Prince Rupert—Cloudy, south-east wind, 22 miles per hour; barometer, 30.18; sea moderate.

Tomorrow's Tides

High 10:56 a.m. 19.6 ft.
Low 4:47 a.m. 10.6 ft.
17:58 p.m. 5.4 ft.

DIRECT ACTION TO END CIVIL WAR

Great Britain and France Are Becoming Impatient; Moving To Force Isolation of Conflict

London Wants Quick, Workable Peace Plan—German Incursion Into Morocco is Resented by France—Ceuta Being Fortified

LONDON, Jan. 8: (CP)—Great Britain and France are reported in well informed circles to be considering direct action to isolate the Spanish civil war. Urgent need of a quick, workable peace plan is realized by British statesmen. In Paris French officials assert that it is "impossible" for France to permit the reported German incursion into Spanish Morocco and

said it would demand immediate consultation of European powers to halt the flow of foreign men and munitions into Spain.

New developments in the situation today include the moving of the French Atlantic fleet into Spanish waters, consultation of Army and Navy chiefs over Moroccan defences and the statement of the French Moroccan administrator that German fortifications at Ceuta, just across the Straits of Gibraltar, were going up on a scale to rival the great British rock.

In Berlin Germany is moving quickly to enforce the terms of her ignored ultimatum to Spain demanding the release of the interned cargo of the freighter Palos and a captured Spanish prisoner from that vessel. Germany considers the Palos incident closed and would take action to liquidate the seizure by sale of the vessels Aragon and Marta Junquera belonging to Spain. Expressions of sentiment heard in Berlin indicate that the people have an overwhelming fear of the consequences of warfare and desire to avoid armed conflict.

Meantime Fascist insurgents fought at the bayonet point in Spain to advance toward Madrid at the southern and western edges of the city.

At Washington a special resolution embargoing United States munition shipments to Spain became law.

WHEAT IS BAD NEED

Grain Shortage in Germany Will Necessitate Importing of One Million Tons

BERLIN, Jan. 8: (CP)—It is estimated that Germany will need one million tons of wheat to make up the deficiency in the grain shortage which is at present facing the country and, as a result of which, the tariff on grain imports was recently cut sharply. Grain markets have been influenced by the grain shortage in Germany. All possible steps are being taken to conserve the country's grain and flour stocks.

Weather Forecast

(Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 24 hour period ending 5 p.m. tomorrow.)

Synopsis—Pressure remains high in British Columbia with fine weather and moderate temperature generally from the coast to the Rockies.

Prince Rupert—Strong east and south winds, unsettled with rain.

Queen Charlotte Islands—Strong east and south winds, milder and probably showers.

NEWSPRINT OUTPUT IS BIGGEST YET

Production in Canada Last Year Very Close to Limit Capacity

OTTAWA, Jan. 8: (CP)—Operations in the forestry industries were greatly expanded in the year just ended. The production of newsprint reached a new high point in history, being close to the practical limit of capacity. An unsatisfactory feature was the low price level which persisted in spite of the higher cost of operations the realities of supply and demand demonstrating the need for price readjustment. Production in the first 10 months was more than 2,600,000 tons, a gain of 16 percent over the same period of 1935. Timber scaled in British Columbia, a good guide to saw-mill operations was about 2,333,000,000 board feet, a gain of 14 percent over the first 10 months of 1935.

One of the features of the rise in the foreign trade of the Dominion during last year was provided by exports of forest products in which lumber and newsprint played the leading roles. The export of planks and boards at 1,392,000,000 feet in first 10 months was 26 percent greater than in the preceding year. The American market was opened by a reduction in the high duties imposed on Canadian lumber in 1930 and 1932. Exports of planks and boards to the United States showed a gain of 51 percent in values while purchases of the British market registered a gain of 32 percent. Exports of the entire wood and paper group registered an increase of 9.4 percent over the first 10 months of 1936. The gain in sales to the American market due in part to the trade pact was 18.4 percent. The forestry industry is one of the largest employers of labor, and working forces in logging, saw-milling and paper industries showed marked percentage gains.

