HAS FIRST SURPLUS IN FIVE YEARS

Few Canadian Born on Relief Lists Here; Englishman With Big Family Has Received Most

One of the striking features of an analysis of relief distribution made by the city over a period of years is the very small percentage of Canadian or British Columbia born appearing on the relief lists. Indeed, their number and the amount they have received is practically negligible.

The largest recipient of relief on the city's lists is a man of English birth, the family consisting of two adults and ten dependents, who has received \$4468.16 during 76 months he has been on relief.

Next largest is an Austrian family of two adults and four dependents which has received \$2643.56 in 63 months.

Others receiving large amounts of relief include a Norwegian family of two adults and three dependents which has been on relief for 57½ months and has received \$1893.80, and two Japanese families which have received \$1263.90 in 35 months and \$1064 in 38 months.

Japanese fishermen represent a very considerable number of those on relief. Scottish-born also appear to be quite well represented.

The largest unmarried recipient of relief here is an Irish fisherman who has been given \$458.70 in 36 months.

Dr. Townsend Found Guilty

Verdict of Contempt of House of Representatives Returned Against Him

WASHINGTON, D.C., Feb. 25.—A verdict of guilty of contempt of the House of Representatives was returned yesterday against Dr. Francis Townsend, father of the Townsend Pension Plan, who some months ago walked out of a federal investigation into the affairs of his organization.

Weather Forecast

Finished through, the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 24-hour period ending 5 p.m. tomorrow.

Synopsis—The pressure is low off the British Columbia coast and weather has been showery on the coast, but fair and mild in the interior.

Prince Rupert District—Moderate south to southeast winds, partly cloudy with not much change in temperature.

Queen Charlotte Islands—Moderate southerly winds, fair, increasing southerly winds with showers on Friday.

West Coast of Vancouver Island—Moderate northwest and south winds, mostly fair and slightly cooler.

MADE EVERY POSSIBLE FINANCIAL MISTAKE?

LONDON, Feb. 25.—Speaking here yesterday, Major Douglas, founder of the Douglas Social Credit plan, declared that Premier William Aberhart of Alberta has made every financial mistake it was possible to make. It should have been possible to make a success of Social Credit in Alberta, Major Douglas asserted.

HIGHWAY AT LEAST

Peace River People Favor Prince Rupert Railway But Are Getting Desperate at Unfulfilled Promises

Rancher Speaks

John Soderquist of Grande Prairie, Schoolmate of Olof Hanson, Tells of Need for Outlet

The people of his part of the Peace River country are strong for the railway outlet to Prince Rupert as being the shortest and best route and have been continuously agitating for it but, after being promised over and over that something would be done about it only to have the promises unfulfilled, they are now turning their attention to a highway project in the hope that something in that way may be accomplished, said John Soderquist, Grande Prairie district rancher who was in the city yesterday on his way home to the Peace River country after a trip to Vancouver and Seattle. Mr. Soderquist is located near Sexmith in Alberta near the British Columbia border on the railway line which terminates at Dawson Creek. Mr. Soderquist comes originally from Sweden and went to school in Tananas with Olof Hanson, M.P. for Skeena, whom he has not seen for twenty years. He arrived here from Vancouver on the steamer Prince George yesterday morning and proceeded east by train last evening. He has been farming for nine years in the Grande Prairie district, having moved there from Southern Saskatchewan.

The highway route which the people of Grande Prairie favor, says Mr. Soderquist, is from Rio Grande through Monkman Pass to strike the line of Canadian National Railways at Hansard east of Prince George. There is a distance of 132 miles of road which would have to be built but its construction would be very easy through country that is ideally suited for road building. Valleys are wide and flat and there would be no snow-slides. Nor would any bridges of any consequence have to be built, the longest, in fact, being at Hansard—only about forty feet long. An automobile concern intends to drive a truck through over the route during the coming spring. Money for the road is being raised among the people themselves who will also provide labor. Financial support is being sought from the federal and the provincial governments of British Columbia and Alberta.

