Transport Plane Hits High Chimney at Ostend While Flying in Fog and Plummets to Earth with Fatal Results

OSTEND, Belgium, Nov. 16: (CP)—Eleven persons, including five members of the former German royal family, were killed when a transport plane on the Munich-Brussels-London line crashed near this channel today. Roaring westward into pea soup fog that blanketed the channel, the airliner crashed into a high chimney and plummeted to earth.

PLANS OF BUILDING

Sketches of New Post Office in Prince Rupert May Be Seen At Telegraph Office

Architect's sketches showing plans and elevations of the proposed new post office building here, for which tenders are now being called, are on view at the Government telegraph office for public inspection.

The plans show a building measuring 115 by 62 feet. The basement contains the Indian Agent's offices as well as commodious living quarters for the caretaker, storage rooms etc. The ground floor is given over entirely to the Post Office with the exception of a corner on the Third Street side in which the Government Telegraphs office will be located. Upstairs will be the customs offices, the fisheries department, harbor master's and pilot's office and that of the official receiver.

American Expert On Grain Market

OTTAWA, Nov. 16: (CP)—Dr. Alfonso Taylor of the University of California told the Royal Commission on grain and grain marketing yesterday that there was no assurance of a satisfactory level being maintained in wheat prices unless production was controlled. He expressed doubt if this could be achieved through international arrangement but suggested it might come through natural and economic causes.

ESCAPE OF SNATCHERS

Three Men, Serving Long Terms for Kidnapping, Make Daring Getaway

JAMESVILLE, New York, Nov. 16: (CP)—Three men convicted of kidnapping John O'Connell Jr. of Albany escaped in daring fashion from Onondaga County jail today after binding and gagging four keepers and a matron and kidnapping another keeper.

The prisoners were Percy Geary and John Oley of Albany, who were serving sentences of seventy-seven years imprisonment, and Harold Crowley of New York, who had been given twenty-eight years.

POWELL TO SERVE TIME

British Social Credit Expert Gets Six Months' Imprisonment with Hard Labor on Libel Conviction

EDMONTON, Nov. 16: (CP)—George F. Powell, so-called British Social Credit expert, was sentenced by Mr. Justice W. C. Ives in Supreme Court of Alberta yesterday to six months' imprisonment with hard labor following conviction on a charge of publishing defamatory libel "well knowing it to be false."

The judge said he would recommend that he be deported.

In passing sentence, Mr. Justice Ives said that there was growing turmoil and disrespect for the law in Alberta for which such persons as Powell were responsible.

Federal immigration officials said that Powell could not be deported until after he had served his sentence. He came here from London last June.

Counsel for Powell announced there would be an appeal.

Serious Charge Stayed
E. B. Cogswell K.C., crown attorney, today announced that he would enter a stay of proceedings on charges of counselling to murder and seditious libel against Powell and Joseph H. Unwin, Social Credit member of the Alberta Legislature for Edson, who was convicted last week on a defamatory libel charge and sentenced to three months' imprisonment.

NEWS MAN EXPELLED

Representative of Havas Agency Ordered to Leave Germany for Writing About Foot and Mouth Disease

BERLIN, Nov. 16: (CP)—Paul Ravoux, 41-year-old head of Havas News Agency news bureau in Berlin, was last night ordered to leave Germany within 72 hours. The particular complaint upon which his expulsion from the country is based is in regard to dispatches he wrote stating that foot and mouth disease was prevalent among cattle in certain Reich farm districts. The dispatches are termed "malicious."

Ravoux is the second foreign newspaper correspondent to be expelled from the country within the last few months.

Today Ravoux was granted a four day extension of the expulsion.

Havas is a French news organization and is allied with Associated Press.

KIDNAPPED MAN DIES

Three Are Charged With Murder in West Virginia Following Death of Elderly Victim

HUNTINGTON, West Virginia, Nov. 16: (CP)—Dr. James Seder, 79-year old kidnap victim, after being held for ten days in an abandoned coal mine in what United States federal agents declared to be a futile \$50,000 extortion plot, died of pneumonia yesterday.

