### VANCOUVER GOT A BAD SCARE WHEN DYNAMITE EXPLODED

RUMOR SPREAD ABROAD THAT THE POWDER WORKS ON EDOWEN ISLAND HAD BLOWN UP—SHOCK WAS FELT ALL OVER THE CITY THIS MORNING.

(Canadian Press Despatch.)  
Vancouver, Dec. 18.—All Vancouver was shaken to the foundations at 7 o'clock this morning when a terrific explosion roused the whole city. The alarm quickly spread that the powder works on Bowen Island had blown up, as the shock was much more severe than that experienced when the Northfield Powder Works were devastated. The Provincial police at last discovered the place and cause of the explosion in a magazine on the Bodwell road. The trouble was the old dynamite story. The usual genius had spread fifteen sticks of dynamite on the stove to dry out, and fortunately for himself had gone away, leaving them. He heard the bang and ran back, but the dynamite and stove had left with the building. No one was hurt so far as the police could discover.

### DARING ENGLISH AVIATOR CAPTURES A WHITE HERON

MOORE HOUSE DELIGHTED A CROWD BY GIVING CHASE TO THE BIRD IN HIS MONOPLANE—AFTER A LONG CHASE HE WORE IT DOWN AND CAUGHT IT.

(Canadian Press Despatch.)  
New York, Dec. 18.—A London cable says: "Chasing a bird on the wing and overhauling it is the latest sport for airmen. A white heron was thus run down at Saturday at Huntingdon by Moorehouse, the aviator. The bird had invaded the aerodrome while Moorehouse was aloft. Immediately the chase began. It

### WANT GOOD MEN ON THE COUNCIL

Ratepayers' Association Discuss Good Government and Will Call Meeting to Secure Good Candidates for a business Administration.

A meeting of the members of the Ratepayers' Association was held in the McIntyre Hall on Saturday night with the object of discussing good government and the best way to get it for the city. Addresses were given by several of the members emphasizing the importance of securing non-partisan business candidates. The chairman, Mr. W. J. Alder, announced that in their endeavor to rule out partisanship the association, while welcoming all ratepayers to their ranks, has decided that no officeholder should be allowed to hold office in any political association at the same time.

Mr. J. S. Cowper, who was present by invitation, addressed the meeting, discussing the functions of municipal government. He pointed out that conditions that made political differences a means of progress in the national and provincial arenas became a menace to welfare if allowed to disrupt the civic life. In a young city like ours having great opportunities, great needs and great problems it was especially necessary that politics be eliminated and a business regime instituted. Mr. H. F. McInnes said he blamed politics but the spoils system which went with it. He made a strong plea for the ratepayers to stand together as a strong body influencing public opinion toward progressive and businesslike administration.

Mr. C. V. Bennett laid emphasis on the need of business administration in civic affairs if capital was to be attracted to the city to give employment at good wages to the workingmen. Capital was the most nervous of creatures and required assurances of unity and progress before it would come. It was decided to call a meeting for next Friday night at 8:30 in the McIntyre Hall for the purpose of discussing what candidates are eligible and who should be recommended for the association's support and influence.

### DEATH TOLL IS NOW COMPLETE

Tennessee Coal Mining Disaster Leaves 59 Widows and 147 Children Fatherless—A Relief Fund Is Started.

(Canadian Press Despatch.)  
Bryceville, Dec. 18.—With the taking out today of 21 bodies all of the bodies of the victims of the recent mine disaster are now secured. The death list totals 84. There are 59 women widowed and 147 children left fatherless. A relief fund has been started and now reaches \$20,000.

### GOOD REPORTS FROM OILFIELDS

Natural Gas Has Been Struck and Engineer Slater of the B. C. Oilfield Is Quite Positive Oil Will Be Reached.

