ALL-STEEL VESSEL TAKES TO WATER IN SUB-ARCTIC

The first diesel motored all steel vessel to serve in the great river systems of the Northwest Territories was launched at Fort Smith, Alta., before a cheering crowd of workmen, trappers, traders, priests and provincial dignitaries. Mrs. J. C. Bowen, wife of the lieutenant-governor of Alberta, christened the new vessel "Radium King." The ship was built at Sorel, Que., cut into sections and shipped by rail to the northern city, where it was welded together again. It will carry radium out of the Great Bear Lake district. Mrs. Bowen is shown in the upper photograph as she broke a bottle of champagne over the ship's bow. The lower photograph shows the "Radium King" after the launching.

Quintuplets Take Up Social Duties
CALLANDER, Ontario, August 21.—The Dionne quintuplets now three years and three months old, are adding social duties to their activities. Henceforth they will be frequent hostesses at dinner parties. Each evening their mother and one of their brothers or sisters will dine with them in their hospital.

Late Telegraphs
AIR MAIL EXTENDED
OTTAWA—With the first flight next Monday, the new airmail service instituted recently from Edmonton to Whitehorse is to be extended to Dawson by the United Air Transport Co. The flights will include an overnight stop at Whitehorse. It is planned to establish weather stations at Edmonton, Fort St. John, Whitehorse and Dawson.

Another Storm Sweeps Ontario
TORONTO, Aug. 21.—Another storm of cyclonic proportions swept Southern Ontario late yesterday, killing two persons, injuring at least ten and doing heavy property damage.

Occupational Survey Will Be Undertaken
VICTORIA, Aug. 21.—Hon. George S. Pearson, minister of labor, announced yesterday that an occupational survey would be undertaken by the province at a cost of \$30,000 for the purpose of planning the distribution of available labor among workers.

CELTIC IN LEAD NOW
Defeats Morton 4 to nil While Rangers are Playing Scoreless Draw With Hibernians

GLASGOW, August 21: (Canadian Press)—Celtic went into undisputed leadership of the First Division of the Scottish Football League today by defeating Morton four to nothing. Rangers, the league champions, hitherto tied with Celtic, could do no better than split points in a scoreless draw with Hibernians.

Today's scores:
Ayr, 6; Queens Park, 2.
Celtic, 4; Morton, 0.
Dundee, 4; Clyde, 1.
Falkirk, 4; Aberdeen, 1.
Hibernians, 0; Rangers, 0.
Motherwell, 5; Arbroath, 1.
Partick Thistle, 3; Kilmarnock, 0.
St. Johnstone, 6; Hamilton, 3.
St. Mirren, 1; Hearts, 1.
Third Lanark, 1; Queen of South, 1.

Ambassador To Italy Is Earl
Sir Eric Drummond Succeeds To Peerage Following Death Of Half Brother

LONDON, Aug. 21: (CP)—Sir Eric Drummond, British ambassador to Italy, last night succeeded to the Earldom of Perth with the death of his half brother, William Huntly Drummond, the Fifteenth Earl, at Rouen, France. The peerage of Perth dates back to 1605 although the Drummond family traces back to Baron Drummond of Cargill who received that title in 1488.

DAMAGE IS ENORMOUS
Great Britain and United States Interests Suffer at Shanghai—Shell Hitting United States Ship Was Japanese

Germany's Stand
Supports Japanese But Will Remain Neutral Unless Soviet Should Step In

SHANGHAI, August 21:—Havas News Agency said last night that seventy per cent of the British investments in Shanghai were threatened by fires now raging through a large portion of the metropolis as fierce fighting between the Japanese and the Chinese continues. Already extensive damage has been done to British industries and property on both sides of the Whang-poo River. United States interests have also suffered extensively.

War and fire continued today to lay waste Shanghai with foreign police estimating about eleven square miles of the world's sixth largest port destroyed. Only the international settlement, French concession and parts of Nantao in Soochow Creek area remain intact. Flames have spread unchecked in all directions because firemen have evacuated the burning areas. The shell which struck the United States cruiser Augusta yesterday, killing one sailor and wounding eighteen others, was said last night to have been from a Japanese anti-aircraft gun.

