Vigorous New Drive On Nanking Launched By Japanese; Capture Of City By No Means Completed

Reports Conflict But Nipponese Appear to be a Little Over-Boastful As To Progress—However, Fall is Predicted Shortly

SHANGHAI, Dec. 11: (CP)—Japanese forces attacking Nanking launched a vigorous new offensive today after suffering heavy losses in all night fighting resulting from stiffening Chinese defense, according to reports received here. Heavy fire from the Chinese greeted a new Japanese attempt to get a permanent hold on the capital after the invaders forced their way through one gate last night.

BIG DAM PROJECT

Tenders for Important Project in Spokane District Opened at Washington Today

WASHINGTON, D.C., Dec. 11:—Tenders were opened at the office of Secretary of the Interior Harold Ickes yesterday for the construction of the upper portion of the Grand Coulee dam near Spokane. It is one of the largest contracts ever awarded in the Pacific Northwest. The successful contractor is required to put up \$7,500,000 in surety bonds and it will take four years to complete the work. Material will include six million cubic yards of concrete. The dam, when complete, will have a total height of 533 feet.

HOMICIDE SYNDICATE

French Authorities Rounding Up Gang Which Made Business of Kidnap—Murder—Chief is Elusive

PARIS, Dec. 11: (CP)—The asserted "scarface" chief of an abduction-death syndicate whose "expert in murder," Eugene Weidman, slew Jean de Koven, pretty young Brooklyn dancer, has escaped a French police net and is being sought by roving patrols along southeastern French highways. With him, police say, are a woman and a third suspect. The chief of the band has been identified as Roger Millon, a Frenchman.

Meanwhile in Ottawa immigration authorities have revealed that Weidman was deported from Canada in 1930 after serving jail terms for theft and forgery. He worked on farms in the Dominion except for the time he was in jail. Weidman arrived in Canada in 1927.

Workmen spaded the grounds of Paris' eerie "villa of death" today for new victims of the "murder for profit" syndicate as police expressed fear that a second American might have been caught in the syndicate web of robbery and death. This American is so far unidentified.

COLLAPSE OF LEAGUE

This Is Seen in Rome Following Italy's Withdrawal—Other Nations Quitting

ROME, December 10—Immediately following the meeting of the Fascist Grand Council called for today, Premier Benito Mussolini has intimated that he will make an important public announcement. The general consensus of opinion is that it will be the announcement of Italy's withdrawal from the League of Nations.

The expectation in official circles here is that Italy's withdrawal from the League will be followed by similar action on the part of half-a-dozen smaller nations, all of which, it is predicted, will mean the virtual collapse of the League.

Italy's withdrawal from the League will, it is believed, be followed by further supplying of men and munitions to the insurgents in the Spanish civil war. Japan is advised.

TOKYO, December 11 — The Italian ambassador to Japan today officially informed the Japanese government that Italy intended to withdraw from the League of Nations. The formal information came as a distinct surprise to foreign observers who thought the announcement would not be made until after the Fascist Grand Council meeting tonight.

Reception Held at Port Simpson Thursday Night by Native Sisterhood

PORT SIMPSON, Dec. 11:—A reception was held by the Native Sisterhood in the Y.P.E.A. Hall here Thursday night to mark the safe return home of Port Simpson's delegation to the recent convention of the Native Brotherhood of British Columbia at Bella Bella. There were speeches, dancing and refreshments.

SCHOOLS CLOSING ON FRIDAY NEXT

Schools will close next Friday afternoon for the Christmas and New Year vacation. The reopening will be on Tuesday, January 4, instead of Monday, January 3, it was announced today by Dr. Hugh Morrison, inspector of schools.

EAST GETS MUCH SNOW

TORONTO—Heavy snowstorms occurred yesterday in many parts of Ontario as well as in Northern New York and elsewhere in the United States. As a result of the storm, several Ontario towns were isolated, particularly in the Georgian Bay and Niagara Peninsula regions. In Northern New York at least five deaths are attributed to the heavy snows.