ARMY SETS OUT AGAIN

Nanking Troops Resume Westward March in View of Latest Red Outbreak at Sianfu

NANKING, Jan. 8: (CP)—The Nanking government's army is reported to have again taken up its westward march in view of the fresh red outbreak of former Manchurian army troops at Sianfu. This is the army that had been sent out recently in a punitive expedition during the rebellion of Marshal Hsueh-Liang and the abduction of General Kai-Shek.

Card of Thanks

Mrs. Ernest Large and family wish to convey sincere thanks and appreciation to all friends who donated cars, sent floral tributes and assisted in any way during their recent sad bereavement.

Shake-Up in Germany Imminent

SKATING FATALITY AT OCEAN FALLS

The provincial police have been advised of a skating fatality at 4 o'clock yesterday afternoon at Ocean Falls in which Wesley Burke, whose parents reside at Vancouver, lost his life by going through the ice. The body has not been recovered.

OFFICERS GET BUSY

Rumor That Mattson Boy Has Been Released on Ransom Payment Not Confirmed

TACOMA, Jan. 8: (CP)—Federal agents and state police, investigating the Charles Mattson kidnapping, swept into action unexpectedly today and at least four automobile loads of officers vanished from Tacoma. Twenty federal agents dashed out of one hotel at 4:30 a.m., their whereabouts still a mystery six and a half hours later. Rumors that the Mattson boy had been released on payment of ransom by the father were not confirmed.

BUILDING EXPECTED

Reason to Anticipate Renewed Activity This Year

OTTAWA, Jan. 8: (CP)—The volume of new construction in Canada in 1936 showed a slight gain over the low level of the preceding year, private operations counterbalancing the decline in governmental contracts. Since a large number of industries are now operating near the high levels of the last prosperity cycle, the construction of additional plant and equipment should shortly become an important factor. Recovery in residential building and renovation will be affected by the public's response to the measures adopted by the central government. For modernization and repair loans the bank rate of 3 1/4 percent represents the lowest cost installment plan that is available in any country.

Great Britain during 1936 entered upon a second phase of recovery. The impetus arising from sterling depreciation having to a large extent lost its force, credit expansion took the more usual form of a rising stock market and increased capital issues. Industrial construction revived supplementing the rearmament activity. Exports to the British market from Canada responded with a gain of 30.4 percent over the first 10 months of 1935. Exports to the United Kingdom were very largely a record of encouraging advances including lumber, woodpulp and dairy products. The strong demand for wheat in the British market was one of the features of the year, while the demand for metals became more insistent as the season advanced. Imports from the United Kingdom at \$101,977,000 showed a gain of about six percent. The values represented 20 percent of the total imports of Canada. The total exports to the other Empire countries

NEW YORK, Jan. 8: (CP)—Bar silver advanced to 45 1/2¢ on the New York metal market yesterday.

RECORD PEACETIME DEFENCE FUND FOR UNITED STATES

WASHINGTON, D.C., Jan. 8: (CP)—A record peacetime United States defence fund of nearly a billion dollars, including money for construction of two battleships, is asked by President Franklin D. Roosevelt for the 1938 fiscal year. The budget also announced an estimate of \$1,537,123,000 for relief expenditures during the coming year, a drop of \$786,000,000 under projected outlays for the current year.

EXPANSION OF TRADE

Agreement with United States Opens Market for Many Commodities

Exports Up

Many Countries Increased Business With Canada Last Year

OTTAWA, Jan. 8: (CP)—The agreement with the United States opening to Canada wider markets for some 60 commodities, undoubtedly encouraged expansion of trade between the two countries during the past year. While the total exports to the United States increased from \$295,000,000 in the first 10 months of 1935 to \$328,500,000 in the same period last year, the inclusion of non-monetary gold somewhat obscures the real significance of the increase. Deducting the outward shipment of non-monetary gold, the export trade to the United States showed a gain of no less than 25.7 percent. A part of the gain in trade was due to the industrial expansion in the two countries during the last 12 months.