Ten civilians and a hospital were destroyed yesterday in an air raid by Japanese planes on Nanking. Three Japanese planes bombed Kiukian, the port of the city of Nanking.

The British continue to hurry their nationals from the war area, their next ship southward being the Empress of Canada on August 24. Germany Supports Japan
In Tokyo German support for the Japanese policy in China is reported following a warning by Premier Fumimaro Konoye that pro-Communist elements must be eliminated from North China. The newspaper Asahi said that the German government wished to remain strictly neutral but would intervene against the Communist Internationale to prevent any Soviet advance toward China.

Chinese Raising Funds
VICTORIA, August 21:—Victoria Chinese have instituted a campaign to raise money to send home for war purposes. Already \$6000 has been collected. There will be a house to house canvass in city and district.

CHANGE OF POLICY

The press of the country is welcoming the change of government policy in Quebec in connection with the letting of contracts for dredging at Sorel. This is said to be because the government work has always been a means of doling out party pap to men some of at least of whom were not suited to the work and other of whom did not want work but only wages.

MATRICULATION EXAMINATIONS

Hon. George M. Weir is an idealist and, as such, he has abolished the matriculation examinations. They were bound to disappear when the people were ready for the change but whether or not we are ready for it now will be discovered when the first batch of recommended students reaches the university.

CHURCH NOTICES

FIRST PRESBYTERIAN CHURCH Rev. J. W. Stevenson, M.A., B.D., Ph.D. Minister in Charge Mrs. E. J. Smith, Organist and Choir Director SUNDAY SERVICES 11:00 a.m.—"Sunshine." 7:30 p.m.—"A Successful Experiment."

Bernice Palmer says . . .

This is going to be a short short story about a boy, his dog and a doctor. Just a little story that goes to prove my point that it isn't necessary to be a big financial success or an important business man to be remembered.

After a little time had lapsed, the doctor poked his head cheerfully out of his office, and beckoning, said, "Next—" Then, spying the small boy and his dog, he hesitated a moment and walking over to the two said curiously, "Hello, son! Something I can do for you?"

"Well, I'll tell you doctor, Mickey here got a fox-tail in her ear, and I can't get it out. She squirms too much. And I know her ear's awful sore because every time I touch it she cries. She won't bite you," he hastened to explain, noting the doctor's strange expression.

"But why didn't you take her to a vet?" the doctor inquired. "A vet?" "What's that?" the child asked puzzled. "Mickey is sick. You're a doctor, aren't you?" A shadow crossed the child's face.

Ignoring the other patients, now frankly amused or deeply touched, such according to his way, the doctor bent over the dog and patted her head. Mickey wagged her tail in complete approval, then winched as the delicate fingers shook her ears.

"On that's alright," the lad answered. "We have lots of time, haven't we, Mick?" and the dog wagged her tail in agreement. Then with a quick, "Next?" the doctor disappeared into his office.

The story is just another little human interest tale. One of the everyday incidents that go to mold the little boy of today into the man of tomorrow. A little incident that I like to believe would help a boy keep his faith as the years roll along in his fellow men.

Soap Carving Competition

Final Competition of season is Held At Gyro Playgrounds

The last of the Gyro playground soap carving competitions was held yesterday at the gymnasium building during the afternoon and proved to be quite interesting indeed.

The prize winners as selected by Dave Borland who acted as judge, were as follows:

- Best Workmanship 1. Betty Handenschild (McClymont) dog, kennel and dish. 2. Marie Boulter (Acropolis) bluebird on a plaque. 3. Margaret Lamb (Seal Cove) a dog.

- Originality 1. Norma Letrea (Seal Cove) open Bible. 2. Patsy Moore (Westview) row-boat, fisherman, dog and oars. 3. Bea Rodderham (McClymont) bird house with bird on perch.