FLOODS IN NORTHWEST

SEATTLE — Heavy rains and high winds yesterday, following on general snowfall throughout the Pacific Northwest, brought the threat of serious floods to parts of Washington, Oregon and Northern California. The level of water in many streams had reached an alarming stage. Railway and highway washouts are reported. Some towns are already inundated and hundreds are reported to have been driven from their homes.

PASSENGERS TAKEN OFF

YOKOHAMA—It was announced early today that all passengers, numbering some five hundred, and most of the crew of 300 had been safely removed from the American trans-Pacific liner President Hoover which stranded early today on reefs off the Island of Formosa. The passengers and crew have been removed to one of the Formosan islands. High seas made the rescue work somewhat difficult. The President Hoover is reported to be in immediate danger herself. Indeed her condition is feared desperate. Four vessels, including two United States destroyers, are standing by. The vessel is being pounded by waves and is leaking badly. An attempt will be made to refloat her. Capt. E. Stepback of the German freighter Preussen, first on the scene, wirelessed Associated Press that the Hoover was bumping heavily on the reef and "leaking badly forward."

ASSISTING VETERANS

Recommendations of Commission Should Do All Possible For Ex-Service Men

OTTAWA, Dec. 11 (C.P.)—Care of distressed veterans' children should be left to the municipalities, it is recommended by the report of the War Veterans' Assistance Commission which also recommends as follows: Refusal of suitable work without valid reason should bring denial of allowances. Each government department should be surveyed with a view to absorbing more veterans and defence projects should be reserved for the employment of veterans. A quota for veterans should be established in all agreements covering projects to which the government contributes. Such jobs as the sale of radio licences should be reserved for veterans. All age barriers should be dropped from the veterans' allowance act.

NEW POWER CONTRACT

TORONTO—A new power contract was signed yesterday by the Ontario Hydro-Electric Commission. It provides for the delivery of 350,000 horse power of energy and replaced one of the contracts which was cancelled in 1935 by the Hepburn government.

DR. PAUL SUCCUMBS

VICTORIA — Dr. Edward B. Paul, former Principal of Victoria College which operated as a branch of the University of British Columbia and for years prominent as a teacher and educational executive of Victoria, passed away yesterday. He held honorary doctorates of letters and laws from the Universities of Aberdeen (Scotland) and British Columbia. He had reached a ripe old age and for several years had lived in retirement. Dr. Paul was the father of A. S. (Budge) Paul who years ago was identified with the Pacific Stevedoring Co. at Prince Rupert.

ARGOS FAVORITES

TORONTO—Toronto Argonauts rule the favorites among newspapermen to defeat the Winnipeg Blue Bombers in the final for the Dominion rugby football championship being played here this afternoon.

BULLETINS

VERY COLD IN NORTH
Although it is much milder in Prince Rupert today, last night's wind and rain having resulted in the disappearance of practically all of yesterday's rather heavy snowfall, wintry conditions still prevail elsewhere in the north. Government Telegraphs weather reports this morning showed temperature readings in the Yukon ranging from 27 to 66 below zero. It is still snowing in the interior while all along the coast southeast winds and rain are general. The barometer is abnormally low.

UPWARDS OF ONE HUNDRED INJURED, SOME SERIOUSLY—TRAGEDY OCCURRED AS BLINDING SNOWSTORM RAGED

GLASGOW, Dec. 11: (CP) — At least thirty-five persons were killed and upwards of one hundred were injured, some seriously, when the Glasgow-Edinburgh Express of the London Northeastern Railway crashed into a standing passenger train at a station thirteen miles east of Glasgow late yesterday. The disaster occurred during what was described by meteorological authorities as the worst snowstorm Scotland had experienced since 1915. The engineer of the crack Scottish Express had the presence of mind when he saw that he could not avert ripping into the rear-end of the stopped train to shut off his steam, thus preventing an explosion which might have been attended with even more serious results. Haggard rescue workers for hours dug into the battered wreckage of the two trains in search for bodies and for injured victims. The latter were removed to hospitals for treatment where the thirty-fifth victim, a man, died today. It is the worst British railway disaster in twenty-two years.