With an increase of 16 percent in the index of industrial production in the United States, the record of last year was the best since the depth of the depression and the improvement was evidently based on a more secure foundation than in preceding years. The demand for Canadian farm products in the United States was also expanded by crop shortages due to drought conditions. Of the exports of \$328,500,000 in the first 10 months of 1936, about \$174,000,000 represented items covered by the agreement. The exports of cattle were more than \$8,400,000 against \$5,400,000 in the same months of 1935.

By the arrangements now in force for the last 12 months, the Japanese government removed a 50 percent ad valorem surtax brought into force in July, 1935, on some principal Canadian exports to Japan, notably wheat, flour, lumber woodpulp, and packing paper. Canada cancelled an ad valorem surtax of 33 1/3 percent on Japanese goods imposed as from August, 1935, and some Canadian assurances were also given as to customs valuations. Imports from Japan increased from \$3,057,000 in 1935 to \$3,365,000 in the first 10 months of 1936, while exports rose from \$11,119,000 in 1935 to \$15,907,000.

By the arrangements now in force for the last 12 months, the Japanese government removed a 50 percent ad valorem surtax brought into force in July, 1935, on some principal Canadian exports to Japan, notably wheat, flour, lumber woodpulp, and packing paper. Canada cancelled an ad valorem surtax of 33 1/3 percent on Japanese goods imposed as from August, 1935, and some Canadian assurances were also given as to customs valuations. Imports from Japan increased from \$3,057,000 in 1935 to \$3,365,000 in the first 10 months of 1936, while exports rose from \$11,119,000 in 1935 to \$15,907,000.

NEW YORK, Jan. 8: (CP)—The epidemic of influenza now gripping England and United States is milder by far than the great death-dealing plague of nearly twenty years ago but it is of sufficient seriousness to cause widespread inconvenience. Pneumonia is also rampant and New York City alone has had 227 deaths from the malady during the past week.

Reichstag Being Called To Hear Statement From Hitler of Much Importance

Reichsfuehrer's Position as Head of State Believed to Be Involved—Present Parliament May Be Dissolved And New Constitution Proclaimed

PARIS, Jan. 8: (CP)—A Havas News dispatch from Berlin says it is reported there that the Reichstag has been convoked for January 30 to hear a declaration of major importance from Reichsfuehrer Adolf Hitler. It has been reported that important government changes are imminent involving Hitler's position as head of the state. Other reports say that the Reichstag may be disbanded and a new National Socialist constitution proclaimed for the Reich.

SAD STORY AT INQUEST

Further Details in Connection With Tragedy on Fraser Lake

FRASER LAKE, Jan. 8:—Coroner W. C. Pitts and a jury listened to a sad recital at Fraser Lake on Monday of the tragedy which took the lives of four little Indian boys on New Year's Day, as the little ones were trying to make their way home from the Indian school at Lejac. The victims of the tragedy were Allan Willie, aged nine, and Johnnie Michael, Maurice Justin and Andrew Paul, each eight years old.

The statement of the school authorities was that they thought the four little boys had left the school in company with some older people who had been visiting the school during the day, and they felt no uneasiness on their account. On the following day the school authorities sent a car to return the boys to the school. The car made its way to Stella without locating the boys. As the boys had not reached their homes a search party was organized which resulted in the finding of the four bodies at the east end of Fraser Lake about five o'clock on the evening of Saturday, January 2. The boys had evidently made a desperate fight to reach their homes, but had been overcome while within a quarter of a mile of their destination. One of the boys had given up shortly before his companions. His body was found several feet from the others. The little chap had taken off his coat, made a pillow out of it and lay down on the trail to die.

