ONE TINY VOICE CALLS FOR PEACE IN CHINA

Huddled in terror against the unyielding pavement of a Shanghai street as Japanese war-aeroplanes roar overhead and bursting bombs and the shells from big guns turn his world into a holocaust, this little Chinese baby walls pitifully for the mother who was struck down by an invader's bullet. Many hours he lay unnoticed on this road near the Jessfield railway bridge while men talked in Brussels and a bloody bat leaped unchecked—one little peace-seeker in a city gone mad with war.

FINE LOT OF PILOTS

Major D. R. McLaren D.S.O. Well Pleased With Trans-Canada Fliers

WINNIPEG, Dec. 3:—"After a thorough and careful investigation of the preliminary training work of our pilots, I am thoroughly convinced that the Trans-Canada Air Lines planes will be flown by a group of the best trained pilots in the business," declared Major D. R. McLaren D.S.O., assistant to the vice president, Trans-Canada Air Lines, with headquarters in Montreal, who left for the east last night over Canadian National lines. Mr. McLaren has spent the last few days in Winnipeg conferring with D. B. Colyer, chief technical adviser.

"Not only was I impressed with the efficiency of the training methods but found that the pilots now in training were men of particularly fine character," said Major McLaren. "Every one of them has a great sincerity of purpose and a common desire to become not only a creditable employee of the Trans-Canada Air Lines but also as nearly perfect a pilot as possible. The training has been proceeding under the watchful direction of H. T. Lewis, technical adviser of flying and W. A. Straith, chief instructor. Both these men have had years of experience in flying and instruction and have worked out an excellent plan to educate our pilots in the most up-to-date manner possible. Both Mr. Lewis and Mr. Straith are keen students of human nature they study the reaction of their pilots to the training methods and seem to anticipate what faults will develop. By so doing, they have designed a complete method of instruction in which they teach the pilots to think quickly along the correct lines, rather than to become mechanical in their actions. This is the basic keynote of our training.

Japanese Go Ahead with Demonstration of Conquest—Grenade Throwing Breaks it Up

SHANGHAI, Dec. 3:—Despite the warnings of foreign nations against such a demonstration, a victory parade was started by the Japanese in the International settlement here today. Six thousand Japanese troops took part.

However after a hand grenade explosion had interrupted the victory march, staged to celebrate the Japanese domination of Shanghai, the Japanese withdrew from a large area they had held at the heart of the International settlement.

**FINE LOT OF PILOTS**  
(Continued from Page One)  
manner we are able to obtain a most intelligent story of the individual ability of every pilot.  
"I can safely say that I am highly impressed not only with our methods of pilot training but with its progress and it is pleasing to note that our Canadian pilots are responding so favorably to this new training system. Most of our pilots have had much valuable experience in "bush flying" where they had a real job to do all by themselves. This experience has developed a fine degree of personal initiative, resourcefulness and patience.  
"To qualify as a pilot with the Trans-Canada Air Lines a man must attain a very high degree of efficiency. I am satisfied that the pilots in our service will be second to none," concluded Mr. MacLaren.

**PRECAUTION IN HUNTING**  
Smithers' Jury recommends Old Coats and Caps —Cook's Death Accidental.  
SMITHERS, Dec. 3—A coroner's jury, after hearing the evidence in connection with the shooting accident whereby Fred Cook of Smithers lost his life while hunting moose near Smithers on Sunday brought in a verdict that deceased came to his death as a result of a hunting accident and strongly recommended that it be compulsory for every hunter to wear a red coat and a red cap when going into the woods after game. The jury was empanelled on Monday afternoon and consisted of J. P. Downey, Geo. H. Wall, Chas. Morris, John S. Gray, Arthur D. Jones

and L. H. Kenney. Mr. Kenney was selected as foreman of the jury and the hearing took place on Tuesday afternoon before Coroner H. B. Campbell. Dr. G. G. Ferguson who had performed the autopsy, and four other witnesses were called.  
The funeral was held on Wednesday afternoon from the United Church. Rev. W. B. McIntosh conducted the service, assisted by Rev. J. E. Birchall. The United Church was filled with the sorrowing friends of the family of the deceased. The members of the Smithers' Brass Band, of which the deceased had been an active member, attended in uniform and also provided the pall bearers.  
The family has the deep sympathy of the whole community in its bereavement.

