SITUATION IS SERIOUS

Another Grave Turn in Sino-Japanese Crisis is Anticipated

No Statement By Secretary Hull

Declines to Disclose Nature Of Consultations over Far East Matters

WASHINGTON, D.C., July 15: Secretary of State Cordell Hull confirmed yesterday that he had received a communication from the British government which was believed to contain suggestion of the desirability of international consultation concerning the Far Eastern situation. He declined, however, to disclose the nature or text of the note or what reply was made by the United States. President Roosevelt was represented today as being so concerned over the Far East situation that he was remaining in the Capital for conferences with foreign experts.

Capt. Eden also has communicated with France on the Far East situation. Meantime, dispatches from the Far East indicated that heaviest fighting so far in the long and intermittent hostilities was continuing in the neighborhood of China's ancient dragon capital of Peking following collapse of peace negotiations. Situation Serious TOKYO, July 15: (CP) — Troops will be despatched to North China from the Japanese mainland, it was announced today, because of the serious situation there. This announcement came shortly after General Sugiyama, Minister of War, warned prefectural governors that the crisis caused by a week of skirmishing between Chinese and Japanese troops may take a grave turn at any moment. Meantime an agreement between local Chinese and Japanese authorities at Tientsin for settling the crisis was reported but the central Chinese government would not recognize the local agreement.

Tropical Storms Hold Up Search

Last Hope to Find Amelia Earhart and Her Companion To Be Exhausted

HONOLULU, July 15:—Temporarily delayed by heavy tropical storms, sixty-three planes of the aircraft carrier Lexington, are prepared to sweep fan-like over the South Pacific in a last effort to find Amelia Earhart and her navigator, Fred Noonan, missing since July second. The planes were poised to begin searching the first segment of a sixty thousand mile area in which it is hoped the feminine flier and her aid may still be found alive. The search will be officially ended Saturday, it is announced.

RESIGNATION IS REFUSED

King Leopold Does Not Let Premier of Belgium Quit

BRUSSELS, July 15:—Premier Paul van Zeeland submitted his resignation today to King Leopold, but the Belgian monarch refused to accept it. Leopold did however, accept the resignation of Minister of Justice de la Velve, bringing to a head a months' old cabinet crisis. Solution had been postponed to facilitate van Zeeland's recent visit to the United States.

GETS NINE YEARS

WINNIPEG: — Pleading guilty to charges of bigamy and theft of \$900, George Roediger was sentenced to nine years' imprisonment here yesterday. Roediger, 55 years of age, allegedly went through a marriage form with Mrs. Juli Regetnk, widow of a McTavish, Manitoba, farmer, and took money from her. Police said he had been married at least nine times in the last twelve years. One woman he married in Allandale, Ontario, is "missing" and the case is being investigated.

GRANTED REPRIEVE

VANCOUVER:—A three month reprieve was granted by Mr. Justice A. M. Manson in Supreme Court to Vincent Macchione, sentenced to be hanged for murder at Fernie. The death sentence was deferred until November 5 pending the hearing of Macchione's appeal.

POLICE ROBBED AGAIN

VANCOUVER:—There was another robbery yesterday from the Vancouver police station from which \$1500 in cash is missing. This time four police revolvers were taken from a cupboard at the rear which was broken into.

OPERATION ON SHIP

VANCOUVER:—As the steamer Prince Robert was coming south on her last voyage to Alaska, two doctors from Edmonton performed a successful operation in the ship's hospital on a woman passenger who had been suddenly taken ill. Members of the stewards' department of the ship assisted the surgeons. The patient, doing well, was removed to a hospital on arrival here.

