British Columbia is in Good Shape Financially; Surplus To Be Used For Relief; Road Work

VANCOUVER, March 10: (CP)—Hon. John Hart, minister of finance, on his return to Victoria yesterday from an eastern mission, estimated in an interview here that the province would have a surplus of two million dollars at the close of the present fiscal year on March 31.

The minister said that the surplus would be used for direct unemployment relief expenditure for which it was previously necessary to borrow.

Referring to the three million dollar loan negotiated in the east by Premier T. D. Pattullo and himself, Mr. Hart said: "The loan was one hundred percent successful. British Columbia's credit has been restored and the east showed every confidence in our sound financial policy."

The minister confirmed reports that the loan would be used largely for roads and said that it was possible the provincial government would spend five million dollars on highways in 1937.

Highway Agitation

There is throughout the country a cry for new roads and better roads. Prince Rupert is not by any means alone in asking for a highway so that people may have an opportunity of getting out to the provincial, national and international highways. Every community has its road problem and doubtless the members of the government are bombarded by requests for large expenditures on extensions and improvements.

One of the most ambitious road problems of the day is that being asked by people of the Grande Prairie section of the Peace River. They ask that a highway be constructed connecting their district through the Monkman Pass with the provincial highway at Hansard. The cost of this is moderately estimated at two million dollars. It is a rival proposal to that asked by way of the Peace River Pass, Finlay Forks and Manson Creek. The highway is now being extended from Fort St. James to Manson Creek as a mining road to serve a great many mines in that part of the country. It seems quite probable that it may be continued as a mining road to Finlay Forks and then it would be comparatively easy to connect with Fort St. John where the present Peace highway ends.

The plea for the Monkman Pass highway is spreading to Prince George as it is claimed the route to that city from the Peace is more direct than by way of Vanderhoof. In the meantime Vanderhoof is benefitting by the improvement of business in the Manson Creek and other central mining areas and doubtless will have something to say on the subject.

Where Prince Rupert's highway pleas differ from most others is that for years Prince George, Vanderhoof, Burns Lake, Smithers, Hazelton and Terrace have been getting roads made, while Prince Rupert, which we modestly suggest is larger than any of these places has so far only about fifteen miles of provincial road leading from it, less than any of the places mentioned. All these places need their roads and more but Prince Rupert also needs a highway and when it is built it will benefit all the other parts of the central interior. We admit it was partly Prince Rupert's own fault for not agitating for a highway earlier than it did. People here were self-satisfied and happy in their isolated position hoping they would soon make a fortune and get out. They failed to make their fortunes and are still here and have no highway. Yet hundreds of them have cars and pay licence fees but have nowhere to go.

The Letter Box

Re "INTOLERANCE"

Editor, Daily News:

In making this brief, but final, contribution to the controversy about the hospital, as a reply to Mr. Harman, may I express my thanks and appreciation for your courtesy in publishing the many letters on this subject.

If Mr. Harman will read my letter more carefully, he will see that it concerned itself with facts. I expressed no opinion so cannot be charged with intolerance. Had I expressed my opinion about the Sisters of St. Ann, none of your correspondents would have excelled me in praising these good Sisters for their kindness and efficiency both as to nursing and administration.

If Mr. Harman will read carefully the concluding paragraph of the letter from Patmore & Fulton withdrawing the Sisters' offer, he will find that it was a public and not a private hospital that the Sisters intended to build. If he will substitute the word "public" for "private" in his letter where he refers to St. Joseph's and St. Paul's hospitals and then reread his own letter he will then be able to shift the word "intolerance" which heads his letter to its proper place.

Common Language Found in North

Eskimo and Asiatic Relationship Believed to Have Been Found By Archaeologist

SASKATOON, March 9: (CP) — Dr. B. W. Currie, who spent a year in the Eskimo territory of Chesterfield Inlet, N.W.T., told the Saskatoon Archaeological Society here that Eskimos from the Greenland area to Alaska and across the straits in Asia have a common basic language. Their folklore, too, he said, had a common basis.

Speaking on the "Origin of the Eskimo," Dr. Currie said there were interesting problems suggested by the presence across the north of a type of stone houses not used by the modern Eskimos and not well suited to the present climate.

The Danish-Eskimo explorer Rasmussen had believed that these houses were the work of the "Thule" type of Eskimo, an exception to the general uniformity of the race of whom some are found near the Behring Sea. That writer found evidence of a great trek eastward of these people in the centuries of mild weather that coincided with the Norse settlement of Greenland about a thousand years ago.

Dr. Currie remarked that some of the most interesting archaeological remains might be within reach of holidaying Saskatoon archaeologists, being found on islands in Hudson Bay readily reached from Churchill. Little study had been made of these.