The verdict of the jury was that the death of the four boys occurred at the east end of Fraser Lake on the night of January 1, due to exhaustion and consequent freezing. The circumstance was held to be unavoidable in view of the evidence. From this finding the jurors proceeded to state that in their opinion more definite action by the school authorities might have been taken on the night upon which the occurrence took place; and that more co-operation between the school authorities and the parents of the children would in future help to lessen the danger of a repetition of such an incident. The jurors also added a rider to their verdict: That corporal punishment if practised (in the school) should be limited; and that a better understanding would exist between the pupils and disciplinarians if the latter were English speaking.

SEATTLE ACCIDENT

Two Killed and Fifty Injured When Municipal Street Car Jumps Tracks on Trestle

SEATTLE, Jan. 8: (CP)—Two men were fatally injured and fifty others hurt less seriously when a municipal street car jumped the tracks on a trestle, smashed against a concrete pillar and halting on the railing fifty feet above the ground. The operator said he believed the air brakes froze and caused the accident. The dead are W. A. Court, mechanic, and Leo P. Bow, Seattle fireman.

Influenza Scourge Is Quite Serious

Milder Than Epidemic of 1918 But, Nevertheless, Causes Much Inconvenience

NEW YORK, Jan. 8: (CP)—The epidemic of influenza now gripping England and United States is milder by far than the great death-dealing plague of nearly twenty years ago but it is of sufficient seriousness to cause widespread inconvenience. Pneumonia is also rampant and New York City alone has had 227 deaths from the malady during the past week.

OTTAWA, Jan. 8: (CP)—The agreement with the United States opening to Canada wider markets for some 60 commodities, undoubtedly encouraged expansion of trade between the two countries during the past year. While the total exports to the United States increased from \$295,000,000 in the first 10 months of 1935 to \$328,500,000 in the same period last year, the inclusion of non-monetary gold somewhat obscures the real significance of the increase. Nationalism And Depression

Over a considerable area economic nationalism, upon the passing of the worst phases of the depression, has lost some of its force, says Hon. W. D. Euler, minister of trade and commerce.

"It is encouraging," said Prime Minister W. L. Mackenzie King to the assembly of the League of Nations, "to see growing recognition of the necessity of action to combat economic nationalism and the endless devices of control which are strangling international trade, making political co-operation and confidence difficult to establish."

Barriers To Trade

The barriers which still beset international trade must be reduced as a prerequisite to a higher level of prosperity. To the nations who are prepared to take action in this respect will go the rewards.

Advance Is Normal

The recovery now under way in Canada bears every evidence of a normal advance following a protracted period of depression. The deflation fell more severely upon the exposed competitive industries forced to meet the demoralized competition and chaotic financial conditions that developed in world markets.

The industries recording the greatest advance were either engaged in the export trade or were indirectly benefited by it. The revival in business is happily due to a genuinely increasing demand for commodities at home and abroad, rather than depending upon the stimulus of works undertaken primarily for the relief of unemployment.

PRODUCTS OF FARMS

Production Was Down Last Year But Exports Higher

OTTAWA, Jan. 8: (CP)—If the production of crops had been distributed more evenly geographically, the year might have been regarded as a more satisfactory one for agriculture.

The recent rise in the general wholesale commodity price level has been dominated by pronounced increases in the price of farm products, greatly improving the relationship between prices of farm products and of those needed for farm living and operation.

The exports of vegetable products mostly of Canadian farm origin, recorded a gain of nearly 50 percent over the first 10 months of 1935. The outward shipment of animals and animal products amounted to more than \$100,000,000 in the first 10 months of the year just ended, a gain of 26 percent.

BIG CROWD SEES TENNIS

NEW YORK, Jan. 8: (CP)—A crowd estimated at 17,630 witnessed the match here Wednesday night when Fred Perry of England, world's amateur tennis champion for the past three years, opened his professional debut by defeating Ellisworth Vines of California, holder of the world's professional title.

