SECOND AVENUE RATEPAYERS ARE UP IN ARMS

INVESTIGATION INTO COAL CHARGES TURNED OUT TO BE RATHER FUTILE

It Was Finally Decided to Have a Measuring Test on Friday Afternoon---Mayor Says He is Satisfied That no Shortage Existed---Lack of Civic Weigh Scale Causes Trouble

With the resolution passed that members of the Council and the parties concerned should attend at the wharf on Friday afternoon while Messrs. Rogers and Black weighed out three loads of coal in manner identical with the method used in supplying the disputed quantity of coal to the light plant, and using the same three wagons, the Mayor and Council last night at a late hour dismissed the investigation into the alleged coal shortage as reported by Arthur H. Alliston.

but several witnesses testified to the loads being good. With the evidence at sixes and sevens at midnight, and no sign of anything definite in sight, Mayor Manson and Council, consisting of Aldermen Clayton, Morrissey, Douglas and Kirkpatrick, threw the investigation up in disgust. The Mayor said he wanted to hear no more witnesses and no more measurements and would not agree to go down to the wharf on Friday. "For my own part," he said, "I am satisfied that we are dealing with reputable men for our coal supplies, and I think there is pretty wide discrepancy in the methods of checking adopted. It will be better for all parties to have this final test made at the wharf to decide the matter. After the city weigh scales arrive there will be no more doubt as to methods of

measurement. Every pound of coal used at the plant will be weighed." Messrs. Rogers and Black agreed to furnish facilities for the test on Friday and there the matter stands. COAL AT \$2 A TON
 It is Very Choice Anthracite, Too, at That.

(Special to Daily News.)
 Calgary, Dec. 6.—The City Council here has received a novel proposition to go into the coal mining business. H. A. and W. T. Ford, who own 15 square miles of anthracite coal near the city, have offered to sell out or to lease to the city on a royalty basis. They say the city could then sell anthracite to citizens at \$2 a ton.

"I AM IN TOUCH WITH THE RAINBOW" ACTING-MAYOR TOLD A CONTRACTOR

Rainbow Incident is Revived in Supreme Court Case This Morning in Damage Suit of Contractor Watson Against the City of Prince Rupert

Mr. Justice Clement opened the damage suit of Watson vs. the city of Prince Rupert this morning, Wm. Watson being the first witness examined. He said that the first knowledge he had of a time limit in the contract

was at the time of the strike. The Judge—"What was the strike? You all know about that here, but I merely heard of it." Witness in answer to questions by Mr. Williams explained the nature of the strike. He told how the alderman elected in January had promised the 45 cent rate which had occasioned the trouble.

the Rainbow, and as soon as we get an answer from her it may be possible for you to start up." Mr. Kelly asked about the time limit and the Acting Mayor informed him that ample extension of time would be granted both for time lost and time required for reorganization. He gave a brief account of the Kelly's cut incident.

City Solicitor Peters for the city admitted that there was a strike which stopped the work for six weeks. Witness told of his attempt to get police protection and unresponsive reception by the city authorities. With other contractors he had gone to Acting Mayor Vernor Smith, who had said "It only aggravates the strikers to attempt to start work and we have no adequate police protection, but I am in touch with

Witness (William Watson) went on to tell how he had approached the Mayor for a final estimate of his work. The Mayor had told him that he could have it provided that he obtained from Messrs. Williams and Manson a copy of the original contract in their possession. This the solicitors refused to do, saying that it was their private matter. Mr. Watson had not retained the services of any solicitors up to then.

PARLIAMENT PASSES G.T.P. BILLS

Railway Company Has Charter and Contracts Renewed and Extended by the Government and Senate MUST COMPLETE LINE BY DECEMBER 1914

This is the Outside Limit to be Allowed to Have Everything in Actual Running Order—Prairie Section to be in Running Order by December 1912—All Appropriations for the Year are Now Passed

(Special to Daily News.)
 Ottawa, Dec. 6.—Any uncertainty as to the relations between the Borden government and the G. T. P. was set at rest last night, when the House of Commons sat late and rushed through several bills relating to the Grand Trunk Pacific Railway. These were at once rushed over to the Senate, which was sitting, and passed the upper house. From there they were taken to the Governor-General and received the royal assent.

