Low 3:56 a.m. 4.4 ft.
..... 18:12 p.m. 4.3 ft.

FRANCO ABANDONS HOPE OF TAKING MADRID AND IS CUTTING CAMPAIGN

Reported That Rebel Commander-in-Chief is Withdrawing From South of Spain, Continuing Victory Pace

MADRID, April 8: (CP)—It was reported last night that General Francisco Franco, commander-in-chief of the Spanish insurgents, in view of recent serious reverses, had abandoned all hope of capturing Madrid and would withdraw entirely from the south of Spain, concentrating his attention now on the Basque coast in the north. Franco was reported yesterday to have visited his forces in Northern Spain, spurring them on to one final effort to consolidate at least a limited area.

Fresh victories are claimed by the loyalists in their drive in the Cordoba area and a thrust near the east end of the government's Pozo Blanco front has carried their forces to within three and a half miles of Villaharta from which point a short drive would sever the rebels' main line of communication on the Cordoba-Pennarroya road. Three hundred insurgent prisoners were reported taken yesterday.

Rebels Apologize

LONDON, April 8: (CP)—Great Britain having sent a sharp protest to General Francisco Franco, commander-in-chief of the Spanish insurgents at the bombing of the destroyer Gallant which was attacked by an insurgent bombing plane on Tuesday while proceeding from Valencia to Alicante, the British cruiser Shropshire, accompanied by the destroyer Garland, today collected an apology for the incident from Spanish authorities at Mallorca. The aircraft apparently came from Mallorca. The Gallant opened fire and the first bomber dived off but a little later the Gallant was again attacked by two bombing planes but were driven off by gunfire.

The insurgents said today that the bombing was a "regrettable error." Prior to the bombing, it was explained, the insurgent authorities had received a report from a seaplane that Spanish government destroyers were in waters through which the Gallant was passing.

Cutting Off Rebels

It is announced that the non-intervention committee is sending additional observers to watch shipping bound for Spain.

Protest Was Vigorous One

Vancouver Gets Quick Action on Its Kick at Increased Public Port Tolls

VANCOUVER, April 8: (CP)—Receipt of telephonic advice from Hon. Clarence D. Howe, minister of transport, of the suspension of an order-in-council which would have increased public port tolls affecting eleven British Columbia ports including Prince Rupert followed sending of a protest to Mr. Howe from a special meeting of shipping and industrial interests called by the Vancouver Merchants' Exchange. The meeting decided to protest vigorously against the new regulations which would have put the increased tolls into effect.

Vancouver Wheat

VANCOUVER, April 8: (CP)—Wheat was quoted at \$1.44½ on the Vancouver market yesterday, dropping sharply to \$1.41½ today.

GOING TO ISLANDS ABOARD AIRPLANE

An airplane piloted by R. L. "Ginger" Coote and having on board R. M. Pidgeon, general manager of the Imperial Oil Co., Vancouver, and Bob White of New York, one of the head officials of the company, arrived from Vancouver yesterday afternoon and is leaving this afternoon for the Queen Charlotte Islands.

Late Telegraphs

NEW GOVERNOR
OTTAWA—Robert Irwin of Shelburne has been appointed Lieutenant Governor of Nova Scotia, succeeding Walter Covert, whose term has expired, Premier King announced last night. Seventy-one years of age, Irwin is a prominent industrialist and was formerly a member and Speaker of the Nova Scotia Legislature.

NO ASSISTANCE NEEDED
OTTAWA—The Bank of Canada, which investigated the financial position of Alberta at the request of Premier Aberhart, advises the federal government in a report tabled in the House of Commons that Alberta does not require temporary financial assistance from the Dominion.

RANGERS CHAMPIONS
GLASGOW—Glasgow Rangers won their twenty-fifth Scottish League, First Division, championship yesterday by defeating Hamilton Academicals two to one. Third Lanark defeated Celtic four to two.

ALL DIED INSTANTLY
PHOENIX, Arizona—Searchers yesterday reached the wreckage of the Douglas transport plane which crashed on the snowy slopes of Mount Baldy last Saturday during a flight from Burbank to New York. The pilot had, apparently, become lost in a snowstorm and wandered aimlessly about until the crash. The eight persons on board evidently were all killed instantly.

