## LYNCHING OF NEGRO

Band of Masked Men Seized Him From Tennessee Sheriff and Strung Him Up

COVINGTON, Tennessee, August 18: (Canadian Press)—The bullet-punctured body of a negro slaying suspect was found hanging beneath a highway bridge twelve miles east of here yesterday. It was that of Albert Gooden who had been taken from a sheriff by a band of masked men and, apparently, lynched.

## LOOK FOR RUSSIANS

Searchers of Three Nations Working From Arctic Rim

FAIRBANKS, August 18: (Canadian Press)—Aviators of three nations are gathered on the rim of the Arctic today for a far flung search into the bleak wastes where six Russian transpolar fliers were lost Friday. Rain and lowering clouds which swept ominously across the top of the world yesterday balked the American, Russian and Canadian fliers from launching an aerial hunt.

May Be Clue  
At Point Barrow last night Robert C. Randall, Canadian airman, who is one of the searchers for the lost Russians, said that Barter Island Eskimos had told him that they heard a plane's engines four or five days ago. Barter Island is about three hundred miles east of Barrow on the north Alaska coast and 175 miles from the course that Sigismund Levaneffsky and his five companions were expected to follow from the North Pole to Fairbanks.

## Railwayman's Body Sent To Interior Town

The remains of John Alexander Roberts, aged 62, track patrolman for the Canadian National Railways, who dropped dead at his home at Salvo Monday morning as a result of a cerebral hemorrhage, were forwarded by the B. C. Undertakers on last evening's train to McBride where interment will take place. The widow met the body at Salvo and is accompanying it to McBride.

The late Mr. Roberts, who was a native of Scotland, had been a resident of British Columbia for fourteen years and had been two years at Salvo, coming there from McBride. He was born in Forfarshire.

## Burns Lake Receives Lord Tweedsmuir; Welcome From B. C. Government Extended

Initiation Into Young Rangers' Band is Impressive Ceremony—Visit to Interior Town Interested Their Excellencies

BURNS LAKE, August 18:—Lord Tweedsmuir, the Governor General of Canada, and his party, including his son, Hon. Alistair Buchan, arrived at Burns Lake last Saturday at 8:15 a.m. Owing to the inclement weather the events which were to have taken place at 9 a.m. were put forward until 3 p.m. At that hour the Governor General and party were officially welcomed to British Columbia, on behalf of the provincial government, by Hon. A. Wells Gray, Minister of Lands, and to Burns Lake by Commissioners D. Deneen, B. A. Smith and A. R. Brown. On behalf of the citizens, a book of views of Burns Lake and district was then presented by Mrs. E. F. Trousdell and little Miss Gertrude Taylor presented to Her Excellency a beautiful bouquet of roses.

His Excellency then proceeded to review a number of war veterans, some of whom he had met in former years. They were presented to him by Thos Taylor.

Mr. and Mrs. J. M. Gowans, formerly from Scotland but who have resided in this district for many years, and their invalid daughter Annie, were presented to their Excellencies. A son gave his life in the Great War.

Decorated cars were ready to drive His Excellency's party to the Burns Lake Hospital but he preferred to walk the few blocks. Rev. Frank Bushfield escorted the party to and from the hospital and presented Miss Rhoda M. Campbell R.N., the lady superintendent, to His Excellency. Miss Campbell in turn presented the staff of the hospital who conducted the party through the building. Their Excellencies expressed their appreciation of this splendid institution, built and operated by the Women's Missionary Society of the United Church. Lady Tweedsmuir took a keen interest in the patients, especially 12-year-old Raymond Stanyer who recently had the misfortune of having his left arm amputated. On returning to their train Lady Tweedsmuir sent one of her books to him. This very thoughtful gift was greatly appreciated.

Enroute to the hospital, the St. Patrick Sunday School van of the Mothers' Union in England, Misses Jane Ayre and Joyce Smith of the Anglican Church in charge, was inspected by the vice-regal party.

