Tomorrow's Tides

High 11:18 a.m. 21.6 ft.
Low 5:10 a.m. 8.8 ft.
18:08 p.m. 2.6 ft.

Fascism in Japan is Given Setback

Sensational Evidence in Trial Nipponese Government

For First Time in History Wrecked by Lower House

Policy in Regard to Military and Finances is Not Popular—Rightist Effort to Obtain Control Believed Headed Off For Time-Being at Least

TOKYO, Jan. 23: (CP)—Japan's parliamentary political parties overthrew the cabinet of Premier Koki Hirota today, forcing the government to resign under bitter attacks against the army. The Premier, unable to reach a compromise between the military leaders and political parties, presented the cabinet's resignation to Emperor Hirohito after a final session of the ministry. He was expected to request the Emperor to extend the present suspension of the Diet to allow time for the formation of a new cabinet. He would remain in office, it was expected, during the four or five days necessary for government reorganization.

Late Telegraphs

POPE GETTING WORSE
VATICAN CITY—Pope Pius, endangered by the possibility of gangrene in an open sore on his left leg, was given injections to-night to combat what physicians thought might be the start of infection.

B. C. PILOT KILLED
VANCOUVER—Capt. G. S. Jones - Evans, formerly well known Vancouver air pilot, and his wireless operator, James Walker, were killed in the crash of their plane at Titsey Hill, Surrey, Eng., yesterday. Jones-Evans is survived by his wife and children who are still living at Kelowna.

ATTACK ON BARCELONA

Fascist Bombardment Has Little Effect—Trouble at Embassy in Lisbon

BARCELONA, Jan. 23:—Rebel ships have been bombarding this loyalist stronghold but with little serious effect.

Bombing in Lisbon
LISBON, Jan. 23:—The result, it is believed, of high feeling in this country over the Spanish civil war bombs were exploded at the Spanish embassy here, doing little damage.

Superintendent Of Railway Given Luncheon Friday

Yesterday afternoon W. H. Tobey, superintendent of the Canadian National Railways, invited a few representative citizens to luncheon in the Boston Cafe for the purpose of meeting the new general superintendent, W. T. Moodie, who was making his first visit to the city. Brief words of welcome were voiced by Lieut. Col. J. W. Nicholls for the fisheries industry, J. J. Little for the Chamber of Commerce, City Commissioner W. J. Alder for the city, C. V. Evitt for the service clubs and M. P. McCaffery for the business interests. Mr. Moodie thanked Mr. Tobey for giving him this opportunity of meeting the local people and expressed pleasure at being able to meet so many. About twenty were present, several being railway officials.

The party left last evening for Jasper and waypoints.

HOLLYWOOD, Jan. 23:—Mary Pickford and Charles (Buddy) Rogers are expected to be married in London late in March.

It was the first time in Japan's Parliamentary history that the lower house had succeeded in wrecking the government.

Japan's minister of war, General Count Jichi Terachi, brought the constitutional crisis to a head when he termed repeated assaults from the floor of Parliament as "insults to the army" and demanded dissolution of the Diet. Tense days of negotiations failed to find a basis of compromise on account of the firm opposition of united major and minor parties not only to the military and financial policies of the Hirota government but to what they charged was a growing tendency to Fascism and domination by military bureaucracy.

Extreme right elements throughout the country have been organizing a type of pro-Fascist party for the past few days. It is this type of party that the Army is reported to desire. The attitude of the general public, however, in support of Parliamentary parties is believed to be so widespread that the rightists have little chance of succeeding for the present at least.

President Retains Currency Control

Wide Powers For Roosevelt in Regard to Money Extended By Congress

WASHINGTON, D.C., Jan. 23:—Both Senate and House of Representatives have approved legislation extending the control of the President over the country's currency until June 1939. The chief executive is given authority to devalue the dollar up to fifty percent. The two billion dollar stabilization fund is also continued.

The House rejected an amendment by Representative Hamilton Fish of New York which would have removed the authority to devalue the dollar, this being defeated 307 to 39.

Dan McDonald, Old Prospector, Is Being Sought

Provincial Constable Andrew Grant of Hazelton has been conducting a search for Dan McDonald, pioneer prospector of that district, who is missing from his cabin at Twenty Mile, having not been seen since about Christmas. McDonald, an old type of prospector and pioneer, was formerly in the Boundary country and formerly used to be in Prince Rupert quite frequently.