FIGHT OVER COURT BILL

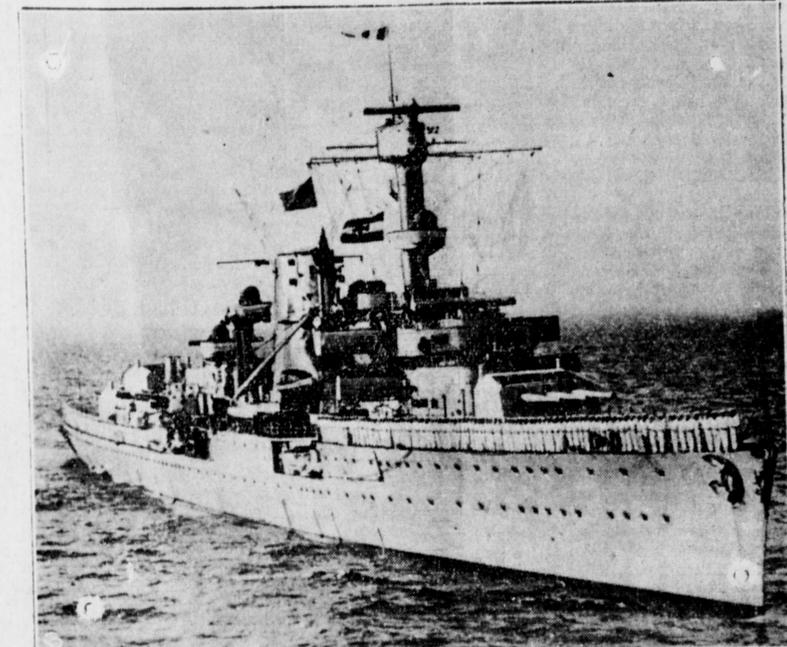

Showdown at Washington is Expected Within Ten Days or Two Weeks

WASHINGTON, D.C., July 15:—Forecasts of a court bill showdown in ten days or two weeks come from some senators on both sides. Opposition leaders, declaring they had 44 certain votes, and a half dozen others "within reach," said there was no need for a filibuster. "We can do without it," commented Senator Wheeler, Democrat of Montana, at the start of the fourth day's attack on the controversial measure.

Calling of an emergency cabinet council by Reichsfuehrer Adolf Hitler at Berlin was held following alleged torpedo attacks made on the Reich cruiser Leipzig (above), by Spanish loyalist submarines. It is officially charged that the cruiser was the target for two such attacks in the Mediterranean on June 15 and 18.

VETERANS GRATEFUL

Meeting Expresses Appreciation to I.O.D.E.—Matters For Convention

In discussing the observance of Decoration Day as carried out under the auspices of the Imperial Order, Daughters of the Empire, each year, members of the Canadian Legion, at their regular monthly meeting last evening, were very appreciative of the work of the order. It is not the annual observance of Decoration Day only, but the bigger and finer work the order carries on, often unseen, and sometimes unrecognized, that the members had in mind. The fact that the fifty headstones marking the graves of the ex-servicemen had been supplied by the Daughters of the Empire was an indication of the fine work of the order. The members of the Legion also expressed appreciation of the splendid tribute the Order pays to the "fallen comrades." Chosen as delegates to the provincial convention to be held in Penticton this year, W. M. Brown, immediate past president, and J. S. Wilson, zone representative, will carry an invitation to the convention to hold the 1938 provincial convention in Prince Rupert. They will, doubtless, have the support of all organizations and the general public of the city in their efforts. The delegates will also take up the matter of the Soldiers' Housing Scheme and the making of Prince Rupert General Hospital as a centre for the treatment of Class 2 patients at the convention. New members, John Gow and Martin Linden, were admitted to the branch. President J. Preece presided over the meeting which also arranged for the holding of the picnic next Sunday.

WITHDRAWAL COMPLETED

Insurgents Hammered Hard By Loyalists in Fierce Offensive Yesterday

PARIS, July 15:—In a desperate effort to force withdrawal of all foreign volunteers from Spain the French government yesterday completely suspended the neutrality control of its Spanish border. At noon, neutral observers charged with preventing the passage of men and munitions across the Pyrenees, were all withdrawn as the neutrality abandonment went into effect. Government offensives, bolstered by air power the Madrid forces have never shown before, hammered insurgent lines yesterday. Waves of government fighting planes bombarded insurgent batteries and machine-gunned troops near Villanuva del Pardillo, making it virtually impossible for them to send reinforcements to the front west of Madrid. Meantime the insurgents have resumed shelling of Madrid.