"Such a road," said Mr. Soderquist, "would give us a means of marketing our products and of getting in goods which we cannot now obtain. We have a bumper crop in that district every year. There is room for many more people. The difficulty, of course, is the lack of an outlet. While the railway is the thing, failing that we think we are certainly entitled to a highway at least."

STRIKE BALLOTS REACH THIS CITY

First railway strike ballots have been received in Prince Rupert. The ballot is a rather large document containing a rather extensive statement of the union's claim for a complete restoration of the ten percent cut. The ballot, returnable individually by each employee entitled to vote, has a detachable section in which the employee indicates whether or not he is favorable to striking. The result of the vote, it has been already announced, will be made known soon after the middle of March by which time it is expected all ballots will be in.

FIGHT OVER FREE PORT

Which Shall be So Declared: Vancouver or Victoria?—Dr. Tolmie Active

OTTAWA, Feb. 25.—A dispute is on here as to whether Vancouver or Victoria, if either, should be declared a free port. Hon. Dr. S. F. Tolmie, M.P. for Victoria, is putting up a strong fight to have Victoria so declared. It is the logical place for a free port, he says, and is undoubtedly entitled to be made such.

MARKETING OF HALIBUT

Deputy Commissioner of Fisheries Tells Why Fleet Wants to Come Under Provincial Act

VICTORIA, Feb. 25: (CP)—George F. Alexander, deputy provincial commissioner of fisheries, said yesterday that self-imposed regulations within the Canadian section of the halibut fishing fleet to conform with what is being done by American vessels in spreading out the permissive area catch over the longest possible period was the aim behind requests for a British Columbia marketing scheme for halibut. Price regulations would not be attempted, Mr. Alexander said, and area catch limits were under sole control of the International Fisheries Commission.

TO CONDUCT MINE PROBE

G. L. Fraser Will Investigate Affairs of Hedley Amalgamated Gold Mines

VICTORIA, Feb. 25:—G. L. Fraser, Vancouver barrister, has been appointed to conduct a thorough investigation under the Securities Act into the affairs of the Hedley Amalgamated Gold Mines Ltd. trading in stock of which has been suspended on the Vancouver Stock Exchange after the price had broken in two within a few hours on Tuesday. Every phase of the company's affairs, it was announced at the attorney-general's office yesterday, including the suggestion that samples sent for assay to the government may have been salted. Some doubt is expressed, however, as to the possibility of samples being salted as they had been kept under lock and key.

Trading in the stock will not be resumed until after Mr. Fraser has made his report.

Starts Probe Today
VANCOUVER, Feb. 25: (CP)—An inquiry into the affairs of Hedley Amalgamated Gold Mines Ltd. began here in camera today and will probably continue for a week or ten days. G. L. Fraser is conducting the investigation under the Securities Frauds Prevention Act. Witnesses will testify under oath.

Adjustments of Values on Skeena and Bella Coola River Flooded Lands Are Made

After allowing a few minor adjustments, principally having to do with property of people who suffered damage to their property in the Skeena and Bella Coola River floods of last summer, John Dyb-havn, sitting as judge of the court of revision for the Prince Rupert district provincial assessment roll, following two days of hearings, approved the roll on Tuesday and adjourned the court.

Paints Picture of Improving Conditions But Says Path of Recovery Has Long Way to go Yet and Warns Against Speculative Adventures

Details of Government's Finances Told to House

Expectations of Improvement Have Been Realized But There Have Been Some Disappointments as Well, Minister of Finance Says

OTTAWA, Feb. 25: (CP)—Over all deficit of \$87,395,000 compared with \$159,989,000 last year was estimated by Hon. Charles A. Dunning, minister of finance, in his financial review for the fiscal year ending next March 31 given at the start of his budget address in the House of Commons today. The minister of finance painted a picture of improving conditions in most branches of economic activity but voiced a warning against speculative adventures which might cause another collapse such as occurred in 1929.

All figures for the current fiscal year are necessarily estimates, Mr. Dunning said, since the year does not end until March 31. The minister estimated total ordinary expenditures to be \$51,528,000 less than ordinary revenue, being the first surplus on ordinary account in five years.

