## The Street Parade is Most Colorful Feature of May 12 Celebration in Prince Rupert

Most colorful feature of the Coronation Day celebration in Prince Rupert yesterday was the pageant street parade in which many organizations and individuals took part and which was witnessed by every person who was able to get out as it passed along the gaily decorated streets. An enormous amount of preparation had been involved in the preparation of the numerous floats. In some a great deal of ingenuity and originality was displayed.

The parade was headed by a detachment of police led by Staff Sergeant G. H. Greenwood and consisting of Sergeant J. H. McClelland, Sergeant Robert Gibson, Corp. G. H. Soles and Constable Walter Middleton. Then followed a fire department truck, celebration and city officials, Prince Rupert Boys' Band, detachment of the Royal Canadian Naval Volunteer Reserve, 102nd Battery, Sea Cadets with their new bugle band, Canadian Legion, Women's Auxiliary, Kitkatla, Aiyansh and Greenville bands, school children, Girl Guides, school children and then the floats.

The winners of the floats were announced today as follows, not including other special prizes which are under consideration:

British Empire float—Chinese Association, Annunciation School. Industrial float—B. C. Forest Service and Canadian Fish & Cold Storage Co. Ltd. (tie).

Commercial float—Northern B. C. Power Co. Ltd.

Advertising float—Valentin Barry, Philpott, Evitt & Co. Ltd. National or fraternal float—Sons of Norway, Italian Society. Native life float—Kitkatla, Greenville.

Best decorated bicycle—Harry Astoria, Carl Johnson (tie), Thorp Landry.

Best decorated business car—H. K. Christensen.

Best decorated taxi—38 Taxi, 32 Taxi.

Best decorated private car, Roy Van der Sluys, Miss R. M. Davies, O. B. E.

## Light Plant For Port Simpson

New Installation to be Made By Prince Rupert Firm and Completed by October

Thomas Gosnell, chief councillor of Port Simpson native village, announces that an order has been placed with a local firm for a new diesel electric light plant to replace the old plant used for lighting the village. The new plant will be imported from England and is expected to arrive in time for the installation to be completed by October. It will cost in the neighborhood of four thousand dollars and will be large enough to provide light for the whole village.

## FOUR FOR EACH SEAT

Many Nominations of B. C. Elections—187 Candidates in Field

VICTORIA, May 13: (CP)—When nominations for the forthcoming provincial general election were closed throughout British Columbia on Tuesday a total of 187 candidates were found to be in the field for the 48 seats. There were no acclamations and four-cornered contests, such as Prince Rupert will have, were the general order.

The Liberal party was the only one to enter candidates for all 48 seats. The C. C. F. has candidates for 45 seats, the Conservatives for 43, Social Credit for 18, Social Constructives for 14 while 19 candidates of other colors include six Independents, two Socialists, two Labor, one Communist and one Financial Justice.

Edward S. Mills, Laborite in New Westminster, was one of the last minute entries.

**Skeena Straight Fight**  
(Special to the Daily News)  
SMITHERS, May 13:—In Skeena riding only two candidates were nominated for the provincial election on Tuesday—E. T. Kenney, Liberal, and John Doney, C. C. F., both of Terrace. Both Mr. Kenney and Mr. Doney were at Smithers for the closing of nominations.

## Yukon Man Died Aboard Steamer

Joseph Greenwood Victim Of Heart Attack on Princess Louise

As the steamer Princess Louise was nearing Skagway on its present voyage north, Joseph Greenwood, chief cook of the Yukon River steamer Yukon, who was returning to Whitehorse after spending the winter in Victoria, was found dead in his stateroom. It was learned when the steamer called here Tuesday afternoon southbound, Greenwood was believed to have been the victim of a heart attack. He had not been in good health for some time.

The body was delivered to Juneau and will be forwarded south to Seattle from there. Deceased is survived by a widow in Seattle. He had been identified with steamers of the Yukon & White Pass Route for years.