**BRITISH INDUSTRIAL ADVANCES**  
Great Britain is spending approximately fifty million dollars on housing and other works in the northeastern section of England. Part of the money is being expended on reconstruction and widening of highways, erection of airports and a quarter of a million dollar stadium near Newcastle. Private enterprise is doing a good part in this rejuvenation of the North of England and is ably backed up by the state.

**WORSHIPPING STRANGE GODS**  
The tendency of late among nations as well as men has been to turn aside from the old religion of right and wrong and set up the god of expediency as the true God to be worshiped. We are finding even our own country refusing to make any sacrifices in the cause of justice, complacently acquiescing in the condition which is developing all around.  
Yet there are many voices of protest, even if they are not effective. Albert Einstein in a message to the American Y.M.C.A. said:  
"The political and economic conflicts and complexities of the last few decades have brought before our eyes dangers which even the darkest pessimists of the last century did not dream. The injunctions of the Bible concerning human conduct were then accepted by believer and infidel alike as self-evident demands for individuals and society.  
"Yet today we must recognize with horror that these pillars of civilized human existence have lost their firmness. Nations that once ranked high, bow down before tyrants who dare openly to assert: Right is that which serves us! The quest for truth for its own sake has no justification and is not to be tolerated. Arbitrary rule, oppression, persecution of individuals, faiths and communities are openly practised in those countries and accepted as justifiable or inevitable.  
And the rest of the world has slowly grown accustomed to these symptoms of moral decay. One misses the elementary reaction against injustice and for justice—that reaction which in the long run represents man's only protection against relapse into barbarism.  
"Let us refuse to accept fateful compromise. Let us not even shun the fight when it is unavoidable to preserve right and the dignity of man. If we do this we shall soon return to conditions that will allow us to rejoin in humanity."

omed to these symptoms of moral decay. One misses the elementary reaction against injustice and for justice—that reaction which in the long run represents man's only protection against relapse into barbarism.  
"Let us refuse to accept fateful compromise. Let us not even shun the fight when it is unavoidable to preserve right and the dignity of man. If we do this we shall soon return to conditions that will allow us to rejoin in humanity."

**WRONG ATTITUDE**  
May we point out that the thought of a nation usually moves slowly. If there is no strong leadership, as at present, it takes time for ideas to penetrate, especially under a democracy. Only the real leader can clarify the thinking of the nation and that has not yet been none in Canada. There is a tendency to let things drift and hope for the best. We allow the voice of the false peace advocate to silence our better impulses. This attitude is as wrong as condoning crime in our own country and standing with the police when they fail to make an arrest.

### We Have Latest Equipment For MOTOR TUNE-UP THE "KING" TESTER

The old methods of years gone by are not good enough to keep in shape the high speed motors of today. In order to render the highest type of service available, we have installed a "KING" Tester for making Motor and Ignition Tests. It is the last word in equipment of this kind, and its ability to ACCURATELY locate trouble is almost uncanny.

To obtain the greatest motor efficiency, your car should be checked from time to time. Ignition "leaks" or lack of minor adjustments makes all the difference between sluggish and a PEPPY motor.

Bring your car in and let us show you what we can do. The cost is nominal and in many cases the improved performance is unbelievable.

C.P.R. steamer Princess Adelaide, Capt. S. K. Gray, is due in port at 4:30 this afternoon from the south and will sail at 10 pm. on her return to Vancouver and way points.

Piloted by Squadron Leader F. J. Mawdesley with Sergeant D. H. McLean as air engineer, a Royal Canadian Air Force seaplane returned here at 4:30 yesterday afternoon

from Vancouver. The plane is being operated out of here in aerial photography work for the Department of National Defense.