Prosecutor E. E. Winters announced immediately that he would confer with Judge Clay Worth on the empanelling of a special Grand Jury and would ask murder indictments against three suspects.

Arnett Booth, John Travis and Orville Adkins are held under heavy bond.

VISCOUNT HALIFAX LEAVES
LONDON, Nov. 16: (CP)—Viscount Halifax left London today for Berlin for conferences with Chancellor Adolf Hitler and other officials in regard to improving relations between Great Britain and Germany.

Gunshot Wound Proves Fatal

Provincial police headquarters were advised late yesterday afternoon of the death at 10 o'clock in the morning of William Gordon of Bella Coola as a result of gunshot wounds inflicted in the knee on Sunday.

An inquest is proceeding at Atarnako today. Circumstances of the fatality were apparently accidental. Gordon and his wife with a man named Max Hickman were walking up a narrow trail. Gordon was in front of Hickman who was carrying a loaded gun in the crook of his arm. Gordon, who was carrying a fishing pole, turned around, the fishing pole catching the trigger of the gun and discharging it. The bullet's course was in at the knee and out at the shin bone. Shock was evidently the cause of death.

FINANCING BUILDING

Hospital Board Has Meeting with Managing Secretary Following Trip to Victoria

An informal meeting of the board of directors of the Prince Rupert General Hospital was held last night following the return to the city of the managing secretary, H. V. Birch, from Victoria where he took up with the provincial government matters in connection with the financing of the new local hospital project. Mr. Birch confirmed an intimation made public yesterday by City Commissioner W. J. Alder that \$50,000 would be forthcoming from the provincial government. The floating of bonds to raise \$30,000 required in addition to the \$20,000 fund already available has now been suggested and will be placed before a vote of the taxpayers.

The hospital building project will come up again on Friday night when the board holds its regular monthly meeting.

Heavy Cost
To raise \$30,000 through floating of city debentures for the new hospital project, it was estimated at the City Hall today that it would cost the city \$23,964.60. In other words to obtain \$30,000 spread over fifteen years, the ratepayers would eventually have to pay \$53,964.60, providing there is no depreciation in the present market value of the city's securities.

In order to yield \$30,000 at the present price of 75, there would have to be an issue of \$40,000. The annual cost over fifteen years in repayment of the principal and interest would work out at \$3,597.64 on the present market value of the city's bonds.

CEREMONY AT BRIDGE

Opening of Pattullo Span But Forerunner of Greater Highway Development Says Minister

NEW WESTMINSTER, Nov. 16: (CP)—At the ceremony of opening the new Pattullo Bridge spanning the Fraser River here at noon yesterday with representatives of the provincial government, mainland municipalities and Washington State in attendance, Premier T. D. Pattullo, in formal morning dress, took an acetylene torch from the hands of an overalled workman and, as its flames melted through the links of a tiny golden chain across the roadway, declared the \$4,000,000 structure officially open to traffic.

Hon. F. M. McPherson, minister of public works, said that the bridge was a forerunner to greater development to come in the provincial highway system.

JEWES ARE ARRESTED

Hebrew Leaders Taken Into Custody Following Riots Over Week-end

JERUSALEM, Nov. 16: (CP)—Arrest of prominent Jewish revolutionist leaders followed the week-end clashes in Palestine between Arabs and Jews. British authorities arrested Eri Jabotinsky, son of Vladimir Jabotinsky, leader of the Jewish Revisionist Party, and thirteen other members of the party. It is believed they will be sentenced to six months' detention.

The Jewish Revisionists are sometimes referred to as Jewish Nazis. They would make Palestine an independent nation.

Cattle Market Fairly Active

Mostly Heavy Steers and Cows in Yesterday's Sales

VANCOUVER, Nov. 16:—The cattle market was moderately active yesterday with prices steady. Heavy steers and cows were preponderant in sales totalling 142 head. Prices were: steers, \$5 to \$6; heifers, \$4.25, and cows, \$3 to \$3.60.

