Action to Stop Conflict

SHANGHAI, Sept. 24: - Dealing out ruthless death, injury and destruction, Japanese aircraft continued their bombing raids over a wide area in China yesterday: It was the most savage air attack in the history of modern warfare. Three thousand persons are believed to have been killed in Canton, whole sections of which city were reduced to ruins. After a respite of one day owing to heavy rains in the Yangste Valley, the Nationalist capital city of Nanking was again bombarded with an estimated one thousand killed. It is now computed that some 300,000 persons have fled for safety from Nanking to the relative safety of the country.

Barney Ross Retains His Title-So Does Ambers-Jeffra and Apostoli Successful Challengers

NEW YORK, September 24: (Canadian Press) — Before crowd of over 32,000 in Mike Jacob's "Carnival of Champions" at the Polo Grounds last night, Barney Ross of Chicago successfully defended his world's welterweight championship by outfighting and outboxing Ceferina Garcia to win the decision in fifteen rounds.

Harry Jeffra, former Baltimore golf caddy, adding a final fillip to the card, dethroned Sexto Escobar of Puerto Rica as world's bantamweight champion with an impressive fifteen-round victory on points.

Lou Ambers, world's lightweight champion, won an unimpressive, unexciting fifteen round decision over Pedro Montanez to retain his title.

Fred Apostoli of San Francisco scored a technical knockout over Marcil Thil, French middleweight champion, in forty-five seconds of the tenth round. The bald bald Frenchman, recognized in Europe as the middleweight champ, was beating Apostoli on points when Fred opened a cut on Thil's eyelid after which the technical knockout was declared.

There was not a single knockout or knockdown in the fiftyfive round prize-fight extravaganza in which three titles were at stake.