D. A. Slater, engineer in charge of the B. C. oilfields drilling plant at Trahan Point, on the west coast of Graham Island, passed through on the Prince John on Saturday on his way south on important business. Mr. Slater spoke very encouragingly as to the progress of the work at that point and has not the least doubt regarding the ultimate success of the company. Natural gas has been struck and other indications said Mr. Slater, go to prove that the oil is there. Work will be continued all winter. Mr. Slater will go east for additional machinery before coming north again.—Queen Charlotte Islander.

Day's March Nearer Home.  
After another burst of energy over Sunday Alderman Hilditch's juggernaut made progress as far as Third street. From Alderman Newton's cry on Third avenue the legend, "Vote for Hilditch," is now legible.

### R. C. READING ROOM

Good Start Made on Framing of Easement This Morning.

A good start was made this morning on the foundation framework of the new R. C. recreation and reading rooms at the corner of Fulton street and Fifth avenue. The site has been deeply excavated and drained and a dry foundation is secured. Heavy piling has been placed in position framing the basement and the building will shortly take shape. It should be ready for occupancy early in the new year.

### HE USED A KNIFE

Italian Who Was Refused Dance Stabs Vancouver Man.

(Canadian Press Despatch.)  
Vancouver, Dec. 16.—Because a girl refused to give a dance to an Italian at a ball here last night a fight broke out, resulting in Anderson Whiteman being stabbed in the stomach. His condition is serious. The Italian who committed the deed has escaped.

### TEN PASSENGERS WERE KILLED IN WRECK OF COLUMBIA FLYER

FAMOUS MILWAUKEE & ST. PAUL FLYER STRUCK A FREIGHT TRAIN WHILE TRAVELING AT SEVENTY MILES AN HOUR—VANCOUVER MAN AMONG INJURED.

(Canadian Press Despatch.)  
St. Paul, Dec. 18.—Ten passengers met instant death last night in the wreck of the famous Columbia Flyer on the Chicago, Milwaukee & St. Paul Railroad near Odessa, Minnesota. The stout steel cars could not resist the terrible impact of the rear section of the train, which plowed headlong into the front section when the engine struck a blocked freight train ahead. The rear section, driving along at seventy miles an hour, telescoped the end cars of the front section like cardboard. Scores were injured and the ten dead were killed outright. Bodies wedged inextricably in the bent and buckled steel are almost impossible to recover. Wrecking trains were rushed to the scene and the line was cleared rapidly, the hospitals being crowded with the injured, amongst whom is W. H. Perry of Vancouver.

### MR. LLOYD-GEORGE IS INJURED

Dastardly Attack Was Made Upon Him by a Male Suffragist as He Left a Liberal Meeting on Saturday Night

BEATEN IN FACE WITH BRASS BOUND BOX

The Attack Was Quite Unexpected, and Mr. Lloyd-George Had His Right Eye Cut Open—Only Prompt Medical Attention Saved the Eyesight—Attack Followed an Announcement by the Chancellor That the Government Would Introduce Woman Suffrage Next Year

(Canadian Press Despatch.)  
London, Dec. 18.—Public feeling has been outraged here by a dastardly and uncalled for attack made on Mr. David Lloyd-George at the conclusion of a Liberal meeting on Saturday night, where by the great British Chancellor had a narrow escape of losing the sight of his right eye. The attack was made by a male sympathiser of the suffragette movement, who hurled a brass-bound box in the face of the Chancellor, inflicting serious injuries.

Mr. Lloyd-George was leaving the hall at the time of the attack, where, in company with Sir Edward Grey, he had addressed the members of the Women's Liberal Association. During his speech he had announced that the Government would include female suffrage in the new suffrage bill that the Government will introduce early next year.

As a result of the attack, which was quite unexpected, Mr. Lloyd-George was struck full in the face by the box, the brass corners of which cut his lip open and seriously injured the right eye. Only prompt medical attention saved the sight of the eye. The cowardly attack has caused great indignation.

