I was one of the men whom Mr. Pattullo asked o assist him in getting the tele phone franchise from the Mc Bride Government in order that might be turned over to the

ity after the city's incorporation This was to head off a private concern which was trying to se ure the franchise for itself. I saw Sir Richard McBride bout it and he gave us the ranchise.

Similarly the Woodworth Lake water rights were staked by Mr Woodworth of Vancouver and Mr Pattullo put up a strenous fight o get this away from him for he City of Prince Rupert. I consider it only fair to Mr Pattullo to publish these facts. J. FRED RITCHIE.

Will they not also supply Japanese votes in a block where Japanese interests demand it?

You know that Japan is claiming the right to fish in international waters off British Columbia. What will happen here, if the Japanese have the franchise, when we are called upon to vote on the question of allowing Japanese encroachment upon our fishing grounds?

The white races are not allowed the franchise in Japan. Why should we give the Japs the vote here? Japan admits the races will never mix. You must admit them to be right. Are you prepared to give them equal rights with yourselves in your fishing and fraternal organizations? Will you accept them in your boat crews, in your lodges and in your homes? You must do this if, as Mr. Woodsworth says, we are to assimilate them.

Think this matter over carefully before you vote C. C. F.