"An Assured Fact" Says Frank Buckley of Pulp Mill, Barring War or Some Major Calamity

Promoter of Local Undertaking Dined By Prince Rupert Chamber of Commerce—Receives Congratulations on Progress Made

The financial structure of the pulp mill projected locally is expected to be completed by about September 1 and very soon after that work should actually commence on construction and from eight hundred to a thousand men will be employed during the construction period, according to what F. L. Buckley told the Prince Rupert Chamber of Commerce last night at a dinner given in his honor at the Commodore Cafe. J. J. Little, president of the Chamber of Commerce, presided and he was supported on the other side by City Commissioner W. J. Alder. About seventy-five people were present, mostly members of the Prince Rupert Chamber of Commerce or of the Junior Chamber.

NEW LONG DISTANCE

Russian Fliers Had No Difficulty In Setting up Mark

SAN JACINTO, Cal., July 15: (CP)—Landing near here early yesterday morning from Moscow Soviet trans-Polar fliers, led by Mikhail Gromhoff, shattered by a long margin the previous long distance flight record of two Frenchmen who flew 5637 miles from New York to Syria in 1933. The Russians had covered 6243 miles in a shade under sixty-two hours. They also shattered the mark of Pilot Valeri Chirakov and companions who three weeks ago flew 5300 miles from Moscow to Vancouver, Washington. None of the three Russians are able to speak a word of English. They were able, however, to make their needs known by means of notes prepared beforehand. They asked for a bath, food and sleep. The big red Soviet plane had streaked across Russia, Franz Joseph Land, the bleak polar regions, the Arctic Ocean, Far North of Canada, the Northwest Territories, British Columbia, Washington, Oregon and California. Bad weather plagued them a great deal of the way and it was at one time thought they might head eastward to Chicago instead of to California. They had, indeed, been advised in radio messages from Soviet flight engineers in Seattle to turn east to avoid storms over the Canadian Rockies.

Mr. Buckley, who was introduced by the president, referred to a similar event that took place about two and a half years ago. Since that time he had been working on this problem and had crossed the continent fifteen times and had expended a great deal of money in connection with the promotion. He now had contracts for the entire output of the mill, mostly on this continent except for Corbould's of England who were taking a portion of the output. The money would almost all be subscribed in Canada and all the machinery and equipment would be of Canadian manufacture. A paper machine had been ordered under option and he explained that the sulphite pulp was made on a paper machine just as was paper. It took from ten to twelve months to build one of these machines and they were anxious to speed up the time when they would commence operation.

Mr. Buckley referred to what had been done near Montreal by the Canadian Celanese Co. where twenty million dollars had been expended on a plant and it was now proposed to enlarge the plant by spending fifteen millions more. Fifteen thousand people are now living at the town which was created and the output of the plant is all being used in Canada.

Fighting Over Longshoremen

Warfare Between C. I. O. And A. F. L. Regarding I. L. A.

NEW YORK, July 15:—Threats of raids and counter raids in the nation's union labor camps yesterday touched off the heralded "open warfare" between John L. Lewis' Committee on Industrial Federation of Labor for control of forty thousand members of the International Longshoremen's Association. Lewis warned Ryan that unless he abandoned the affiliation for 25 years, the C. I. O. would take Ryan's organization away from him.

Railway Mail Clerks Honor One of Number

Fellow railway mail clerks gathered in the mail car on Monday of this week to honor one of their fellows, W. B. Cornish, who is leaving on Friday night of this week aboard the Cardena for Victoria to which city he has been transferred in the Railway Mail Service. On behalf of the clerks, R. J. Keron presented Mr. Cornish with a handsome set of brushes in a leather case. Best wishes were extended to Mr. Cornish for happiness and prosperity in his new surroundings. The clerks present were R. J. Keron, W. P. Hall, M. E. Prendergast, R. S. Scherk and E. G. Kane. In seconding the vote of thanks to Mr. Buckley, John Dybhavn endorsed what the president had said.