BULLETINS

BEGGING ALLEGED
VANCOUVER—Last night Vancouver police arrested twenty-one unemployed men on charges of obstructing the police. They are alleged to have solicited aid from passersby. It is understood the men were ineligible for work in the newly established forestry camps, having arrived in the province since October 27.

DRIFTING IN STORM
SEATTLE—Coastguard vessels were seen last night northward from San Francisco and southward from Seattle to the coast of Oregon where the steamer Golden Bear, with ten men on board, was adrift in a storm after breaking away from a tug which was taking her from San Francisco to Seattle. The Golden Bear was being rebuilt and used in Puget Sound.

OPERATOR IS BLAMED
All Crew Could Have Been Saved 'tis Said—Graphic Story

NORFOLK, Va., Nov. 16: (CP)—Survivors of the Greek freighter Izenny Chandris, which sank Saturday off Diamond Shoals, arriving here, being unable to speak English themselves, told through interpreters a graphic story of the sinking of the ship which was laden with scrap iron cargo.

The captain had a bright red gash across the bridge of his nose to witness his story of how one seaman on a raft with him went mad and bit the captain in the face.

Konstantinos Balasous, third engineer, said that he believed all the crew could have been saved if the "S.O.S." had been sounded earlier. He charged that the distress signal had not been sent until he stood over the radio operator with a drawn knife and threatened to kill him unless he sent the signal immediately.

The crew of the vessel numbered twenty-eight.

CONGRESS MESSAGE

Four Point Legislative Program Is Submitted by President At Opening of U. S. House

WASHINGTON, D. C., Nov. 16: (CP)—Recommending the removal of tax injustices in order to "encourage productive enterprise," President Franklin D. Roosevelt submitted a four point legislative program to the United States Congress yesterday at the opening of a special session.

The President asked for early action on farm crop control; labor wages and hours of work; reorganization of the executive branch and planning of national resources.

The chief executive reiterated that he expected the next budget "can be brought within definite balance" and directed special attention to business conditions.

Japanese Invaders Continue Their Advance and Promise to Meet All Resistance in Their Path Without Quarter

NANKING, Nov. 16: (CP)—The Chinese Nationalist government has decided to move to Hankow on the Yangtze River nearly three hundred miles to the west because of the threat to the capital by Japanese forces advancing from Shanghai. The ministry of communications has taken the lead by evacuating staff and records to a Han-

low-bound steamer. League of Nations technical experts will leave tomorrow. To provide even greater security, three or four cities in all will probably be used for various departments. Military headquarters will remain at Nanking until the last.

In fear of bombardment like that which has already wrought such havoc at Shanghai, thousands of panic-stricken civilians are already fleeing from Nanking, Tsinanfu, capital of Shantung Province and Soochow. The Japanese advance from west of Shanghai is reported to be continuing. Widespread bombing by war planes accompanied the advancing troops.

In Nanking Soon
TOKYO, Nov. 16: (CP)—Japanese forces expect to reach Nanking by the middle of December, it is stated, and no quarter will be shown to resistance. The Japanese government has formally decided to create an Imperial headquarters for the more vigorous conduct of the war in China. It will unite the general staffs of fighting services under direct command of the Emperor.

How Canada Voted
BRUSSELS, Nov. 16: (CP)—Fifteen nations, including Canada, last night supported the declaration prepared by Great Britain, United States and France condemning Japan as a treaty breaker in its invasion of China. Italy, which voted against the declaration, and three Scandinavian countries, which abstained from voting, may not attend the conference when it re-assembles on November 22.

NO CHANGE IN POLICY

Is Not Fascist but Will Fight Communism Without Quarter, Says Dictator of Brazil

RIO DE JANEIRO, Nov. 16: (CP)—President Getulio Vargas, the new dictator of Brazil, declares that his country's foreign policy will not be changed under the new constitution.

His regime was not Fascist, Vargas reiterated, and it was not likely he would join the anti-Communist pact of Italy, Germany and Japan although he would fight the spread of communism without quarter.

The new policy of Brazil would be primarily American and only secondly European.