### WILL START GOLD MINING OPERATIONS WITH HYDRAULIC PLANT NEAR KITSSELAS

Four Hundred Horsepower Turbine Outfit Driving a 14 Foot Centrifugal Pump is on its Way From Seattle to Start Operations at Gold Creek---Plant is Coming by the Prince Rupert

(Special to Daily News.)  
Hazelton, Dec. 18.—It is announced by the Omineca Miner on the authority of George W. Otterson, the prominent hydraulic expert, that a complete hydraulic plant is being shipped from Seattle on the steamer Prince Rupert, for use on placer ground on Gold Creek, one and a half miles from Kitselas.

The plant consists of a 14-in. 4 step centrifugal pump, weighing 16 tons, to be operated by a 400 turbine water wheel of 400 horse power capacity. This plant will deliver water sufficient to operate two 4-inch nozzles at a pressure of 240 pounds to the square inch. This plant, the first of its kind to be installed in British Columbia, was formerly used on regrade work on the streets of Seattle. Having completed the work of tearing down the hills in that city, it will serve to exploit the gold-bearing gravels of the Kitselas district.

The Provincial Government has constructed a wagon road from Kitselas up Gold creek, allowing the transportation of machinery and supplies to the mine, and considerable activity is looked for as soon as work is possible. In prospecting the claims, of which there are several groups, the miners claim they have seldom failed to obtain coarse gold, and hydraulic operations are expected to yield handsome returns.

### GREAT EARTHQUAKE SHAKES MEXICO FROM END TO END

THE EARTHQUAKE, WHILE ONE OF THE BIGGEST EVER, DID LITTLE DAMAGE AND NO LIVES WERE LOST—WAS FELT AS FAR NORTH AS VICTORIA.

(Canadian Press Despatch.)  
Mexico City, Dec. 18.—Mexico was rocked from ocean to ocean and from Guanajuato on the north to the Isthmus of Tehuantepec on the south by a great earthquake yesterday. Fortunately no loss of life has been reported and but few buildings were thrown down.

Victoria, Dec. 18.—The effect of the earthquake at Mexico was recorded on the seismograph at the Meteorological station here yesterday.

### A LONE SETTLER IS FOUND DEAD

Rancher Named Bush Found on Trail Near Nadu River—Had Dropped Down Dead—Came From London, England.

Mr. Bush, a settler at the Nadu River, on Massett Inlet, was found dead last Friday week a few yards from his cabin. He evidently died from heart trouble, and when found had a pack on his back. The body was frozen and evidently had lain for some time. Deceased came from London, England, and is supposed to have been in the army at one time, as medals and papers were found among his effects.—Queen Charlotte Islander.

### STILL FRICTION IN DRAGONLAND

Efforts to Bring About Peace Between Imperialists and Rebels in Conference Produces Difficulties from Start.

(Special Correspondence)  
Shanghai, Dec. 18.—The representatives of the Imperial party and the rebels met together here today with a view to the discussion of terms of peace. There was difficulty in discussion from the first, and considerable friction developed. After the morning had been spent in wrangling, prospects of an amicable settlement of the trouble new seems as far off as ever.

### SINGLE TAX AND A COMMISSION

Some Sweeping Changes Are Forecasted for the Civic Government of the City of Winnipeg.

(Canadian Press Despatch.)  
Winnipeg, Dec. 16.—Sweeping changes in the government and administration of the city of Winnipeg are forecasted here. A canvas of the candidates out for public office in the civic election shows a large majority in favor of the adoption of single tax and the commission plan of government.

Out of over twenty candidates whose views on the single tax question were ascertained, it was found that not one was opposed to its gradual introduction during a period of from three to five years. Among twenty-two candidates who expressed their views on government by commission only one was found to be opposed.

## A GOOD BUSINESS COUNCIL IS WANTED.

The long-looked for rush into Prince Rupert, for which we are all waiting, is due to start during the coming year. There will be no stampede, but quietly, one by one, those manufacturers and business men who have been intending to get in ahead of the crowd will be moving hither. This makes it peculiarly imperative that the ratepayers of the city get together and induce a number of competent business men willing to put business principles ahead of party prejudices to offer themselves as candidates for office.

