Petrograph Rock to be Placed in Alder Totem Park Near Salvation Army Citadel

At a meeting of the Museum Board held at the Prince Rupert Fisheries Experimental Station Wednesday afternoon, R. L. McIntosh presiding, arrangements were made for the placing of the large rock with ancient Indian petroglyphs in the Alder Totem Park near the Salvation Army Citadel. It will be protected by an ornamental fence and it is planned to have an inscription placed on it. This was donated to the museum some time ago by Rev. Canon W. F. Rushbrook and associates but has been lying on the C. N. R. dock awaiting disposition.

A committee consisting of Rev. Canon Rushbrook and Mrs. J. B. Gibson was appointed to try to arrange for the collection of wild flowers by the school children during the summer. The flowers will be pressed by the children but the arrangement will be looked after by the committee. These will be placed in the museum and a prize will be offered for the best collection.

Commencing from the first of this month the museum will be open to the public daily from 9 to 12 and from 2:30 to 5 except Saturday when the morning hours will be 10 to 12.

Among recent donations to the museum was a fine chief's ceremonial suit of wolf skin trimmed with beaks of birds. It was given to the museum through City Commissioner Alder by Oler Besner.

Dr. J. T. Mandy brought in fossilized leaves donated by Olof Lindstrom of U.S. and a piece of fossilized tree trunk from Smithers and specimens of bismuth telluride from Glacier Gulch mine donated by S. F. Campbell.

Dr. D. J. MacDonald of Kincolith sent in a piece of green jade taken by his son from the stomach of a cod fish.

Dr. Neal Carter brought in from the Fisheries Experimental Station a number of marine specimens exhibited in jars including one of the rat fish.

Another interesting exhibit recently received was an ancient document written on parchment and dated A.D. 1364 sent in by R. G. McKenzie of Queen Charlotte City.

Robert H. Bartlett was appointed secretary treasurer.

## Mountaineering Party Leaving

Bradford Washburn and Companions to Depart From Seattle Tomorrow For Alaska

SEATTLE, June 4.—Bradford Washburn, veteran Alaska explorer and mountaineer, and other members of his party including Russell Dow, Roland H. Bates and Norman Bright will leave here tomorrow for Alaska. With Robert Reeve of Valdez acting as pilot for the expedition, it is planned to make ascents of Mount Luscania and Steele in Southwestern Yukon.

## George Weaver Returns South

C. C. F. Candidate Addresses Local Club Before Departure For Vancouver

Prior to sailing last night by the Prince Rupert on his return to Vancouver, George Weaver, member of the provincial executive of the Co-operative Commonwealth Federation who was the party's candidate in the provincial election in this riding, addressed a special meeting of the local C. C. F. Club. G. W. Rudderham was in the chair and there was a good attendance of club members. Mr. Weaver urged a steady continuation of the Socialistic campaign and advised his listeners to commence preparation at once for the next federal election. He expressed gratification at the showing that had been made by the movement in the provincial election.

## FORMULATE NEW PLAN

Health Insurance Expected to Receive Early Consideration Of Government Again

VICTORIA, June 4: (CP)—Following endorsement by the voters of the plebiscite held simultaneously with the provincial election this week, it is expected the provincial government will at an early date commence consideration of a new comprehensive health insurance scheme for the benefit of some 100,000 odd low wage earners in British Columbia. With seven outlying ridings still virtually unreported and only a few polls available in most of the rural sections, the vote in the province-wide state medicine plebiscite so far appears to be running about four to three in favor of health insurance.

## LANDINGS AWAY UP

Notable Increase, Particularly in Canadian Halibut Arrivals, At This Port

Halibut landings, particularly Canadian, for the month of May at Prince Rupert showed a very marked increase this year over last.

The landings this May aggregated 2,145,000 pounds as compared with 1,552,000 pounds in the same month last year.

The Canadian total for the past month was 1,298,000 pounds as against 742,000 pounds in May 1936. American landings for May this year aggregated 847,000 pounds as compared with 810,000 pounds.

Fishing conditions, generally speaking, were favorable during the month.

