Madrid Has Been Completely Cut Off Not Much Importance

Insurgents Claim To Have Blockaded Last Link With Valencia

Capital City is Detached From Eastern Sea Coast Through Occupation of Nine Miles of Road Near Chinchon and Comenar de Oreja

WITH THE INSURGENT FORCES IN SPAIN, Feb. 13: (CP)—Insurgent commanders reported today that Madrid's last direct connection with the eastern sea coast had been blockaded by the occupation of nine miles of secondary road near the villages of Chinchon and Comenar de Oreja. By holding the territory now occupied, the Fascists control the road to Valencia where the Socialist government is now functioning.

Dispute Over Hospitalizing

Smithers Declines to Meet Charge On Patient Who Received Treatment Here

The question of under what circumstances outside municipalities may or may not be responsible for the payment of routine per diem charges covering their patients receiving treatment in the Prince Rupert General Hospital came up again at last night's local board meeting in connection with receipt of a communication from Smithers municipality which intimated that it did not consider itself responsible for the payment of this charge covering James Carson who recently was in the hospital here for a few days.

This patient, the letter from Smithers claimed, could have been taken care of in the Smithers hospital and there had been no authorization or necessity for the hospitalization in Prince Rupert.

Today's Weather

(Government Telegraphs)

Triple Island—Part cloudy, westerly wind, 24 miles per hour; sea rough.

Langara Island—Part cloudy, snow flurries; wind velocity, 34 miles per hour; temperature, 34; sea rough.

Burns Lake—Bright, calm, 22.

Stewart—Heavy snow, 28.

DANGER OF WAR OVER

This is Result of Germany's Successful Rearming, Propaganda Minister Goebbels Asserts

BERLIN, Feb. 13: (CP)—Joseph Goebbels, propaganda minister, told a mass meeting of twenty thousand people here that there would be no war in Europe. Since Germany had successfully rearmed, the recent danger of war had passed, he said.

"We will attack no one and believe me, I do not think any one any longer plays with the idea of attacking us," the minister asserted.

FRACTURED HIS SKULL

Ernest Valentine Sustains Serious Injury at Local Dry Dock

Ernest N. Valentine, pioneer local engineer, had regained consciousness this morning and his condition was reported to be as favorable as could be expected following a serious accident yesterday afternoon in the engine room of the steamer Prince Rupert where he was engaged in crankshaft repair work. His skull was fractured, necessitating emergency surgical treatment in the Prince Rupert General Hospital for removal of pressure.

The accident occurred when Mr. Valentine was struck in the jaw by a flying plate and thrown against the machinery, his skull being fractured. He was rushed in the ambulance to the hospital! During the night, after the operation, he regained consciousness.

Weather Forecast

Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 36-hour period ending 5 p.m. tomorrow.

Synopsis—Disturbance near the Queen Charlotte Islands has caused gales in Northern British Columbia with rain on the coast.

Prince Rupert and Queen Charlotte Islands—South to westerly gales, diminishing somewhat tonight, showery or snow flurries.

WILL CALL AT RUPERT

George Clothier Due Here Soon Enroute to Chicagoff Island To Take Over Management Of Mine

VANCOUVER, Feb. 13: (CP)—George A. Clothier, well known mining engineer who was for many years located at Prince Rupert as resident engineer for the north-western mineral survey district, stated today that he would be leaving shortly for Alaska to take over the management of Cann-Chicagoff Mines Ltd. on Chicagoff Island and for the Dictator Gold Mines Ltd. which has acquired half interest in this famous property. R. L. Clothier, R. K. Kirkup, Dr. A. P. Proctor, P. M. Clothier and C. L. Plumtree are directors of the new company.

Outlining how he acquired the Alaska mine for the Cann-Chicagoff Mines Ltd. and for Dictator, R. L. Clothier, chief shareholder in both companies, said that he first met Mr. and Mrs. Cann in the early days of mine development at Stewart, B.C. The Canns, he recalls, left Stewart in 1910, and he heard nothing more of them until they were well on their way to becoming wealthy through having found a paying gold mine on Chicagoff Island. Mr. Cann suffered ill health from 1927 until he died while at the property in the spring of 1935. The following year negotiations started with Mrs. Cann which led up to the present arrangement. The purchase price will be \$250,000.

