HUGHES IS SUCCESSFUL IN RECORD

Lands in New York, Breaking Post Gatty Record For Flight Around World

NEW YORK, July 14: (CP)—Howard Hughes and his four world-girdling companions landed at Floyd Bennett airport from Winnipeg at 10:36 a.m. Pacific Standard time today. They made the flight around the world in less than four days, smashing the former record of Wiley Post and Harold Gatty by more than three days.

The total elapsed time for the globe-circling was set unofficially at ninety-one hours and sixteen minutes. This record more than halves the seven day, eighteen hour and 49 minute circling by Wiley and Post in 1933.

Hughes drove his ship at full speed from Minneapolis to Floyd Bennett airport. He had arrived at the midwestern city at 5:38 a.m. Pacific Standard Time from Fairbanks and took off again almost immediately at 6:11 a.m.

The speed for the elapsed time was almost 161 miles per hour. At Minneapolis MINNEAPOLIS, July 14: (CP)—Having arrived here early this morning from Fairbanks, Alaska, after the sixth 2100-mile leg of his projected record-breaking speed flight around the world, Howard Hughes and four companions were well ahead of the previous record of the late Wiley Post and Harold Gatty who circled the globe in 7 days and 19 hours.

After the fourth leg of his flight, a 2177-mile hop between Omsk, Siberia, and Yakutsk, Hughes had been sixty hours and forty-one minutes out of New York. Yesterday afternoon at 4 o'clock Hughes landed at Fairbanks taking off a few hours later for Minneapolis.

### BIG CELEBRATION

Smithers is preparing for a big celebration early next month. Not only is it the silver birthday of the town which will be fittingly observed but the Associated Boards of Trade of Central British Columbia is holding its annual convention there at the same time and there is to be a big sports program including baseball matches between Smithers and Prince Rupert and horse races. A topical entertainment will be held on the Saturday night showing the Smithers of 1913. Old timers will get together and there will be a big dance at the Lake Kathlyn pavilion. On the Sunday a picnic for all children will take place in the morning with the final baseball game in the afternoon and the golf championship games for the championship of Northern British Columbia. The town will be in gala dress all the time of the celebration and every effort possible will be made to entertain out of town visitors and make their stay pleasant. It will be a big event in the history of Smithers and, doubtless, people from all over the north country will gather there to help the local folk celebrate.

### HERRIDGE'S OPINION

W. D. Herridge, who was one of the aspirants for Conservative leadership, was very dissatisfied with the platform adopted by the party at its Ottawa convention when Dr. R. J. Manion was chosen leader. Mr. Herridge did not object to the leader but took exception to the platform on which he would appeal to the electors at the next opportunity. He said the resolutions embodying the program were "an insult to the convention. They are a treachery to the people of this country. They are the supreme accomplishment of the reactionary forces within the Conservative party."

Mr. Herridge proposed to the convention economic and monetary reforms. He urged government planning and control of monetary and economic systems, collective bargaining, co-operative buying and selling, establishment of minimum prices and wages, control of monopolies and regulation of bank and mortgage rates. The platform adopted by the Conservatives, said this prominent Conservative leader, fails to disclose any solution or understanding of the problems of Canada. While no count vote was taken, those present estimated that about two-fifths of the convention voted "Yea" on Mr. Herridge's proposal.

Mr. Herridge is a brother-in-law of Mr. Bennett the retiring leader and it is generally understood was largely responsible for the series of radical radio addresses read by Mr. Bennett a few months prior to the last general election. An effort was made to groom him for the leadership but he met little favor in Quebec and he was not considered a "safe man" by the monetary interests of Ontario. Already he is being put in the same general class as Hon. H. H. Stevens and G. G. McGeer, all able men but not considered "safe."

### SUMMER EXODUS

The summer exodus of local residents has emptied many of the homes and interfered with local business. In some cases the whole family has gone out of town and in others only the women and children. In yet a few homes one or two members of the family have gone away.

While the summer holiday season is an expensive time, it is valuable in that those who have been away return home with a new outlook on life. They have made new contacts, and in some cases returned with new enthusiasms for their work.