Howie Morenz' Son Threatened
MONTREAL, Nov. 16: (CP)—Special police guards were posted last night at the home of the late Howie Morenz, famous hockey star, who died about a year ago, following threats having been received of harm against his ten-year old son. Police believe the threats to have been made by a person of unbalanced mind.

REVENUES INCREASED

Federal Government Collects More From Customs, Excise and Income Tax

OTTAWA, Nov. 16: (CP)—Federal revenues from customs, excise and income tax increased in the first seven months of the current fiscal year. It is shown by the department of National Revenue. Exports of Canadian products are also on the increase over last year by \$73,000,000.

New Flight Mark Made

JOHANNESBURG, South Africa, Nov. 16: (CP)—Flying Officer A. E. Clouston and Mrs. Betty Kirby-Green set a new record of just over forty-eight hours today when they landed here. The previous mark of two days, four hours, fifty-six minutes was set by C. W. A. Scott and Giles Guthrie last year. The present flight is an attempt to break the record for a London-Cape town and return flight now held by Amy Johnson Mollison.

CHIEF FORESTER'S PLEA

In asking for more powers for the Forest Service in order to check waste and to plan for future generations, Chief Forester E. C. Manning reviewed at length the condition of the British Columbia forests. He also defended the loggers in connection with their methods stating that from twenty-five to fifty years ago the province was doing its utmost to get capital invested in timber and to start mills and camps. Now the companies are trying to liquidate investments of many years' standing. They have gone through many vicissitudes of markets and have been subject to much fire damage and more companies have lost money than have made profits. Some of the ills they have suffered have been of their own doing but "If I had been manager of one of these companies I would have done just what they are now doing—conducted my operation to net the most profit or salvage the most as the case might be for the shareholders." Mr. Manning points out that the markets are to a considerable extent based on the cost of production but the low cost of production is based on wasteful methods of logging in which no provision is made for the new crop. He asked for powers which would be practicable and at the same time work no great hardship on the industry. That seems to be a reasonable view to take of the situation.

THE HOSPITAL BYLAW

City Commissioner Alder is having a bylaw prepared which he plans to pass in his capacity as city commissioner and then submit to the ratepayers of Prince Rupert for their consideration. This bylaw will provide for the floating of bonds to the amount of \$40,000 to be used toward the building of a new wing to the Prince Rupert General Hospital. Those favoring the bylaw will show how badly the hospital wing is needed and will indicate that the present is the time to get it built when the government is willing to aid to the extent of \$50,000. Those opposed to it will be saying that the present is no time to add to the debt of the city, that taxes are already more than people can afford to pay and that even if the bylaw is passed it may be impossible to sell the bonds except at a heavy sacrifice.

The bylaw should be before the people in three or four weeks and by then people for and against will have made up their minds what to do. If they decide that it is good business to sell our bonds to finance the project, we shall, doubtless, have the new wing. If two-fifths of the people decide against it, the project will probably be off for the present. Doubtless, those for and against will be heard from in due season.

Two Skits At Literary Meet

Interesting Meeting at King Edward High School on Friday

On Friday the King Edward High School Literary and Dramatic Society had a program the feature of which was two skits with Kay Fortune playing the piano at intervals. The first was "In a Prison Death Cell," with Ned Tobey as the repenting prisoner about to be executed and Mario Bussanich as the soft-hearted priest. Larry Parlow and John Good were officials and Lois Judge and Jean Cameron took the part of two gaily dressed flappers.

The second skit, "Money Talks," was the scene of a poorly furnished attic in which a girl, Marion Mc-

Lachlan, was announcing her love of another man to her fiance. Terry Fortune, who in a frenzy decides to kill himself and after everything else fails turns to go only to find he needs another quarter and also that he is flat broke. His ex-sweetheart kindly throws him the required money.

Margaret McLachlan, president, was in the chair. An announcement was made that next week a meeting will be held for all those who wish to take part in the annual plays which will take place after Christmas.

Father Anthony Meulenber, parish priest of the Roman Catholic Church at Stewart, travelled around to Anyox aboard the steamer Catala yesterday for a visit to the smelter town on ecclesiastical duties.