## All Empire Displays Loyalty And Affection as George VI Is Formally Installed as King

### Coronation Baby Here

Mr. and Mrs. Wm. Brooksbank are the proud parents of Prince Rupert's Coronation Baby. A fine baby daughter arrived late yesterday afternoon at the Prince Rupert General Hospital and, suitably enough, will be named "Georgina Elizabeth." Two pioneer local families rejoice in the arrival of the child. Mr. and Mrs. Arthur Brooksbank and Mr. and Mrs. A. T. Parkin are the grandparents. Mrs. Brooksbank Jr. being the former Miss Audrey Parkin. Mother and child were reported today to be doing nicely. The baby in due course will be presented with a fine silver cup by the Coronation celebration committee.

## Coronation Notes

Two great crowds attended the big dances last night and both were wonderful successes—that in the Armory as well as that in the Moose Hall. Dancing kept up until 3 or 4 a.m.

The best dressed coronation show window in town was adjudged to be that of Gordon's Hardware.

Aiyansh defeated Kitkatla 5 to 4 in the Coronation Cup native football championship game yesterday afternoon.

The fireworks display drew out a large crowd last night. It was quite a show and, as pyrotechnics have not often been seen in Prince Rupert, it was particularly appreciated.

would not permit them to retire. Earlier in the day they had been crowned in historic Westminster Abbey by the Archbishop of Canterbury before 7700 bejewelled, rich-robed peers, peeresses, members of the royalty, House of Commons and Dominions. The procession to and from the Abbey was lined by hundreds of thousands of spectators in the greatest display of color, pageantry and loyalty the world has ever known.

Following the Coronation, the King broadcast a message to the Empire, saying as follows:

"It is with a very full heart I speak to you tonight. Never before has a newly crowned king been able to talk to all his peoples in their own homes on day of his coronation.

"Never has the ceremony itself had so wide significance for the Dominions are now free and equal partners with this ancient kingdom. I felt this morning that the whole Empire was in very truth gathered within the walls of Westminster Abbey.

"I rejoice that I can now speak to you all wherever you may be, greeting old friends in distant lands and, as I hope, new friends in those parts where it has not yet been my good fortune to go.

"In this personal way the Queen and I wish health and happiness to you all and we do not forget at this time of celebration those who are living under the shadow of sickness. Their example of courage and good citizenship is always before us and to them I would send a special message of sympathy and good cheer. I cannot find words with which to thank you for your love and loyalty to the Queen and myself.

"Your goodwill in the streets today, your countless messages from overseas and from every quarter of these islands has filled our hearts to overflowing. I will only say this that, if in the coming years, I can show my gratitude in service to you that is the way above all others I should choose.

"To many millions the crown is a symbol of unity by grace of God and by will of the free peoples of the British Commonwealth. I have assumed that crown. Indeed your King is vested for all time with the duty of maintaining its honor and integrity.

"The Queen and I will always keep in our hearts the inspiration of this day. May we ever be worthy of the goodwill which I am proud to think surrounds us at the outset of my reign. I thank you from my heart and may God bless you all."

### COULD NOT AFFORD IT

The Japanese nation could scarcely afford to antagonize United States and Canada by instituting a deep sea fishery system which would ruin the fisheries on this coast. Just now they are carrying out experimental work which it was planned to cover a three-year period. In any case it seems likely that they will give it up at the end of the experimental period. Canada is vitally interested in this and pressure will be brought to bear on Japan both by the United States and Britain if an attempt is made to continue the experimental stage. Canada, Great Britain and United States are all good customers of Japan and are worth much more to that country than the deep sea fishery.

### CONGRATULATIONS

Congratulations are in order today to the local committee that had in hand the coronation celebration arrangements. They seem to have forgotten nothing that would add to the effectiveness of the big event. It involved a great deal of work and so far as could be seen, nobody shirked. We are glad to add our quota of praise to that of the people generally who enjoyed the day. Congratulations are also due the merchants and others who co-operated so well in the matter of decorations. Many favorable remarks were heard in regard to the native bands which provided excellent music and were the big feature of the parade. It was one of the most representative turnouts ever seen in Prince Rupert.