(Continued on Page Four)

Dietetics Dep't For Hospital Is Being Advocated

A communication from Dr. A. D. Lapp, superintendent of Tranquille Sanitarium, read at the meeting of the board of directors of the Prince Rupert General Hospital last night, expressed the opinion that it did not seem fair that Tranquille should pay the complete round trip fare from Prince Rupert to Kamloops and return of student nurses who on the same trip as they came to Tranquille for special training in tuberculosis nursing also went to Vancouver General Hospital for courses in dietetics. Tranquille was willing to pay the fare from Prince Rupert to Tranquille and from there to Vancouver but it was felt that the fare from Vancouver back to Prince Rupert should be taken care of in some other way.

Government Agent Norman A. Watt thought that the objection was a reasonable one but, in view of the fact that the local hospital might be able to take care of its own dietetics training after the new hospital was built, suggested that Tranquille be asked to permit the present arrangement to continue for the time being. The suggestion was adopted and a reply will be sent to Tranquille making this request.

Dr. J. H. Carson brought up the question of having a dietetician in the hospital here. The food was the only criticism that was ever heard in regard to the local hospital and he believed that, if at all possible, a dietetics department should be established. It was pointed out that, under present structural conditions, this was not feasible but provision might be made when a new hospital building was erected.

Late Telegraphs

ENGLAND WINS TWICKENHAM, Eng.—England won a second narrow victory in international rugby tournament today by defeating Ireland 9 to 8 after a scoreless first half. A month ago England triumphed over Wales 4 to 3.

READ OUT OF PARTY OTTAWA—The Social Credit group in the House of Commons Friday read out of the caucus P. J. Rowe, member for Athabaska, who has been a consistent critic of the policies of Premier Aberhart for the past year. No reasons for the expulsion were suggested in the statement handed out by the caucus.

DRIVE IS DEFERRED

Time Considered Inadvisable To Start Campaign For Funds For New Hospital

Owing to the prevailing influenza epidemic, the hospital board last night decided to defer further preparations for the organization of the campaign to raise funds for the new hospital project. The meeting of representatives of various organizations which was to have been held next Monday evening to devise ways and means of raising \$30,000 has been postponed.

The board received a letter from Premier T. D. Pattullo in regard to financial backing which might be anticipated from the provincial government in regard to the project. Mr. Pattullo added that a contribution of \$200 might be expected from him personally. A reply will be sent to Mr. Pattullo expressing appreciation.

RECORD IS RECOGNIZED

Presentation by Local Trades and Labor Council to S. D. Macdonald—Other Business

Marking the completion of his thirty-second consecutive term as president of the Prince Rupert Trades and Labor Council, which constitutes a record for the entire Dominion of Canada, S. D. Macdonald was honored by the local council at its regular monthly meeting Thursday night when the presentation was made by Thomas B. Black, vice-president, of a handsome combination cigarette case and lighter. Mr. Black, speaking appropriately, referred to Mr. Macdonald's lengthy and effective service on behalf of organized labor and expressed the hope that he would be able to carry on for many years longer. It was mentioned that Mr. Macdonald had been president pro-tem during organization of the local council and had refused the first permanent presidency but had later accepted the office, dropping out for a time until 1921 when he was re-elected since which time he had served continuously as the president. Mr. Macdonald spoke feelingly in appreciation of the gift and the kindly sentiments which had been expressed.

It was a good meeting and considerable business was transacted. Correspondence included a letter (Continued on Page Four)

BOARD HAS FIRST MEET

Directors of Prince Rupert General Hospital in Monthly Session Last Night

The 1937 hospital board held its first regular business meeting last night. To a large extent business was of a routine nature. The session lasted about an hour and a half. President G. P. Tinker was in the chair and those in attendance were, besides Mr. Tinker, W. M. Brown, F. S. Walton, Norman A. Watt, Dr. J. H. Carson, S. D. Macdonald and F. A. MacCallum, directors; H. W. Birch, managing secretary, and Miss Jean Harrison R.N., lady superintendent.