The News knows of more than one man who visited the city during the past year with a view of opening business who decided to wait until the era of aldermanic bickerings was ended and an era of business administration had begun. Administering the affairs of a city is pre-eminently a work that demands business abilities. A business administration lifts up and energises the whole business of the city. An unbusiness-like administration reacts adversely on the business life of the city, frightening away capital and disheartening the merchants. It is a mistake to think that only the property owners of a city are interested in the growth of its trade and the economy of its administration. Every citizen, whether he own property or not, is affected, the relation of the citizen to the city being similar to that of the shareholder to a joint stock company. Apart from the interests of sanitation, of the observance of law and order, of education for his family and of his interest as a user of public utilities he has a very vital interest in seeing that a city is well governed. Though he may have no real estate to draw rents from, he has labor to sell, and the selling price of that labor is determined by the demand in the labor market. That demand is determined by the ability of the local authorities to so administer the city's affairs that the city becomes a desirable place for capital to invest itself in labor-using industries. The price of labor cannot be fixed by an arbitrary act of Parliament or an arbitrary civic bylaw. The selling price of labor is fixed by the laws of supply and demand and these in turn depend upon the wise manipulation or abolition of tariffs, and the wise and progressive management of the corporate interest of the citizens.

Whether the citizen be a *Cæsar* or a wage-worker an important link in the cycle of causes that improve his lot is good government. Extravagant, unprogressive or inefficient management is as bad for a city as for a joint stock company. Every citizen, whether a property owner or not, is a shareholder in the city, sharing its prosperity or its losses, as the case may be.

What Prince Rupert needs at the present moment is business management in the interest of the citizens, not political management for the benefit of a little coterie of politicians and their friends. Running a city is a business proposition.

# ARE INSTALLING THE COAL DRILL

Graham Island Coal Company Has to Pack It Inland for Eighteen Miles—Must Cut Out Road as They Go.

Latest reports from Graham Island state that the Graham Island Timber & Coal Company is making good progress at taking its machinery into the interior. The machinery weighs seventy tons. It has already been hauled a distance of eight miles from the beach, but has ten more to go before it reaches the place where drilling is to be commenced. The road has to be cut out as they go along and numerous difficulties have been encountered, but all overcome. It is expected that the drill will be at work about the new year. Twenty-five men are employed clearing a road and packing.

The school children are selling tickets for the performance of "Our Regiment" on Wednesday next. The sale of reserved seats opened today at Keeley's drug store.

### Cosmopolitan and Dickens

CHARLES DICKENS is still a "best seller." Publishers don't argue pro and con over his books—they just order a new carload of paper, oil the presses, and let them speed on. And it has been over forty years since, one morning when the yard was filled with scarlet geraniums and the breath of syringa was heavy in the air, the great author followed little Nell. Now that the centenary of his birth (February 7th, 1812), approaches and everybody is thinking of Dickens. We have secured several articles which will tell many things about him that have hitherto been unknown. In the January *Cosmopolitan* his son, Alfred Tennyson Dickens, will tell you some of his own personal recollections of the great novelist. Later, probably in February Mary Angela Dickens, his granddaughter, will give an intimate view of Dickens as she remembers him. In fact, in these and other articles on Dickens which will follow—fully illustrated, of been published of this human course—we shall aim to give you a more vivid picture than has yet the home—side of the great master, written by those who knew him best. Read the articles—they will surely arouse a new interest in the "best beloved" author in your library. Subscriptions to *Cosmopolitan* will be accepted until Dec. 10th, at the special low rate to Canada of \$1.50. *Cosmopolitan* Agency, Box 851, Winnipeg.

### Favorite of the West.

No home in this western country can well afford to be without "The Family Herald and Weekly Star" of Montreal. It is particularly useful in western homes. The information it gives to the new settlers as well is worth hundreds of dollars a year. It is simply marvelous the amount of good instructive matter that paper contains each week. It well deserves its success. One dollar cannot be better invested in western homes than by ordering that great paper. A beautiful picture entitled "Home Again" is also included, and it is well worth the dollar alone.