RED WINGS TAKE LEAD

Are Now on Top of American Section by Winning Over New York Americans

NEW YORK, Jan. 8: (CP)—Detroit Red Wings defeated New York Americans 4 to 2 in the National Hockey League on New York ice last night and again assumed exclusive possession of first place in the American Section standing ahead of the idle New York Rangers.

In other games last night the fast moving Canadiens defeated Toronto Maple Leafs 4 to 1 at Montreal and the Boston Bruins blanked the Chicago Black Hawks two to nil at Chicago.

Hockey Standings

Table with international and American hockey standings. Columns include team names and scores.

Champion Paddler Giving up Racing

Frank Amyot, Ottawa's Olympic Star, Not Worrying About Status

OTTAWA, Dec. 8: (CP)—Frank Amyot, blond paddler who was Canada's sole Olympic champion in 1936 and who ran aground on an A. A. U. of C. reef when he got back home, isn't worrying about his amateur status. He's all through with paddling a canoe in competition.

Officially, Amyot's standing is unchallenged but A. A. U. authorities made no bones about their disapproval of his accepting a \$1,000 gift by Ottawa admirers on his return from Berlin. They took no action but Amyot won't paddle any more. He made that clear when, loaded with honors for his triumph in the 1,000 metre single blade event in the Olympics, he started home with his teammates.

Big Frank, many-times Canadian champion, sacrificed a great deal to go to the games. He went into training in early spring, propelling his craft on the Ottawa River before it was entirely clear of ice. He gave up smoking, late nights, dancing, movies. It was all work.

Appointed captain of the padding team, he took complete charge before the team sailed. He cared for the luggage, ordered the meals, saw that his charges were in condition. In Berlin he trained. And he tooped it off by winning the only Canadian victory in the games.

Not bad for a young fellow—but Amyot has had enough.

Today's Weather

(Government Telegraphs) Triple Island—Cloudy, raining, southeast wind, 20 miles per hour; sea moderate.

WILL MAKE GOOD POND

Lighting System Installed at Skating Centre—New Dam to Be Constructed

At the regular weekly luncheon meeting of the Rotary Club yesterday J. J. Little reported good progress on the skating pond at Morse Creek and asked for an increased donation towards the funds. This was referred to the directors for favorable consideration with power to act.

Mr. Little explained that some stumps had been pulled out and others cut off close to the ice level. It was planned to put in a crib dam to enable the height of the water to be controlled and then to raise the water well above the stumps. This should make a good skating pond and later in the year steps could be taken to make it into a good swimming pond. Wednesday night for the first time the place had been illuminated, the light being donated by the Northern B. C. Power Company, a charge being made only for actual out of pocket expenses in connection with the installation. The railway company was donating the lumber for the dam and the city the transportation. For the money invested they would have work valued at at least from \$900 to \$1,000.

Mr. Little was thanked for his report and for the time given to carrying out his part of the work which is being done jointly by the Rotary and Gyro Clubs.

Recreation Centre Resumes Activity

Has Largest Attendance and Most Classes of Any Individual Centre in Province

Following a two weeks' suspension during the Christmas and New Year holiday season, activities have been resumed at the provincial recreation and physical education centre here with instructor David Bell in charge. With a total enrolment of 292, 88 men and 204 women, the total attendance for the local centre is the largest of any in the province and it also has the greatest number of classes.

SPORT CHAT

Percy Alliss, the great British golfer, is 39 years old today. Alliss, for many years a club professional in Germany, has held German and Welsh open titles as well as a score of lesser ones and was runner-up to Walter Hagen for the Canadian Open crown in 1931.

Pep Kelly, right winger of the Toronto Maple Leafs of the National Hockey League, was born at North Bay, Ontario, 22 years ago today. Kelly turned professional at the start of the 1934-35 season after a successful career with St. Michael's College Juniors who won the Dominion championship in 1933-34.

MRS. PREECE PRESIDENT

Annual Meeting of Women's Auxiliary of Canadian Legion

With a gratifying attendance of upwards of forty members, the annual meeting of the Women's Auxiliary of the Canadian Legion, British Empire Service League, was held last evening at the club rooms with election of officers for the coming year. Mrs. Hugh Killin, retiring president, was in the chair.