BIG FIRE IN MANILA
MANILA—Forty-four blocks of tenements and 1500 homes were destroyed yesterday by the most disastrous fire in Manila's history. Twenty thousand at least are homeless and damage is estimated at \$1,500,000.

NO EXTRA AID
OTTAWA—Hon. G. C. Power, minister of pensions, expressed himself yesterday as being opposed to special cash allowances in addition to ordinary relief for unemployed war veterans.

WAR COLORS ARE COMING

Captain Findlay of Steamer Catala To Bring North Remainder Of Northern B.C.'s Part In Great War

Captain James Findlay, master of the steamer Catala, arriving here from Vancouver Sunday evening, will have in his charge a set of duplicate colors of the 102nd North B. C. Regiment (Canadian Expeditionary Force) used in the Great War. These colors will be received by Lieut. Col. S. D. Johnston M.C., V.D., officer commanding 102nd Heavy Battery, Coast Defence, Royal Canadian Artillery (formerly the 102nd Battalion), and Rt. Rev. G. A. Rix, Bishop of Caledonia, and two of the men who served overseas in the 102nd. At an early date the colors will be deposited in St. Andrew's Anglican Cathedral here as a reminder of the part which Northern British Columbia men played in the war.

Radiophone At Butedale Now

Messages Exchanged Between Fishing Point and This City

Butedale has been added to the number of points having direct radio telephone connection with Prince Rupert. Yesterday the Daily News received a call from that place announcing that the installation of the radiophone at Butedale was now complete. The message came in very clearly and, doubtless, the new connection will be of great value to the fishing fraternity.

BAR SILVER

NEW YORK, April 8: (CP)—Bar silver dropped back to 46c per ounce on the New York metal market yesterday and went further down to 47½c today.

LOG SCALE FOR MARCH

Month Just Ended Was Higher Than Last Year but Industry Is Only Now Swinging Into Stride

Log scaling figures in Prince Rupert forestry district are somewhat light so far this year but the industry is now beginning to get into stride for what is expected will be one of the biggest years in a long time. The scale for March this year totalled but 482,213 board feet as compared with 359,473 board feet in the same month last year. So far this year the scale has amounted to 1,122,695 board feet as against 4,312,694 board feet in the first three months of 1936.

The scale for this March per species was as follows:
Cedar, 31,548 board feet.
Spruce, 258,665 board feet.
Jackpine, 60,000 board feet.
Hemlock, 132,000 board feet.
Total, 482,213 board feet.

Forest Products
Lineal feet of poles and piling scaled this March amounted to 227,305—196,305 cedar and 31,000 miscellaneous—as compared with 46,805 lineal feet in March 1936.

The jackpine tie count this March was 6,102 pieces as against 15,651 in the same month last year.

One hundred forty cords of firewood was recorded this March.

BIG TIE-UP NEAR OVER

Only One Detroit Auto Concern Still Strike-Bound

LANSING, Mich., April 8: (CP)—The settlement which has been arrived at in the Chrysler Motor Corporation strike provides for recognition by the corporation of the United Automobile Workers' Association as a collective bargaining agency.

Settlement of the strike involving the Reo Motors Corporation was also announced yesterday, leaving the Hudson Company the only concern still tied up.

While Henry Ford was declaring in Georgia yesterday that his company would never officially recognize the United Automobile Workers' Association and would continue to deal with his workers individually, union officials predicted the eventual unionization of the Ford organization. John L. Lewis predicted that "Henry will change his mind."

George Kane Laid at Rest

Many Old Timers Attend Final Rites This Afternoon For One Of Earliest Pioneers

Many of the early pioneers of Prince Rupert turned out this afternoon to pay final tributes of respect to the memory of the late George T. Kane whose funeral took place from the chapel of the B. C. Undertakers to Fairview Cemetery, Rev. Dr. F. W. D'Arce, pastor of First Baptist Church, officiated and W. Vaughan Davies presided at the organ to accompany the hymns which were "Nearer My God to Thee" and "Lead Kindly Light." Pallbearers were Jack Cain, A. B. Evans, H. B. Eastman, J. R. Morrison, C. V. Evitt and George B. Casey. There were a number of floral offerings.