In opening the meeting, Mr. Tinker welcomed the members of the board, particularly the new member, F. A. MacCallum. With 1937 promising to be an eventful year in the affairs of the hospital, he hoped that the best of relations would exist among members of the board and expressed confidence that the efforts of all would be directed to the welfare of the institution. Mr. MacCallum, in reply, expressed hope that the same happy relations would exist between the directors on the board as prevailed outside.

The monthly report of J. R. Morrison, fire chief, stated that the usual inspections had been made of hospital and nurses' home which had been found to be in good order from a fire standpoint.

A letter from the British Columbia Hospitals' Association enclosed a check for \$27.64, being refund to the local hospital following pooling and averaging of expenses of all delegates to the recent annual convention of the Association in Victoria. The average expense of each delegate was \$4.36. It was felt that this small expenditure in sending H. W. Birch, managing secretary, to the convention had been well worth while.

There was a communication from the Fidelity Insurance Co. (accident and liability) in reference to a recommendation by J. A. Hinton, local inspector, that interlocking controls and electric contacts should be installed in the hospital elevator. The company will be advised that the factory inspector has given until February 28, 1938, for these changes to be made and that, meantime, it was possible a new hospital would be built anyway.

Miss Jean Harrison, R.N., lady superintendent, in her monthly report, stated that the staff had now pretty well recovered from the influenza epidemic. The institution was full of patients and work was heavy.

The finance committee, W. M. Brown, chairman, reported that there had been 1565 hospital days during January at a cost per hospital day of \$2.55. Disbursements amounted to \$3,948.40. Revenue for the month was, as usual, not disclosed, the board being of the opinion that it is not in the interests of the institution to do so.

Funeral Notice

"Lest We Forget"
Members will please attend the funeral of our late comrade, John McEwan, B. C. Undertaking Parlors, Monday, 2 p.m.
Canadian Legion, B.E.S.L.

Is Attached to Story But No Chances Taken

Conspiracy Said to Have Been Discussed by Two Foreigners on Toronto-Buffalo Bus—Police Guard At Callander Nursery Strengthened

TORONTO, Feb. 13: (CP)—Ontario police today marshalled their forces to track down an unverified report of a plot to kidnap two of the Dionne quintuplets. Unexcited about a rumored plan to snatch a pair of the famous youngsters, police sought an unnamed man who prompted official investigation with the story that two foreign-looking men had discussed such a plot on a Toronto-Buffalo bus.

Police considered the possibility that the whole affair was a hoax but Attorney General Arthur Roebuck said that two extra provincial police officers had been assigned to the Dafeo nursery at Callander, bringing the guards up to a total of five in number.

"We will take no chances," Mr. Roebuck said, declaring, however, that not much importance was attached to the kidnap reports.

INDIANA CLASHES

Anderson Under Bayonet Rule Following Bloody Disorders Between Union and Non-Union Men

ANDERSON, Indiana, Feb. 13: (CP)—Tension which followed a bloody clash between union and non-union automotive workers in which at least ten men suffered wounds gradually eased as National Guards arrived today to place Anderson under bayonet rule.

Police arrested thirteen men, six of whom said they were members of the United Automobile Workers of America from Flint, Michigan.

Hospital Ladies' Organization Is Under Discussion

The hospital board last night discussed plans of procedure in connection with the re-organization of a Ladies' Auxillary for the Prince Rupert General Hospital. After the present influenza epidemic has cleared up, it is planned to call a public meeting of women for the purpose of organization. Leaders of various women's organizations will be probably invited to participate. When the time came to organize, Miss Jean Harrison R.N., lady superintendent, thought it would be well to consider modes of procedure by ladies' auxiliaries which had proven most advantageous in other places. There would be information on this available.