All Want to Fight Longboat. Since Tom Longboat, the Indian long distance runner, announced his intention to enter the ring as a lightweight boxer...

Charlie Hefron, the South African runner, is one who is anxious to have a bout with Longboat. He says: I am quite willing to box Longboat from one to twenty three-minute rounds.

Joe Wagner, better known as the "Walkerton Bruiser," also wishes to challenge Longboat for a fight from six rounds up. Wagner was formerly a sparring partner of Tommy Burns, but has never fought a professional fight.

The Indian's mail bag is being loaded up every day with challenges. Matt Wells is ill. A cable despatch from London announces that Matt Wells, champion lightweight of England, just returned from America, is believed to be dying of erysipelas.

The specialists refuse to hold out any hope for his recovery. Wells defeated Atell, Leach, Cross and Knockout Brown while in America, but failed to get a match with Wolgast or Packey McFarland. He was hardly ashore when stricken.

Yachting at Vancouver. ADVERTISE IN THE NEWS

THE COSY CORNER

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

PAPER BAG COOKERY M. Soyers Famous Methods Can Be Applied by Any Housewife. Every Prince Rupert housewife has probably heard of the invention of paper bag cookery by M. Soyers, the famous French chef and food expert. Food cooked in this way becomes most deliciously tender and retains all the nutritious and succulent juices of the meats and vegetables so treated.

By selecting clean, strong paper it is possible for any housewife to make the cookery bags by pasting the joints with a starch paste and greasing the bags well, after the paste is properly dry, except when the bag to cook vegetables is to have water added. The mouth of the bag should be clipped and closed with a wire paper clip.

To cook according to M. Soyers' directions you place bag in oven (gas, coal or oil) on grid shelves or wire broilers, never on solid shelves. Place seam side up always. Do not move or open bags when once placed for cooking. Put roasts and entrees on lower shelf, fish on the middle, pastry, etc., on the top where the heat is most intense. Have oven hot (200 degrees Fahr.) by lighting the gas eight minutes before putting in the bag, then slack heat one-third to one-half as soon as the bag corners turn brown. Do not let bag touch sides of oven or the gas flames. Adhere to time given in recipes, then food will be well cooked.

Take up bag by slipping the lid of a tin pot underneath. To secure gravy, let out water, etc., stick a pinhole in bottom of bag and drain over a dish. Except in case of pies, no dish should be used in paper bag cooking. M. SOYERS' RECIPES. Sirloin Round or Ribs of Beef—Grease well with droppings (but this is not absolutely necessary). Put the joint in a bag. Do not season the joint before a moderate oven. For a three-pound joint allow forty-five minutes; a seven-pound joint, an hour and twenty minutes; fourteen pounds, two hours and fifteen minutes; 20 pounds, three hours.

Veal, mutton or pork can be cooked in the same way as beef. If a thick gravy is required roll the joint in flour before placing in the bag. Allow the same time as for beef. Roast Chicken—Cover the breast of the fowl or chicken with butter or drippings, or, better still, tie a piece of fat bacon over it. Place in a bag and set on broiler in a hot oven. Allow twenty-five minutes for a small spring chicken, thirty-five minutes for a large fowl, forty-five to fifty minutes (according to size) for stuffed poultry or game, in a moderate oven.

Roast Turkey or Goose—Allow one and a quarter hours in a moderate oven; if stuffed, allow one hour and forty-five minutes to two hours, according to size. Don't forget that you can find a complete line of Hand Bags, Suit Case Umbrellas with gold filled and sterling silver handles, Gray's Jewelry Store. Prices right.

HUSBANDS AND LOVERS Is a Good Lover Sure to Prove a Good Husband? The girl who expects to find a

lover, clay in her hands, to mold whichever way she will, has much to learn. The average lover will do everything in the world to please the woman whose affection and esteem he craves. But even he will halt suddenly and often over some trifling affair, at that.