Weather Forecast

(Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 24 hour period ending 5 p.m. tomorrow.)
Prince Rupert—Fresh south east to southwest winds, cloudy with some light rain.

"Untruthful and Misleading" Information in Connection With Hedley Was Given Out

VANCOUVER, April 8: (CP)—Findings that "untruthful and misleading" information about the Hedley Amalgamated Gold Mine was published in circulars and reference to transactions by the company president, R. D. Barker, through which he realized a profit of approximately \$50,000 were contained in the report by Commissioner G. L. Fraser who conducted an investigation into the circumstances surrounding the collapse of the mine's stock last February 23.

The report, accompanied by a summary of findings compiled by H. G. Garrett, superintendent of brokers, was made public today by Premier T. D. Pattullo.

Commissioner Fraser said that it seemed to be common knowledge that William Cox, mine superintendent, was "frequently intoxicated." A "W. S. Bacon" was also criticized for signing reports which he knew to be false.

UTILITY IS AIM STRIKE IN BIG PLANT

Dean Finlayson Tells Gyro Club Of Efforts to Make Forestry Department of U.B.C. Fit In With Industry

Addressing the Prince Rupert Gyro Club at luncheon yesterday, Dean J. N. Finlayson, head of the Department of Applied Science at the University of British Columbia, told of efforts that were being made to make the forestry department at the university more useful to the province from a practical standpoint. The aim was to turn out practical graduates who would be able to find employment for themselves and who would be a valuable contribution to the industry. In order to bring this about, it was proposed to revamp the forestry course into four parts: first, logging engineering; second, botany; third, a combination of commerce and forestry including economics, laws of buying and selling, insurance, shipping, etc. and, fourth, forest economics including selection of trees, utilization of excessive varieties, etc.

Timbering was British Columbia's greatest industry. The graduates of the mining and chemical engineering departments of the University of British Columbia had been usefully absorbed into the industries of the province. The department of forestry had not been attended with such good results and to change this situation steps were now being taken. Leaders of the industry had been got in touch with. All had been most anxious that the department should be maintained with, possibly, some changes in the curriculum. So far forestry engineering had been the principal study. Now more attention was to be paid to such matters as silviculture, reforestation, etc. as well as selective cutting and conservation for the future. There was also a demand for salesmanship and, in order to turn out practical men, attention would be paid to this. Graduates should be good business men as well as trained foresters. Dean Finlayson told how leaders of industry had assisted at the 1933 Ottawa imperial conference in negotiating of agreements which had captured United Kingdom markets for this country.

In opening his address, Dean Finlayson gave an interesting preview of his own engineering career as well as a brief review of the development of the engineering department of the University of British Columbia.

Dr. H. N. Brocklesby, president of the Gyro Club, was in the chair and, on behalf of the club, tendered thanks to Dean Finlayson.

G. P. Lyons, chairman of the university extension committee of the Junior Chamber of Commerce, was a luncheon guest.

SCIENTIFIC DISCUSSION

Dean Finlayson Interests Good Sized Audience at City Hall With Lecture

Great Advances

Question as to Whether Inventive Genius Will Mean Boon Or Doom of Mankind

Taking as his subject "Science and the Nation," Dean J. N. Finlayson, head of the Department of Applied Science at the University of British Columbia, opened a series of three extension lectures here last night. There was a good-sized audience in the city council chamber to hear a very interesting discussion. Dr. Joseph T. Mandy, resident mining engineer, on the invitation of the Junior Section of the Prince Rupert Chamber of Commerce, which is sponsoring the lectures, was in the chair. In opening the meeting, Dr. Mandy declared that the community was indebted to the Junior Chamber for having been instrumental in bringing these outstanding educationalists to Prince Rupert. The lectures had been of much benefit and had served to link Prince Rupert more closely with the work of the university.

