FRANCE IS LINING UP

To Open Conversations With Germany and Italy—Some Possible Stumbling Blocks

Halifax Appointed

Becomes Foreign Secretary With Premier Chamberlain Handling House

LONDON, Feb. 25: (CP)—Premier Chamberlain's French government is expected to line up with Great Britain in the new European peace move by opening conversations with Germany and Italy.

Russia has not yet accepted the British formula in connection with withdrawal of volunteers from Spain and this is seen as a possible stumbling block.

Difficulty may also arise through German insistence on a breaking of the Franco-Russian accord which has always irked her.

Diplomatic sources said today that Italian support of Austrian independence may give Great Britain the needed support to block German dominance in central Europe.

Halifax Appointed

Appointment of Viscount Halifax as Foreign Secretary and Richard A. Butler as Under Secretary for Foreign Affairs was announced officially late today. Prime Minister Neville Chamberlain will handle all major foreign affairs in the House where Halifax cannot go because he is a member of the House of Lords.

SOME NEEDS OF PRESENT

Rev. Hugh Dobson Lays Stress On Establishment of Proper Balance In All Affairs of Life

The desirability of developing balance, unity and stability in the country and in international relationships was the theme of an address given yesterday afternoon to the Rotary Club at its regular weekly luncheon in the Commodore Cafe by Rev. Hugh Dobson, secretary of evangelism and social service of the United Church of Canada. R. M. Winslow was in the chair in the absence of W. R. McAfee.

Dr. Dobson spoke of the Rowell Commission now taking evidence in various parts of Canada and mentioned that there was much that did not appear on the surface. There was a Christian quantity on which the life of Canada was based, the maintaining of unity which developed strength. The world was in a disturbed state just now owing in a considerable degree to a lack of international balance. Between nations there was as yet no codified established law such as between persons. However, this was being developed.

In Canada the difficulty between east and west grew out of fear and lack of balance in national affairs. Unless this balance or equity can be established there will be friction.

Your liver clears the blood of poisons, separates the nourishing part of your food from the waste. Supplies energy to muscles, liver, helps stomach, kidneys and intestines to work properly. A mere bowel movement isn't enough. "Fruit-a-tives" made from fruits and herbs, will strengthen and build up your liver like nothing else will. You'll be amazed how well you are every morning. Try Fruit-a-tives. All druggists.

WANT NEW HOSPITAL

Editor, Daily News:

A centrally located hospital which has been in the minds of all progressive public spirited citizens, has now become a topic to arouse much colorful controversy among the people on the Queen Charlotte Islands. I will state my interest and observations on this matter.

The hospitals at Queen Charlotte and Massett do not satisfactorily meet the requirements of our geographic situation. To finance, to get good doctors to stay and to obtain the necessary staff and equipment we cannot and have not been able to do. To get a good doctor we have to pay a good salary or give him a practice that is attractive. As for the hospital buildings they are out of date.

At the fishermen's request I have entered into this matter to make a plea in support of better hospitalization on the Queen Charlotte Islands.

I took this matter up with the East Coast Farmers' Institute. My motion is: "That we solicit the support of all the people on the Islands for better hospital facilities, to have it in a central location, to serve the interests of all the people."

A committee of five was chosen to go into the matter and interview Massett, Port Clements, Tl-ell, Queen Charlotte and the Department of Indian Affairs. The latter department was quite in accord with the idea and intimated it would support half of the plan. With the aid of the white population from Queen Charlotte to Massett, it was felt that a very good plan had developed. The committee proceeded to get in touch with all bodies, including the Queen Charlotte City hospital board. They asked if they would give their support and turn over their equipment.

Here at Queen Charlotte we are divided. The general remark is "We will not let go of our hospital." My answer to that is that the hospital here does not belong to any particular group or clique. It is an institution that belongs just as much to Port Clements, Tl-ell and other places. They can voice their opinions in the policy of this hospital and should do so.