The deficit on total revenue compared with all expenditures would be the lowest for any year since 1930-31 and compares with the minister's last year budget estimated deficit of \$100,000,000.

Total ordinary expenditures are estimated at \$391,860,000 and total ordinary revenues at \$443,388,000 out such extraordinary disbursements as Canadian National Railways deficits, unemployment and drought relief and other charges bring the grand total of disbursements to an estimate of \$539,518,000.

The total of all revenues, including an \$8,000,000 credit for the wheat board, refunds on capital investments and other credits, are estimated at \$452,123,000. The revenues are increased \$80,000,000 as compared with the previous fiscal year and were exceeded by 1928-29 only. They were forty-five percent greater than the lowest point of the depression.

Taxation revenues increased \$67,306,000 to \$384,618,000 with the sales tax producing the greatest single increase due to the increase in rate last year from six to eight percent. Income taxes produced the second largest revenue, \$102,000,000 an increase of \$19,290,000.

Expenditures on ordinary account were up \$19,327,000, largely due to New Brunswick and Quebec coming under the old age pension scheme. Capital expenditures were only \$3,447,000, a little more than half the disbursements under this heading during the previous year.

Railway Deficit Lower
The Canadian National Railways deficit is estimated at \$43,000,000 as compared with \$47,000,000 in the previous year. Total disbursements for government-owned enterprises are estimated at \$44,472,000 as compared with \$50,940,000 last year.

The national debt as at March 31, 1937, is estimated at \$3,393,945,000, being increased by the amount of the over-all deficit.

Assets are estimated at \$437,498,000.

The funded debt is estimated at (Continued on Page Two)

UNEMPLOYED ON STRIKE

List of Demands Presented To City Commissioner Who Will Give His Answer Tomorrow

A delegation representing the unemployed appeared before City Commissioner W. J. Alder with a list of demands. It was intimated by the delegation that the unemployed were already virtually on strike as far as relief work was concerned. The commissioner stated that he would give his answer on Friday.

The demands are for a fifty percent increase in relief, the reinstatement of Mr. Dominato as a foreman on relief work, permission to cut wood on Wantage Road and that there be no discrimination against strikers.

\$3,337,332,000 at an annual interest charge of \$125,081,459 while indirect liabilities, including guaranteed bonds and debentures, amount to \$1,003,000,000.

Recovery Realized
Mr. Dunning said that the expectation voiced last year of a strengthening and broadening of the recovery movement had been "amply realized." He said: "Since 1929 no New Year dawned with greater promise for Canada." Newsprint and mineral production had reached new high marks. Agricultural production had dropped but seventeen percent. However, there had been an improvement in prices and the farmer was slightly better off. On the other hand, construction activity had been less than in 1936 and employment figures were disheartening. Statisticians had estimated the national income for 1936 \$4,520,000,000 as compared with \$4,094,000,000 in 1935.

Mr. Dunning warned that there was still a great distance to travel along the road to recovery and that "there is more than a suggestion of a mentality such as led to the deplorable excesses of the late twenties."

Provinces Need Help
"Revenue raising powers assigned to the provinces do not appear to be commensurate with the responsibilities which they are given, or which they have assumed in an age of increasing provision for governmental social services," the minister of finance said.

"It is a basic principle that a government should be able to stand financially on its own feet—that it should itself be responsible for raising revenue necessary to meet its own needs. I look, therefore, with great confidence to results of an investigation into this whole problem to be made by a royal commission which is to be appointed. If this investigation and report are as competent, as impartial and as constructive as the occasion demands, they may well serve to point the way to such action as to make 1937 as significant in Canadian history as the year 1867."

Opposed to Speculation
Warning to stock market operators against further development of current speculative fever was sounded by Mr. Dunning in the budget speech. If carried further, false standards of value and unbalanced development would result with their "inevitable aftermath." Full co-operation of stock exchanges and banking institutions would be necessary to regulate the flow of credit into speculative channels in order to prevent a new disaster. Some contraction of credit might be necessary to prevent excesses in the rising tide of Canadian business activity sooner than many people expect at the moment, he said.