Dean Finlayson declared that advances, discoveries and inventions which had been made by scientists and engineers had almost transformed the social life of the people. So rapid were the advances in the field of science that it had been suggested a halt should be called until the political, social and economic sciences were able to catch up. The speaker mentioned some fantastic prophecies that had been made by scientific writers as to what might be expected if scientific inventions continued. It might even lead to the banishment of all personal effort or the total destruction of mankind. In any case the development of the machine age had reversed the problem of supply meeting demand. The problem was now to find consumers for what was produced. One scientific writer had said that the increase in technical knowledge had not been accompanied by an increase in intelligence. A "prophet of doom" envisioned scientific progress as a Frankenstein monster casting its shadow across the upward path of the race. On the other hand, a more cheerful view was that the function of the machine should be to release man from brutal labor so that he might devote himself to higher thought and action. Some, therefore, thought that machinery would have to be destroyed in order to save mankind while others saw machinery as the means of striking the shackles from mankind.

Dean Finlayson reviewed the progress of man in the mechanical field from the ages of the rough tools to the perfected machines of today. For thousands of years progress had been slow but during the past century or so it had been meteorically rapid. The discovery of the ability to light fire had been one of the greatest of inventions. But man, when he first learned to warm himself by fire, had never guessed the uses to which he would be able to put fire.

TERRACE FUNERAL

Stephen McNeill, Veteran Mining Man Who Died Yesterday, Buried There Today

Stephen McNeill, veteran prospector and mining man of the Copper River district, whose death occurred at the Prince Rupert General Hospital yesterday afternoon, was laid at rest at Terrace this afternoon. Accompanied by his two nieces, Mrs. F. R. Amende and Mrs. J. E. McGrath of Seattle, who had been called here last week on account of his illness, the remains were taken to Terrace on last evening's train. Mrs. Amende and Mrs. McGrath will return here on tonight's train and sail for Seattle on the Prince George.

Born near Montreal seventy-three years ago, the late Mr. McNeill, as a young man, was engaged in lumbering in Wisconsin. About forty-five years ago, he came west to British Columbia. He prospected in Alaska and this part of the province and some thirty years ago located in the Terrace district. He was the locator of the Dardanelles property on Copper River which was taken over a couple of years ago by the Fred Wells interests and renamed the Omineca Gold Quartz.

The only immediate relative of deceased is a brother, William McNeill of Florence, Ore.

Beer Parlor Plebiscites

Cloverdale and Barriere to Vote This Month, Provincial Government Decides

VICTORIA, April 8:—Dates for beer parlor plebiscites in the communities of Cloverdale and Barriere were set for this month by the provincial government Tuesday. Further developments in the mechanical field and attendant economic problems were discussed by (Continued on Page Two)

No War, Says the Dean

Dean Inge, of St. Paul's Cathedral, better known as "The Gloomy Dean," has written a book, "A Rustic Moralizer," in which he sounds a cheerful note. He says he does not believe we are approaching a new and terrible European war as so many people seem to think. Here are one or two paragraphs from the publication which give the point of view of this thoughtful churchman:

"The opinion on the Continent is that we are approaching a new and terrible European war. Here again I will have the courage of my opinions and say that I do not believe it. The conditions are quite unlike those of 1914. Then, all the great nations were rich; their credit stood high. Although the cost of the war far surpassed all expectations, they found it possible to finance it by borrowing.

"But most of the war debts were repudiated, so that in future no one will look on a war loan as an investment. At the present time, all the nations which might be suspected of desiring war, except Russia, are virtually bankrupt. We are often told that a nation can always pay its soldiers as it goes along. I do not believe it. I do not believe that either Germany or Italy could finance a great war. Germany is in such a plight financially that I have grave doubts whether the Hitler regime can last out the year, and Italy is not in a much better shape."

The dean describes the ambitions of Mussolini as "a fantastic dream" and compares it with that of Napoleon which brought about his ruin.

"Nor could Germany attack Russia, which would be aided by France, with any chance of success," he continues. "Russia, which is moving cautiously in the direction of an industrial and peasant republic, is more stable, both politically and financially, than Germany, where a declaration of war would release a huge volume of violent discontent against the existing regime. The German bayonets are not for use against France, still less against ourselves (the British). The Germans are honestly afraid of the immense Russian army and of a Communist rising within their own border."