**Young Rangers' Initiation**  
At 3:45 in the Community Hall, which was crowded to the doors for the event, Hon. Chief Ranger Walter Wilson presented Chief Ranger Willis Trousdale and visiting chief rangers of the Young Ranger, Vanderhoof, McBride and Houston, and Rangers Odin Hougen and Clarence Saunders to His Excellency and Chief Ranger Fernie Jensen and Ranger Margaret Saunders to Her Excellency. The initiation ceremony for the Governor General which opened with "O Canada" and The Lord's Prayer led by Rev. E. G. Reader of McBride, was carried out by Chief Ranger Willis Trousdale of Burns Lake, supported by Chief Rangers of visiting bands, Assistant Chief Bobby McNab, McBride; Inner Guard Irene Taylor, Burns Lake; Outer Guard Burnell Dore, McBride; Secretary Edith Miller, Palling; Body Guard to Lord Tweedsmuir Harold Bushfield and Body Guard to Lady Tweedsmuir Edna Jeffrey.

Honorary Chief Ranger W. C. Saunders of Palling, founder of the band in 1929, welcomed His Excellency. (Continued on Page Two)

## Horrible Scenes

Bitter Conflict Continues With No Sign of Let-up—Japanese Outnumbered

LONDON, August 18: (Canadian Press) — The British government has been doing "everything in its power to avert major hostilities at Shanghai" a spokesman declared but it seems all in vain. Hopes have been abandoned of it being possible to limit the fighting to areas outside the international settlement. However, it is stated in well informed sources that the British government had decided on an eleventh hour move in which France and the United States would be asked to co-operate to free Shanghai from Sino-Japanese fighting. Great Britain would make simultaneous representations to Tokyo and Nanking asking both to withdraw their hostilities from the metropolises, the despatch added.

Full measures for the protection of Japanese in Shanghai were decided on at an emergency meeting of the Japanese cabinet in Tokyo. In spite of Chinese aggression however it was voted to conduct negotiations with the Chinese government to induce the Chinese to abandon their provocative attitude.

At Hong Kong preparations have been made to house and feed 2700 British refugees from Shanghai. British and United States marines and bluejackets have been sent ashore here in full war kit to cover the evacuation. United States marines have been ordered from Manila to Shanghai, a company leaving Manila yesterday aboard the President Hoover to reinforce the Shanghai troops. At Washington Secretary Hull said this government had ordered twelve hundred marines to sail from San Diego to Shanghai to protect American nationals from violence. Hull also announced the Department was asking Congress to appropriate one half million dollars for all necessary relief and evacuation expenses arising from the Chinese-Japanese emergency. The marines will sail within ten days.

A party of United Church missionaries enroute to China were yesterday ordered to be re-routed and may not be allowed to proceed to their destination. Canadian missionaries in the Shanghai area include Dr. and Mrs. Howard Barrie and Miss Margaret Brown. They are United Church of Canada missionaries.

**Battle Continues**  
SHANGHAI, August 18: (Canadian Press)—Japanese aircraft bombed Chinese positions today, attacking Chinese hordes that are pushing Japanese land forces towards the sea. Japanese warships shelled Chinese positions north and east. Eight bombers, flying high, passed westward over foreign areas to drop explosives in the direction of Chinese Hungjao airdrome. It is the first night bombing of the six days' fighting.

During yesterday opposing forces subjected outlying areas to the most terrific bombing yet. Outnumbered four to one on land, Japanese marines were reported to be slowly gaining way before the sheer mass of Chinese attack in the northeastern sector of the international settlement.

Just before the attack, Chinese seized and scuttled six Japanese steamers off the French concession, effectively blockading the upper (Continued on Page Four)

### CONSERVATIVE CAUCUS

Evidently the Conservative caucus at Ottawa recently was important, in that Right Hon. R. B. Bennett at that gathering decided to continue as leader of the party and he set out his views on current political questions. It was said he remained as leader because there was a dearth of aspirants for the position and the members of the caucus felt that without an outstanding leader their cause at the next election would be hopeless.