If the holiday has been beneficial it must have had the effect of making the holidayers more contented with their lot and able to carry out their work better than if

## FLAG RACES VERY TIGHT

Hard Battles Being Waged in Both National and American Leagues

NEW YORK, July 14: (CP)—In both National and American Leagues closest pennant races in years continue. In the National League the fight is so tight that New York Giants, although half a game ahead on the basis of games won and lost, are behind the Pittsburgh Pirates in percentage points. Both the Giants and the Pirates were beaten yesterday, the former by the Reds at Cincinnati and the latter by the Dodgers at Brooklyn. As a result of their victory, the Dodgers are now in sixth place ahead of the St. Louis Cardinals who were beaten by the Boston Bees.

In the American League, the New York Yankees assumed a half point lead in first place yesterday by downing the St. Louis Browns in a slugging battle at Yankee Stadium, the Cleveland Indians losing another close one to Washington at the National Capital to slip into second place.

Yesterday's Big League scores: **National League**  
New York, 1; Cincinnati, 6.

## Acropolis Hill Wins Softball

Defeated McClymont Park By Score Of 10 to 5

The first game of the Gyro playgrounds softball league was played last night at the Gyro Ball Park between the senior boys of Acropolis Hill and McClymont Park. Acropolis winning 10 to 5.

McClymont took the field first with Simundsen in the box and two of the five men who batted scored. Dan Magnet pitched most of the game for Acropolis Hill. O'Neil taking a couple of the last innings.

During the first part of the game McClymont Park's fielding was a little weak and Acropolis got off to a good lead of eight runs for the first two innings. The game was quite fast in spots and proved very exciting when McClymont scored all its runs in the last two innings.

The captains were O'Neil for Acropolis Hill and Scherk for McClymont Park.

Umpires were Harry - Gordon - Cooper and Neil Ross.

**Ancient Rites  
 As Germans Wed**

BERLIN, July 14: (CP)—By official order, those German weddings that aren't held in churches are more dignified than they used to be. But many summer weddings still seem odd affairs to those not versed in Nazi lore.

Ancient Teutonic ritual frequently is used—with many variations. A semi-religious sacrament was introduced not long ago by a Nazi sectarian movement. On a program in a Berlin meeting hall was an arrangement of Swastika flags and a version of the Bible which had been "cleansed of all Jewish taint."

The bridegroom was asked: "Art thou ready to take this woman as thy wife and live with her in marriage according to the German customs?" He smartly gave the Hitler salute and cried: "Jawohl, Heil Hitler." The bride answered in the same way to the question: "Art thou ready to stand at the side of this man in the hard struggle in behalf of the German Fatherland?" The couple was then enjoined "to have many children of whom the Fatherland may be proud."

The marriage of one Hitler youth to a Hitler girl was celebrated at Halle in the Early German History section of the local

museum. Drums rolled and trumpets blared. Celebrant was the local Nazi commander who pronounced the couple man and wife, telling them that "life is not a vale of tears but a place to fight joyously." Instead of a wedding march, a choir sang a party hymn: "We March Towards the Sun!"

**LAB WORK DISCUSSED**

Dr. R. E. Coleman Is Interesting Speaker at Luncheon of Prince Rupert Gyro Club Yesterday

The work of the clinical laboratory and the clinical pathologist was the subject of an interesting talk yesterday at the regular weekly luncheon of the Prince Rupert Gyro Club by Dr. R. E. Coleman who is organizing such a pathological service for this city and district with headquarters at the Prince Rupert General Hospital. Anything that any one could do to support the laboratory here was a service in one's personal interest for there were few men or members of their families who would not some time or other have need of the service of the laboratory. Dr. Coleman declared. The operation of such laboratories was a costly business and it was impracticable to expect people to be able to pay fees which would be high enough to meet the costs. Therefore, the only way to have clinical laboratories, particularly in the smaller places, was under some sort of public health service plan.

The clinical laboratory was the focal point of the medical profession's curiosity, said Dr. Coleman. The clinical pathologist was a go-between between the practice of medicine and all the sciences. The key instruments of the laboratory were the microscope, balance and colorimeter which were used to extend the functions of the senses. Dr. Coleman briefly discussed the technical use of these instruments. Speaking along more general lines, Dr. Coleman asserted that it was not necessary to have typhoid fever or other infections. Once it was found where they existed, it was possible to control and eliminate them. This was another function of public health services.

The aim of every medical man, continued the speaker, was to get the best understanding of each individual case. In accomplishing this end, the normal doctor often made real sacrifices with hope of receiving due remuneration or credit.

Clinical laboratories were financed usually in a haphazard manner. Speaking generally, the public was lucky to get laboratory service at any price.

