### A Plain Talk

At the public meeting last night Premier Pattullo gave! a plain talk in a homely way about political affairs as they affected his government. There was no pretension of oratory and no attempt to appeal to the galleries. He talked to the Prince Rupert people about governmental problems as he would talk to a group of friends, believing, as he said, that they would be interested in knowing about their own business which he was conducting.

Many people are disappointed that Mr. Pattullo does not "get after" the opposition, "lambaste" the Reds, tell; stories which are to the disadvantage of those who disagree with him. There is nothing of that about the Premier. People who go to listen to oratorical gymnastics are always disappointed. They do not get what they went for. There are no fiery jibes or cynical periods. He lets people know, indirectly, that he is the Premier of the province, premier of the Conservatives and the reddest Red, all of whom he treats with the utmost respect. He has the truly democratic mind which is that every person has a right to his opinion, no matter how radical it may be.

Doubtless some people went to the meeting to hear some of the petty leaders make good their boasts of how they were going to treat the member for the district. They heard the dismal wail of the three self-appointed spokesmen and were not impressed with their efforts. Yet, in spite of the futility of their efforts, Mr. Pattullo treated them with proper respect and gave them considerable latitude. One was allowed to make a speech, even though it was only questions that were supposed to be asked.

The cares of office seem to have mellowed Mr. Pattullo a great deal. He sees things in their true proportions and refuses to be moved by importunities of his friends or the attacks of his enemies. While he may seem to have lost some of his fighting fire he gets nearer to the people! through his closer human sympathy.

While the Premier would not admit that the election would be at any particular time, he did admit that the early summer seemed like a good time for an election and it seems not unlikely that the Legislature will be dissolved before another session is held and that the next meeting will be of the newly elected members in the fall.

We do not have to forecast the result of the election. Mr. Pattullo did that for us last night. He said he expected to be returned and hinted that the development of the country would be so great in the next four years that the people would want him to remain in office for yet an-

other term after the next.

## DOWN YOUR ENERGY, DULLS HAPPINESS

Don't let common constipation take all the fun out of living. This condition drains your vitality and enthusiasm. It may also be the cause of dull headaches, poor appetite, sleeplessness. You feel punk.

Why endure half-sick days when you can correct constipation due to meals low in "bulk" by eating a delicious cereal?

Millions of people have used Kellogg's ALL-BRAN with satisfactory results. Laboratory tests prove it's safe and effective.

Within the body, ALL-BRAN absorbs twice its weight in water and gently cleanses the intestines. Isn't this food better than taking weak-

ening pills and drugs? Eat two tablespoonfuls daily. Three times daily, in severe cases. Serve as a cereal with milk or cream or in recipes. Sold by all grocers. Made and guaranteed by Kellogg in London.

fend herself. "Our provincial govsible in development of air services." Mr. Pattullo referred to the tain much for his district from lightful. strategic position of Prince Rupert both Conservative and Liberal in aviation and coast defence. governments. The appropriations There were to be considerable expenditures here.

In the course of his address, Mr. Pattullo charged the Vancouver Province newspaper with quoting him as having said things that he did not say and then pulling the statements to pieces editorially. "When we meet the Vancouver Province boys are always genial and seem friendly. But they do not seem to like me politically." In regard to the road loan of \$3,000,000 which has been raised, the Premier portance along this line materialdenied that \$5,000,000 had ever

been sought.

Local Road Question Turning to local matters, Mr. Pattullo brought up the question of the Skeena River Highway. He himself had made the suggestion i that it might be advantageous to connect the city up with the canneries but the Chamber of Commerce had advised him that it much preferred to concentrate on the road to Terrace. Personally, it was his desire that the road to the interior should be completed as soon as possible. Possibly it was not generally known that already \$700,000 had been spent on this road.

Voice-"And how much of it was!

Mr. Pattullo-"I have no doubt there was money wasted-and the unemployed helped to waste some

The Premier could not say at this time how much would be spent
