The strike has been called in support of demands for a "share the work" plan with three hundred employees of the company made idle by the closing of another pit for repairs.

A representative of the sitdowners who came to the surface yesterday reported that his fellows were having a good time singing, playing cards and reading. "We have lots of food down there and are ready for a long siege," he said.

CAMPAIGN LIVENS UP

Terrace Hears Both Liberal And C.C.F. Side of Case

TERRACE, May 21.—The election campaign has reached Terrace. There have been two political meetings so far. On Saturday the Liberals held a public meeting in support of E. T. Kenney, at which the speakers were G. W. Nickerson of Prince Rupert and Jas. Sinclair of Vancouver. There was some questioning and once or twice Mr. Nickerson used his nimble wit to down would-be hecklers. The meeting was, on the whole, orderly and the Oddfellows' Hall, in which it was held, was pretty well filled.

On Tuesday the most of Terrace heard John Donev, C.C.F. candidate, for the first time. Mr. Donev gave a good account of himself, and T. C. Douglas, M. P. for Saskatchewan, who spoke in support, proved to be an expert who possessed the rare faculty of explaining the economic background in an entertaining way. His speech lasted an hour and a half and there was not a dull moment. On the contrary, funny stories, plentifully sprinkled throughout the address, kept the house laughing.

More Executions

Another half a hundred people have been executed in Soviet Russia for alleged espionage on behalf of the Japanese secret service. Surely the citizens of the ideal republic should not be forced to eke out a living by selling their services to a hostile country at the expense of their native land.

Assist or Lead

There are in the present campaign several candidates who would be willing to assist in any good work that any leader might bring forward. They are excellent citizens and mean well. There is one candidate who is ready to continue to lead, provided the people have faith in him. In other words there are three followers and one leader. We may elect a leader or a follower. Evidently the rest of British Columbia has faith in Pattullo. If we may be allowed to make a suggestion, it is that Pattullo be permitted to continue his good work as the predominant leader of the people of British Columbia. He has the will, the ability and he gets results.

Dominion Day Feature

The visit of the Japanese training vessel, Kaiwo Maru, to Prince Rupert for the Dominion Day holiday will be an inspiration to local people to make that event as outstanding as possible this year. They will find the Nipponese cadets are a very bright lot of young men who can thoroughly enjoy sports or games or entertainment of any clean kind.

It was noticed that during the war when Japanese war vessels called at a port the men were better behaved and of finer physique than those of any other country. They walked around and saw everything, never were participants in any brawls and never was a man seen to be intoxicated. They always had perfect control of themselves. The visit of the men of the training ship may prove to be a splendid object lesson to residents on this coast.

LEAD IS REDUCED

Pittsburg's Margin Over St. Louis In National League Cut By Full Game

PITTSBURG, May 22: (CP)—The margin of leadership of the Pittsburg Pirates over St. Louis Cardinals in the National League was reduced one full game to three and a half games yesterday as a result of the Pirates losing to the Boston Bees at Pittsburg while the Cardinals were winning an easy victory over the Brooklyn Dodgers at Sportsman's Field. At Wrigley Field, the Chicago Cubs had a nifty victory over the New York Giants whom they displaced from third position. The Boston Bees are now leading the second division, the Brooklyn Dodgers having dropped into sixth place. The Cincinnati Reds, playing at home, had a close victory over the Phillies whom they relegated to the basement, the position which the Reds had been holding themselves.

There was no change in the American League situation as a result of yesterday's play, both the leading Cleveland Indians and second place Philadelphia Athletics winning their games, the former defeating the Washington Senators and the latter vanquishing the Chicago White Sox.

Yesterday's Big League scores:

Stormy Weather Stops Skidegate Folk Coming Here

SKIDEGATE, May 22:—Stormy weather prevented the Skidegate football team, dance orchestra and others from the Queen Charlotte Island village from getting to Prince Rupert for the Coronation Day celebration last week. Departure was actually made by a party of forty but, after three hours had been spent facing the stormy seas, it became necessary to return home to Skidegate and call the trip off much to the disappointment of all.