APPROVED BY HOUSE

Legislature Favors National Unemployment Insurance Scheme—Mineral Act Changes Deferred

VICTORIA, Dec. 11: (CP)—The Legislature, which prorogued yesterday, on Thursday expressed in a resolution its opinion that the British North America Act should be amended "in order to establish beyond question authority of the Dominion Parliament effectually to enact a national scheme of unemployment insurance." The resolution was introduced by Premier T. D. Pattullo. The government laid over until next session amendments introduced in the Legislature to alter the present Mineral Act. Prospects had suggested that proposed alterations would prove "unnecessary" interference with their activities.

PREMIER WARNED

British Industries Demand Cut in United States Tariff as Key-stone of Any Agreement
LONDON, Dec. 11:—The Federation of British Industries yesterday warned Prime Minister Neville Chamberlain that any trade agreement between Great Britain and the United States should provide for a substantial cut in the tariff on British goods entering the United States. It is pointed out that Great Britain is today buying three times more goods from the United States than she is selling in that country.

MADRID, Dec. 11: (CP)—Further defection is reported among leaders of the Spanish insurgent forces in the civil war.

CRAWFORD AND MCGRATH WIN

Defeated Budge and Mako in Final Of Victoria State Tennis Doubles
MELBOURNE, Dec. 11: (CP) — Jack Crawford and Vivian McGrath of Australia defeated Donald Budge and Gene Mako of the United States 1-6, 6-3, 6-4, 7-5 in the men's doubles final of the Victoria State tennis championship tournament here yesterday. Budge won the singles championship today by defeating Jack Bromwich of Australia in the final match 8-6, 6-3, 7-7. Dorothy May Bundy of Los Angeles won the women's singles 6-4, 1-6, 6-4 from Nancy Wynne, the defending Australian.

Canada Of Four Provinces Seen As Outcome Of Search For Simpler Gov't Set-Up

OTTAWA, Dec. 11: (Special to Daily News)—A Canada of four provinces instead of nine is seen as one of the possible means of governmental simplification which may arise from the investigations of the Rowell Royal Commission on Dominion-provincial relations. The four provinces might be as follows: British Columbia with the Yukon and part of the Northwest Territories. The prairies—Alberta, Saskatchewan and Manitoba. Ontario and Quebec. The Maritimes—New Brunswick, Nova Scotia and Prince Edward Island.

MILDER WITH SNOW ON PRAIRIE NOW

CALCARY, Dec. 11—Weather has turned milder on the prairies. There was drifting snow at Calgary yesterday. This morning the temperature here was two above zero.

A DANGEROUS VIEW

Evidently the education of Italians to look with favor upon war is being carried out systematically but not always with good taste. Vittorio Mussolini, son of the dictator, who was in the air force during the Abyssinian war, has written a book in which he speaks of the beauty of flying over a native village and dropping bombs on it. It was "magnificent sport." Describing the event, the young Italian says: "This was swell and had a tragic but beautiful effect. Our best fun was trying to hit a large hut which stood in the middle of the town. I had to fly over it three times to make it. The third time I hit it and saw it begin to burn. The Ethiopians leaped out and tried to escape. We started enough fire to heat half the globe."

Evidently Mr. Mussolini Junior has not yet had to meet any power that has its bombers who might possibly enjoy the fun of making him run. At any rate the idea of humor is not one that will appeal to Canadians. It only shows how necessary it is for us to keep ready to meet people who have been educated along those lines so that we may not be the ones who will provide entertainment of the kind enjoyed at Ethiopia.

In another place in the book the aviator tells of dropping explosives among a group of horsemen. This was "exceptionally good fun." We suggest that if there is "fun" of this kind going, it would be well for the Canadian people to learn to prevent their own people being targets for a sportsman of the kind mentioned in the book.

MR. PEARSON AND THE COMMISSION

Hon. George Pearson, minister of labor, mines and fisheries, when questioned in regard to the appointment of L. W. Patmore K.C., admitted that the change was made by the cabinet contrary to his wishes. He was pressed by the opposition to make this admission.

