mentioned the Indian Department, railway company, logging camps, mining companies and canneries as sources of revenue which might be drawn upon. Surely all of them would give support. All were dependent on this hospital for service. If all put their shoulders to the wheel, he believed that the campaign could be put over within three months. If everybody looked at it in the right way, he was sure they would support it.

In answer to Tom Elliott, Mr. Dibb explained that the idea was to erect a fireproof unit, largely devoted to bed accommodation, attached to the present structure where the services would be maintained.

T. B. Black agreed that the city should show the way. The city commissioner wished that the city was in a position to finance half of the required sum or even the whole of it.

S. D. Macdonald thought an equitable way to collect from all taxpayers would be to possibly make a small increase in the mill rate for the purpose. He referred

to the necessity of all uniting in putting the project over.

N. Mussalleim felt that it was quite necessary to get the support of outside interests.

Frank Dibb was quite sure that, if a balance of say \$5,000 or \$10,000 still remained at the end to be raised, the city could be depended on to see to it some how or other.

Everybody Must Help

Mr. Brown felt that, if the money was to be raised, everybody would have to get out and dig. There should be a strong committee and all avenues of revenue would have to be explored. He urged the necessity of greater public interest in the hospital which could be displayed by a large attendance at the annual meeting next week of the Prince Rupert General Hospital Association.

J. J. Little gave assurance that the Chamber of Commerce was behind the project.

Dr. R. G. Large suggested that the various organizations be asked for their views in regard to ways and means of financing.

Tom Elliott suggested the possibility of issuing "baby bonds."

Those present at the meeting included Frank Dibb, W. M. Brown, City Commissioner W. J. Alder, F. S. Walton, S. D. Macdonald, J. A. Frew, T. B. Black, Martin van Cooten, J. S. Nelson, S. A. Bird, N. Mussalleim, Dr. R. G. Large, W. M. Blackstock, Gunnar Selvig, J. F. Jack, Mr. and Mrs. Jack Preece, Mrs. J. A. Barry, Miss Muriel Morris, J. J. Little, J. C. Gilker, C. V. Evtitt, Mrs. W. W. C. O'Neill, Mrs. S. V. Cox, Mrs. D. Orchard McLeod, Tom Elliott, Tony Christian, Mrs. Alex Macdonald, Mrs. Gus Krause and Charles Harmon. Practically all represented some organization or other.

Mrs. MacKenzie Is President

Elected Head of Prince Rupert Parent Teachers' Association Last Night

At the annual meeting of the Prince Rupert Parent-Teachers' Association last evening the recommendations of the nominating committee were endorsed and the officers for the ensuing year are:

President, Mrs. Alex MacKenzie
First Vice-President, Mrs. E. B. Baker

Second Vice-President, Mrs. W. C. Aspinall
Program convener, Mrs. R. M. Winslow

Secretary, W. W. C. O'Neill
Treasurer, Miss S. A. Mills
Membership conveners—Mrs. E. Clapp, Mrs. H. B. Eastman and Miss E. A. Mercer

Refreshment conveners—Mrs. W. M. Brown and Mrs. R. Woods

Reports of the committees of the past year showed that a great amount of valuable work had been done by the association. Education authorities agree that health is the primary objective of education and the association has for years supported the Junior Football and other school activities most generously. Reference books had been supplied. Without the support of the association the schools would have been unable to have these books available.

To Mrs. D. C. Stuart, who retires from the presidency after three very active years, the thanks of the members were expressed for her able leadership and active interest.

STILL FOR UNDER DOG

President Roosevelt Renews Pledge To Continue Fight For Under-Privileged American

WASHINGTON, D.C., Jan. 21: (CP)—Sworn into office for his second term as chief executive yesterday, President Franklin D. Roosevelt renewed his pledge to help the underdog. "The underprivileged American" would continue, he said, to be his chief interest and his efforts would be essentially with the end in view of bettering his lot.

With rain and sleet, it was the worst inauguration weather in 28 years. The President stood outside bare-headed in making his inaugural address. "If they can stand it," he declared, referring to the crowds assembled, "then I can."

Parades were cut short owing to the inclement conditions. Owing, no doubt, to the weather it was a somewhat quieter inaugural than usual. The customary inaugural ball was cancelled and the president spent last evening at a quiet family dinner.