GARDEN NOTEBOOK

It is very refreshing in these days of political campaigning to turn for a few minutes to contemplation of what is being done in a practical way and without any speech-making to beautify Prince Rupert and provide enjoyable hobbies for hundreds of citizens.

There are two rock gardens that are well worthy of note that have seen lately. One of these is the very effective display provided by Walter Longwill on Second Avenue where spring flowers other than bulbs are used to provide a very charming piece of beautification. It is a garden that is becoming bigger and better each year.

The other rock garden of which I wish to make mention is of a totally different type. It is hidden away behind a house, the home of Bob Yates on Seventh Avenue, and is a wonderfully artistic and beautiful piece of work. As you turn in at the side gate it bursts on you suddenly and it would be surprising if anyone could see it without an exclamation of delight. The central point is a large clump of yellow violas in full bloom and all around are grouped alpine, common and rare, some in bloom and others with beautiful green foliage. It rises at the back of the lot where formerly the old greenhouse stood. It is sufficiently rugged to show off the plants and its true artistry is seen in its lack of artificiality. It seems natural as if it had been discovered near the top of some mountain, except that it is in miniature. So many varieties are never found so close together in nature.

Mr. Yates is ambitious. He has purchased the adjoining lot in order to extend his garden and the most important part of it will always be the rock garden at the back.

While the weather has been cool and damp this last week or two, growth continues unimpeded but the spring bloom has suffered somewhat. However, spring blooming flowers can stand more rain than summer flowers.

Most gardeners will take advantage of the holiday Monday to plant annuals and to make a general overhaul of their gardens. It is now pretty safe to plant out any annuals and begonias may also be planted in the garden if they are far enough advanced. I have noticed that several people have put out their begonias already but it is soon enough any time before the first of June or even a week later. The great thing is to see that these plants are never dried out. They stand rain or wind but not drought.

Billy Reid is putting out a fine lot of annuals again this year. He raises them in his own little greenhouse and gets excellent results. It is always wise to use strong plants for bedding purposes. Mr. Reid features Canterbury bells, dahlias, stocks, asters, snapdragons, and Siberian wallflowers.

Formal gardening is the hobby of W. B. Cornish, Seventh Avenue West. His garden always looks spic and span. Unfortunately for Prince Rupert he is leaving the city this summer to reside in Victoria. H.F.P.

About thirty members of the Ladies' Orange Benevolent Association gathered at the home of Mrs. Einar Larsen last night to honor two of their members—Mrs. William Davidson and A. M. The recipients suitably replied and the remainder of the evening was spent singing and dancing.

Mrs. D. Gibb left on last evening's train for a trip to Terrace.

EMPIRE DAY IS OBSERVED

Address by Miss Mercer at Booth School—I. O. D. E. Presents Picture of King

Empire Day exercises were suitably carried out at the Booth Memorial School yesterday afternoon when the pupils assembled to hear a talk by the principal, Miss E. A. Mercer, on the significance of the day.

The idea had been originated by Mrs. Fessenden of Hamilton, Ontario, and was celebrated in Canada first. Later it was taken up by the component parts of the Empire and was now celebrated throughout the commonwealth. Some of the ideals were suggested by the words responsibility, duty, self-sacrifice and sympathy. Patriotism itself was not enough. This year, owing to the Coronation, the various parts of the Empire had been able to demonstrate in an unusual way their deep sense of loyalty to the throne. The King's personal dedication of the nation, which he represents, to the service of humanity. While such ideals were the guide, the Empire would continue to be worthy of all support and would be a challenge to all that was grand and noble in the people.

A feature of the program was the receipt of a fine framed picture of His Majesty King George the Sixth presented by Hill 60

Chapter, Imperial Order, Daughters of the Empire. An accompanying letter from Mrs. H. L. Landry, regent, explained that, owing to the Coronation celebration this year having taken place so recently, it was felt that the usual observance of Empire Day by the I.O.D.E. would be unnecessary. Hill 60 Chapter, however, wished to give the picture as a souvenir of Empire Day in Coronation year. Miss Mercer's words of appreciation were enthusiastically endorsed by the children.

