A communication from the Kootenay Lake General Hospital of Nelson emphasized the necessity of no further burden being imposed on hospitals in a financial way under state health insurance. Any increase in cost of operation or decrease in revenue must be guarded against.

The board filed communications on the subject of state health insurance in view of notification that the government's plan had been withdrawn for the time being.

#### Monthly Report On Fire Condition At Hospital Explained

In connection with his routine monthly report stating that from a fire standpoint everything at the hospital building and nurses' home was in good order, Fire Chief J. R. forrison advised the board that this referred only to the existence or non-existence of inflammable material and did not refer to the building structurally. This monthly report did not derogate from the report as to the structural condition of the building which had been made by the fire marshal's department. F. A. MacCallum raised the question of x-ray films which were kept in the secretary's office. Only a few such films were kept there for the convenience of doctors, it was pointed out to Mr. MacCallum. Normally, these films were kept in a steel case. The matter was referred to the house committee to see that all precautions were taken.

their representative a quarter of a century." Referring to election forecasts

the Premier said that some prophets had noted that the next court of revision would sit on April 19 and had drawn from that that an election might be held towards the end of May or the first of June. "It would not be impossible that they have made a good guess but I would not say that. The government has nearly two years to run. We are not going to wait until the last day or run over our time. But, in an orderly fashion, when we think the proper time has arrived. we will go to the country."

The next session of the Legislature will be asked to create a department of trade and commerce, Mr. Pattullo said.

Financial interests in the east were becoming reconciled to British Columbia's social legislation. the Premier declared, because they know that the "public will not submit to a few people having all the good things of life while others go hungry."

## Lecture on India Proves Interesting

Miss Katie Builder Heard Last Night at Local Pentecostal Assembly

Miss Katie Builder gave an interesting lecture on India, illustrated with lantern slides, at a well attended meeting in the Pentecostal Assembly Hall last night. The pastor, Rev. E. J. North, presided and opened the meeting with hymns and prayer.

Miss Builder has spent some years engaged in missionary work in India and has had many and varied experiences with the people of that country. Her parents were Presbyterian missionaries and she and her brother were born in Central India. She received her education in Canada and afterwards went to work in North India with the Pentecostal Assemblies. At present she is engaged in deputation

Miss Builder told of some of the customs of the people, the work done by missionaries in the lepers' home, the change the Gospel had brought to the people, and the holy men that are worshipped by the natives. She said that the Pentecostal Church had over 135 missionaries in India alone.

#### HOSPITAL FINANCES

There were 1600 hospital days at the Prince Rupert General Hospital during the month of February it was reported at the monthly meeting of the hospital board last night by W. M. Ask Him Before Giving Your Child an Unknown Remedy

Practically any doctor you ask will warn: "Don't give your child unknown remedies without asking your doctor

When it comes to the widely used children's remedy - "milk of magnesia," the standard of the world is established. For over half a century many doctors have said "PHILLIPS" Milk of Magnesia." Safe for children. No other is "quite like it."

Keep this in mind, and say "PHIL-LIPS' MILK OF MAGNESIA" when you buy. Now also in tablet form. Get the form you prefer. But see that what you get is labeled "Genuine Phillips' Milk of Magnesia."