## Halibut Sales

## Ford Probe Continuing

One Man Grand Jury Still Hearing Evidence—U. A. W. A. Head Files Charges

DETROIT, June 4: (CP)—The one-man grand jury is continuing an investigation of last week's fight between employees of the Ford Motor Co. and members of the United Automobile Workers of America. Special interest will attach itself to the appearance of Edsel Ford, president of the company, who has been subpoenaed to appear.

Homer D. Martin, president of the United Automobile Workers of America, has announced that charges of unfair practices have been filed with the National Relations Board against the Ford Company.

## Card of Thanks

Mrs. Joseph Rowat wishes to convey sincere thanks and appreciation to all friends for their sympathy and kindness extended during her recent bereavement.

## Log Scale Takes Big Jump During Month of May; Year To Date Well Ahead of 1936

Timber scalings in Prince Rupert forestry district for the month of May this year, totalling 16,604,117 board feet, were nearly double those of the same month a year ago when 8,403,902 board feet was recorded. This brought the aggregate for the season in this district to date up to 21,042,711 board feet as compared with 19,279,116 board feet in the first five months of 1936. Increased activity in logging on the Queen Charlotte Islands largely accounts for the increase.

Per varieties, the scale for this May was as follows, the figures for May 1936 also being shown for comparison:

	1937	1936
Fir	607,772	
Cedar	1,814,231	54,617
Spruce	8,471,581	4,855,454
Jackpine	141,098	6,900
Hemlock	5,343,801	3,477,124
Balsam	224,377	2,316
Miscellaneous	1,257	7,491
Totals	16,604,117	8,403,902

Forest Products

Production of poles and piling in the interior this May amounted to 3,454 lineal feet, including 22,861 lineal feet cedar, as compared with 71,398 lineal feet—all cedar—in the same month last year.

The tie count this May was 22,933 pieces—all in jackpine—as compared with 27,274 pieces a year ago.

Thirty-five cords of cedar cordwood and 11 cords of cedar fence posts were recorded this May.

## High Flying Over Rupert

The odd scintillating flash far up in the clear, azure skies was all that could be seen around 8 and 9 o'clock this morning of one of the Royal Canadian Air Force topographical survey mapping planes which attained an altitude of some 15,000 feet over the city in the course of its special work. The bright, clear, sunny weather of today is just such as is required for the survey work. Today's flight was the highest ever made over Prince Rupert.

## BIG PARTY ON MONDAY

Los Angeles Chamber of Commerce Goodwill Tour Group of 300 Coming Here

In the course of a Los Angeles Chamber of Commerce goodwill tour to Alaska aboard the Canadian National Steamships liner Prince Robert, Capt. H. E. Nedden, which has been chartered for the trip, some three hundred Californians, the large majority from Los Angeles, will be in Prince Rupert on Monday morning next. It will be one of the season's most important tour groups. The Prince Robert will arrive here at 8 a.m. Monday and the visitors will be welcomed by the Prince Rupert Chamber of Commerce. They will visit the plant of the Canadian Fish & Cold Storage Co. and other points of interest before leaving at 11 a.m. for Alaska. Ketchikan, Sitka, Juneau, Wrangell, Skagway and other points will be visited and the party will be back here again southbound a week from Sunday from 9 a.m. until 3 p.m.

## NO FEARS OF FLOOD HELD

Skeena River Is Expected To Keep Within Bounds This Year

TERRACE, June 4:—The weather has become fine and warm but the nights are cool. Although the Skeena River is rising steadily there is not much apprehension that there may be a repetition of the flood disaster which visited the district in 1936. Those who are wise regarding the ways of the river say there is not as much snow in the interior of the country and that last season's debacle had the effect of removing snow and ice which had accumulated over a period of many years. It gave in fact a decided kick to the already retreating glaciers.

## Surf Point In Pattullo Favor

Five Outlying Polls Still to Be Heard From in Provincial Election

Surf Point, latest point in Prince Rupert riding to be heard from following the provincial election on Tuesday, gives Pattullo eight votes, Evitt, 4, and Weaver 2. This leaves but five polls still to be accounted for: Osland, Murchison Island, Lockport, Hutton Island and Cumshewa.

The vote to date stands as follows:  
Pattullo ..... 1436  
Weaver ..... 758  
Evitt ..... 642  
Colthurst ..... 13

A charge against Harry Farley or room prowling was dismissed in city police court yesterday afternoon. L. W. Patmore was defence counsel.

