BLOCKADE IN FORCE

Land and Sea Patrol of Spanish Frontiers Under Way-Madrid Bombed by Night

Bilbao Relieved

British Food Ship Slips Into Port With Precious Cargo Of Provisions

SALAMANCA, Spain, April 20: (CP)-Insurgent Spain was today converted by Generalissimo Francisco Franco into an authoritarian state after the pattern of Italy and Germany with himself as virtual dictator of the territory his armies have wrested from the Spanish government. By a single sweeping decree the generalissimo outlawed all political parties except one under his sole leadership and took over all semi-military organizations.

The decree declared that the action did not shut the door to possible restoration of the Spanish monarchy if Franco's armies were victorious.

The two major insurgent political parties-United Phalangist and Carlist Requetes-are combined into a state party similar to the Fascists in Italy and the National Socialists in Germany. Franco has decreed that the new party will be known as the "Spanish Phalanx of Traditionalists and the Offensive National Syndicalist Juntas."

LONDON, April 20:-The nonintervention blockade by sea and land designed to isolate the Spanish civil war finally got under way at midnight last night. Warships of Great Britain and France are patrolling off the insurgent-controlled coastline of Spain while trolling the government-controlled portion.

Land observers have also been posted on the various frontiers with a view to preventing smuggling in of volunteers or war supplies.

In spite of the Spanish insurgent blockade, the British merchant ship Seven Seas Spray, carrying food for starving Bilbao, slipped into Bilbao Doctor Hopeful That harbor during the night. A British destroyer protected the vessel until she was ten miles from Bilbao and then she proceeded under apparent protection of Basque coast artil-April 20:-Threats lery, Spanish government destroy-

Will Smelter Reopen?

DAILY EDITION

Tuesday, April 20, 1937

It is understood that the Consolidated Mining and Smelting Co. of Trail has under consideration the possi-ed that it belonged to Riel and Ballinger's with 165. Individual bility of reopening the Anyox smelter or constructing a had been carefully concealed it scores were as follows: new smelter, probably at Anyox. There was an inspection the thicket by his followers to of the Anyox plant made by officials of the company re- facilitate his escape. cently and it was generally understood that this was for Ralston. "Hard tack, American the purpose of advising the company as to what action to salt pork, with an occasional take. The rise in price of base metals, particularly copper, bear steak was the usual fare." has made it desirable for the company to produce as much | Ralston was one in a party of copper as possible in order to take advantage of market Indian lines to Batoche for sup conditions and it is known that there is still considerable plies. They were accompanied by copper ore at Anyox that could be mined profitably at the part of the Toronto Cavalry and present price.

Should Anyox smelter reopen it would cater to the general customs smelting on this coast and would also probably handle the concentrates coming from Big Missouri they camped for the night. Raland would be a great encouragement to mining on the ston was scouting about the came coast.

Speaks Well For Future

It speaks well for the future of Prince Rupert that over eighty persons should attend the annual meeting of the Riel had been caught and it was horticultural society to discuss and hear about gardens revealed the mount which Ra! and gardening. It was noticed at the various tables that ston had found was Riel's pony the general subject of conversation during dinner was with which he had hoped to esflowers and their cultivation, the experiences of those cape. present providing valuable educational talks which they would not give to a meeting but which they are ready to Entertainment Is give to their immediate neighbors at table.

The whole theme of the banquet had to do with the value of flowers and the pleasure to be derived in cultivating them. With a nucleus of eighty people set upon Cathedral Young People's Club beautifying the city, Prince Rupert should very soon become what it is aimed to make it, "The City of Gardens," or as Mrs. Mandy ably put it, "The City of Fish and Catholic Young People's Club Flowers."

The Letter Box

A POINT OF VIEW

Editor, Daily News:-Your editorial on Saturday on cabinet solidarity and the attempted excuse for the action of Premier Hepburn of Ontario in opposing the Oshawa strikers on the assumption that there is an alliance between the strikers and communism impels me to say a word on the subject.

Communism and socialism are today, as always, one and the same thing economically applied—just as lare Liberalism and Conservative economically applied. All are theses of administrative policy. The term communism as used by Premier Hepburn, G. G. McGeer, R. H. Pooley and many other simpleminded politicians is used as a scarecrow for some and a camouflage for themselves in their allegiance to the ruling class, their

However, this thing that you choose to call communism is the thing that has gone by many names such as socialism, Bolshevism, O. B. U., etc. Call it what you may, the force Premier Hepburn is opposing is the great working class in its onward march toward eman-

Yours for the success of the Oshawa strikers and the political end of Hepburn.

Trainer Gives His Team Kruschen

"Daily Dose" For Footballers

what one professional trainer does to keep his team in tip-top condition:-

"I am a professional trainer, at present with a first-class football team, and have been for the past fourteen years. Kruschen Salts has been very beneficial, both as a laxative and in keeping the men free from staleness. Each morning I see that every man under me takes a small amount of Kruschen Salts to assist the liver and kidneys. I have used Kruschen with all types of athletes, and also extensively among my private patients, for cases of lost vitality, rheumatism and neuritis."-J. J. J. (Certified Masseur).

The "little daily dose" of Kruschen Salts helps to keep the internal organs functioning regularly in their daily duties. Liver, kidneys and bowels are stimulated to healthy, vigorous activity, thus assisting them to eliminate waste products and poisons that endanger the health.