DEATH IS EXPECTED

Soviet Charges Trotsky-Radek Conspiracy to Supply Japan With Fuel For War.

MOSCOW, Jan. 23:—The trial of Carl Radek, former noted publicist and one time editor of the Soviet government organ, Izvestia, and 17 other alleged anti-Communists, on charges of plotting with Leon Trotsky against the Soviet government with a view to restoring capitalism in Russia, commenced today before a Russian military court.

Full confessions to charges of conspiring to furnish Japan with oil from Sakhalin Island in event of a Japanese war with the United States and to a plot to partition Russia between Germany and Japan have been made, the government prosecution declared.

The indictment containing the sensational sabotage charges asserted that all defendants, including Radek, had acknowledged their full guilt.

Their intent, the indictment charged, was to overthrow the Communist regime in Russia. The plot was supported, it is alleged, by Germany and Japan. Trotsky, the noted exile, was charged with formulating the scheme.

Reichstag To Be Retained

Hitler Has No Intention of Abolishing Parliamentary Body Already Made Impotent

BERLIN, Jan. 23:—Chancellor Adolf Hitler has no intention of abolishing the Reichstag, law-making authorities of which have already been transferred to the cabinet, it is said in authoritative quarters.

On January 30 the Reichsfehrer is expected to announce a new set of laws designed to "weld the Reich into a more united whole."

Big Income Tax Claim Against Insull Invalid

CHICAGO, Jan. 23:—The United States Circuit Court of Appeals has ruled as invalid a suit against Samuel Insull for collection of \$221,000 in income tax.

Weather Forecast

(Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 24-hour period ending 5 p.m. tomorrow.)
Prince Rupert—Light to moderate varying winds, cloudy and mild with rain.
Queen Charlotte Islands—Moderate to fresh south and westerly wind, cloudy and mild with rain.

Alberta House To Sit Shortly

Legislature Will Go Into Session Again on February 25

EDMONTON, Jan. 23:—The next session of the Alberta Legislature will open on February 25, it is announced by Premier William Aberhart.

LONG RIDE FOR BABES

Premature Birth Rather Than Collision Shock Caused Deaths Of Three Quadruplets

MONTREAL, Jan. 23: (CP)—Hospital authorities here attribute the deaths of three of the four quadruplet babies of Mrs. Arcade Rondeau of St. Thomas, Quebec, to premature birth rather than any shock the babies may have suffered in the collision of the ambulance in which they were brought to the city with their mother with a snowplow outside of Montreal.

The babies were actually born at St. Thomas, being brought here in the ambulance, the deaths of the three of them occurring within ten hours of arrival at hospital. The forty-mile midnight drive was climaxed by the smash-up with the snow plow.

FIRE LOSS WAS LIGHT

Annual Report of Fire Chief Morrison Puts Total Damage For Year at \$2291.60

The total damage to property by fire and water in Prince Rupert during the year 1936 was \$2291.60, entirely covered by insurance. It is disclosed in the annual report of Fire Chief J. R. Morrison. The total damage consisted of \$1183.10 on buildings and \$1108.50 on contents. The value of property involved was \$100,000.

In the course of fighting fires during the year a total of 6000 feet of hose was laid, 250 feet of chemical hose was laid, 225 gallons of chemicals used and 150 feet of ladders.

The department responded to 68 calls during the year. There were 19 bush fires, 13 chimney fires, seven false alarms, five smoke scares and five calls due to unextinguished cigarettes. Sparks falling on roofs caused four fires.

During the year members of the Fire Department made 1325 inspections of business houses, hotels, schools, hospital and theatre and gave fifty written notices to correct unsafe conditions. During the year several old buildings were removed as fire hazards.

On charges of violating civic by-laws by allowing soot to accumulate in chimneys, thereby causing chimney fires, the city collected \$35 during the year.

The expenditure of the fire department for the year totalled \$10,716.51 of which \$8,846.15 was in salaries.

In his report the Fire Chief thanks the City Commissioner for co-operation and assistance during the past year, members of the department for attention to duty and successful work, the water, engineering and police departments for services rendered and the public and press for courtesy.

CATHOLICS ARE READY

A. J. Prudhomme Says That Sisters Told Him They Are Prepared to Put in Hospital

Suggestion contained in an editorial in the Daily News this week that the Roman Catholic Church might be prepared to come into Prince Rupert and establish a new hospital was confirmed by Ex-Ald. A. J. Prudhomme yesterday in conversation with a representative of the Daily News.