## ORIENT IS DESCRIBED

Ed. Lipsett Speaks to Rotary Club And Mentions Incidents During Visit to Australia

The Japanese mode of living has a direct bearing on the ability of Japan to undercut other nations and thus secure business in almost every country, according to Edward Lipsett of Vancouver, head of the firm bearing his name in this city who addressed the Prince Rupert Gyro Club yesterday on a recent trip to Australia by way of the Orient. He told of a mechanic with a family of fourteen children who was then being paid the sum of two yen a day, the yen being at that time worth 28 cents in Canadian or United States money. He recalled that, during a trip to South America, he found Japanese goods everywhere and Brazil had to place a surtax on Japanese products in order to protect their own manufacturers.

Mr. Lipsett told of the trip across the Pacific on the Empress of Canada, the service on which was unsurpassed. A day was spent at Honolulu and calls were also made at Yokohama, Kobe and Shanghai. At Shanghai he and Mrs. Lipsett visited a Catholic home for orphan girls. While there a baby, only a few hours old, was brought in wrapped in a newspaper and was cared for by the sisters. The children were given a modern education and married off to Chinese workers. On the trip from Hong Kong to Singapore on a P. & O. vessel they had two thousand Chinese workers aboard, going to Shanghai to work in the rubber plantations on the Malay Peninsula.

At Hong Kong, one of the beauty spots of the trip, they visited the Peak and looked down upon the British fleet below and this gave them a feeling of security which was very satisfying.

At Singapore they met a number of former friends and were shown the enormous graving dock and floating drydock, the latter of which had become stuck in the Suez Canal on the way out from England. It was big enough to lift the Queen Mary.

Java Beautiful

Java proved to be an interesting and beautiful island with fifty million inhabitants increasing at the rate of half a million a year. The death rate is also high. It exports rice, bananas, pineapples, tea, coffee and copra.

Travelling on a Dutch coasting ship the captain gave a dinner at which he made a fifteen-minute speech in excellent English and also addressed the French and Dutch passengers in their own language. He also spoke German and Malay.

Going into Brisbane Mr. Lipsett was told by a lady resident who was returning on the ship, that there was nothing to see. However, he was driven around the city and found it most interesting. They had some fine gardens which particularly pleased Mrs. Lipsett. It reminded them of other places where residents disparage their own home town.

The address proved most interesting and at the close President C. V. Evitt thanked the visitor for his address and expressed the hope that he would come again.

Visitors to the club included Dr. A. L. Pritchard of Nanaimo and Orme Stuart of Prince Rupert.

### Social Credit

We have a note from Capt. John Bowen-Colthurst, who was a candidate here on the Social Credit platform, in answer to a criticism of his candidature made by this newspaper. With the note was enclosed a pamphlet on "Social Credit for British Columbia" published by the Social Credit League of British Columbia which we are asked to read. Mr. Colthurst says he hopes we will read it and, of course, if we don't we won't understand.

Our criticism was that though we had attended two Social Credit meetings we had not heard the theory expounded in such a way that it could be understood by the ordinary person. Aberhart expounded it so that the people of Alberta understood when he said that, if they returned a Social Credit government each person would receive a monthly dividend of possibly about \$25. That was clear to them all and they are still hoping that some day they will receive that dividend.

When Social Credit advocates give up criticizing other people and devote their efforts to expounding their theories in such a manner that its rudiments can be imparted in an hour or two, we shall take the trouble to study their literature. Douglas, himself, the initiator of the system, addressed the intellectuals in Victoria for an hour or more and left everything as clear as mud. Since that time everybody has been wondering what it was all about and many have tried to find out by studying their literature. These students have failed to master the system so that it can be imparted to the ordinary mortal in a brief speech.

We have great respect for Captain Colthurst and we suggest that his delightful personality would be an aid to any cause but it must be a cause that can be explained in such a manner as to appeal to an average audience in a reasonably lengthy speech. Until this can be done we think the Social Credit advocates are wasting their time.

The business of government is a serious business to be considered in a serious manner by serious men intent on finding a solution of the problems which meet us on every hand. Many people were hoping that Social Credit might have helped in solving some of these problems. It has evidently set some people thinking along new lines, which in itself is of benefit to the individual. Possibly even yet the theories may be so clarified that they may become of practical use. In the meantime, evidently, we shall have to muddle along in the old way, making such adjustments to the old and tried system as may be suggested from time to time.