Opening with business of a routine nature, reports were read which showed a very satisfactory year for the organization, both financially and socially. The election of officers resulted as follows: President, Mrs. J. Preece.

First Vice-President, Mrs. Robert Anderson.

Second Vice-President, Mrs. H. B. Eastman.

Secretary, Mrs. M. M. Lamb (re-elected).

Treasurer, Mrs. P. M. Rayner (re-elected by acclamation).

Entertainment Committee—Mrs. Christison (chairman), Mrs. Shrub-sall, Mrs. Wilson, Mrs. Eastman, Mrs. Anderson, Mrs. Oden.

Sick Visiting Committee—Mrs. Henry Smith (chairman), Mrs. Boulter, Mrs. Bussey, Mrs. Hugh Smith.

Welfare Committee—Mesdames Anderson and Goodsell.

Investigating Committee—Mesdames Rothwell and Michaeloff. Press Correspondent, Mrs. W. Brass.

Auditors—Mesdames Barber, Davies and Killin.

Standard Bearer, Miss D. Smith.

Sewing Circle Formed

A Sewing Circle was formed with Mrs. Barber as chairman, assisted by Mrs. Eastman and Mrs. Goodsell. The first meeting will be held at the club rooms on February 12.

A bridge, whist and dance was also arranged for the evening of January 19 in the club rooms under general sponsorship of Mrs. J. Preece.

Hearty congratulations were tendered the retiring officers for a most successful year and upon a very pleasant note the meeting was closed.

IN THE SUPREME COURT OF BRITISH COLUMBIA
IN PROBATE
In the Matter of the "Administration Act"

And
In the Matter of the Estate of Bernard V. Thornton, Deceased, Intestate.
TAKE NOTICE that by order of His Honor, W. E. Fisher, the 5th day of January, A. D. 1937, I was appointed Administrator of the estate of Bernard V. Thornton, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 6th day of February, A. D. 1937, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

NORMAN A. WATT,
Official Administrator,
Prince Rupert, B. C.
Dated this 5th day of January A. D. 1937.

Fellowship With God is Subject

Pastor E. J. North Speaker At Fourth Meeting of Universal Week of Prayer

Pastor E. J. North of the Pentecostal Assembly delivered the message last night at the Salvation Army Citadel where the fourth meeting in observance of the Universal Week of Prayer here was held. The subject was "Fellowship With God" and there was a fairly good attendance. Final meetings will be held tonight—one at the Pentecostal Assembly with Rev. Dr. F. W. Dafoe as speaker and the other at St. Peter's Anglican Church where Major Eva Laycock will be heard—the subject to be dedication.

Last night's meeting opened with community singing of hymns followed by a session of voluntary prayer. Pastor North read the Scripture lesson and a vocal duet, "Fellowship With Thee," by Major Eva Laycock and Capt. Elizabeth Robertson was a fitting prelude to the message of the evening.

"Fellowship or partnership with God is the duty and privilege of each believer," declared Pastor North. There was lack in the world today of real fellowship with God. If man lived in contact with God he would have no doubt of God's word and God's truth. God recognized no denomination but enjoined all to fellowship with one another through Him. Pastor North also reminded his listeners of the forbidden fellowship with the world. The church was likened to a vessel on the sea of the world. None of the sea must get into the vessel or disaster would follow.

The meeting closed with the singing of the hymn "I Surrender All" and Dean Gibson pronounced the benediction.

Mrs. Frank Dibb, who has been visiting in Brooklyn, N.Y., with her daughter, Mrs. W. W. Wood, is expected to return to the city towards the end of the month.