In his address to the caucus, the Conservative leader objected to a rich magnate getting control of the press of the country such as had been done at Toronto recently. He claimed that the man who recently consolidated the Globe and the Mail also tried to get control of the Telegram and the Montreal Gazette. He charged that public monies were being expended for the purpose of creating a political machine. He criticized the attitude of Premier Mackenzie King in not at once disallowing the Aberhart legislation in Alberta. Mr. Bennett will enter the next session determined to fight every issue, this being in strong contrast to the last session where he was a sort of first lieutenant to the Premier. The leader was told that if he was to keep his position he must really lead, and this he is evidently prepared to do as he had done when in power, to the exclusion of all others of his party who might wish to have a say in conservative policy and tactics.

### SHORTAGE OF ENGINEERS

According to the Bureau of Statistics Canadian young men fill only a small proportion of the positions open for mining and mechanical engineers and allied professions. The vacancies have been supplied by people from the British Isles and the United States chiefly. What the statistics fail to note is that while young Canadians do not always get Canadian positions many of them go to the United States and are welcomed there and are not only given good positions but most of them become citizens of that country. When they leave Canada they are lost to Canada, whereas many of the Americans who come to Canada remain citizens of the country of their birth.

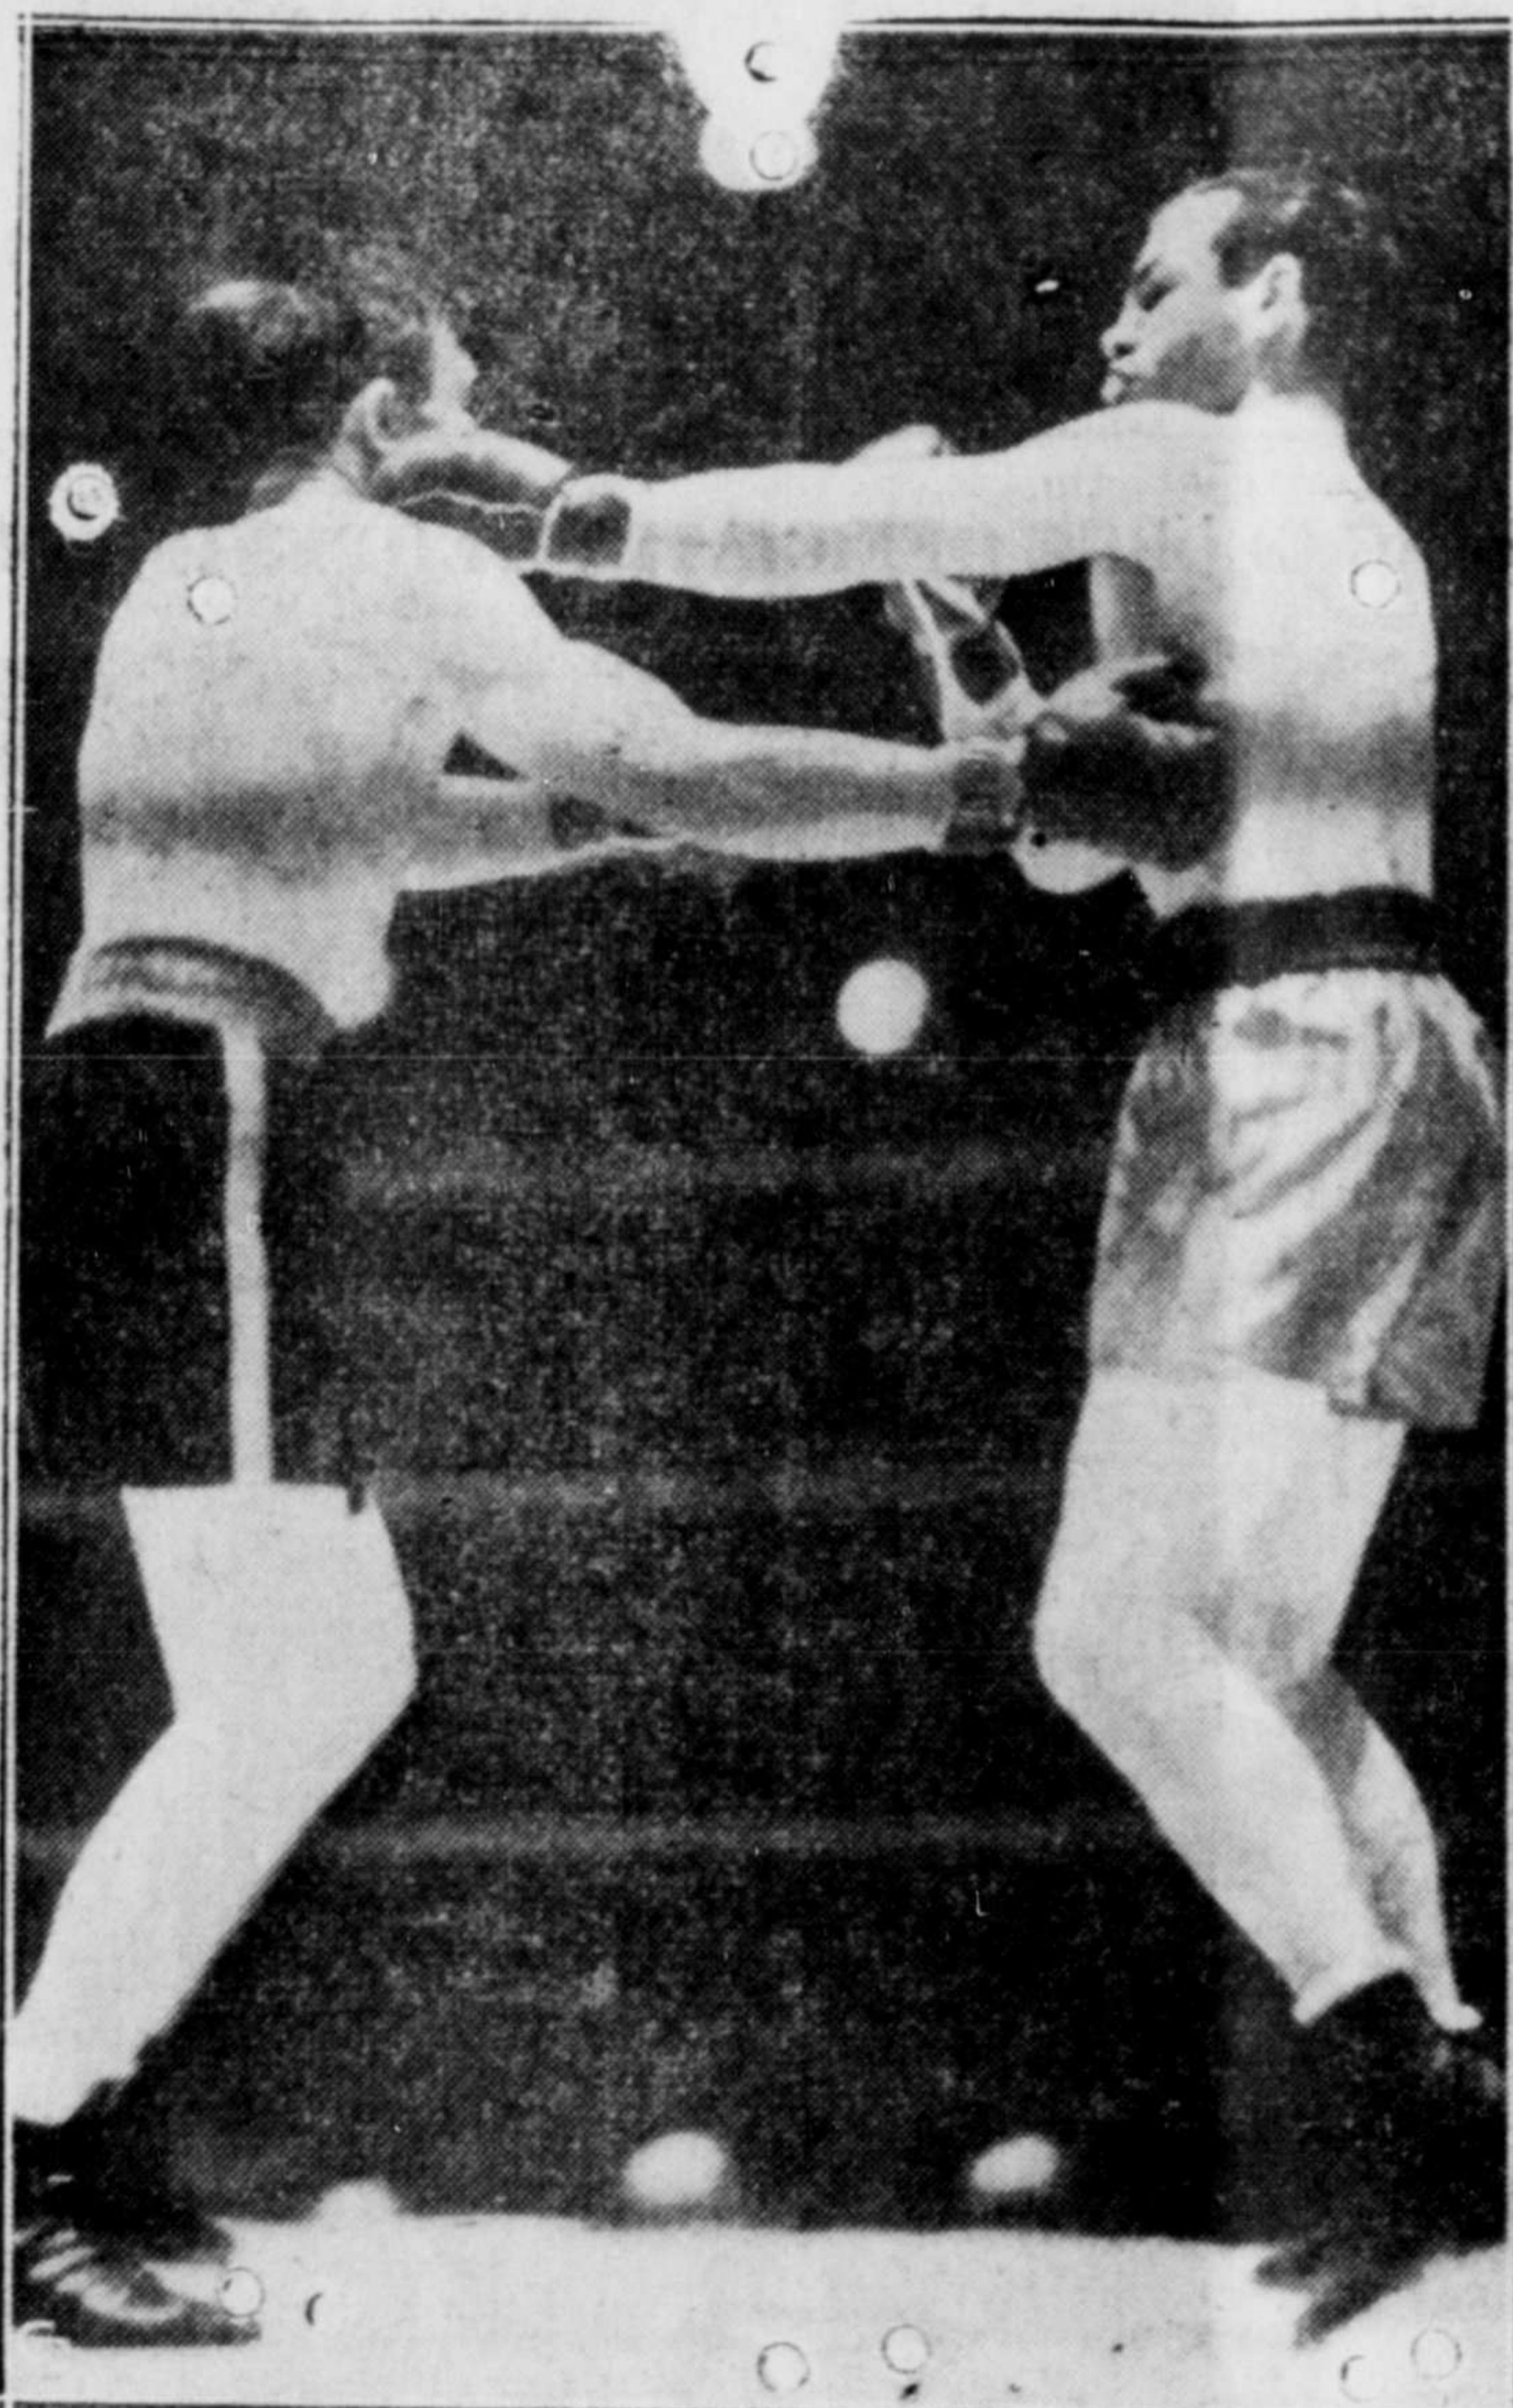

The Continent of Europe, as distinct from the British Isles, provides many of the clergy, artists and musicians but in other lines of endeavor they are not a factor. Their influence on Canadian life is great, chiefly through the church. Britain influences Canada chiefly through journalism, the British Isles providing most of the journalists other than Canadians that practice their profession in Canada.

Three per cent of the young people growing up in Canada become graduates of a university and contrary to popular conception, there are more than twice as many men graduate as women.

In the industries such as mining or paper making where a good deal of the capital is supplied from the United States it is natural that many of the engineers employed by the companies should come from the United States. As Canadians learn to develop their own industries they will employ more and more of their own engineers.

## MACDONALD IS CHAMP

Defeats Dave Borland in Final of Singles Lawn Bowling