THE PULP MILL

Yesterday, through this newspaper, F. L. Buckley announced that a company recently organized, is planning to erect a modern sulphite pulp mill, which will manufacture pulp suitable for the manufacture of rayon. This mill is to be located in Prince Rupert and it is understood it has strong financial backing from Eastern Canadian interests.

An announcement of a somewhat similar nature was made two years ago but evidently the promoters were misled in the matter of financial support and it did not come to fruition. Today there is a change in the situation. The rayon market is steadily increasing and the demand for the product seems likely to grow and the price advance. The use of rayon is spreading and almost every day scientists are finding that it can be used in undreamed of ways.

Mr. Buckley has had a difficult task in organizing. All sorts of obstacles have been overcome and he has succeeded in interesting capital sufficient to float the big industry. Great credit is coming to him for the persistence and courage he has shown.

THE OUTLOOK

Prince Rupert stands to gain tremendously by any industry that might be organized here and especially from one that would employ a large payroll such as that planned. It is difficult to realize just what it will mean. For a number of years the population of the city has been stationary. In spite of the falling off in the halibut fishing there has been no decrease in population. It has held up even though times have been hard. Now it is pretty sure that there will be an appreciable increase and that houses and apartments will be in great demand. Even today there are few houses to be obtained suitable for the average mechanic. Considerable building is bound to follow the establishment of the mill even if it does not precede it and builders have to be fed and housed.

While there will be a good many people, doubtless, who will await the actual commencement of operations before satisfying themselves that there is to be a pulp mill actually built in the city, that will not in any way affect the industry or its coming to the city. There are people who do not think a postoffice will be built here, yet it seems to us a sure thing. So we also feel that Mr. Buckley is sincere in his announcement and that, provided there is no world war or other national or international calamity, the industry is practically assured.

GIANTS IN LEAD NOW

National League Race Seems to be Settling Down Between New York and Chicago

NEW YORK, July 15: (Canadian Press)—By defeating the Pittsburgh Pirates at the Polo Grounds by a score of 4 to 2 yesterday while the Chicago Cubs were dropping a 2 to 1 decision to the Bees at Boston, New York Giants moved into the leadership of the National League. Their margin is half a game over the Cubs. With Pittsburgh now five full games behind the Cubs, the pennant race now seems to be narrowing down between the Giants and the Cubs.

In the American League, the Detroit Tigers, losing at home by a score of 10 to 2 to the New York Yankees, dropped from the position of runner-up to the Yanks into fourth place below the Boston Red Sox, who won 15 to 6 from the Browns in a slugfest at St. Louis, and the Chicago White Sox' who scored a 6 to 4 victory over the Philadelphia Athletics in a game at the Windy City which was called in the fifth inning on account of rain.

Yesterday's Big League scores:

National League

Pittsburgh, 2; New York, 4.
Chicago, 1; Boston, 2.
Cincinnati, 5; Brooklyn, 3.
St. Louis at Philadelphia, postponed on account of rain.

American League

Philadelphia, 4; Chicago, 6 (called in fifth inning on account of rain).
New York, 10; Detroit, 2.
Washington, 3; Cleveland, 11.
Boston, 15; St. Louis, 6.

OTTAWA, July 15:—Tom Reid, M. P. for New Westminster, is seeking to have the proposed toll removed from the new Pattullo bridge at New Westminster. Being a part of the National Highway system, Reid contends that there should be no toll on the bridge but that it should be assisted by Federal grant.

The Letter Box

RATS A MENACE

Editor, Daily News:—I am always interested in your efforts to inspire the residents of Prince Rupert with a desire to beautify this city, particularly in the matter of gardens. But it would perhaps do some good if from time to time our attention was drawn to the definitely ugly aspects of our neighborhood, most of which are man made and have the effect of neutralising the beauty of Rupert gardens and the natural beauty of this district. Private drains in many parts of the city empty their unsavory contents into ditches alongside the roads that have become sluggish if not absolutely stagnant by the accumulation of growing and decayed vegetable matter. An even more unpleasant aspect of this fair city is the construction of roads out of city garbage. The purifying stink (the only adequate word in the English language) is in some localities positively nauseating. Such places inevitably become the breeding places for flies and rats—both carriers of disease—and the miracle is that there is not more disease in Rupert. Perhaps our heavy rainfall is all that saves us. No one can say what might happen if we had a long dry summer.