Mr. Prudhomme stated that, while he was at Smithers not long ago, the management of the sisters' hospital there had expressed willingness to come into Prince Rupert and put in a hospital that would take care of present needs. They would also be prepared to provide increased accommodation if and when such became necessary.

All the church would ask, Mr. Prudhomme added, would be a measure of support financially similar to that being given the present hospital by city and provincial government.

Stormy Weather In Channel And North Sea Eases

LONDON, Jan. 23:—Shipping in the English Channel and North Sea is back to normal again following storms of earlier in the week. The gale at times attained a velocity of eighty miles per hour and there was also driving snow.

IMPROVING OF RADIO

Major Gladstone Murray Promises Better Broadcasting Service For This Province

VANCOUVER, Jan. 23: (CP)—"I think British Columbia has been neglected in the past in radio broadcasting facilities," said Major W. E. Gladstone Murray, general manager of the Canadian Broadcasting Corporation, in an address yesterday before the Vancouver Board of Trade. "We are trying to repair this neglect in two ways. One is the new transmitter on Sea Island, the first high power transmitter in Canada. The other is to make British Columbia a separate region of radio transmission."

Major Murray repeated the announcement that British Columbia has been created one of five broadcasting regions of Canada.

The opening of the new local station, having a power of 5,000 watts, is to take place tomorrow.

SILENCE IS MAINTAINED

Police Unable to Draw Out Stranger Held on Vagrancy Charge

Continued silence of a mysterious shabbily-dressed man who was picked up by the police here a week ago and has resolutely refused since then to say a word regarding himself or his movements still baffles local authorities.

The stranger is being held in the city lock-up on a vagrancy charge pending investigation.

His fingerprints and description have been sent to the criminal investigation department of the provincial police at Victoria and it has now been ascertained that he has no record in British Columbia. Further check-up is being made with federal and American authorities.

The man, who was further remanded in city police court this morning, gives the name of Jack Watson.

BAROMETER IS RISING

Greater Use of Telegraphs Seen As Indication of Improved Business

TORONTO, Jan. 23:—Prominent business men concede that the telegraphs are the barometers of general business conditions. According to O. E. Galloway, assistant vice-president Canadian National Telegraphs, the volume of the telegraph and cable business handled during the past year was most encouraging and substantially greater than that shown for 1935. This increase not only reflected the general industrial recovery but, in certain lines, actually preceded it.

In making an analysis of the telegraphic business handled during 1936, Mr. Galloway stated that, "While the basic industries are directly responsible for the increased volume of domestic telegrams, it has been noted that increasing use is being made of the telegram for social purposes. This was very much in evidence during the past Christmas and New Year holiday season when the telegraph companies put low rates into effect with the result that an unprecedented volume of greeting messages was handled, apart, however from the stimulus given this type of business by the rate reduction, the volume likewise indicated that the public was no longer reserving their resources as in previous years. This attitude should have an important psychological result upon business conditions during the forthcoming year."

Mr. Galloway further stated that other departments in the Canadian National Telegraphs experienced the same gratifying increase in the volume of business handled during 1936. The increased volume of sent and received cablegrams reflected the splendid improvement noted in Canadian exports. There was also a decided expansion in the use of leased wires ticker services and the distribution of market quotations extending from coast to coast, including several points in northern Ontario.

"The interest shown in Canadian industrial recovery," Mr. Galloway said, "was also indicated by the extension of ticker and leased wire services to several of the larger American cities. I may say that we view with confidence the business outlook for this year and anticipate a substantial increase in the volume of telegraph and cable business over 1936."

IS BURNED TO DEATH

James Prather Believed to Have Perished When Fire Destroyed Pentiction Home

PENTICTON, Jan. 23: (CP)—The charred body of a man, tentatively identified as being James Prather, aged 60, pioneer Pentiction resident, was found yesterday in the smoking ruins of his home here after fire had destroyed it.

Mr. and Mrs. William Brooks-bank called this morning aboard the Princess Adelaide for a vacation trip to Vancouver, Seattle and other points in the south.

HERE'S ONE PUMP THAT WILL NOT BIND!