It is estimated that there were 700,000 visitors in Washington for the inauguration.

CALIFORNIA IMPRESSION

William Cruickshank Tells About Moving Picture Industries, 'Frisco Brides and Other Things

Impressions of the Hollywood moving picture industry and of San Francisco's two great bridges by William Cruickshank, who has been on a trip to California recently, proved interesting to members of the Prince Rupert Gyrco Club at their regular weekly luncheon yesterday afternoon.

Mr. Cruickshank had occasion to get some first hand information in regard to the moving picture industry which this year, it is estimated, will represent an outlay of \$2,500,000,000. The 1937 expenditure on new pictures, it is expected, will be about \$17,500,000, ten percent of which will be spent on exploitation of stars, advertising and publicity. While there are some huge incomes among the stars, many actors are just "getting by" with the odd piece of work once in a while, Mr. Cruickshank found.

Speaking of weather, Mr. Cruickshank said that, during his stay in Los Angeles, he had seen a rainfall of proportions that would be out of the question here. There was also frost and even snow. All this, of course, is quite unusual for Los Angeles and the people there were very apologetic.

The great bridges at San Francisco were indeed marvels of engineering enterprise and skill. The Oakland and harbor bridge, a double decker, was in all 8 1/2 miles long and cost seventy-seven million dollars. Four and a half miles of the double-deck structure was over water. The single-deck Golden Gate bridge, still in course of construction, was seven miles long and was costing \$35,000,000.

Mr. Cruickshank mentioned the maritime workers' strike which was not so noticeable at Los Angeles as at San Francisco which was the real port of California.

Dr. H. N. Brocklesby, president of the club, was in the chair and thanked Mr. Cruickshank for his talk.

Today's Weather

(Government Telegraphs)
Terrace—Clear, calm, 16.
Aiyansh—Cloudy, calm, 21.
Alice Arm—Part cloudy, west wind, 33.
Stewart—Cloudy, calm, 21.
Hazelton—Cloudy, calm, 9 above.
Smithers—Cloudy, calm, milder.
Burns Lake—Bright, calm, 2 below.

Late Telegraphs

BONDS SELLING WELL
NEW YORK—Heavy demand greeted an offering of short term Canadian government bonds today and there was "reasonably good" call for an issue of \$55,000,000 of long term bonds by the Dominion, investment circles said.

FRED PERRY WINS
BUFFALO—After losing three straight sets, Fred Perry of England, went one up again last night in the professional tennis exhibition series with Ellsworth Vines of California. Perry defeated Vines in straight sets 6-4, 8-6, 6-2. The match count is now 4 to 3 for Perry.

MORE MINISTERIAL CHANGES
EDMONTON—Two more Social Credit government portfolios changed hands yesterday when Hon. Lucien Maynard was sworn in as minister of municipal affairs in charge of relief succeeding Provincial Treasurer Charles Cocroft and Dr. W. W. Cross was sworn in as minister of trade and industry, succeeding Provincial Secretary E. C. Manning who took indefinite sick leave last November.

BISHOP GALLAGHER DEAD
DETROIT—Most Rev. Michael J. Gallagher, aged 70, Bishop of the Roman Catholic diocese of Detroit, died suddenly last night in hospital from a throat ailment with which he had been stricken ten days ago.

FIRST ANNIVERSARY OF DEATH OF KING IS DULY OBSERVED
LONDON, Jan. 21: (CP)—Royal Family gathered quietly at Sandringham in Norfolk yesterday to observe the first anniversary of the death of King George V. All Queen Mary's children except the Duke of Windsor were there. No memorial service was held.

Weather Forecast

(Furnished through the courtesy of the Dominion Meteorological Bureau, Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 24-hour period ending 5 p.m. tomorrow.)

Synopsis—Pressure remains high over this province and higher temperatures, accompanied by scattered snowfalls, have occurred on the coast and over the interior.

Prince Rupert District—Moderate southwest winds, unsettled and milder with sleet or rain.

Queen Charlotte Islands—Fresh to strong southwest winds, unsettled and mild with rain.

West Coast of Vancouver Island—Moderate shifting winds, cloudy and moderately cold with sleet or snow.