In the finals of the city singles bowling championship last evening Angus MacDonald won from Dave Borland by the rather decisive margin of ten shots, the final scores being MacDonald, 21; Borland, 11. Every end was keenly fought and the match was always interesting with both players in form. MacDonald, however, had the edge on his opponent. Some of the interesting points in the game were at the sixth end where Borland seemed to have a safe three, only to run his last bowl too strong and give MacDonald one. The score was tied at the thirteenth end but Borland picked up only one point in the last five ends. This was at the sixteenth end where MacDonald was touching the jack with his last shot only to see Borland carry the jack with his final shot for a score. The seventeenth end found Borland trying for a long end but he put the jack in the ditch. MacDonald threw for a short end but was too short and Borland had to throw again. Borland's third bowl rested on the jack to make him lie two but MacDonald's last bowl changed the situation and Angus was two up instead.

Score by ends was as follows:  
MacDonald, 0, 2, 2, 1, 1, 1, 0, 0, 0, 3, 0, 0, 0, 2, 2, 0, 2, 2, 3—21  
Borland, 2, 0, 0, 0, 0, 0, 1, 1, 1, 0, 1, 2, 2, 0, 0, 1, 0, 0, 0—11.

lency and thanked him for the honor bestowed upon the Young Ranger bands by becoming their most distinguished honorary member.

Their Excellencies expressed their very real appreciation of the work of the Young Rangers in protecting the forests and their interest in this band, the first of its kind.

After the presentation of badges to their Excellencies and their signatures in the Young Rangers Guest Book, Ranger Sheila Moore read the history of the band, handing a copy to His Excellency after which in a brief appropriate address, Lord Tweedsmuir declared Cabin Lodge and Island open to the public. In closing all were asked to stand at the salute of the Young Rangers Band, raising the arms to represent outstretched branches of a tree, repeating the motto "These are our forests to defend, against the fires of thoughtless men."

God Save the King was sung. The Minister of Lands and all visitors were greatly impressed with the importance of the band and expressed hope of seeing others formed in various parts of the province.

At 10:30 sharp Sunday morning, the vice-regal party left in five cars for Ootsa Lake enroute to Tweedsmuir Park. Among those accompanying the party were Hon. A. Wells Gray, Assistant Superintendent T. W. S. Parsons of the provincial police, M. M. Connelly M.L.A., E. T. Kenney M.L.A. and W. C. Saunders of Palling.

