Preparations Being Made to Build 134,501,459 board feet in the first On Okanagan Lake

Preparations are being made at with capacity for eight or ten ears for service on Okanagan Lake where, after fabrication, it will be taken to be assembled.

The craft will be similar to one that was built some year ago for Okanagan Lake service.

Delivery will be next summer and the job will mean considerable activity for the local yard in the meantime.

Another Slice of Czecho-Slovakia Is Given Away By German-Italian Award

LIBRAL.

VIENNA, November 3: (CP)-Foreign ministers of Germany and Italy, meeting here yesterday as mediators in the territorial dispute between Czechoslovakia and Hungary, gave away another slice of Czechoslovakia by awarding Hungary almost its entire claim. The area given to the Hungarians is some 4875 square miles and contains a population estimated at 860,000.

Although Czech officials at Prague described the award as a "crime of injustice," it was accepted by both sides as final.

The Hungarian occupation is scheduled to commence on Saturday and end November 10.

HUNGARY SHOWS APPRECIATION

Informed quarters believe that Hungary will give economic concessions to Germany and Italy, showing appreciation of their help in giving away the large slice of Czechoslovakia. When Premier Imredi told jubilant Hungarians in Budapest last night that the mediators had decided that Czechoslovakia should cede the area he stressed that his country could not forget "obligations" to the Rome-Berlin axis.

CHAMBERLAIN'S POLICY

The Empire policy, as promulgated by Prime Minister Chamberlain of Great Britain, is one of appeasement OLD LAND rather than provocation. The chief objection to it comes! from those who were hoping there would be a rapprochement with Russia and that Russian methods and policies would gradually permeate the British Countries. Get Wise to Constipation!

When you're constipated, it's great temptation to be satisfied with quick relief. But physics may become a habit. And they don't keep constipation from returning. It's so much better to get at the cause of the trouble.

If you eat what most people do, chances are the only thing the "bulk." And "bulk" doesn't mean how much you eat. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

What to do? Eat a little Kellogg's All-Bran for breakfast every day and drink plenty of water. This crunchy toasted cereal is not only rich in "bulk"it also contains the natural intestinal tonic, vitamin B1. All-Bran is made by Kellogg in London, Ontario. Sold by every groce?.