Negotiations Break Down

CANBERRA, Aust., Feb. 13: (CP)—Two weeks of discussions between Australian and Canadian negotiators were swept overboard yesterday when it was decided that offers hitherto made possessed no practical basis for a trade agreement. Negotiations will be re-opened shortly by Hon. W. D. Euler, Canadian minister of trade and commerce, who is a visitor here.

Taylor Retires From Politics

Aged Ex-Mayor Indicates That He Is Definitely Through

VANCOUVER, Feb. 13: (CP)—Never again will Louis D. Taylor run for the mayoralty of Vancouver, the office he held at various times for 11 years. For the small piece of property that qualified him as a taxpayer and as a candidate is up for sale. "I need the money," he says.

Described as "101 Hastings Townsite," the lot since 1910 has been the subject of numerous court cases, and much publicity. It is "L.D.'s" only piece of property.

Mr. Taylor said he "borrowed" the lot in 1910 to qualify in the mayoral election of that year and bought it 15 years later.

"I qualified on the property as a mayoral candidate on 18 occasions," Mr. Taylor related in announcing the sale. "It proved lucky, because I served the city 11 years as mayor, being successful at eight elections."

Mr. Taylor, who will be 80 years old on July 22 this year, claims to be the youngest old man in Vancouver.

Feels Isolation Is Not Possible

LONDON, Feb. 13: (CP)—Relationship between the British Empire and the League of Nations is of fundamental importance to the world, according to Professor S. Brodetzky of the University of Leeds.

He told a League of Nations Union meeting if there was another war the mere existence of a state of war would bring Britain into it. It would be madness to suggest the empire could adopt a policy of isolation.

Prof. Brodetzky said since the war Britain's foreign policy had been closely aligned with that of France. At present, he asserted Britain was supporting or certainly not opposing the three countries most determined to break up the British Empire. Britain must take the lead in maintaining order throughout the world, he said.

Work Boots For Men

Comfort in stout, long-wearing shoes because of the quality material used in their construction. These shoes have everything that men look for in work boots and the prices are exceedingly reasonable.

Both Considering Defence

Both Canada and Great Britain are at the present time discussing the question of defence. Britain is planning to borrow approximately two billion dollars to be expended on armaments. The Canadian government is planning to expend a small sum on defences, a scheme for which has already been worked out by the minister of defence, Hon. Ian McKenzie.

Unfortunately, in these days, defence measures seem necessary. The world is still only covered with a veneer of civilization and in many cases there is scarcely a veneer, possibly only a coat of paint. Money expended on any of these defence schemes will help take up the economic slack and give employment to a great many people but it is extremely regrettable that this effort has to be put into a scheme for killing people. However, in this savage world it seems that it is a case of killing or being killed, so there is nothing for it but to go ahead with our plans and make our defences so strong that there will be little danger of attack.

Uniform Legislation

It seems very desirable that there should be uniform minimum wages and hours of work from one end of Canada to the other and for that reason the work of the minister of labor at Ottawa, Hon. Norman Rogers, is to be commended. If he can work out a scheme for ridding the country of sweat shops and preventing the undercutting of wages in some of the Eastern Canadian cities it will help to stabilize the labor situation and give the west an opportunity to compete in manufacturing. Today factories are grouped in the part of Canada where wages are lowest and where market conditions are best. Take away the low labor cost incentive and it will be much more easy to deal with the matter of distribution.

No More Thrill

We no longer get a thrill from an announcement that someone is about to fly around the world, not even when it is a woman who makes the announcement. When Amelia Earhart, as she did this week, talks pleasantly of a 7,000-mile trip we take it as a matter of course. All this is along the lines of development showing how the world is advancing in the matter of transportation.

HOOP TEAM DID WELL

Prince Rupert Seniors Put Up Good Showing Against New Metlakatla Though Beaten

Prince Rupert Senior basketballers, who returned home yesterday from their Alaskan tour, made a good showing against the strong New Metlakatla team although beaten in two games, the first by a score of 48 to 35 and the second 48 to 38.