The announcement is made that bubonic plague has broken out on the Pacific seaboard of the States, Vancouver and other places in southern Canada are warned to be on the lookout. Bubonic plague or "black death" is from 80 to 90 per cent fatal. In the fourteenth century this disease swept over Europe and is estimated to have killed a quarter of the population. "The germs are spread by the fleas of rats, and the problem of preventing epidemics of this disease is the problem of destroying rats" says one medical authority.

Few will deny that we have a large (and I think increasing) rat population in Prince Rupert. Furthermore, it is folly to think that because we are a long way from the States we are safe. Rats are notorious travellers and tourist boats are at this season our frequent visitors here.

I have no desire to be a scare monger, but prevention is better than cure, and apart from the remote possibility of bubonic plague rats are undoubtedly carriers of other unpleasant diseases we have no desire to play part to.

Private citizens probably do all they can to keep the rats down but I suggest that the city authorities should begin an organized war on this pest, especially if they can find no better material for road building than garbage and are unable to keep the ditches open.

Party Evening At Playground

Some Fifty Children Turned Out at Westview Last Night and Engaged In Various Activities

About twenty-five juniors and a similar number of seniors participated in a happy party night at the Westview playground last evening with Harry Gordon-Cooper, director of Gyro supervised playgrounds, in charge, assisted by Miss Evelyn Boyes and Miss Mary Davey.

The early part of the evening was given over largely to the junior's activities with dancing, singing and games. Mrs. A. J. Watkinson having allowed the use of her stove, cocoa and sandwiches were served. Then there was a program which included tap dancing by Iris Edlund, a sailors' hornpipe by Jean McAfee and Donald Rix, and a song, "Home on the Range," by Jimmy Forman and Donald Hartwig.

After the juniors had departed, the seniors engaged in mat stunts and community singing and refreshments were enjoyed.

CONSTIPATION CUTS DOWN YOUR ENERGY, DULLS HAPPINESS

Don't let common constipation take all the fun out of living. This condition drains your vitality and enthusiasm. It may also be the cause of dull headaches, poor appetite, sleeplessness. You feel punk.

Why endure half-sick days when you can correct constipation due to meals low in "bulk" by eating a delicious cereal?

Millions of people have used Kellogg's ALL-BRAN with satisfactory results. Laboratory tests prove it's safe and effective.

Within the body, ALL-BRAN absorbs twice its weight in water and gently cleanses the intestines. Isn't this food better than taking weakening pills and drugs?

Eat two tablespoonfuls daily. Three times daily, in severe cases. Serve as a cereal with milk or cream or in recipes. Sold by all grocers. Made and guaranteed by Kellogg in London.

T. H. Johnson, formerly of this city and now of Victoria, was the speaker at the regular weekly luncheon of the Prince Rupert Rotary Club today and, on behalf of three clubs which he had visited while on a recent trip to England, made the presentation of flags to the local club. Peter Laskie presided over the luncheon, in the absence from the city of the president, W. R. McAfee. There was a good attendance of members with a few guests.

Gardening

Reports on the peony bloom in the city shows that while there have, as there always will be, plants that do not bloom and some plants will lose their buds owing to late moving or to other reasons, the bloom this year is good. The finest peony plant I have seen so far was one in T. McClymont's garden. It was a pink, covered with huge blooms, as fine a plant as the prairie people say they grow, but which I have not seen. Mr. and Mrs. McClymont have been gardening here for many years and can show late comers how to do a great many things and one of these is growing peonies.

Another flower that grows well in Prince Rupert is the Canterbury Bell. Frank Dibb has just now the largest plant of the single variety I have ever seen. It is blue with two main stems in bloom and surrounded by clusters of minor stems which will be in bloom soon. It was a hold-over from last season, which did not bloom then.

Mr. Dibb also has some good peonies but his begonias are a sight for the gods. One with large double pink flowers is by far the best I have seen this season. Mr. and Mrs. Dibb seem to be experts in growing begonias.