Revolutionary

According to the report published yesterday of the proceedings at the Communist meeting in this city, it was frankly stated that the difference between Communism and the C. C. F. was that the latter was parliamentary whereas Communism was revolutionary. In other words the Communists proposed to use violence to suppress those who do not agree with them just as the Fascists use violence to suppress those who do not agree with them.

It seems to us then that as long as Communists are allowed to openly carry on their propaganda, Fascists may be expected to do the same as a defensive measure and that eventually, if each side should increase in strength, it would man a civil war in Canada just as they have today in Spain.

Among Farming Community

We have a letter from a lady living in the Bulkley Valley who discusses this question of Communism and she says: "If you could hear the brutal talk of some of my neighbors and the occasional man I get to work on the ranch, you would know that the poison has run through the social system too far not to take in all who are decent and who own property for which they worked and slaved and saved."

Vancouver's Bridge

At last after many years of agitating the contract has been let for the bridge across the first narrows at Vancouver to connect West Vancouver and North Vancouver with the city. The cost, it is announced, is to be six million dollars. This shows what can be done by keeping after something and refusing to give up in face of great discouragement. Vancouver has wanted the bridge and wanted it badly. An English company has expended a fortune in laying out a wonderful picturesque subdivision at West Vancouver in anticipation of the work being done. One difficulty after another has been overcome until at last the contract for the work has been let. We congratulate the city on its victory.

New Metlakatla Basketballers Score 34 to 16 Victory Over Locals in First Series Game

VISITORS WON GAME

Metlakatla, Alaska, Defeats Metlakatla, B.C., by 34 to 16

The Metlakatla (Alaska) hoop team paid a visit to Metlakatla (B.C.) Thursday and played an exhibition game of basketball against the Canadian cagers, winning by a substantial score of 34 to 16.

As a curtain raiser, two local teams, Cougars and Lucky Five, took the floor and played an excellent game, the latter winning 35 to 18.

The main event between the two Metlakatlas proved an exciting game from the spectators' point of view but, to the local players, it was a "do or die" attempt. Both teams were on their toes throughout the game and from the start the visitors proved their superiority and experience by making baskets one after the other without a let-up. It seemed that nothing could stop them. However, the locals were game to the core and did their utmost to cage even a lonely basket. In this they were successful for, at the end of the first half, the score stood 39-2. In the second half the locals tightened up a bit and managed to make a few baskets. Despite the score the game was very interesting and it was clean all through. The entire village population turned out for the occasion.

A reception was tendered to the visitors by the Ladies' Benevolent Auxiliary under the auspices of the Young Men's Benevolent Association. About sixty guests sat down and partook of a very delightful supper in the Church Army Hall.

Following the ball games a very delightful dance was staged. Splendid music was rendered by Jimmy's popular orchestra and refreshments were served by the Ladies' Benevolent Auxiliary.

Bridge Series Is Under Way

C. C. F. Club Starts Tournaments For Which Grand Prizes Will be Given

A series of six bridge tournaments has been started by the Co-operative Commonwealth Federation Club. The first was held Wednesday night when ten tables were in play with prize winners as follows: ladies' first, Mrs. James Krievsky; second, Mrs. George Scott; men's first, George Scott; second, Ted Noble. G. W. Rudderham was master of ceremonies and A. O. Morse presided at the door. There will be grand prizes at the end of the series.

Basketball Dance Held Last Night

Surprise Entertainment Last Evening at Affair in Honor Of New Metlakatians

An enjoyable dance attended by close to two hundred persons followed the New Metlakatla-Prince Rupert basketball game last night, the affair being staged in honor of the visitors. During the evening there was some surprise entertainment which included piano solos by Larry Atkinson and vocal solos by Frank Boulton, and Mrs. John Marsden all of New Metlakatla. Music was by the Serenader's Orchestra and Bill Stone was master of ceremonies.

Carl Hubbell Is Given Pay Boost

Signs New Contract For 1937 Involving Substantial Increase In Salary

NEW YORK, Jan. 23.—Carl Hubbell, star pitcher of the New York Giants, has signed a new contract for the coming year with a substantial increase in salary, the exact amount of which has not been disclosed.

Before a crowd that had the Moose Hall filled to capacity, a goodly number being visitors, New Metlakatla took the opening game of the basketball series with the local All Stars by a score of 34 to 16 last night.