Menace of Invasion Of Pacific Fisheries By Foreigners Recognized

Matter is Receiving Serious Consideration, Premier King Says in Answer to British Columbia Members

OTTAWA, Jan. 21: (CP)—The government is aware of the danger of fishermen of countries other than Canada and United States invading the halibut and salmon fisheries of the British Columbia Coast, Prime Minister W. L. Mackenzie King said in the House of Commons last night in answer to queries from Thomas Reid and A. W. Neill. The matter is receiving serious consideration.

JAP TRADE STAGNANT

Has Been at Standstill Since Government Took Control of Exchange—Believed Temporary Measure

TOKYO, Jan. 21: (CP)—Japan's entire import trade was disclosed yesterday to have been at a standstill since January 8 when the government took over control of foreign exchange. The finance minister began today to issue permits providing for resumption of imports to Japan which have been blocked since the exchange control ordinance became effective two weeks ago.

Canada's Assumption
OTTAWA, Jan. 21: (CP)—Assumption of control of foreign exchange by the Japanese government is a temporary measure and will not permanently impair trade with Canada, trade experts believe.

Shot Himself Accidentally

This is Verdict of Jury in Case Of Westminster Football Player and Banker

NEW WESTMINSTER, Jan. 21: (CP)—Verdict of accidental death has been returned by the jury investigating the death of Ray Watchorn, member of the New Westminster Royals football team, which last year won the Dominion soccer championship, who was found shot to death yesterday morning in the bank here in which he was employed. Police expressed the belief that Watchorn accidentally shot himself in the head when he slipped on stairs while going to the basement late Tuesday to engage in target practice following his work in the bank.

Pope Loses Use of Legs And is in Much Pain

VATICAN CITY, Jan. 21: (CP)—Pope Pius, described as "incurably ill," suffered yesterday from intermittent pains in his swollen legs, use of which, reliable sources say has been "completely lost." Anxiety increased today in the pontifical court as reliable sources expressed "greater apprehension" for the Pope who was suffering intense pain particularly in the right leg.

Seventeen-Pound Baby In Indiana

Enormous Male Child is Born Near Fort Wayne

FORT WAYNE, Ind., Jan. 21:—A woman near here is reported to have given birth to a baby boy weighing seventeen pounds, four ounces.

BAR SILVER

NEW YORK, (CP)—Bar silver was unchanged at 44 3/4 per ounce in the New York metal market today.

Legislation to Reorganize Capital Structure of C. N. Railways Being Introduced

OTTAWA, Jan. 21: (CP)—Notice of a resolution—precursor of a bill to be based upon it—to reorganize the capital structure of the Canadian National Railways was given by Hon. Clarence D. Howe, minister of transport, in yesterday's votes and proceedings. The resolution, scheduled for introduction in the House today, provides:

- * * * * *
- * **MILITARY LEADERS ARE ALLEGED TO INTERFERE WITH JAPANESE POLICY** *
- * * * * *
- * TOKYO, Jan. 21: (CP)—* Kunimatsu Hamada, leader of the Selyukai, second largest political party, has made accusations that military leaders are interfering with government throughout Japan and in Manchukuo. On Premier Hirota's request, the Emperor has issued an Imperial decree suspending Diet sessions for two days. *

Wreckage of Steamer Savonna Reported Found Near Kristiansund, Norway

OSLO, Norway, Jan. 21: (CP)—Twenty members of the crew of the Finnish steamer Savonna are feared lost. Norwegian fishermen are reported to have found wreckage of the grounded ship near Kristiansund.

Mrs. Mandy Tells Of Recent Trip

Interesting Speaker at Meeting Of Prince Rupert Parent Teachers' Association

The speaker at the annual meeting of the Prince Rupert Parent-Teachers' Association last evening was Mrs. J. T. Mandy who, with her subject "Nine Thousand Miles and Back," took her audience in a very vivid and interesting manner through many of the most notable places in the central and western states of America. Leaving Prince Rupert the travellers went to Winnipeg and then by the famous grain "Hiawatha" with its streamlined, air-conditioned, dustless, diesel-engined coaches from Minneapolis to Chicago. Through Indiana, Ohio, Missouri, Kansas, New Mexico, Arizona, California, Montana, Washington, Mrs. Mandy took her listeners, stopping at the most interesting places, seeing the most notable sights, the wonderful scarves, examples of native pottery, native woods expertly carved, native lace like the spider's web in fineness and design.