In the first quarter of the second game, Prince Rupert took a lead of 16 to 8 but at half time Metlakatla was ahead 24 to 20. Prince Rupert was again ahead at three-quarter time 29 to 28 but the home team in the last quarter was able to build up a handy margin. Bobby Armstrong scored 18 points for Prince Rupert in this game.

New Metlakatla led most of the time in the first game.

The local players reported having been extended generous hospitality and acceptable entertainment both at Ketchikan and Metlakatla.

Five Jokers Win As Bowlers Swing Into Action Again

Following the interruption due to the influenza epidemic, the City Five Pin Bowling League swung into action again last night with the league leading Five Jokers defeating Old Empress three games to nil. Bill Schriaberg of Old Empress was high average scorer with 251. The Gyro Club will play later against the following scores of Pioneer Laundry, 1037, 973, 906.

Last night's individual scores:

FIVE JOKERS—			
1st	2nd	3rd	
Davies	211	220	175
Dingwell	161	211	182
Smith	193	278	267
McIntosh	176	266	244
Handicap	66	66	69

Total			
	807	1040	934

OLD EMPRESS—			
1st	2nd	3rd	
Gunderson	172	199	182
Ross	152	235	187
Shrubsole	125	133	134
Schriaber	207	242	304
Handicap	38	38	38

Total			
	694	847	845

The standing of the Five Pin League to date:

	W.	L.	P.
Five Jokers	11	4	11
Gyro Club	4	5	4
Pioneer Laundry	4	5	4
Empress	2	7	2

NEW AND BETTER SKI GROUND IS LOCATED ON MOUNT OLDFIELD

Some of the local skiing enthusiasts have recently been exploring some new and higher ground further along the crest of Mount Oldfield in a southerly direction from where the most of the skiing has so far been done and report finding there large areas of clear country which is ideal for the sport. Indeed, some are so enthusiastic as to state that the natural conditions are such as to make it one of the finest skiing sites on the coast.

SPORT CHAT

A new hockey movement from Canada to Britain is expected next season. There probably will be the usual band of players migrating and indications now are that some of the better referees in the Dominion will join them. British Ice Hockey Association officials are said to be looking for officials more competent than those on their staff. Referees are fair game for hockey fans in Britain just as they are in Canada and at the moment the B. I. H. A. staff is in disgrace. In a recent game at Brighton, irate fans held up the game 10 minutes by tossing newspapers and even an occasional bottle on the ice. Canadian observers in London say the fans are right—that the refereeing staff is woefully weak and hand out strange decisions. Some of the blame is laid on the Hockey Association which is alleged to tell the officials just exactly what they must not do, leaving the referees with no chance to use their initiative.

Jean Borotra has expressed his views about the chances of Great Britain in the Davis Cup contest, 1937. The Frenchman, who intends to compete in the singles in the championships in Wimbledon, will not play in the singles in the Davis Cup because the preliminary rounds are played on hard courts. Borotra thinks the winner of the interzone-final has a good chance of capturing the Davis Cup from England. But he by no means shares the opinion of Adrian Quist the Australian, that England is hopeless without Fred Perry. Borotra thinks Bunny Austin good enough to win two singles and that the British doubles pair is strong enough to win. Although he considers Donald Budge the best amateur player on a grass surface, he thinks United States chances against Australia depend on the U. S. singles players. Germany will not be able to beat either the United States or Australia on the grass surface in Wimbledon and he does not think the French team is good enough to win the European zone.

In England they call Lou Bates the Babe Ruth of Hockey. Captain of Wembley Lions the handsome young Ottawa recently scored the 100th goal his team has piled up this season. Bates has been playing hockey in England for three seasons and has built up a tremendous following around the National League circuit. He is the idol of the fans in half a dozen rinks and they cheer him every time he rushes down the ice. The women fans are particularly enthusiastic about Bates whose long wavy hair and clear-cut features give him an edge over the other hockey battlers in that direction.