It will be wise to lay this matter over until we are able to see what kind of a public health insurance bill Premier Pattullo passes at the next session. It should be very interesting to see how it will affect us on the Islands.

I wish to thank the Farmers' Institute and the committee and those who supported this social idea to get this far. No one has an axe to grind. It's for a worthwhile institution and is worthy of all our support.

Thanking you, Mr. Editor, for this space,

CHARLES VALLEY, Queen Charlotte City.

Relieve Their Misery This Proved Way

WHEN your child comes down with a cold, you can't afford to take needless risks. Use the treatment that has been proved for you—Vicks VapoRub. It has been proved by everyday use in more homes than any other medication of its kind—further proved by the largest clinical tests ever made on colds. (Full details in every VapoRub package.) Only Vicks give you proof like this:

Vicks VapoRub is direct external treatment. There's no dosing—no risk of spoiling appetite, or disturbing a delicate digestion. VapoRub can be used freely, as often as needed, even on the youngest child. You simply massage VapoRub on throat, chest, and back (as illustrated).

Then—to make its long-continued double action last even longer—spread a thick layer on the chest and cover with a warmed cloth.

No Long Waiting for Relief to begin... Almost before you finish rubbing, the youngster begins to feel warm and comfortable as VapoRub goes to work direct through the skin like a poultice. At the same time its medicated vapors, released by the warmth of the body, are carried direct to the irritated air-passages with every breath.

This double action loosens phlegm—relieves irritation and coughing—helps break up local congestion. And long after the little one relaxes into restful sleep, VapoRub keeps right on working—hour after hour. Often by morning the worst of the cold is over.

ANGLICAN MEN DINE

Large Number Attend Annual Event in Cathedral Hall With Colonel Nicholls Presiding

The annual men's banquet of St. Andrew's Cathedral was held last night in St. Andrew's Cathedral Hall and proved to be well up to the standard of these outstanding events. The Women's Auxiliary provided the dinner and served, Mrs. C. V. Evitt, president of the organization, and Mrs. Thomas Andrew being in charge.

Lieut.-Col. J. W. Nicholls presided in an able manner and there were no dull moments. The musical numbers included a piano duet by Mrs. Bernard Lundahl and Mrs. W. L. Stamford, songs by Len Cripps and J. S. Wilson and part songs by half a dozen of the members of the Varden Singers conducted by Peter Lien.

Rev. Roy Durnford made a brief address in the course of which he invited all present to visit Seal Cove church of which he is the new rector.

Rt. Rev. G. A. Rix, Bishop of Caledonia, was in a reminiscent mood. He said he had been in Prince Rupert for twenty-five years and had been bishop for ten years. He was particularly interested in the number of changes that had taken place. He referred to the excellent service given the church by R. L. McIntosh who, he was sorry to know, had refused to accept reappointment as church warden. The church owed a great debt to him. However, he was glad to know that his interest in the church would not lessen. He hoped his successor would fill the position as well.

Some Pioneers

The Bishop then ran over a number of names prominent in church life. There was the chancellor of the diocese, Judge W. E. Fisher, H. T. Cross and a younger man, G. P. Tinker. The names stood out prominently in official positions. There were others he might have named.

He asked those to stand who had been there before he came and those standing in addition to those already named, were Denny Allen, W. J. Raymond, Richmond Mortimer, W. H. Wilson Murray, Jarvis McLeod and N. Mussalem.

The Bishop said he had great faith in the church. He believed that the church of God was going to save the world. As Bishop he had a right to take the burden of carrying on from the shoulders of the older men and lay it on the younger men. He believed that every man should join some church. Young men should belong to the church of Christ and he knew of no better church than his own.

Dean Gibson spoke of the change that had taken place in the ideas of God. The older people seemed to have a keener conception of His Presence. Of late years scientists had been pushing the curtain back and showing more of the universe. They were still finding new worlds. Scientists were also showing small things of which they had not dreamed in the old days. They used to think the atom was the smallest thing but now it was said that electrons moved around in the atom following definite laws. The church he said, stood for friendship, character and spiritual things.