Annette's Have Stronger Lead

Improved Position in Ladies' Bowling League Last Night With Victory Over Spark Plugs

Annette's further strengthened their hold on first place in the Ladies' Bowling League standing last night by a decisive 1908 to 1434 victory over Spark Plugs while the second place Rangers were winning 1604 to 1328 over Canadian National Recreation Association. Doodads defeated Knockouts 1467 to 1336 while Grotto won 1402 to 1287 over Blue Birds. The Grotto also bowled off a postponed game for an aggregate of 1338. High scorer for the evening was M. Johnson of Annette's with 243.

SCIENTIFIC DISCUSSION

(Continued from Page 1)

Dean Finlayson who closed last night's lecture with the projection and explanation of a number of lantern slides. Possibility of harnessing the tides and development of power from the sun's heat were touched upon as well as the photo-electric cell or electric eye and the development of power by disintegration of the atom.

Dean Finlayson presented a chart showing depressions which the world had gone through in the past. An era of prosperity now appeared to be in store but it would probably be only for a few years.

The dean will continue along similar lines tonight when his subject will be "The Future Trend of Industry."

C. N. R. steamer Prince John, Capt. Neil McLean, is due at 8:30 tonight from Vancouver via the Queen Charlotte Islands.

Former Cripple Now Plays Tennis

Rheumatism in Feet Relieved

Here is a story of a young man who had almost given up hope of taking part in active sports with his fellows again. He tells how he tried one remedy after another and how finally a former sufferer put him on the way to recovery:

"Two years ago I started with pains in the feet which gradually got worse. I tried everything under the sun but to no effect. Whilst waiting for treatment one evening, another patient advised me to try Kruschen Salts. That was twelve months ago, the relief was not sudden, but the pain and swelling gradually left my feet, and in six months I amazed my friends by taking long walks into the country. This year I have played a good deal of tennis, a thing which I had begun to think I should never do again."—C.W.

Rheumatic pain and swelling is frequently caused by excess uric acid accumulating in the body. Kruschen contains two ingredients which are notable for their work in dissolving uric acid deposits. Other ingredients in Kruschen assist the internal organs to expel this dissolved acid from the system.

TO DEFEND HOOP TITLE

Local Basketball Team is Going To Premier for Week-end Games

To defend the Northern British Columbia basketball championship title against the Premier challengers, the Grotto Senior city championship hoop team will leave tomorrow evening for Premier where a series of two games will be played—one on Saturday and the other Sunday. The party is expected home on Monday.

The local team consists of Ernie Ratchford, Doug Stalker, Edlie Smith, Walter Johnson, Herbie Morgan, Jack Lindsay, Don Arney, Bill Hale and Sonny Stiles. Bud Barrie is going along as manager and coach while Johnny Comadina will make the trip in the capacity of a referee.

LOCAL NEWS NOTES

Don't forget when visiting Port-land Canal that the Frazer Hotel is the best place to stop. (tf)

Tonight's train, due from the east at 10:20, was reported this morning to be on time.

Two local children, who are without parents or guardians, will be sent tonight on the Prince George to a children's home at Vancouver.

Ross Peebler, who is engaged in the transportation business at Atlin, was a passenger aboard the Princess Norah this morning returning north after a business trip to Vancouver.

Robert Watts of Kitkatla, who is a patient in the Prince Rupert General Hospital, is progressing favorably and will be able to leave the hospital in about two weeks' time, it is expected.

On account of other events having been scheduled, the dance which was to have been held by the Prince Rupert Shrine Club on Tuesday night of this week to raise funds for the crippled children's hospital funds was postponed until a later date.

Mrs. Alfred Dudoward, aged and colorful native woman of Port Simpson, who had been reported critically ill recently with pneumonia and whose recovery was despaired of, is now much improved, according to word from the neighboring village.

The Canadian Girls in Training, Explorers and Trail Rangers groups of First United Church held a joint meeting Tuesday night to make final plans for the forthcoming circus. About 50 girls and boys were in attendance and were given instruction by Ken Harding who is in charge of the program.

Dated this 2nd day of April, A.D. 1937.