#### SINGLE VS. MARRIED

Editor, Daily News:

May we take up a small portion of your valuable space to voice our protest against the married women who are hired in positions young single girls could hold.

There are many married women who are holding jobs in this town who, by no means, need work as their husbands have good positions. Many halibut fishermen's wives are holding positions to either pass the time away or for buying beautiful clothes for themselves.

Do you citizens of Prince Rupert think this fair, to the many young single girls who are willing to learn and work? Why should people patronize any concern that employs married women who do not need the work? Maybe the girl lacks experience but why not give her a chance to learn? Everyone had to start at the bottom at one time.

Here's hoping a few of the single girls can obtain a job even though they lack experience. Thank you, Mr. Editor.

Lutheran Tea and Apron Sale, Saturday 2 to 6, Program 8 p.m. Metropole Hall. All come. (128) fare. (129)

Joe Jack brought to the Daily News office today a fine dark double red rose. He says he picked his first one a week ago.

Johnson Russ of Greenville arrived in the city this morning after spending a few days at Port Simpson and will proceed to Sunnyside Cannery where he will be located for the summer.

Miss Marie Murphy, who has been ill with rheumatic fever for the past six months, is recovered sufficiently to move from Victoria to Winnipeg, where she is slowly improving. She is staying with her parents, Mr. and Mrs. D. E. Murphy.

Robert Matheson, after spending a few days here visiting with his parents, City Treasurer and Mrs. D. J. Matheson, left on the Prince Rupert last night for Vancouver enroute to Edmonton whence he will fly to Great Slave Lake where he has accepted a position as a mining engineer with the Gordon Lake Syndicate of Toronto. Until recently he had been with the Bralorne mine in the Bridge River district.

Hill 60 Chapter, Imperial Order, Daughters of the Empire, will again hold its annual Rose tag day tomorrow for the purpose of raising funds to be used for the aid of needy school children such as providing shoes, rubbers and stockings as well as milk for infants or under-nourished children. Last year \$115 was collected and to date \$107 has been expended, all locally. The roses are made by crippled children.

"Hill 60" Rose Day, Saturday June 5. Proceeds for child welfare. (129)

Connie Moody, charged with vagrancy, has been remanded for eight days in city police court.

W. H. Tobey left on Wednesday evening's train for a trip up the line as far as Jasper Park on official duties.

Mrs. Horace Tattersall will sail tomorrow morning on the Princess Adelaide for Vancouver to attend a Rebekah Grand Lodge convention.

Mrs. J. H. McClinton, wife of Sergeant J. H. McClinton, provincial police, sailed last night on the Prince Rupert for a trip to Vancouver on escort duty.

Mrs. G. A. McMillan and two children and Mrs. Reginald Kelsey and child sailed last night on the Prince Rupert to visit in Vancouver and elsewhere in the south.

Dr. J. T. Mandy, resident mining engineer, is home from the interior where, along with Douglas Lay, another district engineer, he has been making a survey of the mining districts with a view to encouraging shipments of ore to the sampling plant to be established in Prince Rupert. He will be leaving probably next week for the Allin country and will be accompanied there by Mrs. Mandy.

Mrs. J. W. Stevenson, wife of Dr. Stevenson, pastor of First Presbyterian Church here, will arrive in the city next Thursday from Montreal, accompanied by her son, James A. F. Stevenson, who has just received his Bachelor of Arts degree at McGill University with first class honors in psychology and who, after spending the summer here, will return to the university to take his Master of Arts degree after which he will proceed to the study of medicine.

Last night a committee of the Prince Rupert Horticultural Society spent an hour or two revising the prize list for the flower show to be held here probably the second week in August. A few additions to the list were made and a few increases to prize money. The date for the show was not set as the Canadian Pacific summer steamship schedule was not available and it was the desire of the committee to hold the show on a day when three large boats were in port.

**An Explanation**

Shan and Lee take this opportunity to rectify any misunderstanding that may have occurred in connection with the recent Election Dance and Frolic held at the Moose Hall. It seems that Prince Rupert's dance fans were under the impression that a Vancouver orchestra would be present. The fact still remains that the boys were advertised as Rupert's new Swing Band, merely a new combination of some of the best musicians in town and not a Vancouver product. In spite of this slight misunderstanding it appears a pleasant evening was enjoyed by all.