Robert Yerberg proposed a toast to the ladies and Mrs. Evitt responded in a neat speech.

The tables were in charge of Mrs. J. B. Gibson, Mrs. C. V. Evitt, Mrs. F. A. MacCallum, Mrs. J. G. Johns, Mrs. G. J. Dawes and the girls of the Women's Auxiliary.

Assistants included Mesdames J. A. Hinton, J. S. Wilson, J. W. Nicholls, W. J. Nelson, George Cripps, W. C. Aspinall, William Cruikshank, A. H. Holtby, Jack Bulter, W. J. Greer, S. V. Cox and W. H. Smeeton.

R. M. Winslow, assistant general manager of the Canadian Fish & Cold Storage Co., sailed on the Prince Rupert last night for Vancouver. He will proceed to Eastern Canada and the United States on company business. Mrs. Winslow is already in the south.

DINNER TO DELEGATES

Trail Rangers and Tuxis Boys Hear Interesting Speakers

Members of the "Hawks" Trail Rangers and "Crusaders" Tuxis groups of First United Church entertained at supper, last night in the church parlors, representatives of the Prince Rupert Presbytery of the United Church of Canada. The visitors were appropriately welcomed by the chairman, Wilfrid Hicks, and by Maurice Davey, preacher of the Tuxis Square. Grant Davey, chief ranger of the Trail Ranger group, thanked the ladies—Mrs. J. C. Jackson, Mrs. G. Soles and Miss J. Green—who served the fine repast of "hot dogs" and pie.

Dr. S. S. Osterhout, superintendent of missions for British Columbia, spoke in an extremely interesting manner of his early experiences on the Skeena River, as far back as 1893. His audience found the description of the shooting of two mountain goats particularly interesting.

Touching on the subject of "Youth in a Streamlined Age" and with special reference to temperance, Dr. Hugh Dobson, secretary of evangelism and social services challenged the boys to do their utmost in helping their minister carry on the work of the church.

One of the most popular speakers of the evening was Rev. R. H. McConnell of Kitimaat mission. He spoke of his work among the native people and mentioned the wonderful opportunities there were for the boys of the Tuxis and Trail Ranger groups to carry on the work of Christ in this community. In closing he extended a very hearty invitation to the Tuxis Square to hold their camp at Kitimaat this year.

The visiting speakers, who were enthusiastically received, promised a rare treat for the boys' groups. The worthwhile program was brought to a close by the benediction pronounced by Rev. J. C. Jackson.

"Prisoner of Zenda" Opened Last Night For Three-Day Stand at Capital Theatre

Without question one of the finest pictures that has been presented here in a long time, "The Prisoner of Zenda" opened on the screen of the local Capital Theatre last night in commencement of a three-day run.

Ronald Colman heads the cast in this picturization of the famous Anthony Hope romance of love and intrigue in the royal courts of Europe. Madeleine Carroll and Douglas Fairbanks jr. head an imposing supporting cast which also includes Mary Astor, C. Aubrey Smith, Raymond Massey, David Niven and others.

Colman plays a dual role in the colorful tale, appearing both as an adventurer and the King whom he impersonates. Miss Carroll appears as the lovely princess while Fairbanks is cast as a dashing nobleman. Colman and Fairbanks vie for the favor of the princess and a spectacular sword duel is one of the features of the picture. Another highlight is an impressive coronation ceremony.

The picture is full of action presented in smooth continuity and building up to a smashing climax. It has suspense, romance, spectacle, comedy and an ingenious plot—all the ingredients of a really great picture which "The Prisoner of Zenda" truly is.

Business at the last meeting of the Sons of Norway Lodge was entirely of a routine nature with President Oscar Sather in the chair. After the meeting bridge playing was enjoyed and refreshments were served.
