FORT WILLIAM, Ont. February 1: (CP)-The Canadian Legion is seeking to make effective contributions to the work of international peace but does not desire to do! so at the expense of Canadian security, Brig.-General Alex Ross, Dominion president, told delegates to the sevently biennial convention of that association here yesterday.

It was vital that Canada should adopt "such measures as will en-able us to defend our national heri-from FIERCE tage," he said, "and remove from us the stigma of sheltering behind the Motherland or seeking security n the Monroe doctrine."

If Canada was a nation as proudly proclaimed, Canada must assume national responsibilities "one of which is to protect ourselves." The Canadian Legion had given much serious consideration in the past to the problem of defense and last year the matter had become, one of paramount importance. FREIGHTER ENDYMION WAS ON HER WAY TO CARTAGENA, SPANISH GOVERNMENT NAVAL BASE, WITH CARGO OF FIFTEEN HUNDRED TONS OF CUAL.

LONDON, February 1: (CP)—The Admiralty has dispatched four destroyers armed with depth charges to search for a marauding submarine which sank the British merchantman Endymion off the southeastern coast of Spain near Cartagena last night with loss of eleven lives by drowning including a Swedish non-intervention control observer and three Britishers - the ship's captain and his wife and the chief engineer. The Endymion, an 887-ton freighter, was enroute to Cartagena, Spanish government naval base, with 1500 tons of coal when she was torpedoed and sunk. A government communique blamed the insurgents for the sinking of the vessel.

ITALIANS ARE BLAMED

The government has decided upon an immediate increase of Mediterranean naval strength, Rt. Hon. Alfred Duff Cooper, First Lord of the Admiralty, told the House of Commons today shortly after the Spanish embassy here had charged an Italian submarine with being responsible for the torpedoing of the Endymion. The Spanish government also charged that Italy had assigned four destroyers and two submarines to the Spanish insurgent fleet.