What's the matter with Prince Rupert? It's all right!

Jake wants to know how it is so many people in Prince Rupert can't read stop signs. He says he thought stop signs meant "stop."

The same guy rises to remark that people who do not use ordinary caution in turning corners should not be allowed to drive.

May I add, it is too late to squeal after there is a bad accident.

I have a complaint that people talk aloud in the theatre during a performance, to the great annoyance of patrons.

I am told some people go to the show just to have a nice place to gossip with a neighbor.

Macpherson had invited his friend McTavish to have a drink.

"Say when," he said, hopefully, and poured a wee drop into the glass. McTavish was silent. Cautiously Macpherson poured another drop; MacTavish still silent.

"Did you hear about the fire at George's?" said Macpherson, suddenly.

"When?" asked Sandy innocently. Macpherson put the bottle down with a sigh of relief.

An old Scots woman was wandering around the local museum with her grandson. They came to a plaster copy of the Venus de Milo—with half an arm missing on one side and the whole arm gone off the other. ### Something About New Fire Chief

Is Returned Man and Experienced City Commissioner States

City Commissioner W. J. Alder announces that the new chief of the fire department here, H. T. Lock, recently resigned as chief of the Fire Department of Saanich to accept the position, is a returned man and very popular in Saanich. He comes to Prince Rupert with high recommendations from the Provincial Fire Marshal, J. A. Thomas, and the Reeve of Saanich Municipality, Wm. Crouch.

Mr. Lock has had seventeen years experience with the Saanich Fire Department which serves a popu- lation twice that of Prince Rupert. He is versed in all the modern methods of fire fighting. He is a married man with one daughter about twelve years old.

Mr. and Mrs. Lock have a lovely home in Saanich and are keen gardeners. They will be valuable additions to this community, Mr. Alder says, as they are selling their home and coming north to stay permanently, arriving about Aug- ust 25.

#### FULL OF QUESTIONS

Editor, Daily News:

It was good to learn last week that an organization in the city is questioning Commissioner Alder's proposed reorganization of the Fire Department.

When Mr. Pattullo was here in May representations were made to him to have the Fire Depart- ment brought up to strength to conform with the law with the result that there was a re-organization at that time. An- other re-organization naturally raises questions.

Very often re-organizations are pretexts to get rid of undesir- able employees, reduce wages, in- crease hours of work or some such thing detrimental to the worker. Many citizens are won- dering what the Commissioner has up his sleeve this time.

Many opinions are being ex- pressed but, as they are a bit strong for print, I would like to present some questions that one hears regarding this matter.

Why did the Chief of the Fire Department resign? To retire, because of age? If so, what is the retiring age for City Com- missioners? Was the chief in- efficient? If so, in what way? Was his position made intoler- able because he did not bow the knee to the "powers that be?" Did he get fed up and quit? These questions should be an- swered and the citizens should demand justice before the present chief leaves the city.

Concerning the Fire Depart- ment, is re-organization proposed because of inefficiency? What is the proposed work the firemen are to do in and around the fire- hall? Do not the fireman do all work that is required of firemen by law and the underwriters?

Why is a chief being imported? Cannot some one in the depart- ment be promoted? In the re-organization are service, ability and faithfulness to be ignored?

### WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, weak and the world looks punk.  
A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

### The Iced Drink Season is here

### ... you can enjoy it with an ELECTRIC REFRIGERATOR

There is nothing like an abundance of iced drinks, ices, sherbets and frozen desserts to assuage thirsts and soothe ruffled tempers. And, too, there's positively nothing that equals an electric refrigerator to provide, unfailingly and abundantly, these thirst-quenchers and palate-ticklers. It's the ice cube-making capacity, the never-failing cooling power of a modern electric refrigerator, that's worth its weight in gold!

