PROTEST IS MADE

Spanish Insurgents Object to Naval Co-operation With Blockade Runners

LONDON, April 26:—As a result of the successful running of the blockade at Bilbao by British freighters laden with food for the beleaguered Basque port, Spanish insurgent authorities have protested formally to the British government at British warships having been permitted to co-operate with the food vessels in their attempts to get through.

Sir Henry Chilton, British ambassador at Hendaye on the Franco-Spanish frontier, was sent telegraphic instructions today to make a counter-protest formally to the Spanish insurgent authorities at Salamanca against interference with three British food ships when they were about to enter Bilbao Harbor last Friday. The protest shows that Great Britain does not intend to tolerate interference with British shipping engaged in legitimate business on the high seas and that, if necessary, British warships will use force.

General Francisco Franco yesterday claimed further advances at Bilbao and predicted that his forces would soon enter that city.

MUGS FOR NEW BABES

Those Born on Coronation Day To Get Souvenirs—Fireworks Among Features

The Coronation celebration committee was again in session last week. Plans for the local celebration on May 12 are progressing. Coronation silver mugs suitably engraved will, it has been decided, be presented to all babies born within the city limits on Coronation Day. Arrangements for erection of Coronation arches have been completed and building of these will commence in a few days. Two Coronation arches will be illuminated. The sport program of track and field events is almost completed and is announced elsewhere in today's paper. Merchants and businesses are being asked to co-operate in the way of decorating store windows and buildings. A special cash prize will be awarded for the best decorated store window.

Great interest is being shown in the grand parade and the parade chairman advises that indications are for the biggest entry list and most colorful and interesting parade ever witnessed here.

Natives of surrounding villages are showing keen interest in the big day here and Chief Councillors of Kitkatla and Skidegate advise that their villages will be here in strength to join in the day of jubilation.

The Kitkatla Band will appear in the parade and, with the Prince Rupert Boys' Band and the new local Sea Cadets bugle band, plenty of stirring music will be heard.

Day before the Coronation ceremonies will include the presentation to school children of the Coronation mugs. Representative citizens of the city to be chosen by the Coronation committee will address the children and make the presentations.

A new feature will be the fireworks display, first of its kind ever witnessed here. City authorities have given assurance that the Acropolis Hill grounds will be in fit shape for the day's proceedings.

An Interesting Suggestion

An interesting suggestion from a practical source has been made to the effect that a system of apprenticeships might be instituted at the local dry dock whereby youths finishing their high school work here could, with advantage, be taken on in the various departments. This, it is said, would be in the interests of the efficiency of the dock, ensuring a steady staff which would be ready for any emergency at a moment's notice and eliminating the necessity, with expense and loss of time, entailed through having to be sending to Vancouver whenever anything extra comes up. It would also help to fill the gaps without due disturbance when it becomes necessary for the old and senior hands to drop out. What is also very important, it would prove an excellent outlet for a certain number of good local boys and give them the opportunity of fitting themselves for a useful trade or profession.

It appears to us like a good suggestion which, if taken up in the proper quarters by local bodies which are interested, might be productive of useful results. Anything in this way that can be done to help find suitable employment for local boys should certainly be encouraged.

Halibut Marketing

It is gratifying to learn that the Vancouver halibut fleet has at last decided to join up with Prince Rupert in the Halibut Marketing Board of British Columbia. The arrangement, which is now announced to be temporary will later, we hope, become permanent. There would seem to be no reason important enough to make it impossible for the two Canadian fleets to stand together in the important matter of marketing.

It is also to be hoped that there may soon be a more close co-operation between the American and Canadian fleets to regulate the production of the fish in the interests of orderly and equitable marketing. The importance of this in the general interest has long since become evident.

FIRST GAME OF SOCCER

Booth and Borden Play to Three All Tie in Junior League Opener

The first game of the spring schedule of the Junior Football League was played on Saturday between Booth Memorial and Borden Street Schools and a very well contested match resulted in a draw 3 to 3. Booth led all through and, with six minutes to go, was ahead three to one. Apparently the east-enders had the game cinched but one goal by Borden six minutes from time and another ten seconds before the final whistle left the teams level. All through play was of an interesting nature, both forward lines threatening and both goalies clearing well. Cameron shot past and then Gomez did well to stop Alan Smith. Bill hit the upright and Zbura saved from A. Smith. Mah did well to clear from Cameron but the latter went through to score and, within a minute, had added a second. The cheering had barely died down when Smith scored from close in.