Charter is Extended.
 The bills included one to extend the charter of the railway, and one to extend the contract entered into between the Government and the railway company. Under the extended contract the railway company is given until December 1st, 1912, to complete the work on the prairie section. **All Complete by 1914.**
 An extension of time for the

mountain section was also given until December, 1914, by which time the railway company must have all work completed and the line open for traffic. **Reserves Authority.**
 The Government has, however, taken power to limit the period for the completion of the work by order-in-council. The royal assent was also given to the supply bill, thus completing all the appropriations for the current year.

DENIES STORY OF ANY ITALIAN REVERSES

(Canadian Press Despatch.)
 Washington, Dec. 6.—The Italian ambassador to the United States has issued a statement denying the reports that the Italian troops have suffered reverses at Tripoli of late and are practically in a state of siege within the city. He states that the Italian troops are in undisputed possession of the city and surrounding districts, and are not suffering reverses. Italy has already made

extensive captures of Arab prisoners, who are being sent for confinement to the fortress of St. Angelo at Taranto in Southern Italy until the war is over. Tom and Jerry at the Savoy.

WHARF SITE FOR PORCHER ISLAND

Many Settlers in City Today for First Time in Some Weeks—Urgent Need to Decide Where Wharf Shall Be.

Half the population of Porcher Island is in the city today, the first opportunity having been seized by the islanders to visit Rupert after several weeks of stormy weather when gasoline boats could not cross over. It is claimed that a poor service of steamers is run to the island, the Prince John calling only on her outward trips at Refuge Bay, and even then the landing of passengers and goods on the beach is a danger and discomfort.

WILL REDUCE CABLE RATES

British Postmaster General Intends to Cut the Present Rate in Two After New Year.

(Special to Daily News.)
 London, Dec. 6.—It was announced today by Postmaster General Samuel that all press messages to Canada, United States and Australia subject to deferment will be accepted at half present rate. Ordinary messages in plain language will be accepted at half price after New Year. He is also arranging for night letter and week-end messages.

All are agreed that a wharf is badly needed, but all are unfortunately not agreed as to the site of the wharf. Some settlers want it at Refuge Bay and others at Jap Inlet. The Government Engineer on his last visit urged the settlers to agree on a site, then to represent to the authorities where they want their wharf. This course is being now strongly advocated. WEDNESDAY, DEC. 6

THE CITY ENGINEER AND THE WATERWORKS TENDERS

Yesterday the News in raising the question about the peculiar manner in which it is proposed to harass the station gangs, eliminate the competition of the contractors and allow the City Engineer to put in an irresponsible bid for the pipe trench cutting, referred to the City Engineer as having estimated the cost of the retaining wall work at \$8,000. This latter incident, which was used by way of illustration, the City Engineer says is unfair to him as it referred to an embankment guard and not to a retaining wall. The News accepts Col. Davis' word on this matter, and regrets that an unfair deduction was drawn from this \$8,000 estimate.

The incident however, does not affect the value of the criticism offered by the News, for Col. Davis in the same conversation admitted that his intention is to put in a bid for the work, and that if his bid is accepted he will carry out the work by day labor. He further admitted that the citizens have no guarantee that he will be able to carry out the work for the amount of his bid.

The reasons offered by Col. Davis for recommending that the work be done "by station gangs only" are:—

- (1) To avoid employing undesirable laborers who might be engaged by the contractors.
(2) To prevent the work being done by day labor, in fulfillment of the promise to the ratepayers.

The News respectfully points out that neither of these reasons are sound.

In the first place there is nothing to prevent these "undesirable laborers" from joining together in station gangs and undercutting all the other competitors.

