Scenes of Horror as Basque Capital Falls to Rebels—Italian Steamer is Reported Bombed By Loyalists

HENDAYE, France, June 17: (CP)—Columns of smoke seen rising from Bilbao today indicated that the defenders might burn the city before permitting the insurgents to enter. Refugees from the Basque capital reported that distribution of food had ceased and that thousands were starving.

The insurgents reported today that their ships blockading Bilbao had captured three government shiploads of three thousand refugees who were fleeing the besieged Basque capital, many of them being children crying for food. Insurgent besiegers said that the three ships were taken when they attempted to slip out of the mouth of the Nervion River into the Bay of Biscay.

The refugees were mostly women and children described as being in a pitiful condition. Thousands of insurgent soldiers today began the ascent of the last two hills at the western edge of Bilbao, aiming at both a final encircling of the Basque capital and a new offensive on Santander to the west.

By nightfall, it seemed, the insurgents will have forced an iron ring around Bilbao in readiness for occupation and for a new westward offensive.

SOMETHING LIKE SPAIN

The war between different labor factions in the United States is not much different from the civil war in Spain except that in one case there is much slaughter of innocent people while on this continent there is not actual slaughter but many innocent people have to suffer and the big industries have to bear the brunt of the conflict.

The labor battle causes much unrest and in some cases is fatal to any expansion of industry which would have helped to bring about more employment and better times generally.

We are inclined to think that the people of this continent will pretty soon refuse to be made the goat in this conflict.

A writer in the American Magazine urges that the regulations of a labor union should be set forth clearly and the leaders should be compelled to live up to them. The writer of the article suggests the following code:

Let every labor organization be required, like a corporation to receive a state charter setting forth its rights, obligations and responsibilities.

Let every labor organization be required to file annually with a public authority a statement of accounts, so broken down that members of the union and the public may know how the funds are spent.

No labor union should be permitted to spend funds for political purposes without the personally confirmed consent of the membership and all such expenditures should be made public.

The "check-off," the system of deducting union dues from pay envelopes should be forbidden by law and both employers and labor leaders should be made liable for its practice.

The workers' representatives should be elected annually, with the right of recall, at a secret, democratic election held for each plant, on the basis of proportional representation. The rights of majorities, minorities and individual workers should be made clear and should be fully protected.

Trolling Reported Good at North Island—Tourist Season Opens—United States Navy Due Tomorrow.

The last of the trollers from Skidegate Inlet are leaving this week for North Island where big catches of spring salmon are being made. Authentic reports state that the fishing is better than experienced for many years. Big bright fish are being caught, much larger than usual and the price being paid by the buyers is such that the fishermen are pleased at the prospects of a very successful year.

Making her first voyage on summer schedule between Prince Rupert and Vancouver via the Queen Charlotte Islands, C. N. R. steamer Prince Charles, Capt. James Watt, arrived in port at 7:30 this morning and will be here until 10 o'clock Saturday night when she will sail on her return south over the same route. The Prince Charles brought in several tourist passengers who will transfer tomorrow to the steamer Prince George to make the trip to Anyox and Stewart and thence back to Vancouver. A number will leave the Prince George Saturday night after coming north from Vancouver on that vessel and making the Anyox-Stewart trip to proceed south via the Islands on the Prince Charles.

Seven halibut vessels sold catches totalling 127,000 pounds at Seattle yesterday as follows: Republic, 28,000 pounds, 8 1/2c and 8c; Neptune, 35,000, McCallum, 9 1/2c and 8c; Faith, 10,000, Washington, 9c and 8c; Angelus, 16,000, Booth, 9 1/2c and 8c; Yaquina, 17,500, San Juan, 9 1/2c and 8c; Summit, 12,000, Dressel-Collins, 8 1/2c and 8c; Bertha, 9,000, Whiz, 9 1/2c and 8c.

The Seattle halibut boat Mermaid was relieved of the liability of having to pay a \$1000 fine to the United States immigration authorities yesterday when the

boat Thor called at Ketchikan to enable John Larsen, a member of the crew who was formerly on the Mermaid, to appear before immigration authorities to answer formal questions which he had overlooked on arriving at Seattle recently aboard the Mermaid after a call had been made at a Canadian port.