MAROONS MOVE UP

Are Again in Second Place in National Hockey League As Result of Win Over Canadiens

MONTREAL, March 10: (CP) — Montreal Maroons moved back into exclusive possession of second place in the National Hockey League last night by defeating their fellow townsmen, the Canadiens, by a score of 4 to 1. The Toronto Maple Leafs, who had been tied with the Maroons for second place, were idle. The Maple Leafs had been counting on the Maroons losing to the Canadiens who, apparently, assured of finishing first in the international section.

In other National Hockey League games last night, the Bruins, playing on the home ice at Boston, handed the American section leaders, Detroit Red Wings, a 6 to 1 defeat while, at New York, the Rangers won 7 to 5 over the Americans in a free-scoring affair.

CAMERON WON OVER TINKER

Score of 500 to 426 in City Billiard Championship Match

The city billiards championship game last evening at the Canadian Legion clubrooms provided one of the most interesting of the series with Neil Cameron winning from G. P. Tinker by 74 points, the final score being Cameron 500, Tinker 426.

Both players were in good form and Cameron was only 22 points ahead at the first hundred although he had made a very fine break of 58—the highest so far in the series this year. He increased his lead materially in the second hundred and at the 250 mark was 135 points ahead.

The second half provided faster scoring with both players getting into double figures repeatedly. Tinker had a nice 28 and was unlucky then. Cameron had a 32 and several twenties but he had the better of the luck. It was interesting billiards.

Charlie Youngman was umpire and George Dawes marker.

Tonight's game brings Don Brown and Charlie Balagno together.

anced judiciary. His plan was to regulate the judiciary by law not by chance. The welfare of the United States and the Constitution itself must be thought of first.

He hoped, said President Roosevelt, to obtain judicial reform, through legislation within the Constitution. A constitutional amendment would take months and probably years—first in obtaining agreement on the type of agreement, then securing the necessary two-thirds majority in House and Senate and then three-quarters approval by the States. It would be a long and difficult process.

Those who objected to his court reform plan today, Mr. Roosevelt asserted, were the same interests who objected to social and economic legislation along modern lines. Their desire was to have a Supreme Court which would kill off congressional legislation. There was no intention, the President gave assurance, to interfere with the civil or religious liberties of the people. Those who knew him knew this declared the President. There was none more anxious than himself to preserve personal freedom. He did not believe the people would be fooled by such propaganda. He was confident that the court reform scheme would pass Congress at this session.

"My aim," concluded President Roosevelt, "is to make American democracy supreme. You and I must do our part."

Epworth League At Kitzegukla

Recently Paid Visit to Kitwanga And Had Interesting Trip

KITZEGUKLA, March 10:—The Epworth League paid a week-end visit to Kitwanga two weeks ago and reported a very interesting trip. Among other things they brought back a greater zeal and a renewed enthusiasm.

Last Sunday they conducted two special services. In the afternoon at the Salvation Army Citadel they were welcome guests. At night they gave a splendid demonstration, including songs, part songs, solos, etc.

One outstanding event in the evening service was a flag parade accompanied by the song "Lift Up the Gospel Banner Upon the Mountainside." Peter Mark and Sam Wesley conducted the meeting.

CELEBRATE CORONATION

Smithers Plans to Observe Crowning on May 12

SMITHERS, March 10:—A largely attended meeting was held in the Municipal Hall here last Wednesday evening to arrange for a suitable celebration of Coronation at Smithers on May 12.

The meeting was called by the Village Commissioners and there were about 20 present representing nearly every section of the community.

Discussion of a form of celebration was held at length and many suggestions were put forward.

J. G. Stephens was elected as chairman of the General Committee and a second meeting will be held shortly to appoint various committees and to take up the regular work in connection with the matter.

It is expected that there will be quite an extensive program to commemorate the Coronation ceremony on that date.

Memorial Service For Former Pastor

Anniversary of Death of Late Rev. G. H. Goodridge Observed

KITZEGUKLA, March 10:—On Sunday, it being just twelve months since Rev. G. H. Goodridge passed away, a special service was held in honor of his memory.

The service was conducted in the United Church by the pastor, Rev. B. Black. It included doxology and invocation, lesson from the Scriptures read by A. Howard, song by school children, prayer by Arthur McDames, anthem by the choir, "Rock of Ages," solo by Douglas Wesley, address by Moses Jones followed by "The Dead March in Saul" and benediction by the pastor.

In the evening a suitable service was conducted by the Epworth League under the leadership of Peter Mark, assisted by others.

Songs and testimonies were given to commemorate the helpfulness of the sincere Christian life lived by Mr. Goodridge and the devoted service he rendered.

Heart Attack Cause of Death

Particulars of Passing of William Sibbald, Old Time Prospector Of Terrace

Death by natural causes was the finding of Coroner Will Robinson of Terrace in the case of William Sibbald, elderly Terrace prospector whose body was found Monday in his home. That deceased had succumbed to pulmonary thrombosis was the opinion of the doctor.