"The control of the volume of money and credit with a view to mitigating the extremes of booms and depressions is one of the primary functions of a central bank," he said. "The easy money policy which has been followed in the recent past is, in my opinion, an illustration of appropriate action in time of depression. There will come a time, however, and it may come more quickly than many of us expect, when precisely the opposite policy will have to be followed if the best interests of the country are to be served."

TOURNEY AT BILLIARDS BURNS LAKE CONTINUES

Smithers Skiers Make Good Showing in B. C. Championships

Queen Crowned

SMITHERS, Feb. 25.—The ski artists of Smithers travelled to Burns Lake to take part in the British Columbia championship tournament held there on Sunday and Monday and advices arriving in Smithers yesterday indicate that they had been very successful in competition with contestants from other points.

Brief despatches from that point give the standing in the various events as follows:

Men's Slalom—1 Chris Dahlie (Smithers), 2 N. Kaldahl (Quesnel), Men's Cross Country—1 Kusella Southbank, 2 K. Nysen (Smithers), 3 J. Holst (Smithers).

Ladies' Slalom—1 Martha Dahlie (Smithers).

Ladies' Cross Country—1 Martha Dahlie (Smithers), 2 Peggy Nystrom (Smithers), 3 May Ford (Smithers).

Boys Jumping under 14—1 Halvar Dahlie (Smithers), Jorgen Dahlie (Smithers).

Boys' Cross Country—1 Jorgen Dahlie (Smithers), 2 Halvar Dahlie (Smithers).

Men's "B" Cross Country—3 Steen Olofson (Smithers).

Men's "B" Slalom Race—1 Steen Olofson (Smithers), C. Dahlie (Smithers).

Men's Class A Jumping—1 N. Kaldahl (Quesnel), 137 feet; 2 J. Holst, Smithers, 116 feet; 3 C. Dahlie, Smithers, 110 feet.

Combined Class A Events—1 J. Holst (Smithers), 2 N. Kaldahl (Quesnel).

Combined Class B Events—1 Frank Smith (Burns Lake).

Weather Ideal

Hill conditions were slow but the weather was ideal with bright sunshine and there was a record crowd to witness the contests.

There were more competitions than were ever put on before by the Omineca Ski Club and competition was very keen among the record number of contestants.

Miss Ruth Trousdell of Burns Lake was crowned "Queen of the Snows" at the Grand Ball which wound up the tournament on Monday night.

The scene now moves to Smithers where the competitors will take part in the tournament that will start here on Thursday and continue over Friday with a Grand Ball and the crowning of the Carnival King on Friday night.

Neil Cameron Defeats Charlie Balagno 500 to 443

The second game of the city billiard championship, sponsored by the Canadian Legion, took place last evening with Neil Cameron, present holder of the trophy, winning from Charlie Balagno by 500 to 443.

The first half was rather slow although even, and at the interval Cameron was leading by only 23 points, the scores being: Cameron 253, Balagno 230.

The second half found Cameron pulling ahead with a 22, a 29, a 20 and a 26. The balls were running well for him and he was about a hundred ahead when at last Balagno got going and ran up a fine break of 38. The issue was never in doubt, however, and Cameron won as slated.

Balagno, who had not played since the last city championship, showed how he was handicapped by lack of practice. His losing hazards, usually his most reliable shot, were not scoring. Cameron was fair, and produced some timely calculated canons.

The series continues on Friday evening when Cameron and Don Brown meet. Earlier in the week Brown beat Percy Tinker 500 to 265.

To add interest to the series it has been planned that each player plays each of the other players so that the series is by no means decided yet.

There was an interested attendance last night of followers of the "green table" game. Jack Allen was referee and George Dawes marker.

