"Bill" as he is familiarly known from office boy to high official, has friends in every city and town from the head of the lakes to the Pacific coast and up to Churchill, where he says even the Eskimos have learned to smile and say "lo Boll."

Mr. Williams was born in Wales and came to Canada in 1898, working first in the Crows Nest Pass area. In 1903 he joined the Canadian Northern Railways mechanical department in the old east yards. After five years in Edmonton, he returned to Winnipeg and has been located here ever since.

Prior to his retirement, he was called by his associates in the work equipment shop and presented with an electic clock by Archie Livingstone. ### VALUE OF THE NEWSPAPERS

It seems to be the fashion among some public speakers to take a slap at the newspapers. Premier Aberhart sonny Stiles had been objecting to the opposition the newspapers have D. Houston given to his policies and has been trying to curb them. It N. Kinslor is then rather refreshing to read something on the other Total side. Bob Davis of the New York Sun has written a classic on "The Printing Press" as follows:

"I am the printing press, born of the mother earth. "My heart is of steel, my limbs are of iron, and my w. Stone fingers are of brass.

"I sing the songs of the world, the oratorios of history, the symphonies of all time.

"I am the voice of today, the herald of tomorrow. "I weave into the warp of the past the woof of the

future. I tell the stories of peace and war alike. "I make the human heart beat with passion or tend-! erness. I stir the pulse of nations, and make brave! men do braver deeds, and soldiers die.

"I inspire the midnight toiler, weary at his loom, to lift his head again and gaze, with fearlessness, into the vast beyond, seeking the consolation of a hope postponed and will be played as eternal.

"When I speak, a myriad people listen to my voice. The Saxon, the Latin, the Celt, the Hun, the Slav, the Hindu, all comprehend me.

"I am the tireless clarion of the news. I cry your joys and sorrows every hour. I fill the dullard's mind New York with thoughts uplifting. I am light, knowledge, Chicago power. I epitomize the conquests of mind over matter.

"I am the record of all things mankind has achieved. My offspring comes to you in the candle's glow, amid the dim lamps of poverty, the splendor of riches; at sunrise, at high noon, and in the waning evening.

"I am the laughter and tears of the world, and I shall never die until all things return to the immutable dust.

"I am the printing press."

Profit, as thousands of other Canadian home owners have done, by this genuine opportunity to improve your home without financial strain.

Look your house over and decide what is needed most to protect it through the winter and make it more livable. It may need a new roof or insulation; painting or a new furnace; up-to-date plumbing or a modern kitchen; a fireplace or extra basement and attic rooms. These and many other desirable improvements all qualify for home improvement loans. They add comfort and value to the home and help put

men to work. Make your home over for better living, this Fall.

### LOANS EASILY ARRANGED

Any contractor, supply firm or architect can help you arrange a Home Improvement Plan if you need it to finance the work for you, or you can apply direct to your banker. No security or endorsement needed: you simply show that you can repay in monthly instalments and the loan is made, the work proceeds, your home is made brighter and more livable and men get needed jobs. Full information on the Home Improvement Plan and what it covers may be obtained from your local committee, your Provincial Chairman, your bank or the National Employment Commission, Ottawa.