Apt descriptions, personal encounters, interviews with movie stars, visits to ghost towns, were all given with the well known skill of the observant traveller. Amusing incidents such as a typical Mexican meal of hot tamales—that were hot—the lethargic natives, the real work of the movie actors with their trying repetitions of scenes that take hours in the making and a few seconds in the final film; the hour spent in watching the mountain gorillas, whose wrestling holds include all that the most modern "all-in" wrestler has in his repertoire kept the audience intensely absorbed. Altogether it was a rare treat, and thoroughly enjoyed.

Miss A. and Miss E. Christensen rendered violin and piano duets very acceptably.

Mrs. Albert Jones of Skidegate, after an operation in the local hospital, this morning, is reported to be doing as well as possible.

HERE'S ONE PUMP THAT WILL NOT BIND!

Four English Cup Replays

Accrington-Stanley, Luton Town, York and Bolton Wanderers Winners Yesterday

LONDON, Jan. 21: (CP)—In replayed third round English Cup football games yesterday Accrington-Stanley defeated Blackburn Rovers three to one, Luton Town defeated Blackpool 2 to 1, York defeated Bradford City 1 to 0 and Bolton Wanderers defeated Westham United 1 to 0.

Native Sons Win Hockey

Defeated Canadian Legion 6 to 2 In Smithers Hockey

SMITHERS, Jan. 21:— In the league hockey match on Sunday afternoon between the Canadian Legion and the Native Sons, the latter team won by a score of 6 to 2.

The game was marred by an accident to Mike O'Neill, the flashy winger of the Legion team, when he was hit in the forehead by a flying puck and suffered a bad cut which knocked him out for a short time.

Whist Drive And Dance is Success

Enjoyable Affair Tuesday Night By Women's Auxiliary of Canadian Legion

A very successful bridge and whist party and dance was held last night by the Women's Auxiliary to the Canadian Legion in the Legion rooms which was much more comfortable as a result of new heating arrangements.

There were 25 tables of cards and the prize winners were:

Bridge—Ladies' first, Mrs. T. Ballinger; second, Sam Horgan; third, Mrs. W. J. Davies; men's first, J. D. McLeod; second, H. Love; third, Theo Fortune; hidden prize, Mrs. T. Ballinger.

Whist—Ladies' first, Mrs. William Rance; second, Mrs. Gowland; third, Mrs. A. Frebourg; men's first, G. Grosvenor; second, William Rance; third, J. W. Collier; hidden prize, G. Murray.

R. Anderson was the winner of the door prize and Robert Gordon won in the raffle of a cushion.

After cards delightful refreshments were served and dancing followed with music by Mrs. J. S. Black's Orchestra.

Mrs. Jack Preece was general convener of the committee in charge of the affair. Other members of the committee were Mrs. R. T. Anderson, Mrs. W. Nesbitt, Mrs. W. Davies, Miss E. Gandy and Mrs. P. M. Rayner.

DAILY EDITION Thursday, Jan. 21, 1937

Prince Rupert Defence

Evidently the establishment of a naval air base at Prince Rupert at a cost of \$50,000, as recorded yesterday in this newspaper, is one step in a general defence project, the first of which was the conversion of the local militia into an artillery unit. In order to complete the project and make it effective there will have to be further developments along similar lines. Fortifications may follow and provision may be made for the establishment of a naval base with at least one vessel of the Canadian navy making headquarters in the harbor. However, this will have to be done gradually and the first step is the airplane base, money for which has already been voted.

Hardly Necessary

When Prince Rupert had a city council there were always members who must make a speech on every possible occasion. So in Parliament at Ottawa, it seems that it is necessary for some people to talk on every conceivable subject no matter what it may be. They like to hear their own voices. It is these people who bring democratic institutions into disrepute. If a change in the form of government is ever brought about it will be because of these nuisances.

It was hardly necessary for the House of Commons to discuss the abdication of the late King at this late period or to dissemble over the motion assenting to the accession to the throne. It is customary for the outstanding leaders to speak briefly on such occasions but that is all.

Eden's Optimism

The British Foreign Secretary, Anthony Eden, is optimistic over the possibility of continued peace in Europe. Evidently the situation is improving and the probability is that there will be no European war just now. However, no steps have yet been taken to stop the senseless quarrel in Spain where neighbors continue to kill each other because they do not agree with the form of government advocated by the other.