The second half found Booth having the better of the exchanges although Gomez and Sunberg were often called on to clear. Cameron added his third and soon after went through but his final shot was just too high. Then Borden staged its thrilling, if somewhat lucky, finish with Fong and then Schubert scoring. For Borden, Mah was very good. Bird and McLeod were effective backs. Bird doing well for his first game. A. Smith and Fong were the pick of the forwards.

Booth had a good defence, Gomez and Sunberg doing well at back, while Zbura gave a fine display in goal. Watt was the best half and Cameron carried off the honors in the forward line.

Teams:
Borden—Mah; McLeod, Bird; Burns, Schubert, G. Smith, Fong, Hodgkinson, A. Smith, Bill, Fong.
Booth—Zbura; Gomez, Sunberg; Watt; Franks, Hodgson; McLean, Hougan, Cameron, Simundson, Baker.
Alex Harvey refereed and S. Currie jr. and P. Knutson were linesmen.

Natives Taking Out Poles This Year on Skeena

KITZEGUKLA, April 26:—Matthias Wesley closed his pole camp at Skeena Crossing last week. They expected to float their last lot down the Skeena River on Saturday. Wesley has had a very successful season, having cut over 22,000 lineal feet a week during the winter.

During floating operations he had an unfortunate loss last week when a boom of poles struck a rock and a number were lost.

The poles are being floated down the Skeena and will later be sold to the Hanson Timber & Lumber Co.

Many of the Skeena River natives have been engaged in this industry during the winter. Among others were Moses Jones, Arthur Howard, Thomas Brown and Joseph Wesley of Kitzegukla. All the camps are now practically closed down. Everyone reports a good season.

MINERAL ACT

The fee for an individual for a Free Miners' Certificate is \$5.00 for one year. To a Joint Stock Company having a capital of \$100,000.00 or less the fee for a year is \$50.00; if capitalized beyond this the fee is \$100.00. The Free Miners' Certificates run from date of issue and expire on the 31st of May next after its date or some subsequent 31st of May. Certificates may be obtained for any part of a year terminating on 31st of May for a proportionately less fee. (Mining Act.)

Mineral Claims

Size: 51.25 acres.

Recording fee: \$2.50 per claim.

Representation. Assessment work to the extent of \$100.00 must be done each year and recorded on or before the anniversary date of record of the claim. Cash in the sum of \$100.00 may be paid in lieu of such assessment work. Fee for recording assessment work \$2.50. If the required assessment work has been performed within the year but not recorded within that time, a free miner may within thirty days hereafter record such assessment work upon payment of an additional fee of \$10.00. The actual cost of the survey of a mineral claim to an amount not exceeding \$100.00 may also be recorded as assessment work. As soon as assessment work to the extent of \$50.00 (or cash paid of a like amount) is recorded and a survey made of the claim the owner of such claim is entitled to a Crown Grant on payment of a fee of \$25.00 and giving the necessary notices required by the Act.

PLACER MINING ACT

Four types of placer claims: Creek diggings, dry diggings, and precious stone diggings. (For details see Part II, Placer Mining Act.)

Registration. A placer claim must be worked by the owner or someone on his behalf continuously as far as practical during working hours. Letting of land or leaves of absence may be declared by the Gold Commissioner under certain conditions. To a placer claim for more than one year it must be re-recorded before the expiration of the record or re-record.

Placer Mining Leases

Size and method of staking, etc.

Eighty acres in extent, staked along a "location line" not more than one-half mile in length. In this line one bend or change of direction is permitted. Where there is a change of direction a legal post must be placed to mark the point of the said change. The leasehold is allowed a width not in excess of one-quarter mile. Letting is required within thirty days after the date of the location to post a notice in the office of the Mining Recorder setting out the name of the applicant, the number of his free miner's certificate, the date of location, the number of acres to be staked, the location of the claim, and the approximate area or size of the ground.