The visitors displayed a clean game, with fast passing, neat dribbling and deadly shooting. While the locals were somewhat outclassed, they, nevertheless, played a hard game, having hard luck in their shooting but putting up a great fight to the final whistle. The game started off fast with neither team scoring for about four minutes of play. Then Bolton opened up for Metlakatla with a beautiful long shot. Ratchford soon equalized for the locals but Bert Leask put the visitors ahead with another field basket. From then on the visitors held the lead. Rupert kept substituting frequently. About five minutes from half time Johnson scored a second basket for Rupert, while the Metlakatla team ran their total up to 11. Half time score was 11-4 for the visitors.

After the interval the visitors gradually drew away, snaring three more baskets before Rupert could score again. With the score standing 19 to 9, the "kid" line of MacPhee, Lindsay and Morgan was sent in but they failed to get anywhere, the game ending with the locals on the short end. Marsden and Ronnie Leask proved deadly shots for the visitors.

Individual scoring:
Prince Rupert—Ratchford (2), MacPhee (2), Stalker, Morgan (3), Arney, Stiles (5), Johnson (2), J. Morrison, Lindsay (2); total, 16.
New Metlakatla—Marsden (13), R. Leask (7), Bolton (6), James (5), B. Leask (3), Hayward; total, 34.

Intermediate Game
In the intermediate tussle the Scythians, playing a hard checking game, defeated the Moose 33 to 16, thereby winning the right to meet an All Star Senior team on this evening's card. The game was somewhat one-sided with the score standing 21 to 9 at the rest period.

In the second half the Scythians kept up their shooting while they held the Moose to seven points. Campbell was high scorer for the winners with 10 points.

Individual scoring:
Moose—Crompt (5), Husoy (4), Greer, Hale (1), Eby (4), Erickson, Ritchie (2); total, 16.
Scythians—Beynon (9), Houston (4), Montesano (4), Murray, Campbell (10), Letourneau (6), Gillis; total, 33.

Ladies' Game
In the opening game of the card the ladies All Stars lost a ragged close checking game to the High School quintette by a score of 8 to 5. McLeod got four points for the winners while Eva Morris did all the scoring for the All Stars.

Individual scoring:
High School—T. Davis (1), Elison (1), McLeod (4), Arney, Robertson, Lewellyn (2), Blaine; total, 8.

All Stars—Ratchford, Smith, Wilson, P. Dickens, E. Morris (5), E. Dickens, Beale, Menzies; total, 5.

Referees were Nakamoto, Smith and Comadina; scorer, J. Antonelli, and reporter, Mike Montesano.

BOWLING POSTPONED
Owing to the New Metlakatla-Prince Rupert basketball series Five Pin Bowling League fixtures scheduled for last evening, were postponed.

How to Ease a Cold Quickly

1. Take 2 "ASPIRIN" tablets and drink a full glass of water. Repeat treatment in 2 hours.

2. If throat is sore, crush and stir 3 "ASPIRIN" tablets in 1/2 glass of water. Gargle twice. This eases throat rawness and soreness almost instantly.

Get Quick-Acting, Quick-Dissolving "Aspirin." Take 2 Tablets

The modern way to ease a cold is this: Two "Aspirin" tablets the moment you feel a cold coming on. Then repeat, if necessary, according to instructions in the box.

At the same time, if you have a sore throat, crush and dissolve three "Aspirin" tablets in one-third glass of water. And gargle with this mixture twice. The "Aspirin" you take internally will act to combat fever, cold pains and the cold itself. The gargle will provide almost instant relief from rawness and pain, acting like a local anesthetic on the irritated membrane of your throat.

Try this way. Your doctor, we know, will endorse it. For it

is quick, effective and ends the taking of strong medicines for a cold.

"Aspirin" tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited, of Windsor, Ontario. Look for the name Bayer in the form of a cross on every tablet.

Demand and Get—ASPIRIN

LOCAL NEWS NOTES

Just arrived! A new shipment of hats. Annette's. (tf)

H. S. Parker will sail on the Catala tomorrow evening for a business trip to Stewart.

Tonight's train, due from the east at 10:20, was reported this morning to be on time.

Don't miss hearing Inspector T. W. Hall at Burn's Concert in Presbyterian Church, Monday, 8 p.m. Good musical program. Tickets 25c. (19)

Birthday Party Very Enjoyable

Miss Edith Wilkinson Was Honored Last Evening

In honor of the twenty-first birthday of Miss Edith Wilkinson, the home of Mr. and Mrs. G. V. Wilkinson was the scene of a delightful party last night. Some ten young people were present and spent a lively evening playing court whist.