# DON'T LET

1 Usually common constipation is the result of eating meals low in "bulk" or fiber. Headaches, poor appetite, loss of energy are some of the effects of constipation. It keeps you from looking and feeling at your best.

# CONSTIPATION

2 Relieve common constipation with Kellogg's ALL-BRAN. This wholesome ready-to-eat cereal absorbs water and softens like a sponge — forming a soft mass which aids elimination from the colon.

# GET YOU DOWN

3 Unlike certain cathartics, ALL-BRAN is not habit-forming. Serve this food as a cereal with milk or fruits, or cook into recipes. Eat two tablespoonfuls daily. In severe cases, with each meal. Sold by all grocers. Made by Kellogg in London, Ontario.

## BAZAAR IS VERY FINE

Ladies' Aid of First United Church Has Successful Affair With Many Calling

Fine weather favored annual bazaar of the Ladies' Aid of First United Church yesterday afternoon and the affair attracted many visitors to the church parlors which, decorated in seasonal colors of green and red, were a hive of bustle and activity. The guests were received by Mrs. Claverling, president of the Ladies' Aid, and Mrs. J. C. Jackson, wife of the pastor. The tea room, which was attractive with the tables centred with dainty vases of chrysanthemums, and the many stalls, with interesting articles of ornament and use, drew generous patronage. The whole affair was a gratifying success both socially and financially.

The tea room was in charge of Mrs. James Krikevesky, Mrs. G. V. Wilkinson and Mrs. G. F. Davey. Mrs. T. Ross Mackay, Mrs. H. T. Lock, Mrs. R. G. Large and Mrs. Arthur Sutton presided at the pouring tables and serveurs were Mrs. O. C. Young, Mrs. R. G. Macaulay, Mrs. George Ciccone, Mrs. L. H. Haworth, Miss E. M. Earl and Miss Edith Connerly. Cashiers were Mrs. Hugh Killin and Mrs. R. Webber.

In charge of the various booths were:

With December here and no apparent move made to organize the sport, it looks like there will be no basketball in Prince Rupert this winter. The Christmas rush is approaching and certainly there will be none until after the New Year if then. It will be the first winter for some time that the hoop game

has lapsed in Prince Rupert and some regrets are heard that this should be the case.

A real effort was made with considerable success under the leadership of Bill Stone to put basketball back on its feet here last year. As usual, however, it seems to be a case of letting a few do all the work and just now it seems there is a lack of general interest.

Harry Scott has been in port the past week from his hand logging operations at Douglas Channel down the coast. He is making a trip to the Skeena River tomorrow and expects to return to Douglas Channel next Monday.

## DOWN THE ALLEY

News and Views of the Rupert Bowling Front

With a four-game lead and only three more to play, the Royals are a team to take first half honors in the senior bowling loop. Owing to the presence of the strongest members of opposing teams being out of town and absent for other reasons during the early part of this half, the Royals took an early lead and kept it until wouldn't be surprised if the second half produces a great deal of stiffer opposition. Grotto and Taxi are sure to make a better showing than

C.N.R.A. No. 2 is surely making it tough for the boys in the Commercial section and is in a very favorable position at the present moment. The railway boys seem to be leading at the top of their form, evidently several of the other teams seem to have hit a slump, making that vital spot, the old 1-3 racket, and, worse still, failing to get up the spares. However this phase hits everybody sometime and then passes off. At least the boys are hoping so.

The Printers are shooting at the top of their form, turning in several games in the 860's including a full spot. They stand a fair chance to top this half.

Rupert Motor is due to connect with the judging this team on last night's showing they should be showing better averages than they have done in the past few weeks. These boys hit their stride, they may yet emerge on top for this half

but they'll have to get going pronto.

Merchantettes have slipped into second place in the Ladies' League ousting Annettes' from that position. The Rangers are still sitting on top and look like sure winners for this half.