### UNCONTROLLABLE WEATHER

After about two weeks of fine weather the rain falling yesterday at intervals interfered somewhat with the proceedings but did not dampen the ardor of those who took part in the celebration. The whole city was out, even though many of the citizens stayed up all the preceding night listening to the broadcast of the coronation ceremony from London. It takes more than a shower of rain to prevent Prince Rupert people enjoying themselves.

### Ball Teams Fail To Attend Match

So This Was One of Disappointments of the Coronation Day Celebration Here

Sons of Canada and Canadian Legion were to have put on a baseball game yesterday afternoon in connection with the Coronation Day celebration but sufficient players did not turn up so it could not be staged. The lack of interest shown by the players caused the expression of disappointment among many particularly as it had been definitely announced that the game was to be one of the celebration features. The players who did not show up were Dido Gurvich, Jack Lindsay, Nick Chenoski, Scoop Bury, Henri Letourneau, Alex Mitchell and Doug Stalker.

## ECONOMIC DISCOURSE

C. C. F. Candidate is Speaker At C. L. D. L. Hall Tuesday Night

George W. Weaver, C. C. F. candidate for Prince Rupert in the forthcoming provincial election, addressed a public meeting in the Canadian Labor Defence League Hall Tuesday night. Mr. Weaver's address took the form of an economic discourse with particular reference to scientific developments. He expounded the theory that the capitalistic system was nearing collapse and must be replaced by socialism. At the close of the meeting, a resolution supporting the candidature of Mr. Weaver was proposed by Charles Chapman, who was United Front candidate in the last provincial election, and carried. Gerald P. Murphy was chairman and about 100 persons were present, among them Olof Hanson, M.P.

At the outset, Mr. Weaver referred to the Social Credit movement. There was already Social Credit in British Columbia in the form of relief he said. The fallacy of Social Credit was that it proposed to distribute dividends from property it did not own. If scrip was to be issued by the government on the natural resources, it must own the resources.

There was too much of an inclination on the part of workers to talk slogans without knowing very much about which they were talking. The workers were being crucified today as they were in the days of the ancient Greeks and Romans but in a different way. In the olden days, the workers or slaves were the property of the bosses who had to keep them. Today the bosses did not own the workers as chattels so there was no obligation to keep them. After the slave system came the feudal system. Then the merchant class had had their day. The machine age solved the problem of producing enough but the tool displaced men in employment and the production of goods. In the power age man was still less needed. All he had to do was watch an automatic machine. The speaker discussed some of the modern scientific developments. It was really scientists who caused revolutions, declared the speaker, but the wheels of progress could not be stopped. Capitalism, however, had outlived its usefulness and there must be socialization of the means of production and distribution. Production must be for use and not for profit.

Mr. Weaver discussed Fascism which he described as a system of feudalism friendly with big finance, depending on control of natural resources and out to smash every workers' organization.

### Emancipation of Workers

The speaker referred to Nikolai Lenin's prediction of the approach of the final stage of capitalism. Imperialist war was merely an aspect of class war. Various classes had been in control in history but so far the workers had never been on top. The workers were the only class remaining to be emancipated. When they were emancipated all humanity would be judged alike and would enjoy equal welfare. "Unless we take advantage of all

the possibilities for a greater standard of life, we may be destroyed by scientific development."

Answering a question in regard to technocracy, the speaker declared he would just as soon be governed by a bunch of bankers as a bunch of engineers. What was the use of making a change if that was all that could be accomplished. Under technocrats, humans

would be nothing more than pet rabbits.

Mr. Weaver did not think much of the Bank of Canada. It was just another bank.

Asked what he thought of Rev. Robert Connell, Mr. Weaver declared that anybody who drafted a platform with a man like R. W. Bruhn plainly stamped himself.

Olier Besner arrived in the city on the Prince Rupert yesterday from Vancouver and expects to be here for the next week.

Hugh McDonald, road superintendent for Atlin district, arrived in the city from Stewart on the Catala Tuesday afternoon and turned north on the Prince George yesterday afternoon.