BASEBALL PRACTICE

Inclement weather last evening necessitated the postponement until tomorrow morning of the baseball practice for the team which has been selected for the Labor Day excursion to Ketchikan.

The Letter Box

SPANISH SITUATION

Editor, Daily News: Today one of the major issues of public interest is the conflict which is taking place in Spain. A conflict in which hundreds of Canada's sons are playing a heroic part, and in which many of them have already given their lives.

That these questions, as well as a full analysis of the whole Spanish situation will be ably dealt with, can be assured on the basis of the wide experience which Mrs. Ewen has accumulated in the working class movement. Mrs. Ewen has visited the Soviet Union on three occasions as well as other European countries, has had a wide and varied career in Canadian working class circles and is today one of the foremost orators in British Columbia.

SPANISH DEFENCE COMMITTEE

Man in the Moon

Good day, have you seen the new post office?

Jake says if he does not get a soft job on that building he's going to be a seese Heifer after this.

In a United States election the "culled" lady gave her name, her address, and her age; and then the clerk of registration asked this question:

"What party are you affiliated with?" "Does I have to answer that?" "That is the law." "Den you just scratch my name offen de books. If I got to tell dat party's name, ah don't vote, dat's all. Why he ain't got his div'ce yet."

Since the question of importing employees has been mentioned, why not put a ban on the importation of preachers? There are plenty of good ones in the city who might like the job. I could do some preaching myself if the pay was high enough.

CELEBRATE IN YUKON

Discovery of Gold in Bonanza Creek 37 Years Ago Recalled.. With Gathering at Dawson

DAWSON, Aug. 21: (CP) — With formality strange to the processes of this rugged territory, men and women of the Yukon named a queen.

The 1937 queen was crowned in a setting like that in which her less formally chosen predecessors reigned ephemeral in the glittering days of '98, before the fever of the gold rush cooled down and before Dawson became a neat little modern city in the heart of the mining country.

Many of the "Queens" of '98 are only names now to those who have come to Dawson to see the shack-settlement of that day reconstructed for the Discovery Day celebrations.

Among them were Cigarette Liz, Diamond Tooth Gertie, the Oatmeal sisters, Dogface Lamore and Gold Dust Drummond, queens on the saloon row where gold dust was staked on the turn of a card before the Klondike rush subsided.

Any unmarried miss in the territory was eligible for the title of 1937 Queen, if not less than 18 years old. She "reigned" during the three-day Discovery celebrations and will travel as Queen to the Fairbanks, Alaska, ice carnival in March, 1938.

Synopsis of Land Act

FREE EXEMPTIONS: VACANT, unreserved, unreserved Crown lands may be pre-empted by British subjects over 18 years of age, and if aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement. Full information concerning Pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., Bureau of Provincial Information, Victoria, or any Government Agent. Records will be granted covering all land suitable for agricultural purpose within reasonable distance of road, shore and marketing facilities and which is at timberland, i.e. carrying over 100 head per acre east of the Coast Range and 2,000 head per acre west of that Range. Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, to whom forms obtained from the Commissioner. Pre-emption must be occupied by the years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received. Pre-emption carrying part title with title of occupation are also granted.

PURCHASE OR LEASE: Applications are received for purchase of vacant and unreserved Crown lands not being timberland for agricultural purposes. Minimum price of agricultural (arable) land is \$5 per acre, and residential (grazing) land, \$15 per acre. Further information is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands." As a partial relief measure, vacant lands may be acquired by purchase in 10 equal instalments, with the first payment suspended for two years, provided the land applied for is situated, to provide during the first two years of less than 10% of the appraised value. Mill, factory or industrial sites in timber land, not exceeding 10 acres may be purchased or leased, the conditions including payment of stamp duty. Unreserved areas not exceeding 10 acres, may be leased as domestic, conditional upon a dwelling being erected in the first year. Title being granted upon residence and land has been surveyed. For grazing and industrial purposes areas not exceeding 100 acres may be leased by one person or a company. Under the Grazing Act the Province is divided into grazing districts and regulations administered under grazing regulations amended from time to time to meet varying conditions. Annual grazing permits are issued based on certain monthly rates per head of stock. Priority in grazing privileges is given to resident stock-owners. Stock-owners may form associations for range management. Free or partially free permits available to resident campers and travellers, up to 300 head.