What some people do not realize is that all members of the government have to be responsible for each department of the government. That being so all important matters should have the approval of the whole cabinet. The only recourse for Mr. Pearson, if he considered the question sufficiently important, was to resign as a protest but, evidently, he did not think it of sufficient importance to do that. Neither was it.

Government, as carried out in a democratic country, is always government by majorities. Every man in every democratic government must at times sacrifice his own opinion for those of his confederates. Compromise is absolutely necessary except in the case of a dictator who is all powerful.

We rather like Mr. Pearson's way of showing how he stood on this matter instead of pretending to be pleased. In a Liberal government especially there must be diversity of opinion on many subjects and there is no harm in letting the public know this. It is a sign of strength rather than weakness that such a thing can be done.

TO RAISE BUILDING FINANCES

Hospital Delegates Committee to Line up Campaign—Regular Monthly Meeting

With final plans and specifications for the proposed new \$100,000 unit due to be delivered by the provincial architect about the middle of next month, the board of directors of the Prince Rupert General Hospital, at its regular monthly meeting last night, instructed its finance committee to go into the matter of financing the project. A plan for the organizing of the financial campaign will, it is expected, be ready for submission by the finance committee at the board's next regular meeting in January. The board already has some \$20,000 on hand for building while \$50,000 has been pledged by the province. To raise the remaining \$30,000 is the task which must now be undertaken. W. M. Brown, chairman of the finance committee, brought up the matter of financing the project at last night's meeting. On recommendation of the finance committee, an additional \$1000 was transferred from general revenue account to the building fund.

In the course of discussion, Dr. J. H. Carson suggested the possibility of having the contractors on the new federal building here also build the hospital. With their equipment and organization on the ground, it might be possible to save money in the building of the hospital. W. M. Brown led in opposing this suggestion. As long as he was a member of the board, Mr. Brown said he would insist on tenders being called. The job was much too large a one to even consider awarding without competition.

At the suggestion of A. Dixon, chief engineer of the provincial department of public works, the board decided to have the site of the new unit stripped to facilitate contractors in giving figures on cost of construction. As this clearing would not be much of a job, it was left to the grounds committee with power to act.

Mr. Brown advised the board that a survey had been made of the heating radiation of the present building and it was felt that there was a possibility of some of it being incorporated in a new building.

Other Business

Business at the meeting last night was otherwise largely of a routine nature.

Miss Jean Harrison R. N., lady superintendent, reported the hospital comfortably busy at this time with all routine going along smoothly. Preparations were being made for the observance of Christmas.

The finance committee, W. M. Brown chairman, reported a total of 1596 hospital days during November, the cost per hospital day being \$3.39. Disbursements for the month totalled \$5,370.43.

F. A. MacCallum draw attention to the fact that several hundred Association membership tickets sold last spring had never been delivered to the purchasers. With the annual general meeting approaching, he suggested that they should now be mailed out. The suggestion was implemented by a motion put for—

Need Greater Than Ever

Extreme Case Where Large Family Is Quarantined in One Room

From some unauthentic source a rumor is circulating to the effect that there are to be found very few cases in great need in the city.

In the cases that have come under the notice of the present Salvation Army Officers during their short stay in the city there are many who are really in dire circumstances.

During the past week, while on their usual visitation rounds, the officers came across a family of seven living in a one-room shack. The father was away from town seeking to make a living for his wife and children. In the meantime sickness came to the home and the family was quarantined. There was a lack of food, also fuel and clothing in the home. It is such cases as these that the Army strives to help.

Also there are those among the men who have struck a streak of hard luck and more or less naturally turn to the Army Officer to lend a helping hand in their time of trouble. While many to some extent were able to laugh at the first snowstorm of this winter season, there were those to whom it brought cheerlessness. It was on Friday morning that a young man knocked at the door of the officers' quarters. He had recently been released after serving a term in Oakalla jail. His need for warm blankets so that he might at least have warmth while he slept.

The Army is at the service of the people of the city. It is anxious to serve and to alleviate in any way possible the distressing situation in which many of the population find themselves. Will you help this worthy cause by forwarding your donation for the Christmas Cheer Fund to the office of "The Daily News" or to Captain Halsey of the Salvation Army?