# Dad: MAKE YOUR SON THIS Sporting Offer

and he will be sure to pass his EXAMS

SAY to him:—"Son, I know you want a C.C.M. Bicycle. I was going to reward you with one if you passed your mid-summer exams. But I'm going to be a good sport and buy you one right away so that you'll have all the extra time between now and midsummer to enjoy it. But I'll expect you to prove you are a good sport, too, by studying hard and passing with good marks. If you fail we will have to take the bicycle back to the dealer."

The C.C.M. Company and the C.C.M. dealer will back you up in this offer, dad. They will allow you the full price you paid for the C.C.M., if your boy (or your girl) fails to pass at midsummer. (Claim must be made within one week of the announcement of the term's results.) But he will not let you down. When your boy says he will do a thing he will do it.

This year's C.C.M.'s set the pace in style, beauty and easy running. With working parts of specially hardened steel, machined to hair-line accuracy, they run with marvelous quietness and smoothness. To pedal a C.C.M. requires little effort, and the free-running C.C.M. Hercules Coaster Brake enables a rider to frequently coast long distances without any foot-work.

All models have seamless tubular steel frames; plated or enameled steel rims; rustless steel spokes; bright parts chromium plated over a 20-year nickel foundation; Dunlop Fort or Imperial Tires; and other C.C.M. features. For quality and value a C.C.M. is still the big bicycle buy of 1937.

## WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

## OBSERVED CROWNING

Program at Booth Memorial School  
Appropriate to Occasion

A comprehensive program of patriotic dances, drills and dramatic presentations marked the Coronation celebration observance at the Booth Memorial School on Tuesday. In the forenoon the program was given for the junior classes and the pupils of Seal Cove School while in the afternoon it was repeated for the senior grades.

Miss E. A. Mercer, principal, presided in each case and gave an appropriate talk. A message of Premier T. D. Pattullo was read in the forenoon by School Inspector T. W. Hall and in the afternoon by Major C. V. Evitt each of whom added suitable complimentary remarks. The thanks of the school to the Coronation celebration committee and visiting gentlemen were expressed formally in the forenoon by Miss Anne Winslow and in the second presentation by Miss Helen Dooder.

Details of the program were as follows:

"O Canada."  
Welcome and address, Miss E. A. Mercer, principal.

Nursery Rhymes, Junior Grades.

Wand Drill, Junior Grades.

Kings and Queens, a dramatic presentation of the Coronation ceremony, Intermediate Grade.

Dance, "Red, White and Blue."

Drill, Flag Drill with chorus, "In Loyal Bonds United."

Patriotic Dances, English, Welsh, Irish and Scotch.

The Coronation, the story of the procession and the Abbey service told by Senior Pupils and illustrated.

Choruses interspersed were "Hearts of Oak," "These Things Shall Be," "God Bless the King," "Let Us Sing Unto Their Majesties," "Here's a Health Unto Their Majesties," "God Save the King."

On each occasion the presentations of souvenir mugs were made by W. M. Brown, chairman of the Coronation celebration committee. He complimented the pupils and the staff on the wonderfully impressive and complete presentation of the various items. It had been something of a revelation to him and other representatives. Mr. Brown spoke very appropriately on the significance of the occasion and rousing cheers were given for the King and Queen.

## WHIFFLETS

From the Waterfront

Extreme high and low tides, which are usually accompanied by unsettled and stormy weather, have been the order of the day at Prince Rupert this week. Early Tuesday morning the highest tide of the year—23.4 feet—was recorded at Prince Rupert. Six hours and a half later an extreme low water mark of .1 feet was recorded.

Calling here from 4 to 5 o'clock Tuesday afternoon southbound after her first voyage of the season to Skagway, C. P. R. steamer Princess Louise had a light list of 28 passengers on board. Three persons disembarked from the vessel here while seven went south aboard her from this port.

C. N. R. steamer Prince Rupert, with Capt. Edward Mabbs in command, arrived in port at 12:45 noon yesterday from Vancouver, Powell River and Ocean Falls and sailed at 5:30 p.m. for Anyox and Stewart whence she is due back here this evening southbound. The Prince Rupert has now taken over the run between here and Vancouver via the Queen Charlotte Islands.