I find the foliage turning color on some of my delphiniums. Whatever is the trouble seems to affect some varieties more than others. It detracts a good deal from the beauty of the flower if the leaves fail to keep their natural color.

One of the gardens I have failed to mention is that of Sheriff Nickerson on Graham Avenue. He has done wonders there since he took over the place. He has a lot of roses which are somewhat experimental for this climate and which are not seen in any other Prince Rupert garden, so far as I know. He is getting the place into a high state of cultivation and the results show that he knows what he is doing. His garden peas are in bloom and he has a good showing of pole beans. His sweet peas are also excellent.—H. F. P.

Changed Her Shoes Five Times A Day

Suffered For 20 Years With
Rheumatism

Try and picture the life this woman led for twenty years—changing her shoes several times a day in a vain endeavor to attain some relief from the rheumatic pains that were constantly troubling her. Then imagine her joy when she found that Kruschen was driving away the rheumatism. This is what she writes:—

"I have been using Kruschen Salts for four years. For twenty years previously I had suffered with my feet, sometimes changing my shoes five times a day, and frequently sitting without any as the pain was so great. Now I can wear the same pair of shoes all day with comfort. I cannot speak too highly of Kruschen Salts. Only those who had been in constant pain with their feet for years can realize what it is to be free."—(Mrs.) E. A.

It is deposits of excess uric acid, lodging between the joints, which are frequently the cause of rheumatism. Kruschen Salts contain two ingredients—sodium and potassium—which are effective solvents of uric acid.

WHIFFLETS From the Waterfront

A list of 268 passengers which completely taxed the capacity of the steamer Prince Rupert, which was in port yesterday northbound from Vancouver to Skagway, included three special groups of tourists. The largest was a Christian Endeavour tour party of seventy-seven Californians, led by Howard Brown and including Ralph T. Fay, youthful mayor of Stockton, who are making the round trip to Alaska; a Harrisot, Alaska Arctic Circle tour party of 45 persons from Portland, Maine, who will disembark at Skagway and proceed to Dawson, Fairbanks, Seward and then south to Seattle aboard the steamer Yukon, and a party of thirty youths from Gettysburg, Pennsylvania, who crossed the continent by truck and are now making the round trip to Skagway.

C. P. R. steamer Princess Alice, Capt. Robert Thompson, in port from 4 to 5:30 yesterday afternoon southbound from Skagway to Vancouver, had on board 187 passengers. One person disembarked from the vessel here while three went aboard at this port for Vancouver including Mrs. H. O. Johnsen and family.

Two halibut vessels sold catches at Seattle yesterday totalling 74,000 pounds. The Portlock disposed of 35,000 pounds to Booth Fisheries at 10 1/2¢ and 9¢ and the Eclipse 39,000 pounds to Whiz at 10 1/2¢ and 9¢.

Yesterday's prices for halibut on the Prince Rupert Fish Exchange were the highest to be paid here so far this season. With the fishing in Area No. 2 scheduled to close on July 28, the general expectation is that prices will hold up well here for the next few weeks.

C.N.R. steamer Prince Charles, Capt. James Watt, arrived in port at 8:15 this morning from Vancouver via Queen Charlotte Islands and will be here until 10 p.m. Saturday when she will sail on her return south over the same route. The Prince Charles brought in a capacity list of passengers including many who will transfer to the Prince George tomorrow to make the trip to

WOULD PRESERVE OXFORD'S CHARM

OXFORD, July 15: (CP)—This ancient city of spires is in danger of sacrificing all evidence of "her civic ancestry and native charm" and of accepting instead new buildings that will make the streets indistinguishable from those of hundreds of other towns of recent growth. This declaration is contained in the annual report of the Oxford Preservation Trust. The trust publishes a list of old Oxford buildings which it claims should not be destroyed in the cause of progress.

Anyox and Stewart and thence back to Vancouver.

The fisheries patrol boat Metra hit a snag in Metlakatla Passage Monday night and it was thought might have sustained some damage. She was, however, taken out of the water at Digby Island and it was found she was unscathed. The vessel continues in commission without interruption.