Silversides Bros. Spring Sale of wallpapers, paints, varnishes, etc. (tf)

Indian Agent W. E. Collison and Dominion Constable A. J. Watkinson left on last evening's train for a brief trip to Usk on official business.

Frazer Hotel, steam heated rooms, Hyder, B.C., near the Stewart dock. (tf)

R. D. Baker and E. A. Buce, officials of the Standard Oil Co. of British Columbia, which is considering establishing a station locally, will sail by the Prince George tonight on their return to Vancouver after spending the past few days in the city.

Children's Colds
... Best treated without "dosing"
VICKS
VAPORUB
Now WHITE-STAINLESS

For the third time inside a few days, a false alarm was turned in to the fire department from the corner of Eighth Avenue and Conrad Street at 10 o'clock Tuesday night. It appears evident now that these calls are being turned in deliberately.

Mr. and Mrs. James V. Eastman and Mr. and Mrs. Elliot Tyrer were here aboard the Princess Norah this morning going through from San Francisco to Atlin where they are identified with the Columbia Development Co., which is operating steam shovel gold mining operations on Spruce Creek.

Y. Tahata, Tokyo industrialist, in the course of a tour of the Pacific Coast, is a visitor in the city, accompanied by G. R. Okuda of Vancouver. They arrived yesterday morning on the Prince George from Vancouver and will sail Friday night by the Princess Adelaide on their return south.

Stanley H. Alton, former private secretary to the general manager of the Premier Gold Mining Co. and now engaged in the insurance business, will sail by the Prince George tonight on his return to Vancouver after having been here and at Stewart for the past couple of weeks on business.

Capt. Hill Barrington of the Barrington Transportation Co., after having spent the winter in Seattle, was a passenger aboard the Princess Norah this morning going through to Wrangell where his company will soon be getting ready to institute the season's service up the Stikine River to Telegraph Creek.

Constables David A. Dunlop, E. D. Williams and Richard L. Mabel of Whitehorse and W. H. Herron of Carcross who went south recently as an escort for Paddy Duncan, elderly Yukon Indian, who has been sentenced to life imprisonment at New Westminster penitentiary for homicide, were here aboard the Princess Norah this morning returning north.

For conniving to supply liquor to Indians, W. Duff was fined \$50, with option of one month's imprisonment, in city police court yesterday. Connie Moody and Priscilla Smith, Indians charged with vagrancy, were each fined \$25, with seven days' imprisonment. Dora Larsen, for drunkenness, was fined \$25 with option of seven days' imprisonment.

WOMAN'S LOST PLEASURE

MANCHESTER, Eng., April 8: (CP)—Suffering such head pains following a road accident that the wearing of a hat "gave her no pleasure," a woman was awarded \$1,360 damages.

IMPROVES PARTY DISHES AS WELL AS DAILY MEALS

ALL dishes in which milk is used are improved by Carnation Milk—whether it is this fancy sandwich loaf or the simplest milk pudding. That's because Carnation's different from ordinary milk—twice as rich, equal cream in every drop. Wherever a recipe says "milk" you can use Carnation to advantage. The Carnation process makes this pure milk a better food for bottle-fed babies and growing children, because it is easier to digest; never varies; is safe; contains extra "sunshine" vitamin D. Carnation is the evaporated milk the Dionne Quintuplets use.

Write for the gorgeously illustrated Carnation Cook Book. A host of ideas, recipes and full-colour pictures for 10c, coin or stamps. Address Carnation Company Limited, Abbots St., Van.

A CANADIAN PRODUCT — "FROM CONTENTED COWS"

Capt. William Strong, well known Tulsequah transportation man, who arrived here by train Tuesday night from Edmonton, left on the Princess Norah this morning for Juneau enroute to the Taku. He was accompanied by Ellis Johnson who has been spending the winter here.