THE ALL-STAR ROLL

Ogden's Fine Cut is the "real" standout — rated a four star (****) hit by roll-your-owners, everywhere. Test Ogden's yourself; compare it with any other cigarette tobacco and you'll say Ogden's is "tops for pleasure" — particularly if you use "Chantecler" or "Vague" papers. Remember — there's a bigger package of Ogden's now, for 15c.

Timely Recipes

TOMATO COCKTAILS
Now that tomatoes are plentiful, the following recipe may prove interesting:
Eighteen ripe tomatoes, 1 cup chopped celery, 1/2 cup chopped onions, 2 tablespoons vinegar, 3 sweet green peppers, 1 sweet red pepper, 2 tablespoons salt, 1/4 cup sugar.
Mash and cut tomatoes, but do not peel. Chop the peppers finely. Mix tomatoes, celery, onions, peppers and salt together. Boil for one-half hour. Strain through coarse sieve. Add the vinegar and sugar. Boil three minutes. Seal in sterilized jars.

Chancel Guild Honors Member Leaving City

At a meeting of the Chancel Guild of St. Andrew's Anglican Cathedral yesterday afternoon at the home of Mrs. A. H. Waddington, the presentation was made to **Mrs. George Rorie**, who is leaving the city shortly, of beautiful framed photographs of the interior and exterior of the Cathedral as a token of appreciation of her many years of service with this branch of church work. The presentation was made by Mrs. J. B. Gibson.

Kitchen Shower Pretty Affair

Miss Ruby Krikevsky honored Thursday Night at Home of **Mrs. D. V. Smith**

Mrs. D. V. Smith, Fifth Avenue East, was hostess at a delightful kitchen shower Thursday night in honor of **Miss Ruby Krikevsky**, who is to be married shortly to **George L. Rorie**. The rooms were white decorated with yellow and white streamers and summer flowers.

The early part of the evening was spent in playing bridge with **Miss Edith Connery** and **Mrs. Thomas Fraser** winning the prizes.

The feature of the proceedings was the presentation to the bride-to-be of a beautifully decorated roasting pan containing useful articles for kitchen use.

The piece-de-resistance of tasty refreshments was a handsome wedding cake topped with a miniature bride and groom. The cake was duly cut by the bride-elect.

Those present, besides the hostess and the guest of honor, were **Mrs. J. Durran**, **Mrs. Hugo Kraupner**, **Mrs. M. B. Lemon**, **Miss Frances Cummings**, **Miss Nellie Keller**, **Miss Clara Stegavig**, **Miss Beatrice Hunter**, **Miss Edith Connery**, **Mrs. George Peters**, **Miss Elizabeth Wilson**, **Mrs. D. W. Taylor**, **Miss Betty Gardiner**, **Miss Kay Kielback** and **Mrs. Thomas Fraser**.

Farewell Party For Local Girl

Miss Margaret Clark honored before leaving for *Victoria* to start *Nurses' Training Studies*

Miss Lydia Pettenuzo was hostess last night at the home of Mrs. A. C. Clark in honor of **Miss Margaret Clark** who leaves this evening on the *Prince Rupert* for *Victoria* to take up training for a nurse at *Royal Jubilee Hospital*. Games, singing and dancing were enjoyed during the evening, the winner in games being **Miss Eileen Hamblin**. At midnight tasty refreshments were served. On behalf of those assembled, **Miss Pettenuzo**, with a few fitting words, made the presentation to **Miss Clark** of a beautiful fountain pen as a token of esteem.

Those present were **Miss Margaret Clark**, **Miss Aileen Hamblin**, **Miss Marybelle Stiles**, **Miss Betty Ellison**, **Miss Ruby Lee**, **Miss Rose Montesano**, **Miss Isabel Conroy**, **Miss Grace Clark**, **Miss Lydia Pettenuzo**, **Mrs. Ray Fossum**, **Mrs. L. C. Griffiths**, **Mrs. E. Pettenuzo** and **Mrs. A. C. Clark**.