In the second place, if the City Engineer's admittedly irresponsible bid is accepted, he proposes to carry out the work by day labor, which is in direct violation of his reason for recommending station gangs as well as in violation of the promise to the ratepayers.

The News repeats its accusation of yesterday, that the City Engineer's recommendation to bar out the contractors, to place harassing conditions on the station gangs so that they will find it difficult to compete, and then allow himself to come in with an irresponsible bid to carry out the work by day labor at the ratepayer's expense, looks like a cooked up scheme to fool the station gangs, the contractors and the ratepayers alike.

SPORTS

The friends of Carl Morris, the Oklahoma giant and rumored white hope are out busy denying a story that his recent victory over Jack Geyer was entirely due to the smallness of the ring—a thirteen-foot affair. At the same time, with Morris' 240 pounds, and Geyer's 210 pounds, there wasn't much room for much else except the referee and some hard slugging. It is not quite right to put two such big men in a ring so small.

Calgary is ambitious to become known as a racing center. Sweepstakes totaling \$18,000 have already been hung up for next summer's meet at the Industrial Exhibition races.

Five of the \$1,000 stakes will be hung up for the harness races and one will go to the runners. The big stake race for the runners will be the 1 1/4 mile race for the Calgary cup. Thoroughbreds from all over the continent are expected to be entered for this event. The thousand dollar stake offered is expected to be the means of drawing more runners to Alberta than have ever before been seen.

In the National League an exceedingly close race is likely next year, say the dope artists, with the Giants, Cubs, Phillies and Pirates, and possibly the Cardinals in the running.

In a recent hour race between Jean Bouin, the French amateur distance champion, and Bouchard, a crack professional Marathon runner, the amateur won an easy victory, covering eleven miles 968 yards in the hour.

W. G. George, holder of the mile professional record, declares the present system of training athletes is all wrong, and that men are better if left to themselves, following the promptings of nature as to diet.

Training of British athletes for the next Olympic games at Stockholm will begin next month when a combined team of Oxford and Cambridge stars will meet the pick of the performers of the Amateur Athletic Association of England in an elimination meet.

THE COSY CORNER

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

A BEAUTIFUL THROAT

It is One of the Most Vital Points to the Artist's Eye.
Sweet Potatoes, Southern Style—Peel and split lengthwise three good sized sweet potatoes and boil until done. Put in small baking pan, add three-fourths of a cup of sugar, a heaping tablespoonful of butter, enough boiling water to cover and bake twenty minutes in hot oven.

Be she matron or maid, a beautiful throat is a joy to any woman. Especially during the social season does she desire a full round throat, whose every curve is a line of beauty, and whose soft whiteness gleams from under the line of the décolleté gown.

A famous beauty doctor in Paris has a special course in developing throat beauty. He tells the seeker after beauty that she must steam the throat several times to soften it and then massage it with a special massage cream, massaging from the point of the chin toward the curve of the throat.

A beneficial exercise is to use the throat as a pivot and roll the head from side to side while you count twenty. Do this every night and morning, and you will never be troubled with those tell-tale lines of approaching age that every woman dreads.

By this gentle exercise you will strengthen the muscles so that they will be firm and full, giving that beautiful curve over which artists rave.

SWEET POTATOES

There Are a Score of Ways of Cooking This Vegetable.
Cooked with the meat or separately the sweet potato is a particularly good thing, quite unexcelled to the mind of a large number of people.

"The Southern way" in all its numerous variations, sometimes particularized as Tennessee or Georgia, or other sweet potatoes by state, is always a good way.

Candied Sweet Potatoes—Par-boil potatoes until they begin to soften, then dip in cold water and rub off the skins. Slice in one inch pieces and lay in buttered baking dish a layer of potatoes, and sprinkle thickly with light brown sugar and dots of butter. Repeat until dish is full. Pour in one-half cup of boiling water and bake in hot oven one-half hour.