The city council has under consideration the project of building a bridge across Morse Creek on Second Avenue to connect up with Section Two. The idea is that the provincial government, railway company and city should share the cost of the span. It is expected uncompleted grading of Section One streets will soon be resumed.

Rangers Still Leading Bowls

Blue Birds Have Been Going Strong in Second Quarter But Are Still Two Points Behind

Rangers are still on top in the first half standing of the Ladies' Bowling League with Blue Birds in second place and Annette's in third. The season's schedule this winter has been divided into four blocks. The first two blocks, to be played before Christmas, constitutes the first half and the second two blocks will be the second half. Rangers built up a heavy lead on the first quarter and their lead still stands although Blue Birds have been going very strong in the second block which, if counted separately, they would be leading. The ladies' championship will be decided in the spring with a play-

Pacific Coast Race Tightens

As A Result of Portland Buckaroos Smashing Victory Over Vancouver Lions

VANCOUVER, Dec. 10: (CP)—The smashing six to one victory by Portland Buckaroos over Vancouver Lions in Portland Thursday night served to further tighten up the race in the Pacific Coast Hockey League. The Bucs, as a result, moved in to third place just two points behind the second place Lions who, in turn, are only two points below the leading Seattle Sea Hawks. Spokane Clippers are in the cellar, only two points behind the Bucs.

RAILWAYMEN WIN AGAIN

Scored Another Clean Sweep In Five Pins Last Night, This Time At Expense of Gyro Club

Scoring another clean sweep three game to nil victory, this time at the expense of the Gyro Club, Canadian National Recreation Association further increased its margin of supremacy in the Five Pin Bowling League last night. The second place Pioneer Laundry lost to Old Empress two games to one. High average scorer for the evening was Percy McIntosh of Canadian National Recreation Association with 224.

Bridge Party Is Enjoyable

Affair Held Last Night by Boys' Band Parents' Association

An enjoyable bridge party was held by the Prince Rupert Boys' Band Parents' Association in Eagles' Hall last night. There were seven tables of cards and prize-winners were: ladies' first, Mrs. A. Norton; second, Mrs. Peter Solem; men's first, Jack Joy; second, C. R. Biggart; consolation, W. Willington. After cards, delicious refreshments were served and drawings for raffles took place, resulting as follows: tray, Mrs. James Simpson, No. 10; pillows, Theo Fortune, No. 196; handkerchiefs, Miss Lydia Petenuzo, No. 183. The drawing for a luncheon set was held over until a later date. Arthur Phillips was master of ceremonies. Mrs. J. Vereck presided at the door. Mrs. G. W. Rudderham and Mrs. H. Perkins were in charge of the kitchen.

Christmas Theme for Story Hour

The Christmas theme was introduced into the Story Hour this morning by the audience singing "Single Bells," "Good King Wenceslas" and "Come All Ye Faithful," led by Mrs. Bernard Lundahl. Local color and humor were well adapted in Mrs. Neal Carter's telling of "Bertram and His Sea Serpent" and

Phyllis Hamblin emphasized the Christmas spirit of kindness by the tale "George and His Guinea Pigs." Mrs. Carter led to the climax of gift presentation by the staff to the children through the story "A Christmas Legend." The program next Saturday for children between the ages of four and eight will be in charge of Mrs. Trevor Johnston and Dr. and Mrs. J. T. Mandy.

ward by Dr. J. H. Carson. Dr. J. H. Carson reported to the board on behalf of a committee consisting of himself, H. W. Birch, managing secretary, and Miss Jean Harrison R. N., lady superintendent, which had been delegated to go into the new provincial hospital legislation. New forms which it was now required to fill out would involve extra work in the secretary's office but more information would have to be obtained before it was determined just how much. There were certain features of the new legislation which it was felt might prove impracticable in smaller hospitals. The report of the fire chief for the month stated that the fire alarm system in the Nurses' Home was in satisfactory condition. Fire-rooms in both hospital and nurses' home were clean and orderly and housekeeping conditions were satisfactory. In attendance at the meeting were G. P. Tinker, president, in the chair; W. M. Brown, Dr. J. H. Carson, F. A. MacCallum, G. V. Wilkinson and Mrs. H. L. Landry, directors; Miss Jean Harrison R.N., lady superintendent, and H. W. Birch, managing secretary.