Two Salmon Canneries Start Packing — Scientists Going South—Seattle Halibut Landings.

The Anglo-British Columbia Packing Co.'s cannery at Arrandale on the Naas River and the J. H. Todd & Sons plant at Inverness on the Skeena River are the first salmon canneries to start packing in Prince Rupert district this season. Both started putting up springs during the past week. The majority of the district plants will not start packing until the commencement of the sockeye season at the first of July.

C. P. R. steamer Princess Adelaide, Capt. Henry Anderson, is due in port at 5 o'clock this afternoon from the south and will sail as soon thereafter as possible on a special voyage to Ketchikan to pick up passengers, returning here tomorrow morning south-bound.

The Prince Rupert Fishermen's Co-operative packer Ogden delivered 3,500 pounds of salmon yesterday from Banks Island as well as 1500 pounds from Squad-are. The Azurite brought in 1700 pounds from Zayas Island and 2200 pounds from Dundas. The following trollers were in, receiving advances of 9c and 6c from the Co-operative: Success, Capt. C. Wikdal, 1000 pounds; Allons, Capt. A. Johansen, 3,500 pounds.

Robert Manson, who has been working for the past six months at the Prince Rupert Fisheries Experimental Station, has joined the staff of Dr. J. H. Carson's halibut liver manufacturing plant here.

Dr. Neal Carter, Dr. H. N. Brocklesby, Dr. W. A. Riddell and Dr. L. I. Pugsley of the scientific staff of the Prince Rupert Fisheries Experimental Station will be leaving on Saturday of next

week for Vancouver to attend the annual Canadian Chemical Association convention which will be held for the first time in the West. Six scientific papers, prepared at the local station, will be read at the convention.

C. C. Kuchel B. Sc., of Adelaide, Australia, who is engaged in fisheries research work for the Australian government, is at present at the Atlantic Fisheries Experimental Station at Halifax and late in the coming fall is expected in Prince Rupert to spend the winter at the Pacific Fisheries Experimental Station. The parents of Mr. Kuchel, who has been for the past year in England, were recent visitors in Prince Rupert before proceeding to Halifax.

Four halibut vessels sold catches totalling 129,000 pounds at Seattle yesterday as follows: Radio, 39,000 pounds, San Juan, 8½c and 8c; Sunset, 35,000, San Juan, 8½c straight; Thor, 40,000, Whiz, 8½c and 8c; Evolution, 15,000, Booth, 9½c and 7c.

Ken Harding of the Prince Rupert Fisheries Experimental Sta-

tion staff will leave at the end of June for Vancouver on two months leave of absence. He will take up studies at the University of British Columbia. Bert O'Neill will relieve on the staff of the Prince Rupert station during Mr. Harding's absence.

## TERRACE

Captain Bowen-Colthurst came here on Wednesday's train from Prince Rupert and went to his farm for a short stay. Some members of his family will be in Terrace during the summer to spend some time at their lakeside camp.

Mrs. Barton of Seattle is visiting with her sister, Mrs. George Little at Terrace.

The Anglican W. A. arranged a supper in the Orange Hall on the evening of the election day. This proved a great convenience to late voters and was otherwise well patronized. The Orange Lodge put on a dance later which was crowded. Two expert saxophone players from the bridge gang enlivened the proceedings.

**Kellogg's RICE KRISPIES**

So Crisp THEY CRACKLE IN CREAM

YES, indeed! Everybody likes Kellogg's Rice Krispies. Children and grown-ups alike agree that there's no crispier, more delicious cereal than these tasty bubbles of toasted rice! They are so crisp, they crackle out loud in milk or cream!

Rice Krispies are light, wholesome, and easy to digest. Serve them for breakfast, lunch, and for bedtime snacks (they never interfere with sound sleep). They are extra delicious with fruit or berries added. And they're always ready to serve.

Grocers everywhere sell Rice Krispies. Restaurants, hotels and dining-cars serve them. A Mother Goose story illustrated in color — the kind that children love — is printed on the back of every package. Made by Kellogg in London, Ontario.