BRIDGE IS TIED AGAIN

Play-Off Between Grotto And Musketeers For Second Half Honors Needed

In the final postponed fixture of the second half of the Prince Rupert Bridge League schedule, Musketeers defeated Ramblers by a score of 6 to 3 last night, thus tying up the standing with the Grotto and making a play-off necessary to break the deadlock. The date of this play-off between the Musketeers and the Grotto has yet to be set. Should the Musketeers win, it will settle the season's honors as they were winners of the first half. Should the Grotto win, however, there would have to be another play-off to decide the 1936-37 season championship.

Passing of Pat Burns

The late Senator Burns always was known to millions of people as "Pat." He seldom got "Mister Burns" from anyone. As to a title, it was wholly foreign to his nature. Pat Burns had a store in Prince Rupert—one of hundreds throughout the country—which was always well known for the quality of the products sold there. People who could afford to do so ran an account there. That was the type of business he did. He knew his public and they knew him and the result was he made a fortune. It was not luck that made him a great merchandiser. It was ability in merchandising.

Defence Approved

It is wonderful how easily and rapidly the defence plans of the federal government were adopted by Parliament. There was a little flurry caused by the opposition of the few C. C. F. members in the House, magnified by the newspapers, because of lack of other news material at the time. It was a very feeble gesture and did not represent by any means the general opinion of C. C. F. supporters. There were a few Liberals and Social Crediters who did not like the move but the opposition could not be considered more than a little flutter in the parliamentary dovecot. For six days the measure was before the House of Commons and now it is all ready for the Senate and the Governor General's signature.

HOSPITAL DISCUSSED

Board in Lengthy Session Last Night to Consider Offer of Sisters of St. Anne

The board of directors of the Prince Rupert General Hospital was in session last night for over three hours discussing the offer which has been made by the Sisters of St. Anne to take over the Prince Rupert General Hospital and build a new modern fireproof hospital at a cost of not less than \$200,000.

No statement was made after the meeting except the comment that nothing definite had been arrived at.

In any case, it is not expected any final decision will be made by the board in view of a resolution which was passed at the recent annual meeting of the Prince Rupert General Hospital Association that "in the event of any person, firm or corporation coming forward with a proposal to erect and operate a new hospital, a special meeting be called within two weeks to consider such a proposal."

Whether or not the hospital board intends to make any recommendations in the matter is not known.

Tonight's train, due at 10:20, is reported one hour late.

LOOK OUT FOR THOSE HALF-SICK DAYS

Everybody, at one time or another, has had such days. You may have a headache, bad breath or coated tongue. You feel listless—"down-in-the-mouth." Often these are signs of common constipation. It's dangerous to neglect constipation. This condition is usually due to "low-bulk" meals. Get "bulk" back by eating a delicious cereal.

Kellogg's ALL-BRAN has helped millions of people keep regular habits. Within the body, ALL-BRAN absorbs twice its weight in water, forms a soft mass, gently cleanses the intestines.

Isn't this food better than taking artificial pills and drugs—often habit-forming? Try ALL-BRAN for a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Just eat two tablespoonfuls daily, either as a cereal with milk or cream or in cooked dishes. Three times daily, in severe cases. Sold by all grocers. Made and guaranteed by Kellogg in London.

AGREES SO WELL WITH ALL BABIES

CARNATION MILK has made a special reputation in the case of premature and other hard-to-raise babies. But it also is specially good for all bottle-fed babies. It is so easy to digest, so safe, and has an extra amount of "sunshine" vitamin D. These virtues are the results of the way Carnation treats rich, whole milk—evaporation, homogenization, irradiation, and sterilization.

Carnation is also extra good for cooking and creaming. Try it. Write for these Carnation books. "The Contented Baby" is free. The Carnation Cook Book with full-page, full colour illustrations is 10c. Address Carnation Company Limited, Abbott St., Vancouver

Delayed Funeral Held Wednesday

Interment of the late John Ewan, of Telegraph Creek, whose death occurred a couple of weeks ago and whose burial had to be deferred as the Cemetery road was impassable on account of snow, took place yesterday in the returned soldiers' plot at Fairview Cemetery. Rev. J. W. Stevenson, pastor of First Presbyterian Church, officiated at the committal service and the Last Post was sounded by Robert Greenfield. Pallbearers were J. A. Allen, James N. Kelly, Malcolm McLeod and Arthur Beale.

