POLICE QUELL INTERRUPTER AT ARMISTICE DAY CEREMONY

DTI

Two minutes silence during the Memorial Day service at the London cenotaph was rudely interrupted when an allegedly demented man broke through the guard of sailors and shouted, "This is all hypocrisy!" King George, within a few feet of the man, stood at attention, heedless of the commotion. The photograph (above), radioed from London, shows police grappling with the disturber while the King pays no attention to the disturbance. Major Clement Attlee, Labor Leader in the House of Commons, (left), and Prime Minister Neville Chamberlain, are standing bareheaded at the left of the picture. ## More PEP More POWER Better Motor Performance

THE "KING" TESTER

That is what you will have after we have gone over your car with our "KING" Tester, which is the last word in equipment for diagnosing motor trouble.

Very often the difference between a slow motor and a PEPPY one is only a matter of minor and inexpensive adjustments. It doesn't take much to put a high speed motor "out of line," but it does take special equipment to locate the trouble so that it can be remedied. We have the finest equipment obtainable and it eliminates all GUESS WORK. Bring your car in and get PEP for the getaway and POWER for the hills.