At midnight a delicious lunch was served and the birthday cake was cut with due ceremony.

Those present were the Misses Edith Wilkinson, Edith Johnstone, Elsie Davis, Edith Connery, Vivian Wrathall and Winnie Cameron and Wilfrid Hicks, Robert Irvine, Tom Johnstone, Brian Parsons and Ken Harding.

To Alkalize Acid Indigestion Away Fast

People Everywhere Are Adopting This Remarkable "Phillips" Way

The way to gain almost incredibly quick relief from stomach condition arising from overacidity, is to alkalinize the stomach quickly with Phillips' Milk of Magnesia.

You take either two teaspoons of the liquid Phillips' after meals; or two Phillips' Milk of Magnesia Tablets. Almost instantly "acid indigestion" goes, gas from hyperacidity, "acid-headaches"—from over-indulgence in food or smoking—and nausea are relieved. You feel made over; forget you have a stomach.

Try this Phillips' way if you have any acid stomach upsets. Get either the liquid "Phillips" or the remarkable new Phillips' Milk of Magnesia Tablets. Only 25¢ for a big box of tablets at drug stores.

ALSO IN TABLET FORM: Each tiny tablet is the equivalent of a teaspoonful of genuine Phillips' Milk of Magnesia.

Older Children Are Entertained

Interesting Program at Weekly Story Hour Session This Morning

The older children were entertained at the story hour this morning in the Toc H. Rooms. Mrs. N. M. Carter created laughter with the humorous tale of "What Father Does Is Always Right," and pleased with the Indian story of "The Feast of Eat-Everything." Another chapter of the serial, "The Runaway Road," was narrated in an interesting manner by Mrs. J. A. Barry and fascinated with its element of mystery added to adventure. Mrs. Barry also held the interest of the audience with a true story with a German setting. Eileen Hamblin delighted with the request story of "Robert of Sicily."

Next week the program for children between the ages of 4 and 8 will be in charge of Mrs. Robert Cameron, Mrs. P. H. Linzey and Mrs. S. D. Johnston.

Handwriting In Heavens Subject Of Evangelist

Evangelist Ainsley Blair, Seventh Day Adventist revivalist, spoke to an appreciative audience on the subject "God's Handwriting in the Heavens." Referring to Christ's prediction of signs in the heavens, Mr. Blair mentioned several of these that were past, declaring that others were crystallizing in history before the eyes of the present generation. They pointed said he, to the nearness of Christ's return.

Waterfront Whiffs

Big New Boats For Halibut Banks This Season—Construction of Naval Building Going Ahead—1936 Halibut Catch High

Several new large combination halibut and seineboats now being built at Vancouver and Seattle will make their appearance on the halibut banks this spring, according to word reaching Prince Rupert from the south. Four such vessels are now being rushed to completion at Vancouver so as to be in readiness to get in some halibut fishing

pounds. This has been largely a result, it is suggested, of the efforts of the International Fisheries Commission to improve the fishery instead of allowing it to become depleted.

Union steamer Cardena, Capt. J. E. Boden, arrived in port at 8:30 last evening from Vancouver and way points, sailing at 10:30 p.m. on her return south.

The pile-driving outfit of the Armour Salvage Co. has been very busy during the past couple of weeks on improvement jobs along the local waterfront. Early this week quite an extensive pile replacement job was completed at the Albert & McCaffery wharf. Repairs were also carried out to the floats of F. E. Hunt Ltd. and now a job of putting in a new float and gangway at the Home Oil Distributors Ltd. dock has just been finished.

After making another special voyage northward from here to Ketchikan to pick up passengers who would otherwise have been held up owing to the continued maritime workers' strike and shipping tie-up, C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, arrived back in port at 7 o'clock this morning and sailed at 10 a.m. in continuation of her regular run back to Vancouver via Ocean Falls.

The federal Department of Fisheries is authority for the statement that in 1936 the catch taken by British Columbia halibut vessels was the heaviest since 1916, totalling approximately 10,310,000

Bishop Gallagher's Association With Radio Priest Highlight Of Career

Was Builder

Roman Catholic Activities in Detroit Expanded Under Late Cleric

DETROIT, Jan. 23. (AP)—The Most Rev. Michael J. Gallagher, by directing a remarkable expansion of church activities in his Detroit diocese, earned the sobriquet of "the building bishop."