CHAIRMAN 35 YEARS
 CAPETOWN, Feb. 13: (CP)—Sir Alfred Hennessy has for the 35th time been elected chairman of the Royal Automobile Club of South Africa.

PROMOTION MAY BE SAFER
 NORWICH, Eng., Feb. 13: (CP)—Saying he had broken nearly every bone in his body in the course of 10 years motor-racing, Max Grosskreutz, the Australian, will not ride again but has leased for promotion the speedway here, with accommodation for 10,000 spectators.

Cash for old gold. Bulger's (tf)
 Albert Stiles sailed last night on the Princess Adelaide for a holiday trip to Vancouver.

Alex Rix, district manager of the Imperial Oil Co., returned to the city on the Princess Adelaide yesterday afternoon from a business trip to Ocean Falls.

The annual meeting of the Navy League of Canada, Prince Rupert branch, will be held at the R. C. N. V. R. Hdqtrs., Tuesday, Feb. 16, at 8 p.m. (37)

Miss Mary Astori, who has been on a vacation trip to Vancouver, Seattle and elsewhere in the south, returned to the city on the Princess Adelaide yesterday afternoon.

Mrs. W. M. Watts and family, who have been on a trip to California, returned to the city from the south on the Princess Adelaide yesterday afternoon. Mr. Watts will be back shortly.

F. C. Huband, whaling station manager for the Consolidated Whaling Corporation, and Mrs. Huband arrived in the city from Victoria on the Princess Adelaide yesterday afternoon and sail tonight on the Prince Charles for the Queen Charlotte Islands.

F. A. MacCallum, chairman of the membership committee, spoke at last night's meeting of the hospital board on tentative plans which had been discussed for the enrollment of new members in the Prince Rupert General Hospital Association. This will include opening of membership lists at the Bank of Montreal and possibly other places. Memberships purchased during the present year will not expire until January 31, 1938, and will, therefore, include the privilege of voting at the 1938 annual general meeting of the association.

Just arrived! A shipment of new spring skirts, \$1.95. Annette's. (37)

Charles Graham, inspector of mines, returned to the city on the Prince Charles yesterday afternoon from a trip to Stewart on official duties.

Walter Smith sailed last night on the Princess Adelaide for Esquimalt to take a course of naval training. He will also take annual vacation while in the south.

S. Zynda, well known Juneau hotel proprietor, and Mrs. Zynda were passengers aboard the Princess Norah yesterday afternoon going through to Seattle for a trip.

Tonight's train, due from the East at 10:20, was reported this morning to be running on time but it was suggested that, owing to heavy snow conditions on the lower Skeena, there was some possibility of it being delayed in that area.

Mr. and Mrs. Pat Page were passengers aboard the Princess Norah yesterday afternoon going through to Seattle where Mr. Page will rejoin the staff of the Seattle Post-Intelligencer after having been during the past four months with the Ketchikan Alaska Chronicle.

Mr. and Mrs. Charles G. Stadelman were passengers aboard the Princess Norah yesterday afternoon going through from Skagway to Vancouver where it is their intention to take up future residence. Mr. Stadelman has been in business in Skagway for many years.

W. M. Brown reported at last night's meeting of the hospital board on the progress of arrangements for the public lecture to be given during the latter part of March by Capt. Alan Innes-Taylor, member of the Byrd Antarctic expedition. It is possible the lecture will be held in the Capitol Theatre.

Mr. and Mrs. Clarence Martin, who were married recently in the south, arrived in the city on the Princess Adelaide yesterday afternoon following a honeymoon trip to California and will proceed on the Prince Charles tonight to Massett where they will make their home. The bride was formerly Miss Phyllis Kent, school teacher at Massett.

Dr. Ralph S. Woodsworth, who has been located at Tulsequah as resident physician and surgeon, was a passenger aboard the Princess Norah yesterday afternoon going through to Vancouver enroute to his home in Winnipeg for a visit. Dr. Woodsworth is a son of J. S. Woodsworth M.P., leader of the C. C. F. party in the House of Commons at Ottawa.

