THE DAILY NEWS. PRINCE RUPERT - BRITISH COLUMBIA

Published Every Afternoon, Except Sunday, by Prince Rupert Daily News, Limited, Third Avenue H. F. PULLEN - - - Managing-Editor

Congratulations

Congratulations are certainly coming to Nelson Allen and the large company of men and women who staged the opera "H. M. S. Pinafore" this week. They put up an excellent entertainment, probably the best that has ever been presented hitherto in Prince Rupert. We hope that next winter they will prepare another of the light operas in a similar manner.

Cabinet Solidarity

To what extent members of a government should agree on matters of policy or to what extent they might disagree and still remain members of that government is always a rather debatable question. It is generally recognized that they must all be in agreement on matters of general policy. For instance, Liberals, as a party, are favorable to legislation which will protect the workers and see that they get reasonable wages. This is shown in the legislation that has been passed in British Columbia such as the minimum wage laws, the old age pensions, the workmen's compensation and other laws. It is also shown in the recent effort to put in force a health insurance law. Any person opposed to the general principle of protection of the workers cannot very well be classed as a Liberal and could not very well be a member of a Liberal administration.

In Ontario just now we find the government split over the question of labor unions. Premier Hepburn, Liberal leader in that province, is opposed to the Lewis unions, intimating that they are closely allied to Communism. Liberals are not communists and refuse to ally themselves with any party, such as the C. C. F. which has made gestures of friendship and mutual help toward the communists. Some of the C. C. F. candidates have been very close to communism if not actually members of that party. Men who, although not communists, were allied with organizations of a communistic nature in Ontario have been asked to leave the Hepburn government because they were not in sympathy with the policy of the premier. A cabinet cannot be divided on matters of important general policy. Also members of a government cannot show sympathy with organizations that are generally opposed to the policy of that government. That seems reasonable.

In British Columbia the government is a unit in its determination to stand by and uphold such laws as prevent the oppression of the workers but at the same time they realize that industries are necessary to progress and they do all they can to encourage people to invest their money in the province. They take the view that we need industries but we cannot afford to have them at the price of extremely low wages.

The Letter Box

An APPEAL.

Editor, Daily News: I wonder if through the medium of your valuable paper it would be possible to make an appeal from your vast majority of readers for silver paper from cigarettes and chocolate bars. When you come to think of the vast amount destroyed and the useful purpose to be obtained from such, I am sure that you will find quite a few good Samaritans willing to save every piece. I am making this appeal on behalf of an 8 year old little Scottish boy who has had the misfortune to lose a leg and both parents within the last few months. He requires and is collecting all the silver paper obtainable to purchase a "wooden leg. Surely there will be a "Silver Lining" behind the dark clouds for this poor little lad. I have managed to collect a little, but unfortunately not nearly enough, as he requires a great deal. I would be grateful to you if you would be kind enough to make an appeal through your paper, that is, if I am not asking too much in doing so.

Thanking you, Yours Sincerely, MRS. W. BARTON. (Donations may be left at the Daily News office—Ed.)

Children Enjoy H.M.S. Pinafore

A special matinee repeat performance of "H. M. S. Pinafore" by the Prince Rupert Operatic Society drew an audience of upwards of six hundred youngsters to the Capitol Theatre yesterday afternoon. It was an entertainment which proved highly delightful to all the children present and the idea of putting it on proved to be a happy one indeed.