Now for some interesting news to turkey lovers. Several turkey shoots are going to be run off between now and Christmas or New Year—10 pin shoots for the men, 5 pin shoots for the men and 5 pin shoots for the ladies. Anyone has a chance to win because the shoots are run on a handicap basis. Red Young tells me that entries are open now and he hopes to get started as soon as possible. No doubt advertisements will be run in the press to this effect. So I guess it will be hard to get an alley for a while. Everyone will be trying their damndest to bring home the bacon, beg pardon, I mean the turkey.

By gosh, I forgot to tell you that the Pioneer Laundry team is betting big money they win the 5 pin honors this half. Any takers? Apply—ALLEY SLOPER.

## SEA HAWKS TAKE LEAD

Victory Over Portland Buckaroos Puts Them in First Place in Pacific Coast League

PORTLAND, Dec. 3. (CP)—Seattle Sea Hawks moved into exclusive possession of the leadership in the standing of the Pacific Coast Hockey League last night by scoring a two to one victory over the Portland Buckaroos. Previously the Hawks had been tied with the Vancouver Lions for the lead.

There was one goal in each period. Pete Leswick, Hawk rookie, scored the first for Seattle 18 minutes and 11 seconds along in the first period to retain his leadership for individual league scoring honors with a total of eight goals and one assist. Dave Downie made it two for Seattle after four minutes and 44 seconds of play in the second period. Oulette made Portland's only counter 11 minutes and 41 seconds in the third. The Bucs played all the time forward and pressed hard but the effort to overcome the lead was vain.

The Pacific Coast League standing to date is as follows:

Seattle	4	3	2	19	14 11
Vancouver	4	1	2	14	12 9

Cole of Terrace, and Oscar Franklin Stewart, son of Mr. and Mrs. B. F. Stewart of Smithers. ## HAWAIIAN PICTURES SHOWN ROTARY CLUB

At the luncheon of the Prince Rupert Rotary Club yesterday, Weldon McAfee presiding, H. F. MacLeod showed moving pictures taken by himself of scenes in and around Prince Rupert including the Japanese training ship Kalwo Maru which was here last summer. One showed her in full sail after she left the city. There were also scenes taken at Lethbridge, Alberta. The best pictures, however, were those taken in color of scenery in or near Honolulu. They included a number of studies of the native Hawaiian girls in their folk dances. At the close the chairman thanked Mr. MacLeod for his interesting entertainment.

## DANCE AND SONG FILM

Dick Powell Has Title Role in "Singing Marine" at Capitol Theatre

Dick Powell plays the title role in "The Singing Marine," a gay song and dance picture which is being presented as the feature offering on the screen of the Capitol Theatre here this week-end.

Powell is cast as a buck private Marine at San Diego who makes good in an amateur hour contest in New York. His sweetheart, Doris Weston, an attractive newcomer to the screen, is also in the contest but she fails. Dick's success goes to his head and he forgets his old friends. However, he is only on leave so, when his time is up, he is shipped to China where he has a chance to redeem himself. He is restored to everyone's good graces and the picture ends happily. An excellent cast surrounds Powell and Miss Weston including Hugh Herbert, Allen Jenkins, Doc Rockwell from vaudeville, Jane Wyman and Veda Ann Borg.

## WHIFFLETS

From the Waterfront

The steamer Prince William, tied up unused for several years on the local waterfront, will bid farewell to Prince Rupert, for the time being at least, when she leaves tomorrow for Vancouver in tow of the Armour Salvage Co.'s service boat Daly with Capt. Paul Armour in personal command. The Prince William, which was tied up several years ago after operating for one season to the Queen Charlotte Islands and Skeena and Naas Rivers, was purchased several weeks ago from Canadian National Steamships by Armour Salvage Co. No disposition has yet been made of the Prince William by Armour Salvage Co.

Armour Salvage Co.'s power tug Daly returned to port last night from Welcome Harbor, Porcher Island, with two scowloads of gravel which in addition to filling the company's new bunker on the waterfront, will provide enough to take care of the requirements of the Standard Oil Co.'s new fuel station contract.