C. N. R. steamer Prince Charles, which is now nearing completion of annual overhaul at the local dry dock, will leave next Wednesday for Vancouver. In June the vessel is to be commissioned in service on the run between here and Vancouver via the Queen Charlotte Islands.

Five boats sold 88,000 pounds of halibut in Seattle Tuesday as follows: Omaney, 33,000, McCallum, 8,125 and 7,125; Eastern, 15,000, San Juan, 9c and 7c; Sentinel, 18,000, Booth, 9½c and 7c; Bertha, 5,000, Washington, 9½c and 7c; Prosperity, 17,000, Sebastian, 9½c and 7c. The cod price in Seattle was 3c per pound.

The well known Seattle halibut boat Trinity has suspended halibut fishing and will be leaving Seattle late this week or early next week for Western Alaska where it will

## Powerful Skin Remedy Discovered

This wonderful antiseptic, known all over America as Moone's Emerald Oil, is so efficient in the treatment of skin diseases that the itching of eczema often stops with one application.

A few applications and the most persistent cases of Eczema often are healed never to return.

Moone's Emerald Oil is safe and pleasant to use and it is so powerfully antiseptic and penetrating that even old stubborn cases have yielded to its influence.

Moone's Emerald Oil in the original bottle is sold by Ormes Ltd. and druggists everywhere to rid you of stubborn pimples and unsightly skin troubles.

be employed as a cannery tender by the Washington Fish & Oyster Co.

Efforts are being made to get in touch with Capt. Oscar Biggerston of the Seattle halibut boat Gloria II to advise him of the death on Tuesday in Seattle of his three-year-old daughter, youngest of his family of four children.

The Massett seineboat Chief Weah, Capt. Matthew Yeomans, with party of visitors for the Coronation Day celebration arrived in port at 2:30 yesterday afternoon. They had left Massett Tuesday afternoon but ran into rough weather and had to run into the lee of Tow Hill for shelter overnight, coming on early the next morning. The party will remain here until Tuesday.

The Massett boat Atta Boy, Capt. Josiah Brown, was in port this morning with a catch of 2000 pounds of halibut.

who stood by him, a ministry which was imbued with righteousness and a people who accepted religion.

"May we all consecrate ourselves as defenders of the faith," concluded the Bishop. "May God help us to see we honor ourselves by turning to God. 'God Rules!' May that be the thought of our lives as we consecrate ourselves to God and take part in a new start of things better and holier."

### Others Participating

Presiding over the service was Very Rev. James B. Gibson, dean of St. Andrew's Cathedral. After the singing of "O Canada," there was opening prayer by Rev. C. D. Clarke, pastor of First United Church, and the hymn "All People That on Earth Do Dwell." After brief remarks by the chairman, Major Eva Laycock of the Salvation Army read from the Scripture, and Rev. Dr. J. W. Stevenson, pastor of First Presbyterian Church, offered the Coronation prayer. The second hymn was "Land of Heaven and Earth and Ocean." Before the benediction which was pronounced by Rev. Dr. F. W. Dafoe, pastor of First Baptist Church, the Dean expressed appreciation to the Coronation celebration committee and the management of the Capitol Theatre for having made the ser-