Items on the program included a patriotic flag drill by a group of boys and the choruses "Land of Our Birth," "In Loyal Bonds United," "The Empire is Our Country," with "O Canada" at the opening number and the National Anthem the closing item. Miss E. P. Grassie and Miss Edna Wilkinson were accompanists.

To Salmon Trollers

Messrs. Woodsworth and Telford, leaders of the C. C. F., advocate votes for Orientals. How long do you suppose it will be after Japs get the vote before they obtain trollers' licences and dominate trolling as they now do gill-netting? You know Japanese contractors supply Jap labor in a block as required.

Will they not also supply Japanese votes in a block where Japanese interests demand it?

You know that Japan is claiming the right to fish in international waters off British Columbia. What will happen here, if the Japanese have the franchise, when we are called upon to vote on the question of allowing Japanese encroachment upon our fishing grounds?

The white races are not allowed the franchise in Japan. Why should we give the Japs the vote here? Japan admits the races will never mix. You must admit them to be right. Are you prepared to give them equal rights with yourselves in your fishing and fraternal organizations? Will you accept them in your boat crews, in your lodges and in your homes? You must do this if, as Mr. Woodsworth says, we are to assimilate them.

Think this matter over carefully before you vote C. C. F.

Covenant Heaviest Lander of Canadian Fleet This Year—Some Early Season Individual Records—Interesting Visitor Coming

The Covenant, Capt. Hans Underdahl, has been the heaviest lander of fish for the Canadian halibut fleet at Prince Rupert so far this season, having brought in 75,000 pounds in four trips. Next heaviest lander has been the Takla, Capt. Chris Parkvold, with 73,000 pounds in three trips, while the Cape Beale, Capt. Edgar Arnott, is third with 66,000 pounds in two trips.

The Charmine C. has landed the greatest number of catches—six—for a total of 58,500 pounds. Canadian boats which have landed five catches since the season began are: Balsac, 49,000 pounds; Gony, 45,500 pounds; Signal, 54,500 pounds; Tramp, 45,000 pounds. For the American fleet, the Explorer, as she was last year at the corresponding date, again is high boat for volume of fish landed at Prince Rupert, having brought in 77,000 pounds in three trips. The Atlas is second with 61,000 pounds in two trips and the Al third with 48,000 pounds in two trips. Again this year, like last, the Visitor has made the largest number of trips for the American fleet, namely four with a total of 20,700 pounds. American boats having landed three trips at Prince Rupert since the season opened are: Excel, 54,500 pounds; Explorer, 77,000 pounds; Frisco, 25,500 pounds; Hazel H., 46,000 pounds; Remus, 29,000 pounds; Sherman, 47,500 pounds; Teddy J., 28,000 pounds; Viking, 29,500 pounds. The average catch per vessel, it is to be noted, is lower this year than it was last.

Halibut landings at Prince Rupert for the 1937 season up to yesterday had reached a total of 3,904,500 pounds of which 2,165,300 pounds was from Canadian vessels and 1,739,200 pounds from American. Last year's aggregate at a similar date was 3,308,800 pounds consisting of 1,818,200 pounds from Canadian vessels and 1,490,600 pounds from American.

During the week landings at Prince Rupert totalled 477,600 pounds of which 271,600 pounds was from Canadian and 206,000 pounds from American vessels. The high price of the week for Canadian fish was 7.8c and 5c which the Relief, Southend and Teeny Milly were paid for catches of 14,000, 14,500 and 10,000 pounds respectively while the low was 7c and 5c which the Aleve, Minnie V., North Foreland and Lois N. were paid for catches of 4,000, 6,000, 3,500 and 20,000 pounds respectively. The top price of the week for American fish was 8.7c and 6c which the Alki and Al were paid for catches of 8,500 and 35,000 pounds respectively. The low American price was 7.6c and 5c paid the Viking for 7,000 pounds.