Cohoe and Pink Runs Are Very Light—With Landings Scarce Halibut Prices Stay High—Visiting Small Craft

Gill netting for cohoes is continuing in the Skeena River but the run is light and no more than 250 fishermen are out. The closing of sockeye fishing last Friday saw the majority of the gill-netters cease operations for the season. However, only one cannery on the Skeena—Sunnyside—has closed. In the seining areas contiguous to Prince Rupert the run of pinks has so far been negligible.

Halibut landings at the port of Prince Rupert for the past week were again light at a total of only 302,000 pounds of which 156,000 pounds was from Canadian vessels and 152,000 pounds from American. The scarcity of fish has held the prices well above average levels. The high price of the week for Canadian fish was 12.2c and 7c which the Ingrid H. was paid for 16,000 pounds and the low 8.2c and 6c which the Tramp received for 16,000 pounds. For American fish the high bid of the week was 12.2c and 8c paid the Eureka for 16,500 pounds and the low 9.5c and 7c which the Prosperity and Arne received for 25,000 and 22,000 pounds respectively. Halibut landings at Prince Rupert for the season up to and including yesterday had reached a grand total of 10,130,250 pounds in comparison with 8,142,200 pounds at a corresponding date last year. The Canadian total so far this year has reached 5,418,250 pounds as against 4,614,500 pounds last year while the American total is 4,612,000 pounds in comparison with 3,527,700 pounds.

The 33-foot Seattle cruiser Lazy Lou, with Mr. and Mrs. Don B. Preston and son, Buddy, on board, was here Tuesday enroute to Ketchikan in the course of a coastal cruise and is due back here again this week-end southbound. The Lazy Lou is a neat little vessel equipped with an 85 h.p. Criss Craft gasoline engine which gives her plenty of speed. While here she was moored at the floats of the Prince Rupert Rowing & Yacht Club.

Two Seattle youths, who have been employed in an Alaskan cannery, called here yesterday to refuel at the Union Oil Co. plant. They are travelling in a small sailboat with auxiliary power.

Having completed her Skeena River calls during the night, Union steamer Cardena, Capt. John Boden arrived in port at 5:30 this morning from the south and sailed a couple of hours later on her return to Vancouver and waypoints.

Norman L. Freeman, local representative of the International Fisheries Commission, left last night on the Arne for Ketchikan. He will also visit Petersburg and Juneau on official business.

Regulations in Force
With the new regulations of the International Fisheries Commission in respect to Pacific halibut fishing now in effect, it is evident that a tight check-up is to be maintained by the fisheries patrol service to see that they are observed. Boats found in Area No. 2 fishing cod and also having halibut on board are being ordered into port to obtain the necessary permits. As far as can be learned it is not the intention to proceed with prosecution of two boats—Vera Beatrice and Nornen—which were so ordered into port this week.

Canadian National Steamships will revert to fall schedule at the end of this month with a weekly service between Prince Rupert and Vancouver. The Prince George will arrive from Vancouver via Powell River and Ocean Falls at 10:30 Wednesday mornings, sail at 4 p.m. the same day for Anyox and Stewart, return here Thursday evening at 8 o'clock and sail at 11:15 that night for Vancouver via Ocean Falls and Powell River. At the same time fall schedule will be inaugurated on the run between Prince Rupert and Vancouver via Queen Charlotte Islands with the Prince John arriving here alternate Wednesday mornings and sailing alternate Friday nights at 10:30. The steamer Prince Rupert will arrive here Friday morning, September 3, from Vancouver to be withdrawn from service.

Southbound from Alaska to Vancouver with a near capacity list of round trip tourist passengers, C.P.R. steamer Princess Charlotte, Capt. William Palmer, is due in port at 4 o'clock this afternoon and will sail at 5:30 for Vancouver. The Princess Charlotte will make one more voyage to Alaska this season, being due here northbound a week from Monday morning.