G. S. Conway, who arrived in the city earlier in the week from German Creek in the Omineca mining country, sailed last night on the Princess Adelaide for a trip to Vancouver.

A. M. Gilley, a member of the well known New Westminster shipping concern, sailed last night by the Princess Adelaide on his return south after a brief business visit to the city.

At its Thursday afternoon luncheon this week the Prince Rupert Rotary Club expressed itself by resolution as strongly favoring the building of a new hospital or a new hospital wing this year.

Rev. Harold O. Aasen, Lutheran minister at Petersburg, Alaska, and Mrs. Aasen were passengers aboard the Princess Norah yesterday afternoon going south. They are to pay a visit to Minnesota.

**Here's Simple Way
 to Curb a Cold**

**Two Quick-Acting, Quick-Dissolving
 "ASPIRIN" Tablets with a Glass of Water**

The modern way to curb a cold is this: Two "Aspirin" tablets the moment you feel a cold coming on. Then repeat, if necessary, according to instructions in the box.
 At the same time, if you have a sore throat, crush and dissolve three "Aspirin" tablets in one-third glass of water. And gargle with this mixture twice.
 The "Aspirin" you take internally will act to combat fever, cold pains and the cold itself. The gargle will act as a medicinal gargle to provide almost instant relief from rawness and pain. It is really marvelous; for it acts like a local anesthetic on the irritated membrane of your throat.
 Try this way. Your doctor, we know, will endorse it. For it is

quick, effective and ends the taking of strong medicines for a cold.
 • "Aspirin" tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited, of Windsor, Ontario. Look for the name Bayer in the form of a cross on every tablet.

Waterfront Whiffs

Preparations For 1937 Halibut Fishing Season Getting Under Way—Herring Run Failure So Far

With the opening of the 1937 fishing season set for March 15 by the International Fisheries Commission, considerable stir is now developing around the Prince Rupert waterfront in preparation of the craft for going to sea. Overhaul work on boats and engines is becoming general, few of the boats being disposed to delay the start of the

Except for a few catches of small fish early in January, the herring run in Prince Rupert district has failed to materialize up to now as far as practical fishing is concerned. This is believed due largely to the long spell of unusually cold weather. The break this week, however, it is thought, may result in an appearance of the fish. Meantime, the Rupert Marine Products reduction plant at Prince Rupert is awaiting their advent as well as the cold storage concerns requiring them for bait supply.

The Anglican mission boat Western Hope, which arrived in port on Wednesday from Massett with patients for the hospital on board, was prevented by the snowstorm from getting away yesterday afternoon on its return to the Queen Charlotte Islands but was to leave today if conditions permitted.

Capt. Neil McLean and other officers of the steamer Prince Rupert left Thursday night on the Prince George for Vancouver. Capt. McLean, who has been recently chief officer of the Prince Rupert, has just recovered from a severe attack of influenza.

There were 105 passengers aboard the steamer Princess Norah which was in port yesterday afternoon southbound from Skagway to Vancouver. Eight persons disembarked from the vessel here while one boarded her at this port for Vancouver.

Union steamer Venture, Capt. John Boden, arrived in port at 8:30 last evening from the south and sailed at 10:30 p.m. on her return to Vancouver and waypoints.

Owing to the storm last night, Capt. Edward Mabbis deferred until this evening his departure for Vancouver via the Queen Charlotte Islands with the steamer Prince Charles.

Last night's gale, apparently, did little, if any, damage along the local waterfront.

WILL CALL AT RUPERT
(Continued from Page 1)

000, payable from 10 percent royalty on production for one year; 12½ percent for two years; 15 percent for two years; balance payable at end of five years. A minimum of \$25,000 must be spent during the first year; minimum annual development requirement 600 lineal feet. Present mill of 35 tons daily capacity is to be modernized and stepped up to 50 tons daily.