A husband is more in need of a mate whose wisdom he is not above listening to, since theirs is a life-long voyage, with no port to reach, where the captain might ship the mate, if that personage failed to please. Lovers should be amenable to each other's influence; each willing to give way to the other, where it can be shown which is nearer right. No woman should marry a man over whom she has little or no influence, for he generally proves to be a martinet in the household.

Happiness certainly depends upon the wise choice of a mate. If a girl knows beforehand that she has no influence with a lover, how could she reasonably expect that he would be deferential to her opinion after marriage? In wedlock there should be a union of ideas, and a willingness of each to accept the judgment of the other. When a husband is obstinate and determined not to listen to reason the future cannot have a rosy outlook. He is apt to become set in his ways as the years roll on. No girl should expect a lover to give her her own way in all things. If she errs in her judgment or insists upon that which she knows is not for her good, it is plainly his duty to show her where she is wrong and gently but firmly refuse to give her her way. Any woman must respect a manly man who has good judgment, knows when he is right and holds to his own true convictions.

Crowded for room—must discontinue our toy department; everything in toys, dolls, games, etc., at cost. Wallace's. What is Your Family Worth? If your family is worth the best you can afford in house and food and clothes, is it not worth the best reading as well? And the best reading—best for boys and girls, best for men and women—is to be found in The Youth's Companion.

Of stories alone The Companion will print nearly 300 in 1912. With all the rest of the paper thrown in, and counting the glorious long serial stories, they cost the subscriber less than a cent apiece. Moreover, you will look long before you will find stories so varied and interesting; stories of coolness in the face of peril, strange adventures with creatures of the forest and the sea; moving stories of life's obscure heroisms; stories breezy with good-natured humor, quaint and curious character sketches. Now is the time to subscribe, for the new subscriber in Canada will receive free from the time his \$2 is received all the issues for the remaining weeks of 1911, containing the opening chapters of Ralph D. Paine's great serial story of the Boxer rebellion, "The Cross and the Dragon." And there is the gift of The Companion calendar for 1912, "On the New England Coast," lithographed in ten colors and gold. Only \$2 now to Canadian subscribers, but on January 1, 1912, the subscription price will be advanced to \$2.25. The Youth's Companion, 144 Berkeley St., Boston, Mass. New subscriptions received at this office.

FIRST: "CATCH YOUR PRINTER" DIRECTIONS FOR COOKING A HARE: FIRST—"CATCH YOUR HARE" To produce good printing you must "first catch your good printer." You can't get good printing from a poor printer, even if he work with never so good an equipment. If he lacks the "knack," the trained taste, the single-minded fondness for his work which real printers have, he will do poor printing for you. If he has all of these, and in addition to them adequate modern equipment, your printing will have distinction, salesmanship, the lure of type-beauty. As this office produces good printing you may "infer the presence of a good printer—who is "catchable." ## CARS CRASH DURING FOG

Two Instantly Killed, Many Injured in Kansas City This Morning—Darkness and Fog Caused Disaster at Crossing.

(Canadian Press Despatch.)  
 Kansas City, Dec. 18.—Two persons were killed and many injured this morning when two trolley cars met at a crossing and were badly wrecked in a fog. The trolley men could not pull up in time to avert disaster. Flying glass dealt serious injuries to the faces and heads of passengers and a number had limbs fractured.

## BUILDING NEW REGISTRY OFFICE

Men at Work This Morning Clearing Site—Only a Temporary Shack Will Be Erected Meantime.

Preparations are being made this morning for the erection of temporary offices for the Land Registry department. A gang of men started to clear up the charred embers and stake out the foundations of the new premises, which will be as inexpensive and temporary as will serve the needs of the officials until a new and substantial permanent building can be erected.

It is believed that this will commence in spring, but whether the site will be the same as that now occupied by the permanent buildings or not is not settled yet.