Two new Canadian halibut boats will be turned out the latter part of this month from the W. R. Menchons shipyard in Vancouver. One, the Joan W. II, has been built for James Fidler and is 70 feet long with a 120 h.p. diesel engine. The other, named B. C. Clipper, is being built for Martin Dyke and is 67 feet long with a 100 h.p. diesel engine. Both vessels will be operated in the fisheries this season.

In the course of a northern training cruise, two United States Navy destroyers, Fox and Brooks, are due in port tomorrow for a stay which will extend until Monday. Lieut. Commander C. L. Surran U.S.N. is in command of the Fox and Lieut. W. W. Cone, the Brooks.

The Prince Rupert Fishermen's Co-operative packer Ogden is in port today with 4500 pounds of salmon from Banks Island and 1700 pounds from Squadaree. The Azurite is in with 3,000 pounds from Dundas and 1600 pounds from Zayas. The troller Allons, Capt. A. Johansen, arrived with 4,800 pounds for which the usual advance of 9c and 6c was paid.

Tonight's train, due from the east at 10:45, was reported this morning to be on time.

UNITED EMPIRE LOYALISTS MEET IN VANCOUVER

VANCOUVER, June 17: (CP)—United Empire Loyalists, spanning a continent in distance and a century and a half in years, met in this west coast city to pledge anew their allegiance to the British throne and the new King, George VI. Commemorating the 154th anniversary of the arrival of the first loyalists in New Brunswick, the meeting was sponsored by the Vancouver Branch of the United Empire Loyalists Association of Canada.

THE SAFE, SENSIBLE WAY TO RELIEVE CONSTIPATION

Every one knows the dangers of constipation. Pills and drugs usually bring only temporary relief. That's because common constipation is due to meals low in "bulk."

Kellogg's ALL-BRAN contains "bulk" that does not break down in the body as does that of many leafy vegetables. ALL-BRAN absorbs twice its weight in water and forms a soft mass that gently sponges the intestines.

Kellogg's ALL-BRAN is a food—not a medicine. In addition to "bulk"—it gives vitamin B to tone up the system, and iron for the blood. It is a healthful way to get rid of constipation and all its evils.

Eat two tablespoonfuls daily with milk or cream—three times a day in severe cases. Or use it in making bran, muffins, breads, in salads or soups. Guaranteed by Kellogg in London.

They're Striking!

You'll be able to get in on the fun and bring 'em in with our tested lures and tackle. Come on in and let us plan that fishing trip!

SAVES CARBON SCRAPES

SAVES GASOLINE

SAVES OIL DRAINS

SAVES MOTOR REPAIRS

It is 100% Pure paraffin-base. Gives you better lubrication plus freedom from carbon knocks!

FIRST, Triton motor oil saves on carbon scrapes and other upkeep expense caused by carbon. It actually cleans out carbon as you drive...forms so little new carbon that old carbon deposits burn, peel off, and blow out the exhaust. Thus it stops carbon knocks, gives smoother, more efficient operation.

SECOND, Triton saves on gasoline because it allows correct, advanced setting of spark—without carbon "ping." You get maximum power and efficiency from your motor—extra mileage from every tankful of gasoline.

THIRD, Triton saves on oil because it has extreme resistance to "breaking down" under operating conditions. It is a safe, full-bodied lubricant long after

most oils are worn out. You can run Triton longer with safety.

FOURTH, Triton saves on motor wear. Scores of truck and automobile fleet operators, who keep accurate cost records, report Triton lengthens the time between overhauls, minimizes repair work, means fewer valve grinds, longer engine life.

WHY TRITON DOES ALL THIS:

Triton has these unusual qualities because it is Propane-Solvent refined, 100% PURE paraffin-base, 100% PURE lubricant—free from harmful carbon and sludge-forming, non-lubricating materials.

Try Triton next time you buy oil. Enjoy a better-running car. Save money! Over 500 stations in Western Canada sell Triton.

MAKES ICE CREAM

WHETHER you make ice cream in an electric refrigerator or in a hand freezer—try making it with Carnation Milk. You'll find it even more tempting, richer and smoother—and more economical. Carnation is twice as rich as ordinary milk, every drop contains an equal share of cream, all the food value of the original whole milk is retained. It keeps well because it is sterilized.

These same virtues make it an ideal food for bottle-fed babies and for growing children. Carnation is unusually digestible, and is irradiated supplying extra "sunshine" vitamin D. Carnation is the evaporated milk the Dionne Quintuplets use.