Report on Boys' Parliament At Victoria Given

The Hawks Trail Rangers group of First United Church held its meeting Thursday evening when Maurice Davey, who represented the Skeena-Hazelton district at the Fourteenth Annual Tuxis and Older Boys Parliament held in the Parliament Buildings at Victoria, gave a report on the proceedings. He dealt with the daily program of the fifty boys attending the sessions and told of the inspiration received from the fellowship with these members. The work of the parliament consisted of plans for the continuance and development of boys' groups in the province. Along this line a resolution was passed that the seat of parliament be rotated among the large centres of the province. In 1937 it will be New Westminster.

It has been a number of years since a representative from this district has attended the Boys' Parliament and the Hawks group are proud of this distinction.

OFFICERS INSTALLED

Sons of Norway Leaders For Coming Year Take Over Their Duties

Installation of Gunnar Selvig, president, and other officers of the local Sons of Norway for the ensuing year was conducted at a lodge meeting last night by Oscar Sather. There was a good attendance of members and a social evening followed the lodge meeting. There was a reading by Gunnar Selvig. Ten tables of whist were played with Olof Skog the winner of a 15-pound turkey and C. Aune taking a cash prize. Gunnar Selvig was in charge of the card tables. Delicious refreshments were served under the direction of Miss Lillian Ytreberg, Mrs. A. Wick, Mrs. John Wick and Mrs. Hans Underdahl.

The officers installed were as follows:
President, Gunnar Selvig.
Vice-President, John Murvold.
Judge, Anton Dybhavn.
Financial Secretary, John Storseth.
Regent, Mrs. A. Wick.
Secretary, Miss Fredheim.
Assistant Secretary, Mrs. Hans Underdahl.
Treasurer, Mr. Hundelde.
Inner Guard, E. Jensen.
Outer Guard, T. Murvold.
Trustee, C. Aune.
Marshal, Mrs. A. Dybhavn.
Assistant Marshal, Mrs. Olof Skog.

Rev. L. C. Jensen will be leaving on the Princess Norah Sunday morning for Ketchikan where he will join a delegation headed for Petersburg to attend the Alaska Circuit of the Norwegian Lutheran Church of America. Bishop H. L. Foss of the Pacific district will be in attendance, as will also representatives from Lutheran churches in Alaska and Northern British Columbia.

Band Concert At Kitzegukla

Entertainment of Varied Nature Much Enjoyed

KITZEGUKLA, Jan. 8.—On Monday the Kitzegukla band gave a very interesting concert in the McDames Hall. The program was as follows:

Opening number, instrumental, "The Canadian Patriot," Band.

Speech, Arthur Sampare, president of the Band.

March by band, "Stars and Stripes."

Song by two children, Godfrey and Corah Wesley.

Overture, "The Daughter of the Elm," Band.

One Act Play, "Hang the Murderer," Rufus McDames.

One Act Play, accompanied by orchestra, "Three East Indians."

Story, "The Trapper and the Cougar," Peter Mark.

Shadow act, "Sawing a Man Into Two Parts," Abel Ross.

Story by Abel Ross.

Refreshments were sold by Mrs. Ed. Wesley, Mrs. Walter Wesley, Mrs. Mathias Welsey, Mrs. H. Wesley and Mrs. Fred Sampare.

Proceeds were for the band fund. There were 19 instruments taken by the different members. The concert closed with a scenario, "The Land of Liberty."

Skeena Crossing Gospel Party On Visit to Kispiox

SKEENA CROSSING, Jan. 8.—A Salvation Army gospel party from Skeena Crossing visited Kispiox the day before New Year and held a special meeting in the United Church there. They were home in time for the New Year's Eve and New Year's Day festivities in Kitzegukla.

EXPANSION OF TRADE

(Continued from Page 1)

tries were \$68,379,000, a gain of 13 percent, while the imports were \$54,094,000, a gain of 18 percent.