Avoid Personalities

In the proposed campaign to erect a new hospital we suggest that all are working for the same object. We all want the new building and it does not matter who leads the campaign or who carries it out. The great thing is to get the building. As things are today the sick people are the ones who suffer. A new building would enable them to be properly treated under proper conditions. We would all like to have a donation from the city but the commissioner says it cannot be, so we must accept that diet and proceed to raise the money without a contribution from the city. If we let the present opportunity pass we may never get a new hospital.

SPORT CHAT

Hoop fans will have a nice dish of melon tossing dished up to them on Friday and Saturday by the Basketball Association, with presence of the New Metlakatla squad in the town. They have brought a strong cage outfit, but the local team, picked by Bud Barrie, should hold their own.

The New Metlakatla team will be remembered from the wonderful exhibition of hoop tossing they put on when they were here last year. They played before a packed house on both nights last year and it is expected that the fans will turn out and give them a royal welcome again this year.

The New Metlakatla team arrived in the city from Alaska on the boat Theodora this morning and left early this afternoon for Metlakatla where a game will be played tonight. The visiting team, of which B. Lang is manager, consists of R. Leask, B. Leask, James Leask, J. Marsden, B. Bolton, F. Hayward, D. Reece and I. Booth. In all there are 18 in the party.

The executive has now definitely lined up the following card for the two nights:

Friday—High School vs All Stars (girls); Scythians vs. Moose; New Metlakatla vs. Prince Rupert.

Saturday—Boy Scouts vs. All Stars; winner of Scythians-Moose game vs. All Star seniors; New Metlakatla vs. Prince Rupert.

Annette's Creep Up in Bowling

Are Not Far Behind Rangers As Result of Heavy Victory Last Night

Annette's creep close up on Rangers for supremacy of the Ladies' Bowling League by defeating Canadian National Recreation Association 1684 to 1308 while the Rangers were eking out a close 1383 to 1365 victory over Grotto. Blue Birds won over Doodads 1435 to 1408 and Knockouts won over Spark Plugs 1364 to 1333.

S. Chester of Knockouts was high average scorer with 228.

SKIING AT SMITHERS

SMITHERS, Jan. 21:—Smithers' veteran ski jumper, Chris Dahle, initiated the season on the big hill here Sunday when he went over the jump for the first time this year. The hill is in good shape and will, doubtless, be more or less in use from now on until the ski tournament takes place in February.

RUPERT MOTORS BEAT GYROS

Rupert Motors defeated Gyro Club two games to one in the Commercial Ten Pin Bowling League last night. High average scorer was Jack Bulger of the Gyro Club with 170.

Former Notre Dame Football Star Was In City Yesterday

Mr. and Mrs. J. Mullen arrived in the city on the Prince Rupert yesterday from Vancouver and proceeded by the evening train to Topley where they will pay a brief visit with Mrs. Mullen's parents, Mr. and Mrs. Bartley McCrea, before proceeding to Brooklyn. Mr. Mullen is a mining engineer. A few years ago he was a star football player with Notre Dame University at South Bend, Indiana, during the regime of the late Knut Rockne.

SMITHERS FARMER ILL

SMITHERS, Jan. 21:—A. E. Newens, the well known farmer near Smithers, is at present a patient in the Smithers Hospital where he is quite ill. Mr. Newens has always been very active in agricultural work in this district and was for many years secretary of the Farmers' Institute for this district. His many friends hope he will have a speedy recovery.

Training towards Masters' Certificate (Nautical). c/o The Daily News.

Kept From His Ship by Sciatica

Sailor Who Could Hardly Walk For Pain

"I am a seaman," he writes, "and have travelled all over the world in sailing ships. Some time ago I was taken bad with sciatica and rheumatism. If I went out I had to rest two or three times before I got home. One day an old mate of mine asked me what was the matter, and he said 'get some Kruschen Salts.' So I got some and I am pleased to say I felt a great ease. After continuing for a week, I was a great deal better and on the Saturday I was back on my ship."—T. R. W.

The pains of rheumatism and sciatica are frequently caused by too much uric acid accumulating in the body. Two of the ingredients of Kruschen Salts are notable for their work in dissolving uric acid and other ingredients of these Salts assist the internal organs to eliminate the dissolved uric acid from the system.