Father Lofthus of Vancouver, who has been conducting missions for the Roman Catholic Church at Terrace and Stewart, is now in the city and will conduct a mission here throughout next week.

PAINS ALL OVER HIS BODY

Kruschen Made Him Feel a New Man
Read the experience of this man who had rheumatism so badly that at times he was prevented from working:
"About 10 months ago," he writes, "I suffered terribly with rheumatism and neuritis. The pains were all over my body and some days I could not even get up from bed to go to work. A friend visited me and suggested that I should try Kruschen Salts. I did so, the result being that the pains seemed to gradually disappear. I have been going to work ever since without a break, thanks to Kruschen Salts, and I feel a new man."
—A.R.

Rheumatic conditions are frequently the result of an excess of uric acid in the body. Two of the ingredients of Kruschen Salts are notable for their work in dissolving uric acid. Other ingredients assist Nature to expel the dissolved acid from the system.

Radio Station For Christmas Islands

LONDON, Feb. 25.—The British government will establish a radio station on the Christmas Islands in the Southern Pacific, control of which it is taking over, it was stated here yesterday. The Christmas Islands are on the direct route from Canada to the Antipodes, and may be used as a stopping place in trans-Pacific air service.

Vancouver Wheat
VANCOUVER, Feb. 25: (CP)—Wheat was trading at \$1.25 per bushel on the Vancouver market yesterday, dropping to \$1.23 1/2 today.

C. N. R. steamer Prince Charles, Capt. Edward Mabbs, is not expected in port before late tonight from Vancouver via the Queen Charlotte Islands. The vessel left Skidegate Inlet at 10 o'clock last night for Massett Inlet. On the way north the vessel made a call at Union Bay, Vancouver Island, to load coal. She or the Prince John will sail at 10 o'clock Friday night on the return south via the Queen Charlottes. The Prince Charles' north-bound passenger list included a large party of loggers returning to the Moresby Island camps which are reopening after having been closed down for a couple of months or so.

Concert Is Appreciated

Excellent Entertainment Last Night at St. Paul's Lutheran Church

A very enjoyable concert was staged here last night at St. Paul's Lutheran Church under the auspices of the Ladies' Aid, the entertainment being very well attended.
The program, with Rev. L. C. Jensen presiding, opened with community singing and those contributing thereto were Mrs. H. O. Johnsen, with two piano solos; selections by a male quartette consisting of Peter Lien, Nels Gundersen, B. Petersen and Ingvald Fenness, accompanied by Mrs. Fenness; organ selections, "Courante in G Minor" (Handel), "Andantino" (Heller), and "Open Portals" (Peter Lien), by Peter Lien; vocal solos by Mrs. Karl Dybhavn; and selections by the Varden Singers.
Refreshments were served, the whole affair being under the supervision of Mrs. Chris Jensen.

ACCIDENTAL DEATH
The coroner's jury at the inquest yesterday afternoon before Coroner A. J. Lancaster into the death of Jack Carlson in a railway rock pit near Salvo on Tuesday night returned a verdict of accidental death with no blame attachable to any person.

"I never thrust my nose into other people's porridge. Every man for himself and God for us all."
Sancho Panza's saying has been expressed by many others in different words. "First things first" says Herbert Spencer. "To thine own self be true" says Shakespeare. "You deserve the best" say Albert & McCaffery.
For twenty years Albert & McCaffery's coal has been the best available. It is the best today. It gives you the most heat for the least money—and that's what you want. And besides giving you the most heat, it's the most economical because—it lasts!
Next time you need coal, just phone 116 or 117 to Albert & McCaffery and order Nanaimo-Wellington for furnace and heater. For the kitchen range, ask for Egg size Balkan Minehead—Alberta sootless. It's trade name is "Inferno"—it's hot! And it lasts, too.
You deserve the best!