Trade With Europe

A provisional trade agreement was negotiated with Germany, becoming effective in November. The agreement provides for mutual most-favored nation treatment and a bilateral exchange of goods in equal amounts, which is the basis of Germany's foreign trade policy. Germany will buy as much from Canada as Canada buys from Germany and each country will treat goods from the other no less favorably than like articles produced in any third country. An important exception conspicuous in all other recent trade agreements is that advantages accorded by Canada to other parts of the British Empire in the intra-Empire trade agreement of Ottawa shall remain unaffected by the present pact.

Both parties agree that it is their intention to replace the Provisional Trade Agreement with a General Convention of Commerce and Navigation. There is a provision in both agreements that if either party should be dissatisfied with the working of the agreements negotiations could be commenced with a view to a mutual satisfactory adjustment, and that if such negotiations should not be successful the agreements may be terminated on six weeks' notice.

The Provisional Trade Agreement takes the place of an arrangement which became effective at the beginning of 1933, whereby the intermediate tariff was extended to German goods in exchange for most-favored nation treatment of Canadian products by Germany. The advantages which Canada expected to derive from this arrangement were nullified to a large extent by the drastic control of the granting of foreign exchange introduced in Germany in September, 1934.

Germany's foreign trade improved considerably in 1936 over the preceding year. The Reich's exports from January to September to European countries were 9.3 percent greater than in the same months of the preceding year, while her imports from European neighbors in the same period decreased by 2.4 percent. From overseas the increase was 7.6 percent.

The embargo against the imports into Canada of certain goods from Russia was cancelled in September. The Soviet order of 1931 against purchases in Canada and the chartering of Canadian vessels was also annulled. The result of this arrangement was the restoration of normal commercial relations between Canada and the Soviet Union.

The large active balance which had been evident in Canada's commodity trade in 1935, was continued as one of the important features of 1936. There is every indication, too, that the tourist trade produced a larger balance than in 1935 and the export of gold bullion remained one of the large sources of Canada's external credits. Canada's large net interest and dividend payments to investors residing abroad continued as an important debit in 1936.

During the first 10 months of last year the international trade in securities between Canada and other countries totalled \$600,000,000 compared with \$435,000,000 during the corresponding period of 1935. Of this trade, the sales to other countries were represented by \$301,000,000 and the purchases from other countries by \$299,000,000. The largest part of these international security transactions was between Canada and the United States, sales to that country being \$242,000,000 and purchases \$252,000,000 while sales to Great Britain during this period

GREAT FILM IS OFFERED

"Charge of the Light Brigade" Is Week-end Feature on Screen Of Capitol Theatre

Tennyson's famous verse of the same name forms only the climax for the film story of "The Charge of the Light Brigade" which will be presented this week-end as the feature offering on the screen of the Capitol Theatre here. The picture depicts a glamorous romance in which two brothers—one played by Errol Flynn and the other by Patric Knowles, a newcomer from England—are rivals for the love of a beautiful girl in which role lovely Olivia de Havilland is cast.

It is at an army outpost in India that the idyll begins and ends and in India many of the thrilling episodes take place. There is also the exciting action in Crimea to which sphere the British troops have been transferred. Of course the famous Battle of Balaclava, where the charge of the Light Brigade took place, is portrayed. Scenes are spectacular including not only battle action but colorful interiors and massive exteriors. The production is one of the largest that has been essayed for some time and has an excellent cast which also includes Henry Stephenson, Nigel Bruce, Donald Crisp, C. Henry Gordon, G. P. Huntley Jr., Robert Barrat, Spring Byington and Lumsden Hare.

listen to this - -

"There is no use arguing with the inevitable. The only argument available with an east wind is to put on your overcoat."

And it takes a stout overcoat to keep the east wind out, as James Russel Lowell knew.

But you can't wear an overcoat at home. The best you can do is to put on another lump of coal. And the best coal is Albert & McCaffery's—the best available for the last twenty years. If better could be got, we would have it. It gives you the most heat for the least money—and that's what you want. So the next time you need coal, just phone 116 or 117 to Albert & McCaffery and order Nanaimo-Wellington for furnace and heater; Alberta-sootless for the kitchen range.

You deserve the best!