Write for the gorgeously illustrated Carnation Cook Book. A host of ideas and recipes for 10c, coin or stamps. Address Carnation Company Limited, Abbott Street, Vancouver.

Heals Eczema In 7 Days or Less

Here is a wonderful antiseptic oil now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and irritating skin diseases than anything you've ever used.
Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers that are discharging are almost immediately relieved and cleanly healed.
You can obtain Moone's Emerald Oil in the original bottle at Ormes Ltd. or any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. Any drugstore will be glad to supply you.

EPIC FILM AT CAPITOL

"Silent Barriers" Proves of Great Interest to Local Movie Fans
With speedy and ever-changing succession of scenes, backed by the rugged beauty of the Canadian Rockies, "Silent Barriers," the dramatic story of the building of the Canadian Pacific Railway, starring Richard Arlen, Lilli Palmer, J. Farrell Macdonald and Barry Mackay, opened before a large and appreciative audience at the Capitol Theatre last night and will continue until the end of the week. The audience sees the danger,

treacherous musk; there is a stirring horse chase to head off a train from destruction; a workman is seen drowning in a swamp; one sees a whole mountainside blown out in a tremendous explosion; there is an awe-inspiring snowslide of huge proportions and many other dramatic incidents with all of which is coupled a theme of tender romance with its misunderstandings and final happiness.
Interwoven with the depiction of the turning point in Canada's history as a nation is a sprightly romance amid the rough outdoor life in the Rockies of 50 years ago which is no small part of the absorbing tale. This heart interest, in which Richard Arlen abandons his gambling activities in order to win the affection of the contractor's daughter, reaches its happy conclusion when the young couple walk up to the station wicket and purchase tickets over the newly-completed line to Vancouver.
In addition to this feature, an added attraction of outstanding interest is a technicolor short subject entitled "Romance of Robert Burns," being a 16-minute story of the life of Scotland's famous poet.

YOUTHS SAIL YAWL IN PACIFIC STORM

CALGARY, June 17: (CP)—Two Foothills adventurers, Hollis O'Hanlon of Calgary and Jack MacDougall of Edmonton, arrived here recently after an epic sea voyage from Honolulu to San Francisco aboard a 48-foot yawl. During the stormiest part of the year on the Pacific, the two youths along with three others navigated the yawl through a wild eight-day blow that turned ocean liners off their courses.

VETERAN COMPOSER RETIRES
SASKATOON, June 17: (CP)—A printer for 50 years during which he saw newspaper production revolutionized, John Topping, composer of the Saskatoon Star-Phoenix, has set his last line. He will retire and live on Vancouver Island. Topping's early years were spent in London's Fleet Street where he worked for Lord Northcliffe's organization.

Railroader-Actor

Roy Emerton (above), English actor who played Moody, the railway contractor, in the Gaumont British epic of Canadian Pacific Railway construction through the Rockies, "Silent Barriers," found himself right at home in the part when he went to the C. P. R. mountain division on location. The division was by no means new to Emerton who with his brother Percy served the railway there in 1912. Roy, the actor, as a fireman on "pusher" engines, and Percy as a round-house hostler at Revelstoke where much of the film's boat color was filmed. Roy Emerton was a popular figure during the filming of the Canadian railway epic among the railroaders, many of them former associates.

death and disaster which beset the expedition into the unexplored mountains, headed by Major Hell's Bells Rogers, to find the pass which made possible the transcontinental railway. Men die in the turbulent rapids and burn to death in the terrifying forest fire. There are deserts by the faint-hearted and starvation faces the small remnant of the party when suddenly, by a queer twist of fate, the pass is discovered.

United Church W.M.S. Has Tea

A tea and novelty gift sale was held in the United Church Parlors on Wednesday afternoon under the auspices of the Women's Missionary Society. It proved very successful, the pretty organdie aprons and other gift novelties being quickly disposed of.
The hall was decorated with lilacs and a profusion of spring flowers which made a very pretty setting for the tea tables.
The novelty stall was in charge of Mrs. W. B. Cornish and Mrs. D. Santerbane while Mrs. Hugh Killin and Mrs. J. A. Carr looked after the home cooking.
The servitress were Mrs. O. C. Young, Mrs. T. Fraser and Mrs. N. Thomas, and Mrs. J. Krievsky had charge of the tea room.
Mrs. G. Cleone was cashier.
Mrs. E. P. Jenner, president and Mrs. C. D. Clarke welcomed the guests.