"ALL-BRAN KEEPS ME IN SHAPE EVERY DAY"

"When I had eaten a heavy breakfast, I would feel lousy. After a couple of days of this, I would have to take a laxative. "One morning I had a dish of ALL-BRAN. Believe me, it beats any laxative, as it keeps me in shape every day."—Wm. C. Billings (address on request).
Why put up with half-sick days, when a delicious cereal will make you feel so good? Because ALL-BRAN has "bulk" which absorbs moisture within the body. Then gently sponges out your system, wipes away the listlessness, the "blues," the headaches.
Scientific tests prove this natural food is both safe and effective—worlds better than taking patent medicines. ALL-BRAN is guaranteed. Take it a week. If not satisfactory, your money will be refunded by the Kellogg Company. Serve as a cereal or use in cooking. ALL-BRAN also supplies vitamin B and iron. At all grocers. Made by Kellogg in London.

Delightful Affair in Oddfellows Hall Tuesday Afternoon Was Well Patronized

A very successful coronation bridge party and tea was held Tuesday afternoon by Belist Chapter, Imperial Order, Daughters of the Empire. The affair was well patronized. It took place in the Oddfellows' Hall which was appropriately decorated. A display of dancing and musical program proved very entertaining.

LIBRARY MEETING

Board in Regular Session—Report For Month Presented

The Library Board held its regular monthly meeting last night. Those present were: F. Dibb (chairman), Mrs. N. Arnold, R. E. Moore, R. L. McLennan, T. J. Williams, T. B. Black and Miss Olive Van Cooten librarian.

The Library Board book fund campaign reported that subscriptions were already being received and that lists of contributors would be posted in the library building.

A resolution from the B. C. Librarian Association seeking grants to union libraries in the province was endorsed by the Board.

Circulation for the month was reported as follows: fiction, 1743; non-fiction, 326; serials, 446; pay, \$51.74; total, \$966.11. Number of books in the library was 146.

Books added were: by gift, 3; by purchase, 41. Books discarded were 16, making a gain of 28. Total number of books in the library is 9239. Borrowers added totalled 27 and cancelled, 14. Total number of borrowers in the library is 4076.

WHIFFLETS From the Waterfront

Bringing in a capacity list of 153 passengers and taking upwards of twenty more on board here, C. P. R. steamer Princess Norah, Capt. William Palmer, arrived in port at 9:15 this morning from Vancouver and sailed at 10:30 for Skagway and other Alaska points whence she is due back here next Monday afternoon, southbound. The Norah had no passengers for Prince Rupert.

Having completed annual overhaul at the local dry dock, C. N. R. steamer Prince Rupert, Capt. Edward Mabbs, sailed at 6:45 last evening for Vancouver where she will remain until being re-commissioned in service for the season in a couple of months.

No boats being in with catches there was no sale of halibut on the local Fish Exchange this morning.

Simple Home Treatment For Varicose Veins

Swollen veins may become dangerous and sometimes break. Before resorting to operations or injections sufferers are advised to get an original bottle of Emerald Oil at Ormes Ltd. or any pharmacist and start to reduce the veins and bunches at once. A small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush or the finger tips as directed until the swelling is reduced.

So effective is Emerald Oil that it is highly useful in reducing troublesome simple swellings due to strain and hastens their disappearance.

Stop at the Frazer Hotel when visiting Stewart or Hyder. The only steam heated hotel in Portland Canal district. (84)

WEDDED ON WEDNESDAY

Miss Dorothy May Stevens R. N. Becomes Bride of Melvin R. Dafeo

A very quiet but interesting marriage took place at 5 o'clock yesterday afternoon at the Baptist Manse when Miss Dorothy May Stevens R.N., youngest daughter of Rev. and Mrs. F. G. Stevens of Winnipeg, became the bride of Melvin R. Dafeo, youngest son of Rev. Dr. F. W. Dafeo, pastor of First Baptist Church. The ceremony was performed by the groom's father, assisted by Rev. T. J. Hind of Vancouver. Only intimate friends of the contracting couple were in attendance. Following the ceremony, a wedding supper was served in the Manse. P. H. Linzey proposed the

toast to the bride, the groom responding suitably.

Mr. and Mrs. Dafeo are taking up residence on Fourth Avenue East. The bride has been engaged in nursing at Bella Bella and Ocean Falls. The groom was recently transferred here from Ocean Falls in the provincial police service. The couple will be the recipients of hearty congratulations and best wishes.