Interesting Address To Be Given Next Week by Railway

WINNIPEG December 11—On Tuesday next from 7:30 to 7:45 p.m. (Pacific Standard time) the Canadian Broadcasting Corporation will carry a special 15-minute program from C. B. C. studios Winnipeg, dealing with a most interesting phase of early history of this part of the country entitled "The Red River Dialect." The address will be given by Osborne Scott, general passenger agent of the Canadian National Railways who was born in a little farm house on the banks of the Red River which house still stands between Winnipeg and St. Andrews locks. Mr. Scott has made a keen study of early Manitoba history and is looked upon as an authority on the subject. He will describe the origin of the Red River dialect and give many illustrations of the language and its pronunciation and meaning. The address will be of a most interesting character, not only to the old timers, but to the younger generation as well.

New Fishing Industry at Ketchikan—Experimenting With Soles—Northland Due With Fish Cargo

Ketchikan fish house workers this week were stripping the skin and bones from sole landed by the halibut boat Sentinel in preparation for making the first shipment of frozen fillet of sole ever sent to a southern market from Ketchikan. The experiment—undertaken under a co-operative agreement among the Ketchikan Cold Storage Company, Northern Fisheries and Captain L. P. Sunderland, owner of the Sentinel, and his crew—it is hoped may possibly result in the establishment of an industry that will lengthen materially Ketchikan's "fishing season." Although J. H. Rolie, president of Northern Fisheries, and J. W. Mendenhall, manager of the cold storage, said that it was entirely undetermined whether the enterprise would prove profitable, they hoped that it would be so that local halibut fishermen, who now fish only during a short season, can operate during the winter months. "Labor costs of filleting the sole is a major expense in preparing the fish for market," they explained. "So far it has cost from 10 to 12 cents a pound to fillet the fish." As it is believed the fillet of sole sells for only 25 or 30 cents in retail fish markets in Seattle and on the east coast, it is undetermined whether fish shipped from Ketchikan can compete with that taken from other areas. Both men said that there appears to be an abundance of the fish in waters near Ketchikan.

The Sentinel, with four men aboard—Captain Sunderland, Richard Blendheim, Aune Blendheim and Asmund Strand—this week landed 1500 pounds of sole from Frederick oSund. Previously, it brought in 300 pounds. It is now in Hecate Strait to try the fishing there. The sole are small fish, weighing approximately 1½ pounds, which stay at the bottom in shallow water. They are caught with a Danish or Norwegian sein which is dragged along the bottom in a method that some fishermen describe as "beam trolling."

The Biological Board of Canada is about to issue another progress report outlining results of latest

storm they came in here to await better weather. Two other boats, Haida Girl, Capt. Henry White, and Waterfall, Alex Yeltatzie, continued but they may be taking shelter at Squadaree.

Union steamer Cardena, Capt. John Boden, arrived in port at 5:05 yesterday afternoon and remained overnight sailing at 6:30 this morning on her return south. The original intention had been for the vessel to make her calls in the Skeena River before coming in here but, owing to snow conditions, she deferred doing so until today.

Northland Transportation Co.'s motorship Northland, Capt. Len Williams, arrived in port this afternoon from Ketchikan with three carloads of frozen fish fish for trans-shipment East over Canadian National Railways. After discharging, the vessel will continue her voyage from here to Seattle.

Forced Back By Gale
Two native boats which left here Thursday with the intention of crossing Hecate Straits to Massett returned here early this morning, finding the gale too strong. They are Robert Bennett's Don Marie and George Jones' Adelaide J. They got as far as Lucy island out their small craft were tossed about to such an extent that travel was, at the least, very uncomfortable so they returned to Aetlakatia. As there was no abatement of the