WHIFFLETS

From the Waterfront

Change of name of the Biological Board of Canada to Fisheries Research Board of Canada will come into effect as from January 1, it is announced. John Dybhavn of Prince Rupert has been re-appointed as a member of the board. Robert R. Payne, production manager of the Canadian Fishing Co., is also named a member of the board representing the fishing industry of the Pacific Coast.

C.N.R. steamer Prince John, Capt. Neil McLean, is due in port tomorrow on a regular voyage from Vancouver via the Queen Charlotte Islands. The vessel was at Thurs-

ton Harbor, Maresby Island, at 4 o'clock yesterday morning and at 10 o'clock last night left Queen Charlotte City for Massett. The Prince John is bringing in this trip fifty loggers from A. P. Allison's camp at Cumshewa Inlet, which is being partially closed down for the winter, as well as loggers from the J. R. Morgan camp at Thurston Harbor and from the T. A. Kelley camp at Murehison Island. John R. Morgan is also coming here from the Islands on the John.

With fuel cargo for the company's local tanks, Imperial Oil Co.'s tanker Imperial, Capt. A. S. McGaw, was in port on Sunday, proceeding from here to Stewart.

Union steamer Catala, Capt. James Findley, returned to port at 11:15 this morning from Stewart, Anyox and other northern points

THIS WINTER

Starts **QUICK AS A WINK**

L-o-n-g on Mileage. High in Anti-knock.

You're on your way in no time at all—with Winter 76 Gasoline—because it's specially refined for cold-weather starting.

In addition, it gives you the high anti-knock quality and l-o-n-g mileage for which 76 is famous. Protects your motor, your battery, and your pocket-book.

Try Winter 76 next time you buy gasoline. It starts "quick as a wink!"

Free flowing
AT LOW TEMPERATURES
Stops Carbon Knocks

Triton-Lubricated Motors start easier with less wear on moving parts—less drain on the battery

The "pour-point" of the new Winter Triton has been lowered 30 degrees to give your motor improved lubrication at low temperatures. It oils moving parts instantly. *Saves battery-drain and engine-wear.*

Propane-Solvent refining makes Triton 100% pure paraffin-base—100% pure lubricant. It is a safe lubricant long after most oils are worn out. *Saves oil drains.*

Triton stops carbon knocks. Cleans out old carbon as you drive. *Saves carbon scrapes.*

Triton-clean motors can be run with spark correctly advanced to get full power, full mileage from your fuel. *That saves gasoline.*

Next time, try Triton—for cold-weather protection and a four-way saving. For extreme sub-zero temperatures ask for Triton "10-W." It flows at 35° below zero.

Tuxis Square Takes Service

Interesting Proceedings Sunday at First United With Boys in Charge

The service Sunday morning at First United Church was of unique interest, being in charge of "The Crusaders" Tuxis Square under the mentorship of Ken Harding. The service throughout was taken by the boys of this group. Ken Harding acted as chairman and led the devotions. Scripture passages were read by Jack Davis and Malcolm Wilding. Fred Soles set before the gathering some of the group's plans for the future while inspiring addresses were given by Maurice Davy and Ken Harding on the meaning of "Tuxis" and the importance of home influences in the life of young people. The boys are making a canvass this week for funds to carry out their ambitious program and it is hoped that they will receive the support of those upon whom they call so that their work for the winter months may be effective. The Junior choir, under the direction of Miss Swanna Olafson, rendered the Tuxis hymn and Marie Locke sang a solo entitled "Thou Art My Shepherd."

Dr. R. H. Bedford, who has resigned from the scientific staff of the Prince Rupert Fisheries Experimental Station to join the service of the Atlantic Coast Fisheries Corporation in New York, sailed on the Catala this afternoon for Vancouver en route East to assume the new post.

SPORT CHAT

A return match between lady and men all-star bowlers of the city will

be held Wednesday evening, the ladies, who were victorious last week, having consented to give the men a chance to redeem themselves. The line-ups will be the same as last week and, like then, it promises to be an interesting event.