The body of the late Mr. Sibbald was found from two to four days after he is believed to have expired. He had, evidently, been sitting on a chair from which he slipped. The fact that he was partially dressed is thought to indicate that he had felt a spell coming on while he was in bed and had risen and endeavored to dress. His hand was over his heart.

Deceased was seventy-two years of age and had lived for many years at Terrace. He was a native of Ontario and was in Prince Rupert in 1910. Efforts have been made to get in touch with relatives.

Twenty-Five Years Ago

March 9, 1912

Mayor S. M. Newton, members of the city council, the city engineer and others interested made a tour of Acropolis Hill yesterday afternoon and found there what is considered a suitable site for athletic grounds. The city engineer has been instructed to prepare plans.

The Westholme Lumber Co., which holds the contract, is expected to complete construction of the government wharf this summer.

A largely attended banquet was held last week in connection with the opening of the new Methodist Church. Speakers were Rev. Dr. Chown, Rev. Dr. White, Bishop F. H. DuVernet, Arthur Collison, Rev. G. H. Raley, Rev. F. W. Kerr, Rev. W. H. McLeod, Mrs. (Ensign) Hummil, Mayor S. M. Newton and William Manson.

WHIFFLETS From the Waterfront

Armour Salvage Co's service boat Algie, with Capt. Henry Hansen in command, left at noon yesterday for Green Bay near Bella Coola to pick up and take to Cumshewa Inlet, Queen Charlotte Islands, a scow laden with logging machinery for the A. P. Allison Logging Co.

The International Fisheries Commission explains that the opening of the 1937 season is set for midnight, March 15, which means that March 16 is the actual date when fishing becomes permissible.

The new lighthouse tender Alburni, after having been at the local dry dock for the past two or three weeks having work done preparatory to being commissioned in her new work out of this port, was making a trial run in the harbor yesterday afternoon for compass adjusting. "The vessel is again moored at the ocean dock.

Huge Moose Seen By Jack McNeil

Animal Which was Partly Domesticated Believed to Have Returned

SMITHERS, March 10:—A few days ago the attention of Jack McNeil, who lives at the foot of the Bulkley hill near town, was attracted when he noticed all his horses standing with their ears pricked forward and looking out into the road near the bridge across the Bulkley River. Upon looking in the same direction Mr. McNeil saw what he claims was the largest moose he ever saw in his life standing in the middle of the road surveying the scenery.

A few years ago a baby moose was taken onto the Oulton farm and raised there with the cattle until it got large enough to start out on its own when it meandered away and never returned. It is possible that the large moose seen by Mr. McNeil may have been the partly domesticated animal which had returned to have a look at its early pastures. It was near the entrance to the Oulton farm when seen by Mr. McNeil.

A Great Victory!

To you the victor's wreath is cast.
Another Papish plot lays low,
And ashes of dead ages past
Your breath now kindles all aglow.

What matter of a trust to keep,
Of hope deferred, of friendship flown,
The bigot's harvest yours to reap;
Where malice sows, no love is grown.

Kitwanga Wedding Is Pretty Affair

Miss Nora Williams Becomes Bride Of Sterling Johnson at Recent Ceremony

Recently a very pretty wedding was solemnized at St. Paul's Church in Kitwanga when Miss Nora Williams became the bride of Sterling Johnson. They were escorted to the church by the Kitwanga band, playing appropriate music under the leadership of Solomon Bryant.

The bride, given in marriage by Mr. Fowler, wore a gown of white silk with long veil and carried a beautiful bouquet. The bridesmaids were also attractively attired and carried bouquets of flowers. Rev. B. Shearman officiated. Afterwards the whole village was entertained to a wedding feast in the Community Hall. The band provided entertaining music during the proceedings. Speeches were made by Chief Matthias Bright, Chief J. Ryan, Messrs. Williams, Johnson McDames and others.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks pink.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

ARLISS AS ORIENTAL

Famous English Actor Dons Turban To Play Sultan in "East Meets West"

Donning the turban for the first time since "The Green Goddess," George Arliss comes to the Capitol Theatre in "East Meets West," mid-week feature picture, as a Sultan who is besieged by envoys from east and west who are anxious to sign port treaties the value of which he knows full well. He lets them cool their heels on his doorstep while he talks of butterflies against the blue skies. He also tries to break up a romance between his handsome son and the beautiful but unhappy wife of an English official who is secretly engaged in rum running. The story sweeps on to a spectacular climax Lucia Mannheim, Godfrey Tearle, Ballard Berkeley and Romney Brent have important parts in the cast.

A lively story of how a girl goes her man in spite of the greatest of obstacles is told in "Along Came Love," the second feature picture on this program. It is a gay comedy starring Irene Hervey and Charles Starrett. The former has the part of a highly romantic shopgirl while the latter is doorman at a large moving picture theatre. Irene Franklin, Doris Kenyon, H. B. Warner, Bernadene Hayes, Ferdinand Gottschalk and Charles Judels are included in the cast.