The following boats made delivery to the Prince Rupert Fishermen's Co-operative today: packer Ogdan, 6000 pounds of cohoes from Squadaree, 400 pounds of cohoes from Freeman Pass and 5000 pounds of cohoes from Banks Island; packer Azurite, 1200 from Warke Channel and 15,000 pounds from Dundas Island; troller La Paloma, Capt. E. Heigen, 6200 pounds of cohoes, and troller Fran II, Capt. Harry Hansen, 2500 pounds of cohoes.

Cargo Boat Cut In Two By Ship

But Dynamite Doesn't Explode And Rounding-the-World Tour Is Not Interrupted

VANCOUVER, Aug. 21: (CP)—The round-the-world tour of Mr. and Mrs. Henry M. Hart, Durban, South Africa, was not interrupted when their passenger vessel collided with a cargo boat loaded with dynamite.

Late at night, off the coast of Norway, the Stella Polaris, on which Mr. and Mrs. Hart were passengers, suddenly shuddered and lurched as it struck another vessel.

"Such was the force of the collision the other boat was cut clean in two," Mr. Hart said. "We had struck a cargo boat loaded with dynamite, yet not one stick exploded." Mr. and Mrs. Hart told the story when they passed through Vancouver enroute to Honolulu, Fiji Islands and the Antipodes before returning home in November.

FREE GOLD ADVOCATED

Prof. Frederick Soddy Believes Yellow Metal Should Be Relegated to Commodity Status

LONDON, Aug. 21: (CP)—Gold should be removed from its high estate as the yardstick of all values and relegated to a commodity status in the settlement of international balances, in the opinion of Prof. Frederick Soddy, formerly of the Economics staff of London University.

Interviewed by The Canadian Press on the subject of the future of gold, Prof. Soddy said: "My view is that the safest road lies in entirely divorcing gold from any connection with international money and confining it to international trade, ultimately as a commodity, but initially under international agreements, both as to price and as to the normal stocks to be retained by each country."

Under certain circumstances the retired London professor feels, gold becomes a menace to national well-being. He was asked: "Would you return to a gold standard by the leading nations give useful employment to all the gold now stored in treasury vaults and would newly-mined gold be absorbed into the monetary systems without difficulty?" He replied: "The 'useful employment' of gold would, I fear, be far outweighed by wholesale unemployment in really useful occupations."

"Can the world get along without gold as a base for paper currencies?" the professor was asked. He replied: "Incomparably better than with it."

Questions and Replies
Other questions asked of Prof. Soddy and his replies follow:

In view of the rapid increase in production of gold, can the present price be maintained indefinitely? Answer — "Present price" being understood to refer to price in terms of or relative to other commodities, not money units, I incline to think the answer to be in the negative.

Is there any probability that restrictions will be placed on production by international agreement? Answer—Restriction of production by international agreement could, I think, be effective only long after we are all dead and would be very difficult and friction-provoking as well as ineffective.

Was the \$35 price fixed by the United States too great an advance over the old statutory price of \$20.67? Answer—Yes, as things are now for the state of the world, though at the time it was fixed I always imagined it was part of the effort of the United States government to secure control of their own monetary system, the issue of which is, in my view, still in doubt.

Will the price continue to decline if the United States and Great Britain stop buying? Answer—Yes, if 'continue to de-

cline' means decline without limit.

If the leading nations put gold back into general circulation in the form of coin, would that step solve the heavy production problem? Answer—The effect of new production is, in my view, trivial relatively to that of accumulated stocks. The suggestion, if it were practicable, would undoubtedly be good for the gold-mining interests, just as going back to horse traction would be good for horse-breeding.

Has the increase of monetary gold stocks any effect on commodity prices generally? Answer—Yes, if those who create money really pay any but lip-service to the element which I do not believe. The effect of gold under the system as they profess it, is magnified a hundredfold and to ascribe price-variation to gold factors is like ascribing the power of a blasting cartridge to the quantity of fulminate in the cap.