President D. G. Borland presided over the luncheon and expressed the appreciation of the Gyro Club to Dr. Coleman for his discourse.

Recent Tragedy, in Which Ex-Ser-vice Men Were Victims, Considered By Legion

The regular monthly meeting of the Prince Rupert branch of the Canadian Legion of the British Empire Service League was held last evening with President Jack Preece in the chair over a good attendance of members.

The applications of three new members were approved. They were William Gair, Menry Moles and George Thain. Letters from ex-service men who were patients in hospitals were received, thanking the branch for the provision of comforts.

The consideration of eighty-one resolutions for the forthcoming provincial convention to be held in Vancouver August 4-6 was referred to a resolutions committee. Two resolutions from the Stewart branch of the Canadian Legion were also considered. The official delegates from the branch will be President Jack Preece and J. S. Wilson, who is also Zone Representative. Fraternal delegates will be D. C. Schuber and G. J. Dawes who are in Vancouver.

which two ex-service men were victims was under discussion. Thanks from the families for the help given by the Legion was expressed to the Branch. The whole affair is being very carefully watched by the branch and the executive has the support of the members in doing everything possible.

Dissatisfaction at the failure of some local contractors to employ ex-service men was expressed.

Full arrangements are under way for the entertainment of H.M.S. York. The visit of ships of the British navy is always a highlight among ex-service men and this will be no exception.

It's interesting to know when reading the Daily News that the people of the whole district are doing the same.

"It makes Things Taste Swell"

"I've always liked plenty of milk but I've never enjoyed anything so much as this St. Charles Evaporated Milk with my cereal and coffee. It's so rich and creamy!"

Things do taste better made with Borden's St. Charles... the evaporated milk which is so digestible, so nourishing and safe that doctors everywhere recommend it for babies. It's unsweetened, and irradiated for an added supply of the essential "Sunshine" Vitamin D. There's a difference in evaporated milks so be sure to ask your grocer for Borden's.

### Members Of Orange Lodge At Terrace In Church Service

TERRACE, July 14.—The annual church service of the Terrace Orange Lodge was held in Knox United Church on Sunday evening.

There was a splendid turn-out of members and friends of the order. Musical selections included a solo by Miss Enid Waite entitled "Just Be Glad" and quartettes, "Serving With a Smile" and "Beautiful Words of Jesus," by the Misses Freda, Marie and Francis Hall and Miss Beryl Munger.

The minister, in his address, stressed "Worthy Leadership" as one of the essentials of today.

### WHIFFLETS From The Waterfront

C. N. R. steamer Prince John, Capt. George Coles, is due in port at 5 o'clock this afternoon from Vancouver via the Queen Charlotte Islands and will be here until 10:30 Saturday night when she will sail on her return south over the same route. Included in the Prince Charles' passengers are a considerable number of tourists who will proceed from here on the Prince George tomorrow afternoon to make the round trip to Anyox and Stewart and thence to Vancouver Saturday evening. A change has been made in the schedule of the Prince Charles by which in future she will arrive here late Thursday afternoons instead of Thursday mornings. Thereby the crossing from the Queen Charlotte Islands will be made by day instead of by night which will be more convenient for local passengers.

### Good Advice About Constipation!

A doctor would tell you that the best thing to do with any ailment is to get at its cause. If you're constipated, don't fiddle with makeshift remedies. Find out what's giving you the trouble! Chances are you won't have to look very far, if you eat just the things most people do. Most likely, you don't get enough "bulk" and "bulk" doesn't mean just a lot of food. It means a kind of food that isn't consumed in the mass in the intestines and helps a bowel movement. If this is what you lack, your ticket is crisp crunchy Kellogg's All-Bran for breakfast. It contains the "bulk" you need plus the intestinal tonic, vitamin B. Eat it every day, drink plenty of water, and join the "regulars"! All-Bran is made by Kellogg's in London, Ontario.

### FILM BILL ENTERTAINS

Two Comedy Features Being Shown On Double Bill at Capitol

"A Slight Case of Murder," a farce film featuring Edward G. Robinson in a new type of role, and a comedy-drama, "Love, Honor and Behave," with a new and youthful romantic team consisting of big blond Wayne Morris and petite Priscilla Lane, comprise a double bill picture program which opened at the Capitol Theatre last night and will conclude this evening. They are an entertaining pair of pictures. In "A Slight Case of Murder" Robinson plays the part of a man who has been a beer baron in dry days and who, after repeal, tries to get along as a legitimate brewer. His former satellites are now beer salesmen. A line of romance runs through the story between the beer baron's daughter and a handsome youth. Ruth Donnelly is Robinson's wife and others in the cast include Allen Jenkins and Edward Brophy.