Croole Sweet Potatoes—Boil sweet potatoes in jackets until done. Then peel and slice thick into a baking dish. Season with pepper, salt, butter, brown sugar and a dusting of cinnamon. Put a cup of hot water over them and brown slowly in the oven.

Sweet Potato, Croquettes—Mash sufficient hot boiled sweet potatoes to make one pint. Beat into the mashed potato salt, pepper, one teaspoonful of onion juice and one tablespoonful of butter. When partly cool mold into any desired shape, dip into beaten egg, roll in fine dry crumbs, and fry golden brown in

Some pictures in the Richmond High School salon

AN IDEA FOR RUPERT

Why Not Use Our Fine Schoolhouse to Help to Inculcate Art

A suggestion that may be well worth while for Prince Rupert has been successfully tried in Richmond, Indiana, which has developed a unique variation of the social center idea, and as a

result now boasts the first school social center art gallery in America.

Every year \$1000 is appropriated by the city for buying pictures to hang in the corridors of the Richmond high school building. Every year a regular salon is held there—famous artists from all over the country sending their work.

The whole town goes to see the pictures, and there's a sort of popular referendum as to what picture or pictures shall be purchased. Last year they spent the whole appropriation on a single picture.

Messrs. Rogers and Black Were Mistaken About Ald. Clayton.

At the outset of the coal investigation last night Alderman Clayton demanded from Messrs. Rogers and Black the name of the alderman mentioned in their letter to the Council as having "for reasons of his own instructed Mr. Alliston to measure the coal." After a moment's demur Mr. Rogers named Ald. Clayton. Mr. Alliston was sworn, and denied that Ald. Clayton had ever instructed him to measure the coal, after which Mr. Rogers agreed to withdraw all reference to the alderman in question by letter to be published.

Admiral Schley's Own Story

A man died the other day, and with his death passed America's most popular naval hero—popular because championed by the people, though officially denied the full fruits of his long and brilliant service. This man was Admiral Schley, hero of Santiago, one of the great sea-fighters of history. Shortly before his death Admiral Schley completed for Cosmopolitan a series of articles giving his personal recollections of his forty-five years in the navy. He was not anxious to do this for there was at least one old sore that an autobiography must reopen. But we urged upon him the fact that nearly four million readers would see each instalment of his story, and most of these readers believed, with Admiral Dewey, that the men who stood on the deck of the Brooklyn that July Sunday in '98 were entitled to the glory of that great victory. So he consented. Not in the cut and dried way, but unlocking his secret soul as he had never done before. The first instalment of the autobiography, the life story of a man worth while in the nation's history, appears in the Christmas number. Subscription to Cosmopolitan will be accepted until December 10th at the special low rate to Canada of \$1.50. Cosmopolitan Agency, Box 851 Winnipeg.

Cosmopolitan and Dickens

CHARLESE DICKENS is still a "best seller." Publishers don't argue pro and con over his books—they just order a new carload of paper, oil the presses, and let them speed on. And it has been over forty years since, one morning when the yard was filled with scarlet geraniums and the breath of syringa was heavy in the air, the great author followed little Nell. Now that the centenary of his birth (February 7th, 1812), approaches and everybody is thinking of Dickens. We have secured several articles which will tell many things about him that have hitherto been unknown. In the January Cosmopolitan his son, Alfred Tennyson Dickens, will tell you some of his own personal recollections of the great novelist. Later, probably in February Mary Angela Dickens, his granddaughter, will give an intimate view of Dickens as she remembers him. In fact, in these and other articles on Dickens which will follow—fully illustrated, of been published of these human-course—we shall aim to give you a more vivid picture than has yet the home—side of the great master, written by those who knew him best. Read the articles—they will surely arouse a new interest in the "best beloved" author in your library. Subscription to Cosmopolitan will be accepted until December 10th at the special low rate to Canada of \$1.50. Cosmopolitan Agency, Box 851 Winnipeg.