William Eccles, watch officer of the steamer Prince Charles, which is tied up for the winter at the local dry dock, arrived in the city on the Prince Rupert yesterday morning from the south after a trip to Vancouver.

Mrs. Parker S. Bonney, formerly of this city and now living in Ocean Falls, came north from Vancouver to the paper town on the Prince Rupert Tuesday night. With her children, she has been visiting at her home in New Westminster.

D. G. Barton, secretary to W. T. Moodie, general superintendent of the Canadian National Railways for British Columbia with headquarters in Vancouver, was among a party of railway officials who arrived in the city from the south on the Prince Rupert yesterday.

J. C. Parry, train supervisor of the Canadian National Railways express department with headquarters at Kamloops, is paying one of his periodical visits to the city on official business, having arrived from the south on the Prince Rupert yesterday morning.

Mr. and Mrs. C. R. Malcolm will arrive in the city on tonight's train from Burns Lake and will sail on the steamer Prince Rupert for Vancouver. Mr. Malcolm, who has been manager of the Royal Bank of Canada at Burns Lake for the past few years, is being transferred to Vancouver.

Inspector H. M. Powell R. C. M. P. arrived in the city yesterday on the Prince Rupert from Vancouver and proceeded by last evening's train on one of his periodical visits to the detachments at Hazelton and Vanderhoof. He will return south by way of Prince George and the Cariboo country.

FOR CREAMING SOUPS DE LUXE

For rich, smooth, tempting cream soups, use Carnation Milk. It is doubly richer than ordinary milk—and the butter-fat is evenly distributed through every drop. Carnation will add smoothness, richness, flavour and food value to any cooking in which it is used. Carnation is just pure, whole milk, evaporated to double richness, homogenized for smoothness, sterilized for safety.

It is an ideal food for babies because it has all the food value of the best cows' milk, is much more digestible, and has added "sunshine" vitamin D. Carnation is the evaporated milk the Quintuplets use. Write for the gorgeously illustrated Carnation Cook Book. A host of ideas and recipes for 10c, coin or stamps. Address Carnation Company Limited, Toronto, Ontario.

IRRADIATED Carnation Milk

A CANADIAN PRODUCT — "FROM CONTENTED COWS"

Felix Batt was the speaker at the regular weekly luncheon of the Prince Rupert Rotary Club today. He gave some interesting impressions of the North Saskatchewan mining area from which he recently arrived for a visit to his home here. President C. V. Evitt was in the chair.

Harry Bowman, district superintendent of colonization and agriculture for the Canadian National Railways with headquarters at Prince George, arrived in the city on the Prince Rupert yesterday after a trip to the Okanagan Valley on official duties and proceeded by the evening train to the interior.

Praise God for the wonderworking power of BOVRIL."

BOVRIL may help you, too!

WHIFFLETS
From the Waterfront

Business at the recent annual meeting of the Biological Board of Canada in Ottawa was to a large extent of a routine nature says John Dybavn, who returned to the city yesterday after attending the meeting in his capacity as a Pacific Coast member of the Board. A new method of tagging pichards by putting metal tags in the abdomen promises to yield interesting results in determining the movements of these fish. The tagged fish are recovered by use of magnets in the machinery while the fish are being processed. The pink salmon investigation which has been in progress for the past six years at McClintock Creek and Tiell River, Queen Charlotte Islands, will be completed this year. A final report will be made later. The Board plans no particular new scientific work this year.

With a fair sized list of passengers, C. N. R. steamer Prince Rupert, Capt. H. E. Nedden, arrived in port on time at 10 o'clock yesterday morning from Vancouver, Powell River and Ocean Falls, sailed at 4 p.m. for Anyox and Stewart and will be back here this evening southbound.

In connection with the annual overhaul of the steamer Prince George which is now under way at the local dry dock, Thomas Loudon, marine superintendent of Canadian National Steamships; Albert Farrow, steamboat inspector, and S. F. Boomer, Lloyds surveyor, arrived in the city from Vancouver on the Prince Rupert yesterday morning. They will be returning south Thursday night.

Harry Scott, after spending the past three or four weeks in town left this morning aboard his gasboat Lella on his return to his logging operations at Douglas Channel. He does not expect to be back in town again before April.