Dredging leases on rivers for five miles below low-water mark are also granted. Fees: Annual rental on placer mining lease, \$30.00; annual development work required to be expended \$250.00; annual rental on dredging lease, \$25.00 per mile; annual development work required to be expended \$1,000.00 per mile; the value of any new plant or machinery employed to count as money expended in development. A detailed synopsis of the above Acts also the "Mining Development Change of Mineral Survey and Development Act," "Iron and Steel Bounties Act," and "Fluorapatite Mining Act," are available at the Department of Mines, Victoria. Complete copies of the Acts may be obtained from the King's Printer, Victoria.

WHIFFLETS
From the Waterfront

Six and possibly seven canneries will operate on the Skeena River this year—Inverness, North Pacific, Sunnyside, Cassiar, Claxton and Carlisle. It is not yet definitely known whether or not Haysport will operate. B. A. Cannery at Port Essington is understood to be closing down permanently, operations there to be transferred to North Pacific.

George Windsor, manager of Wales Island Cannery; E. D. Jean, foreman, and H. R. Watson, accountant, were passengers aboard the Catala last evening going through to the cannery for the season.

Union steamer Catala, Capt. James Findlay, running rather late, arrived in port at 10 o'clock last night from the south and sailed an hour later for Port Simpson. Stewart and other northern points whence she will return here on Tuesday southbound.

Halibut landings for the past week at the port of Seattle totalled 700,500 pounds which was 120,000 pounds more than for the week previous. The heaviest single day's landings were on Saturday when the total was 192,000 pounds. Prices for the week at the Puget Sound port averaged 8 1/2c per pound. San Juan was the heaviest purchasing company for the week with 162,000 pounds followed by Sebastian-Stuart with 148,000 pounds and Booth and Whiz with 93,000 pounds each.

The American halibut boat Daly, well known in Prince Rupert, landed her final catch of halibut at Seattle Saturday before undergoing overhaul preparatory to leaving for the Kodiak district of Alaska where she will be engaged in salmon purse seining for the season. In the fall the Daly will resume halibut fishing.

MANY AT FUNERAL

Leading Clergy Assist People Of Metlakatla in Obsequies For Late William Leighton

With a large concourse representing the entire population of the village as well as many visitors in attendance, joy and sorrow were co-mingled at the funeral in Metlakatla Saturday afternoon of William Manson Leighton, one of the outstanding citizens of the neighboring native village. There was sorrow at the loss of so esteemed and valued a member of the community but joy in the knowledge that memory of his good and faithful Christian life would long remain as an inspiration and object of emulation. While honoring deceased in death, adequate sympathy was expressed to the bereaved in their deep loss.

Rev. William Delap of the Anglican mission boat Northern Cross officiated and the funeral sermon was preached by Rt. Rev. G. A. Rix, Bishop of Caledonia, who based his remarks on the virtues of deceased. The lay reader, Peter Haldane, gave a brief outline of the unfaltering Christian life of Mr. Leighton who was a man of considerable intellectual attainments and who, at an early age, under the tutelage of the late Bishop William Ridley, had taken his stand for Christ. Others taking part in the service were Very Rev. James B. Gibson, Dean of St. Andrew's Cathedral, and Canon W. F. Rushbrook, J. E. Davey of Prince Rupert, accompanied by Mrs. Grace Campbell, sang a solo, "Jesus, Saviour, Pilot Me."

Following the service in St. Paul's Church, interment was made in the cemetery across from the village, the entire village population, also relatives and friends from Port Simpson and Prince Rupert, following the cortege to the final resting place. Pallbearers were members of the Young Men's Benevolent Association and William Flewin of Prince Rupert. Honorary pallbearers were Henry Prevost, village councillor and schoolmate of deceased; C. Peter Ryan, village councillor and schoolmate; Church Army Captains Peter Nelson and Mrs. Peter Haldane.

Numerous and beautiful floral tributes testified to the esteem in which deceased was held.

Church Army Service

An impressive service over the remains of the late William Manson Leighton was held by the Church Army in their hall on Friday evening. The entire village population turned out to pay their last respects where deceased's remains lay in state over-night. He was an officer and a staunch member of the Church Army.