Elevated to the bishopric at Grand Rapids, Mich., in 1916, he was installed as bishop of Detroit Oct. 29, 1918. Under his administration there were established in the diocese more than 100 new parishes and schools and a score of religious communities.

Bishop Gallagher was known as one of the "twin bishops." The other was Bishop Joseph Schrembs of Cleveland. The two were intimates for years, having risen together in the Grand Rapids diocese.

Of greater general interest than his church record and his friendship with Bishop Schrembs, however, was Bishop Gallagher's support of the Rev. Charles E. Coughlin, whose tempestuous career as a radio orator and political publicist stemmed from a tiny parish in Bishop Gallagher's diocese. Time after time, when Father Coughlin's widely-heard utterances on economics or politics drew fire from critics within and without the Catholic church, Bishop Gallagher went to his defense.

"I stand steadfastly behind this priest," he said, speaking into Father Coughlin's microphone to the Royal Oak priest's radio audience in 1935. "He speaks on behalf of the millions who are denied their just share of the goods of this world." It was reported that the participation of Coughlin in politics had something to do with a trip which Bishop Gallagher made to Vatican City last fall. The Bishop never confirmed reports that Coughlin had been rebuked by the Pope.

Ordained in Austria

When the bishop celebrated the 40th anniversary of his ordination in 1933, he chose Father Coughlin to deliver the sermon. When Father Coughlin built his new shrine of the Little Flower in Royal Oak, he had the features of Michael Gallagher carved on the figure of the Archangel Michael at the base of the lofty cruciform tower.

Born in Auburn, Mich., November 18, 1866, Michael Gallagher attended public schools there and later St. James' Catholic Church school in Bay City. After four years as a teacher in the public schools, he determined to enter the priesthood. He studied at the Sandwich, Ont., seminary, which now is Assumption College; in Mongret College, Limerick, Ireland, and in the University of Innsbruck, in the Austrian Tyrol. He was ordained March 19, 1893 at Brizen, Austria, and the next year returned to the United States.

After serving as parish priest at Carrollton, Mich., and at Hemlock, Mich., he became secretary to Bishop Richter of Grand Rapids.

PROF. TODD IS COMING

First University of British Columbia Extension Lectures Next Week

University extension lectures will be given here on Wednesday, Thursday and Friday of next week by Professor Otis J. Todd of the Department of Classics of the University of British Columbia.

Professor Todd graduated from Harvard University as a Bachelor of Arts with honors in 1906, winning his Doctor of Philosophy degree in classics in 1914. He taught at Walla Walla, Wash., at Whitman College and at Carlton College, Northfield, Minn., before joining the Faculty of Arts at University of British Columbia 18 years ago. In 1929-30 he returned to Harvard for two years of research and teaching and in 1923 he travelled extensively in Egypt, Greece and Italy.

Professor Todd is honorary president of the Varsity and Ex-Varsity football clubs and was council member of the Lower Mainland Football Association in 1927-29, and of the B. C. Football Association 1931-34. He is a member of the American Philological Association.

The series might be called a partial view of the ancient Greeks as human beings of a modern or universal genius. In the first lecture an attempt will be made to sketch an account of their sense of humor, the circumstances in which it was evoked, the literary types in which it found expression and some of their ideas as to its basis. In the second will be presented some of their conceptions as to the size and shape of the earth, how long it has existed and the condition of prehistoric mankind. In the third will be treated briefly the evolution of their views on man as a moral and social being.

These lectures are made possible by grants from the Carnegie Foundation. This Foundation pays the travelling expenses, the University lends the lecturers from the members of the faculty, and the local organizations provide the other funds for advertising, halls, etc. The Parent-Teachers' Association and the Junior Section of the Prince Rupert Chamber of Commerce are bringing the lecturers to Prince Rupert.

While here Prof. Todd will also address the Gyro-Club at luncheon on Wednesday.

ids. Promotion came rapidly, and he was named chancellor of the diocese, then vicar general, and finally bishop coadjutor, with right of succession. He became head of the Grand Rapids diocese September 26, 1916, and two years later was named bishop of Detroit.

J. M. Robertson, Vancouver insurance adjuster, following a business visit here, sailed by the Catalina last night on his return south.