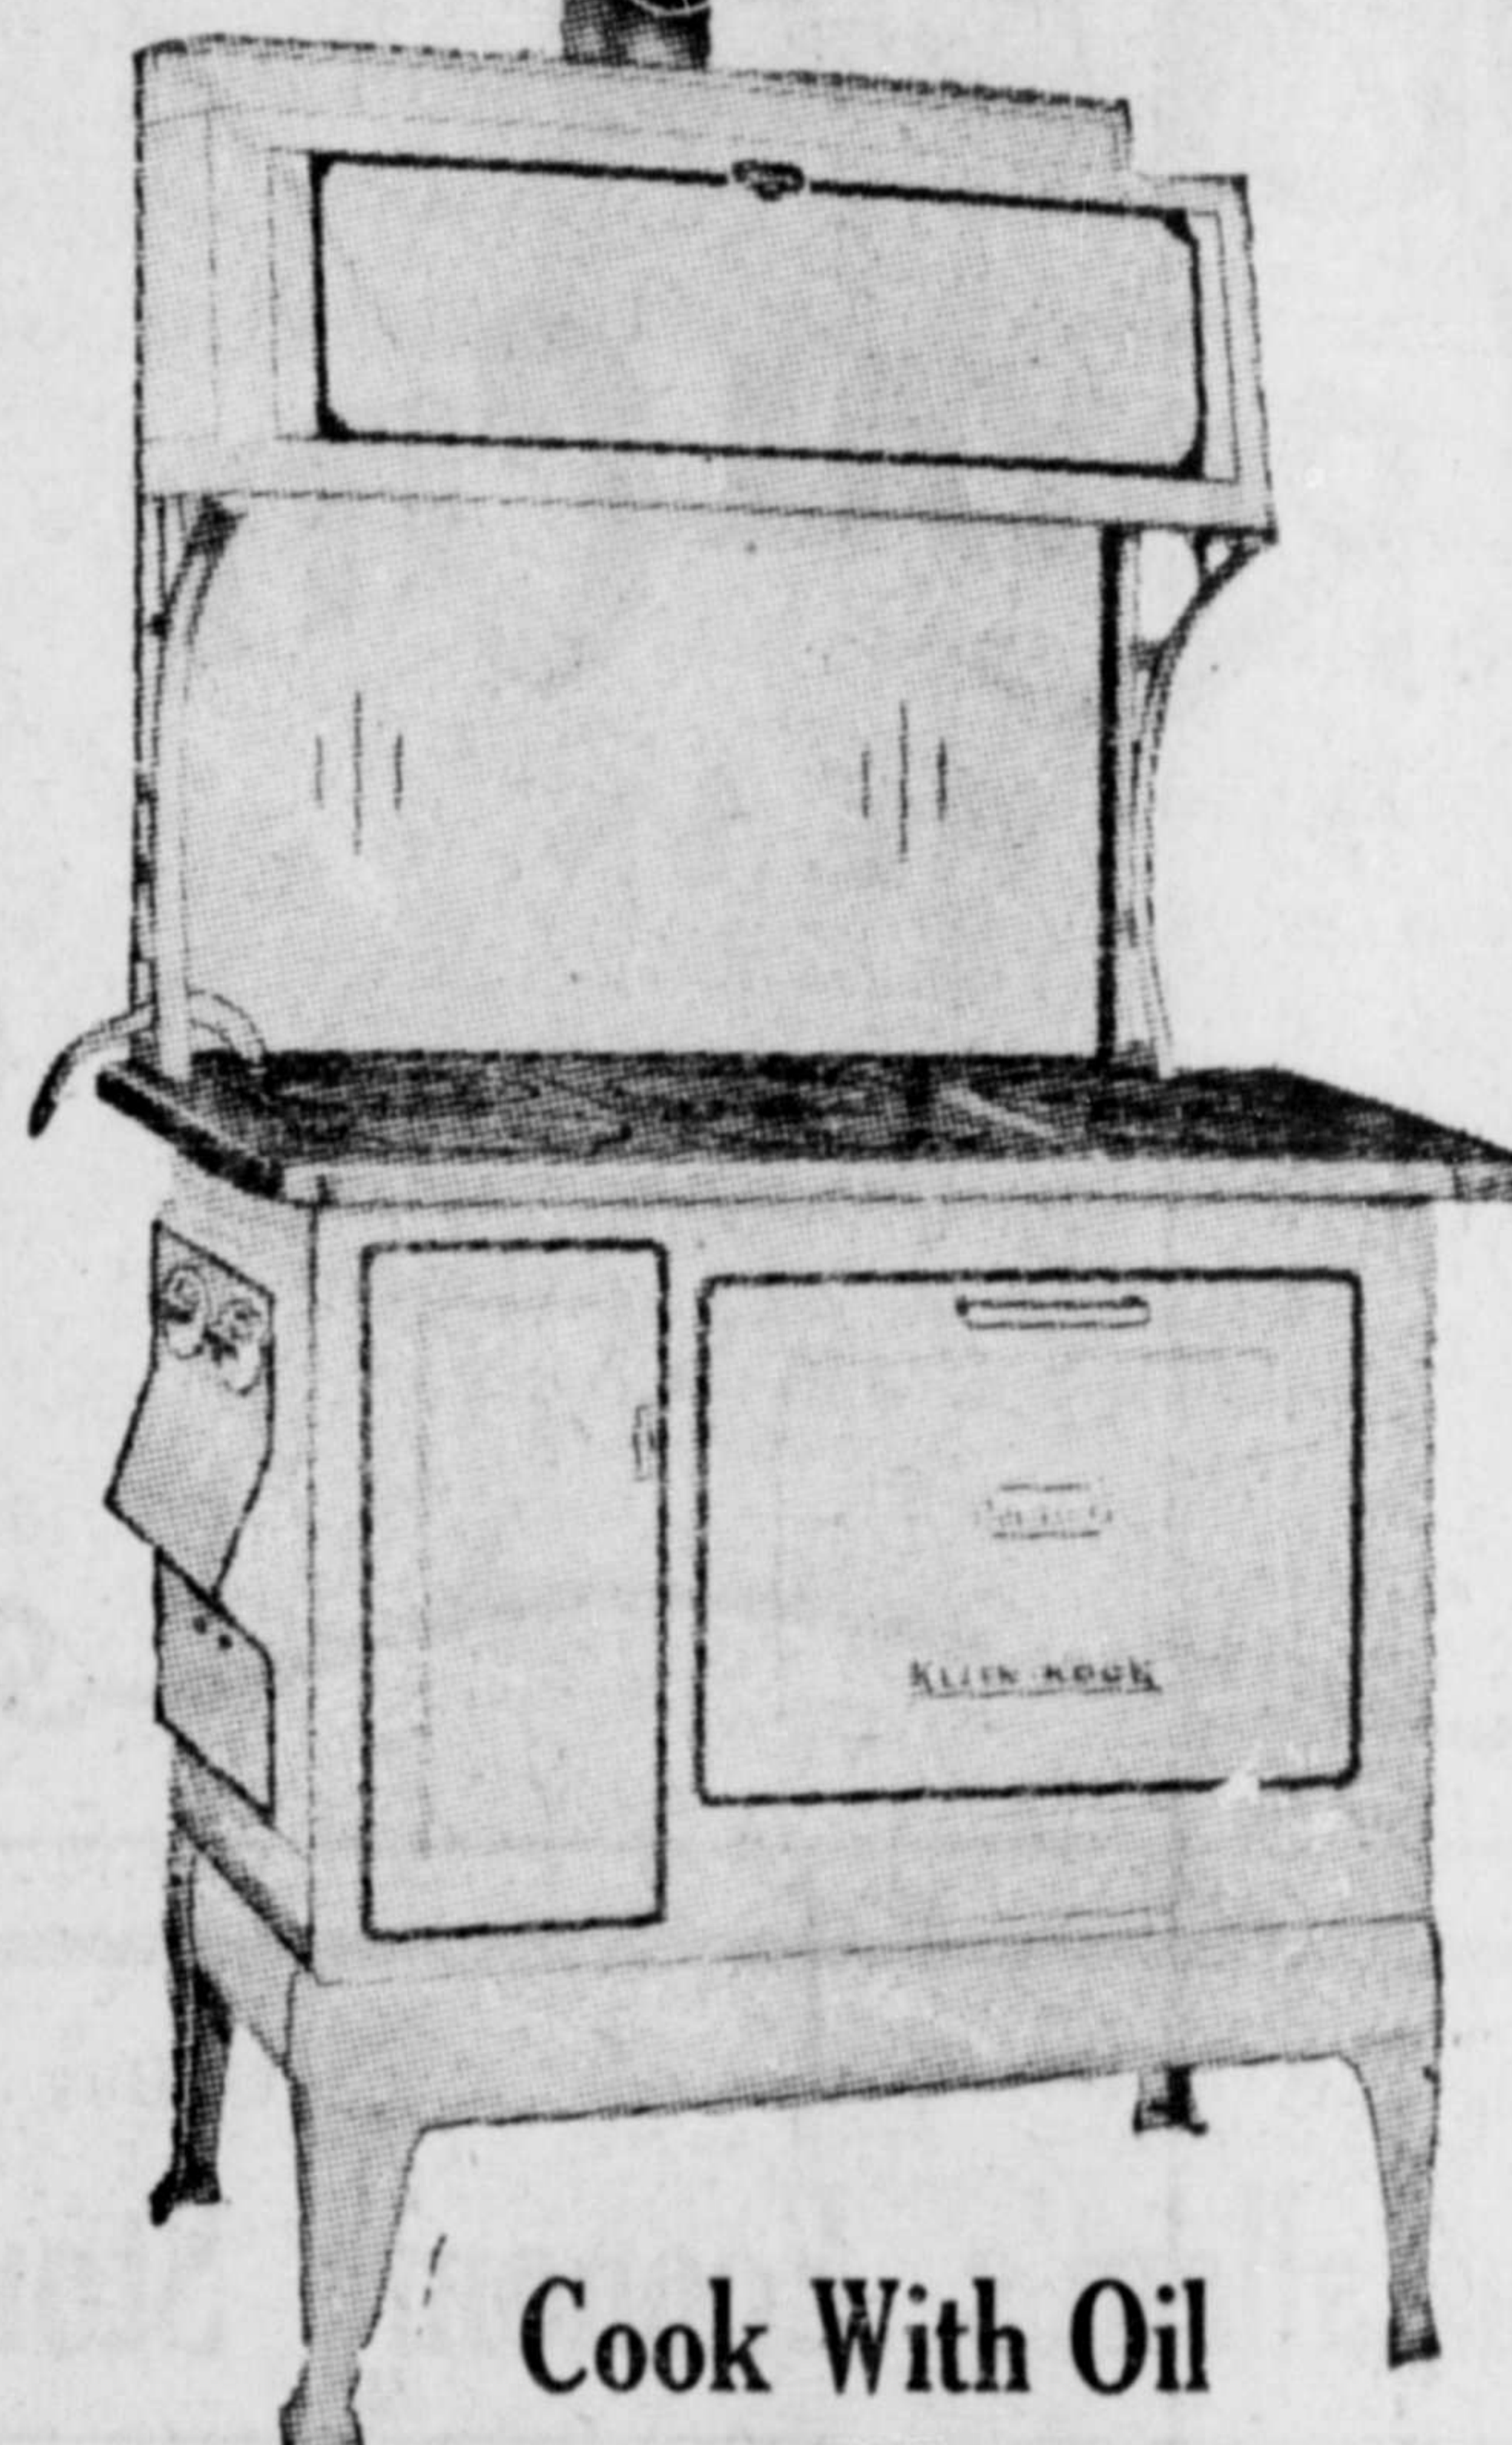

vice possible. Singing of "God Save the King" concluded the service. Special anthems in the service by the augmented choir were "Land

of Hope and Glory" with Dr. R. G. Large as soloist and "Coronation Ode." Mrs. E. J. Smith was accom-

## "DRESS UP" YOUR VEGETABLE DISHES

THERE is a new, tempting deliciousness which comes to vegetables when Carnation Milk is used to make a cream sauce for them. This double-rich milk, with cream in every drop, adds smoothness, flavour, food-value. And this applies to all cooking where milk is used. Because Carnation is just pure milk with part of the water taken out, made much more digestible by homogenization, made safe by sterilization, it is a splendid food for bottle-fed babies and growing children. And it has added "sunshine" vitamin D. Carnation is the evaporated milk the Dionne Quintuplets use.