"Love, Honor and Behave" is the story of a couple of childhood sweethearts who grow up and eventually marry after which the girl finds she has to cure the boy of yellowness. She takes a novel means of doing this but everything ends up happily for all concerned.

### SITUATION IS SERIOUS

Stewart Worried Over Unemployment Problem—Many Men There With No Jobs

STEWART, July 14.—An increasingly serious unemployment situation due to the fact of extremely little work opening up this season, the delay in commencing the government work and the influx of a large number of unemployed to this district from Vancouver and points south, the Board of Trade has sent an urgent wire to the Hon. W. J. Asselstine, member for this district, stating that the situation is now at a critical stage. The credit and other resources of the community are at the point of exhaustion in an effort to assist hungry men. It is also pointed out that the season for useful work to be accomplished is rapidly passing and the "government must make remunerative employment available immediately for at least seventy-five men; local citizens now contributed beyond their means, situation desperate. Wire reply."

Additional to authorizing the wire on the unemployment situation the board endorsed a resolution asking for the granting of an airmail contract to the Northern Airways from the Yukon via Atlin, Telegraph Creek and Hazelton connecting at Prince George with the Peace River airmail service.

It was reported that high water in the river is cutting into the townsite dangerously at the east end of 5th Street, heading straight toward town. As extension of the wing dam to divert this is a joint provincial-federal matter, and nothing has been so far learned as to plans for extending it this year. It was agreed that the board would endorse any action taken in this matter by the Village Council.

It being the last meeting of the year, nominations were made for the coming year. President Murphy refused to again take the chair and H. Zeffert was nominated for President; H. V. Littler for vice-president, A. Russwurm for secretary, and for a council of ten—J. Buckshon, E. T. Applewhite, J. Garlick, H. W. M. Rolston, W. R. Smith, Trichler, W. H. Toiin, W. R. Tooth, R. Fox, D. J. McLean, W. J. Wakefield.

### MEANT HIS FEW WORDS

Eloquent Tribute to Inspector Service Paid By Pastor at Kamloops Funeral

KAMLOOPS, July 14.—The tragic death of Inspector W. J. Service at Prince Rupert stirred Kamloops as nothing has in recent years.

Speaking at Kamloops United Church during the church service earlier in the afternoon, Rev. R. R. Morrison took his text from 1 Cor. 15: 54-55, "Death is swallowed up in victory. O death, where is thy sting? O grave, where is thy victory?"

"This large congregation of sorrowing people has gathered by reason of a tragedy which has shocked the province, plunged our city into the deepest gloom and left a home desolate," said Mr. Morrison. "Death has claimed a faithful and efficient servant of the provincial police force, a member of this church and a loving father and husband. While conscientiously discharging his duties he was struck down and called to the higher life. When Staff Sergeant Service three weeks ago left our city to take up his duties in Prince Rupert we little thought we were saying goodbye to him in the flesh. He has left his stamp upon our city as a man of uprightness and integrity. He was a man of few words but when he spoke every word counted for something worth while."

The chief mourners were the widow and her five daughters, Jane, 17; Ann, 15; Helen, 13; Sadie, 12, and Wilma, 5; Corporal Sam Service, provincial police, Chemainus, brother of the deceased; R. Andrews (Copper Mountain), brother of Mrs. Service, and Mrs. Andrews.

Non-commissioned officers of the provincial police and junior officers who had served under acting-inspector Service were honorary pallbearers. Members of the Masonic order were the active pallbearers.

### Hospital Tea At Burns Lake

Successful Affair Held Last Week in Elks' Hall

BURNS LAKE, July 14.—The Hospital Aid Society was favored with a very fine day for its first tea and sale of home cooking and candy held at the Elks' Hall on Wednesday last.

The tables were centred with varieties of garden flowers and on the piano and side tables tall sprays of snapdragons, blue flag, lilies, poppies and corn flowers, etc., made a gay decoration.

Tea was served by Mesdames H. D. MacNeil, T. C. Holmes and P. B. Smith.

The home cooking table was in charge of Mrs. Ray Commons while the candy stall was presided over by Mrs. J. E. Whittles.

Mrs. F. Bushfield, president, received the guests, many of whom came from outside points.