Deceased's schoolmates took a prominent part in the service. Envoy Henry Prevost of the Salvation Army was the first speaker called and opened with a scriptural text, "Peace, I Leave Unto You." "This, I am sure would be his last message to you all, were he able to speak again," said Mr. Prevost. He spoke of the peaceful passing of his schoolmate and fellow-worker in God's vineyard. A vocal solo by Mrs. Chester Leask, entitled "Ivory Palaces," was charming and beautifully rendered. Mrs. Grace Campbell was organist and accompanist throughout the service.

Next speaker, C. Peter Ryan, recalled the days of their boyhood and school days and paid tribute to his schoolmate in that he was ever ready to take a prominent part in everything pertaining to the welfare of the village.

"Forever with the Lord" was sung by the congregation. Peter Haldane, lay reader of the Anglican Church, spoke of the sterling qualities of

his school mate. From his stand in the faith he never wavered and his end was "Peace, Perfect Peace." It was a fitting example all should strive to follow. Separation never entertained their thoughts during all the years that they had worked together in the Christian faith. Therefore this hour was felt very keenly. After the hymn "Lead, Kindly Light," Councillor William Leask spoke of his recollections of early acquaintanceship. As bandsmen and on the village council board for a number of years, he was ever ready to come forward with his views for the advancement of the village. As an industrious worker pertaining to the house of God his work was evidenced in renovating the interior of the Church Army Hall for which he never asked any wages.

The last speaker, Peter Leighton, thanked all those who had been instrumental in showing their esteem and sympathy to the bereaved ones. "I have lost an elder brother," said Mr. Leighton. "His counsel and advice will be missed for many a long day."

Other speakers were Mrs. C. Tait, aunt of deceased, and Mrs. Maude Ross, both of Port Simpson.

Captain W. J. Robinson, Church Army, closed the service by the singing of "Shall We Gather at the River?" and Benediction.

Mr. Leighton passed away about midnight last Tuesday after being about one month in the Prince Rupert General Hospital. He was 36 years of age and took a prominent part in everything pertaining to the welfare of the village in all of which he was very prominent.

A valued member of the village council board for many years, lay reader of the Anglican Church and a prominent Church Army officer in his early years, he was one of those who took an active part in the formation of the village brass band.

Intimate surviving relatives include the widow, two sons and three daughters, one of whom, Mrs. Bert Wouden, resides at Prince Rupert, one, Mrs. D. Horner, in California and another at Vancouver. A sister, Mrs. J. Cook, resides at Prince Rupert. Brothers are Reuben, Peter, Bobby and Albert who served overseas. There are five grand-children. One of his sons paid the supreme sacrifice in the Great War.

J. L. McEwen of Smithers, returning officer for Skeena in the forthcoming provincial election, arrived in the city on Saturday night's train. He is here to visit points down the coast from here which are included in his riding.

COMEDY AND DRAMA HERE

"Back to Nature" and "Ladies in Love" at Capitol Theatre At First of This Week

"Ladies in Love," the romance of four lonesome girls and their adventures in search of love, and "Back to Nature," another of the series of the hilarious Jones family pictures, comprise a double picture bill coming at the first of this week to the screen of the local Capitol Theatre.

In "Ladies in Love," Janet Gaynor, Loretta Young, Constance Bennett and Simone Simon play the parts of four wise girls living by their wits and trusting their charms to make their dreams come true. All do not succeed in their love affairs. To two comes happiness; to the other two, heart-break. Paul Lukas has the male romantic lead while others in the cast include Don Ameche, Tyrone Power jr., and Alan Mowbray. The cast, particularly as far as the feminine members are concerned, is a rather imposing one.

North, south, east and west the happy, scrappy Jones family travels the trail to adventure and romance in "Back to Nature." It is the riotous story of the Joneses on a vacation. They use a trailer because Dad cannot find the funds for railroad fares. The featured players are Jed Prouty, Shirley Deane, Dixie Dunbar, Tony Martin, Spring Byington, Kenneth Howell, George Ernest, June Carlson, Florence Roberts and Billy Mahan.

night. The affair was in progress from 10 p.m. until 2 a.m. There was excellent music by Charlie Balagnoff's Orchestra and B. J. Bacon was master of ceremonies. Other members of the committee were Cecil Morrison and A. K. Nelson. Mr. and Mrs. Joe Ratchford superintended the serving of refreshments.