Property Described

The "Apex El-Nido" consists of two mines 1600 ft. apart. Operations have been mainly at the Apex. The mill is one mile from tidewater at an elevation of 450 ft. above sea level. Positive ore was estimated by F. Cushing Moore, M.E., at \$476,000. Richard Hill, formerly engineer in charge at the mine, estimated \$932,000 in the Apex mine alone. The hanging wall vein in the Apex is the only one so far developed and varies from 12 to 50 ft. in width. Innermost faces of the workings are in ore and the surface has been sampled for 1,000 ft. beyond the existing underground workings. No. 2 tunnel face is 600 ft. vertically below the surface sampling. There is stated to have been \$250,000 spent on the property of which about \$125,000 was on buildings, tramways, plant and equipment. The mine is reported to have produced \$600,000 in net returns.

Averaging the Moore and Hill estimates, assured ore is stated at 21,100 tons valued at \$733,000. Allowing \$10 for mining and development, total cost on present available ore is placed at \$211,000 indicating a probable return profit of \$522,000, according to figures supplied by the management.

The immediate development program calls for crosscutting the entire width of the "Apex" vein throughout the workings and, later, extending the tunnels and also proving downward continuation of the cally below No. 2 and 1,000 ft. below the surface. Management believes this program will prove ore to warrant increasing mill capacity. Meanwhile the mill will be operated at from 35 to 50 tons daily.

RECORD IS RECOGNIZED
(Continued from page one)

ted from the Canadian Federation of the Blind asking for a donation. The sum of \$5 was voted and a copy of the organization's annual report will be requested.

The local fair wage officer will be asked to look into conditions of work including wages and hours on a certain local piece of public work.

A resolution was passed supporting the stand of Tom Reid, M.P. for New Westminster, against Canadian Pacific Steamships in regard to the employment of Oriental seamen on trans-Pacific ships. Olof Hanson, M.P. for Skeena, will be asked to give his co-operation in the same connection.

The stand of the London, Ontario, Trades and Labor Council in opposition to "ridiculously low wages" by railroads to extra section gang workers was supported by resolution, a copy of which is to be sent to Premier King and Olof Hanson M.P.

health insurance situation, it was decided to await further developments.

Thomas B. Black was appointed delegate to the forthcoming new hospital campaign committee.

Mrs. J. A. Brown and grandson Harry Rochester, after spending a day or so in town, left this morning on their return to Port Essington.

Royalty Honors Edmonton Girl

Receives Praise of Queen Marie At Birthday Command Performance

EDMONTON, Feb. 13: (CP)—Marjorie Noble, talented Edmonton girl now studying music in Vienna, has realized the dream of all artists, that of appearing before royalty.

At a command performance before Queen Marie of Roumania and members of the Austrian nobility she played piano compositions by Chopin and Liszt and was highly complimented by the queen mother on her performance.

Among those present at the musicale were Archduchess Blanks, the former Princess of Bourbon, Archduchess Margharita, Archduke Anton, Count and Countess Schoenhorn, Baron Freudenthal, Baroness Adelheid Freudenthal and Baroness Elizabeth Freudenthal.

Miss Noble graduated from the State Academy of Music and Dramatic Arts in Vienna more than a year ago and has been studying under the instruction of a private tutor. She has been studying music for the past six years.

When You Want to Alkalize Stomach Fast

Try This Amazing Fast Way—The "Phillips" Way
Millions Are Adopting

On every side today people are being urged to alkalyze their stomach. And these ease symptoms of "acid indigestion," nausea and stomach upsets.

To gain quick alkalyzation, just do this: Take two teaspoons of PHILLIPS' MILK OF MAGNESIA 30 minutes after eating. OR—take two Phillips' Milk of Magnesia Tablets.

Relief comes almost at once—usually in a few minutes. Nausea, "gas"—fullness after eating and "acid indigestion" pains leave. You feel like a new person.

Try this way. Get either the liquid "Phillips" or the remarkable, new Phillips' Milk of Magnesia Tablets. Each one equals a teaspoon of the liquid. Only 25¢ a box at all drug stores.