TRY THIS:

**FLORIDA FIZZ**—First mix the juice of two lemons and two oranges with three-fourths cup sugar, and let stand till sugar is dissolved. Beat up a whole egg with a fork, and shake this up with fruit juices in a shaker. Pour this mixture over ice in four glasses. Fill up the glasses with iced gingerale, stir, and serve.

### BIG WAR CERTAIN

(Continued from Page 1)

Whangpoo River from naval attack. Evacuation of foreigners was speeded as mobs of infuriated Chinese roamed the streets looting and killing.

### Scenes of Horror

Looting and rioting flared intensively in the native city late Tuesday. Two Chinese suspected of poisoning public tea urns on behalf of the Japanese were put to death by an angry mob and six others were injured. A crowd of hungry refugees overturned and attempted to seize two truckloads of rice. They were driven off by members of the Shanghai Volunteer Corps.

Mammoth fires blazed hopelessly out of control and threatened at least two thirds of the native city with destruction.

Incendiary bombs have been hurled by Japanese and Chinese forces over a thirty mile front with destructive fury while hundreds of foreigners fled the city amid tearful scenes.

Large portions of Pootung and Chapel ablaze added to the horror and suffering.

Undisciplined mobs searched the streets of Shanghai Wednesday morning, beating and killing natives suspecting of plotting to poison the city water supply while the thousands of homeless refugees clamored for food.

The bitter battle between the Chinese and Japanese resumed early in the morning when Japanese warships began bombardment of Chinese positions along the Whangpoo River.

## MRS. RORIE IS HONORED

Honoree at Woman's Auxiliary Tea Prior to Leaving City

Members of St. Andrew's Anglican Cathedral Woman's Auxiliary held a farewell tea at the home of Mrs. F. A. McCallum on Tuesday afternoon in honor of Mrs. George Rorie who is shortly leaving the city to take up residence in Victoria.

The tea table was attractively decorated with roses and was presided over by Mrs. Baker and Mrs. C. V. Evitt while acting as serviteurs were Mrs. W. C. Aspinall, Mrs. A. L. Holtby, Mrs. W. Nelson and Mrs. A. R. Nichols.

During the afternoon an address of appreciation was read by Mrs. G. A. Rix and, on behalf of the members, Mrs. Evitt, president, presented Mrs. Rorie with a view of Prince Rupert's harbor as a reminder of many happy days spent in the city.

Replying, Mrs. Rorie stated how sorry she was to leave and how much she had enjoyed working with the auxiliary and hoped to continue similar work in her future home.

### SURPRISE PARTY

A surprise party was held yesterday at the home of Mrs. A. E. Thomas in honor of her daughter, Nora, on the occasion of her thirteenth birthday. The guests spent a happy evening playing games. Delicious refreshments were served.

## TALE OF IRELAND

"Parnell," Story of Ireland's Uncrowned King, at Capitol This Mid-Week

The fictional drama of Charles Stewart Parnell, "Uncrowned King of Ireland," comes to the screen of the Capitol Theatre here this mid-week in "Parnell" with Clark Gable and Myrna Loy co-starred in the leading roles. Gable is presented as the dynamic Irish patriot who sacrificed a glorious career because of another man's wife, Myrna Loy, who was wedded to a man she despised.

The stage play of "Parnell" was a romance of tremendous emotional depth and sweep and the moving picture is said, not only to retain this, but to go farther. It shows Parnell, the man as well as the lover. He is seen leaving New York in 1880 to the cheers of thousands of Irish-Americans, arriving in Ireland where he united the members of the Irish Party, in the House of Commons and defending himself from a murder charge. There is also the beautiful love story with its joy and sorrow and its dramatic culmination in which Parnell's political career is ruined.

Important supporting parts are taken by Eda May Oliver, Billie Burke and Alan Marshall.

### PROSPECTOR WAS DISHED

SUDBURY, Ont. Aug. 18: (CP) — A quarrel during a gold-prospecting trip had a court sequel here when one prospector charged another with taking his dishes. Magistrate McKessock dismissed the charge, saying: "Any man who lives beside a former friend for six months and refuses to ask for his own dishes, doesn't deserve to get them back."