The Lois N. was a new name to be seen on the board of the Prince Rupert Fish Exchange yesterday with a 20,000-pound catch of halibut. The vessel, however, was no new one, being none other than the old Tahoma which was recently changed from American to Canadian registry. The Lois N. is named in honor of Mrs. G. W. Nickerson, whose husband is prominently identified with the fishing industry at Prince Rupert.

Much interest has been aroused over the forthcoming visit to this port of the Japanese training ship Kaiwo Maru which it was announced during the past week would be here about June 25 for a visit of eight days. The officers and personnel of the Kaiwo Maru including the fifty or so cadets aboard the ship will be assured of a hearty reception not only from the local Japanese community but from the public generally. The visit of Kaiwo Maru will be an unique event in many ways. The fact that the vessel carries a band will make it that much more colorful.

C. P. R. steamer Princess Adelaide, Capt. Henry Anderson, arrived in port at 6:15 last evening from the south and sailed at 10 o'clock on her return to Vancouver and waypoints.

Taking ballot boxes and provincial election supplies to polling stations on Moresby Island, the service boat Delphinium sailed at 3 o'clock yesterday afternoon for

had gone south on the plane on Monday, returned with it last night from Vancouver.

The Unimak joined the Aleutian and Tordenskjold in the halibut gear setting and hauling race being held in Seattle harbor today as a feature of the National Maritime Day celebration.

Having completed his theological studies in Vancouver, Edward Slater, who was last year assistant to Rev. Capt. W. A. Delap on the Anglican mission boat Northern Cross, returned to the city early this week from the south to permanently rejoin the Northern Cross. He is now ready for ordination which, it is expected, will take place before long.

In view of the Victoria Day holiday Monday, the Fish Exchange meet will not be open. After today, the next auction of halibut will be on Tuesday.

Nedden to Robert

Captain H. E. Nedden will command the Canadian National's flagship Prince Robert when she opens the Alaska season June 4 with an 11-day cruise to Skagway via Gardner Canal and Sitka. Captain Neil McLean will command the Prince Rupert and Captain E. Mabbs, the Prince George. Captain James Watt will move up to command the Prince Charles while Captain H. George Coles, former chief officer of the Prince Robert, gets his first command in the Prince John. The latter two boats will be in the Queen Charlotte Islands' service.

The Prince Rupert Rod & Gun Club has been advised by the Department of Fisheries that 140,000 Kamloops trout eggs have been set aside for planting in Prudhomme and Cloyah Lakes here. The eggs are expected to arrive here next month and will be planted by the Rod & Gun Club under the general direction of James Boyd, supervisor of fisheries.

BRITISH COLUMBIA PAYS PRINCE RUPERT A FINE COMPLIMENT

Charges are being made by both Conservative and C. C. F. candidates that Mr. Pattullo is an absentee, and they are trying to make political capital out of the fact that he lives in Victoria. To any thinking person this charge will carry no weight. It was a fine compliment paid by the whole province to Prince Rupert, when it asked our fellow-citizen, Mr. Pattullo, to be an absentee. Every person knows that when a Member of the Legislature has ability enough to be invited into the government of the day he must of necessity become an absentee because his office is in Victoria. This term then instead of being a term of opprobrium should be considered a compliment.

Mr. Pattullo lived in Prince Rupert and invested a small fortune here before his character and ability caused him to be taken into the cabinet and finally to the highest position the province could offer him, the premiership. The local Conservatives do not flatter their candidate Mr. Evitt when they say that he will never be an absentee. The Liberals are inclined to agree with them in this statement and yet it is not at all complimentary to one who is, at least, a prince of good fellows.

As for Mr. Weaver, all we can say is that he describes himself in his papers as a musician from the Okanagan and we know that he comes from Vancouver. If he is defeated, as we think he will be, he will leave Prince Rupert with his carpet bag or suit case. He has no stake or interest here but says he will reside with us if elected. Let us ask the voters why we should have a Vancouver or an Okanagan man to represent us in the Legislature. We have always had to fight Vancouver influence in that House. Why put ourselves in the hands of Dr. Telford and his coterie?