East Africa Is Lecture Subject

Interesting Illustrated Discourse Under Seventh Day Adventist Auspices

Some eighty or more exceptionally beautiful lantern pictures of East African life and scenery were shown Tuesday night by Eric A. Beavon, missionary and author, under the auspices of Evangelist Blair's "Back to the Bible" campaign. Mr. Beavon translated the first Scriptures into the Kisii tongue and has written a book on African life and customs which was adopted as a reading course book by the Presbyterian, Methodist Episcopal, Congregational and Adventist Church of North America. He leaves Prince Rupert for Burns Lake next Monday.

The pictures were illustrative of child life in Africa, the dress and customs of the people and the beauties of East African scenery. Towering escarpments, sparkling waterfalls, evergreen hills and ferny forest glades were pictured, with natives in war paint and feathers, and women engaged in a variety of occupations. Reference was made to the recent war in Ethiopia.

Mr. Beavon said he did not go out to that country "to give the natives a veneer of the white man's civilization, but to preach Jesus Christ and Him crucified."

A repeat lecture for children and young people was held last night.

K. B. Woodward, inspector of schools at Smithers, left by last evening's train on his return to the interior after a brief visit to town.

United Church W. M. S. Chooses 1937 Officers

A meeting of the Women's Missionary Society of First United Church was held at the home of Mrs. E. P. Jenner on Tuesday evening. There was a good attendance and the study of "The Men and Women of Far Horizons" was continued.

The following officers have been elected for the year:
President, Mrs. E. P. Jenner.
Vice-President, Mrs. J. Krikevsky.
Secretary, Mrs. G. V. Wilkinson.
Treasurer, Mrs. W. T. Kergin.
Associate Helpers Secretary, Mrs. J. S. Irvine.
Mite Box Secretary, Mrs. D. Satterbane.

Arrangements were made for a Valentine tea to be held at Mrs. Jenner's home on February 11.

Miss Annie Kach will sail tonight on the Prince Rupert for a trip to Vancouver.

"Search in and out and round about
"And you'll discover never
"A tale so free from every doubt—
"All probable possible shadow of doubt—
"All possible doubt whatever."

When W. S. Gilbert wrote this ballad verse for his Savoy opera, he never thought for a minute that his insistence upon veracity would be applied in Prince Rupert. Yet here is the tale, so free from doubt, all probable possible shadow of doubt—
For twenty years Albert & McCaffery's coal has been the best available. It is the best today. And if better could be got, we would have it. It gives you the most heat for the least money—and that's what you want, free from all possible doubt whatever. Albert & McCaffery also stock the largest lumber yard in the north at the lowest prices.

You deserve the best, so the next time you need coal, just phone 116 or 117 to Albert & McCaffery and order Nanaimo-Wellington for furnace and heater; Alberta-sootless for the kitchen range.
You can't do better!

HOW ALL-BRAN SAFELY RELIEVES CONSTIPATION

This delicious cereal absorbs twice its weight in water

WITHIN the body, ALL-BRAN really absorbs more than twice its weight in water. Here is how ALL-BRAN works:

In the first place, common constipation is usually due to meals low in "bulk." Intestinal muscles lack the materials needed for their regular exercise. They get flabby.

Some "bulk" is found in fruits and vegetables. But Kellogg's ALL-BRAN has a great deal more. This cereal absorbs water. It passes through the system—with the fiber largely unchanged—gently sponging the intestinal walls as it goes along. It eliminates the listlessness, the "blues," the headaches that often follow constipation.

ALL-BRAN also provides vitamin B to tone up the intestines, and iron for the blood. Isn't this natural food much better than the unnatural and sometimes harmful action of pills and drugs?

Eat two tablespoonfuls of ALL-BRAN daily. Chronic cases, with each meal. Serve as a cereal, or cook in recipes. Sold by all grocers. Made and guaranteed by Kellogg in London, Ontario.

This simple test shows how ALL-BRAN functions: fill a glass 4/5 full of ALL-BRAN. Pour water up to the brim of the glass. Soak 15 minutes, and drain off excess water. Feel the water-softened mass. It's much like a soft sponge. In fact, laboratory tests show that ALL-BRAN absorbs at least twice its weight in water.

Within the body, this water-softened "bulk" gently "sponges" out the system. ALL-BRAN also provides vitamin B to tone up the intestinal tract, and iron for the blood.

Serve Kellogg's ALL-BRAN regularly for regularity
