## DESCRIBES BIG SHOW AT PARIS

Impressions of Local Man at Great International Exhibition Prove Interesting to Gyro Club

Impressions gained during a day's visit to the great Paris International Exhibition of 1937 proved interesting in the telling by Otto C. Young, mechanical engineer of the Prince Rupert Fisheries Experimental Station, before the Gyro Club at luncheon yesterday. One day permitted of a person obtaining only the sketchiest of impressions of a few features of the great exposition, Mr. Young explained. To see it all in a proper way, many days and repeated visits would be required. But he had only the one day in the course of a crowded itinerary on his first trip to Europe.

The Exposition, in which forty-two nations other than France took part, was designed primarily to depict arts and crafts in modern life. It was intended not only to give a clear idea of the present all over the world but of the future as well, showing things that united rather than divided men. The theme was not only to unify nations but to show also the unity between the arts and sciences and the industries and crafts. It was intended to help people to adapt themselves with better will to the inevitable evolution of the world about them. "It was an effort," in the words of Commissary General Edmond Labbe, "to show that art, in the detail of our daily lives, can procure for each of us, whatever our social rank, a fuller and happier life, that there is no incompatibility between the beautiful and the useful and that art and technique should be indissolubly bound together."

**General Plan**

Mr. Young then proceeded to describe the general plan of the Exposition. The idea had been to replace great halls, lacking architectural character, with pavilions appropriate to the objects exhibited all of which would harmonize although each was consecrated to a trade or craft. Ordinary commercial exhibits were replaced by educational presentations arranged in harmonizing groups.

The exhibition was a veritable town over two miles long with certain principles of town planning. The elements in every case were subordinated to the general plan to which picturesque and decorative effect focussed attention and gave balance.

The principal entrance, on the banks of the Seine and off of the Place du Trocadero, was centred by the great 164-foot Monument to Peace. Around this column in a semi-circle was a simple edifice within which were shown the horrors of war and, in contrast, the efforts of all societies of the world which were struggling towards peace. The flags of the forty-three nations were gathered here and beyond stretched the perspective of the vast exhibition with the 984-foot Eiffel Tower, built in 1889 for the Paris Exposition of that year, straight ahead across the river. To the left spread the city of Paris, to the right the river.

Mr. Young, in view of limited time, had considered it advantageous to hire a guide and interpreter who turned out to be a young German lady doing University post-graduate work in Paris. It was rather unique that a German should be showing a Canadian around in a French exhibition, both speaking English.

**Points of Interest**

The speaker described briefly some of the points of special interest which he had been able to visit.

## GOV Y FRANCO

"Enlightened Dictatorship" Being Set Up In Spain By Insurgent Commander-in-Chief

**HENDAYE, France, Feb. 3. (CP)**—General Francisco Franco's first ministry began today the work of organization to give insurgent Spain an "enlightened" dictatorship.

Franco's cabinet detailed policies which include, among other things, a labor charter based on the working class and providing separate unions for workers, technicians and employers and a press statute guaranteeing freedom of the press.

## Compulsory Vote Urged

**OTTAWA, Feb. 3. (CP)**—The Senate yesterday debated and adopted the address in reply to the Speech from the Throne and heard newly-appointed Senator Norman Lambert of Ottawa urge changes in Canada's electoral law. Senator Lambert advocated that "serious consideration be given a proposal to adopt compulsory voting."

## FOSTER IS PRESIDENT

Vancouver Police Chief Elected Head of Canadian Legion

**FORT WILLIAM, Feb. 3. (CP)**—Col. W. W. Foster of Vancouver was elected president of the Dominion Command of the Canadian Legion yesterday, succeeding Brig. Gen. Alex Ross who declined re-nomination after four years as president.

## Today's Weather

Stewart—Clear, calm, 7.

## JAP BOMBERS SINK U.S. GUNBOAT

Bombed by Japanese on the Yangtze River about 25 miles above Nanking, this American gunboat, the U.S.S. Panay, sank and Americans were killed. Approximately 100 persons, including the crew and many refugees, were aboard when the Panay was attacked. She was steaming upriver in an effort to escape from the war zone around the Chinese capital. Japanese naval authorities accepted responsibility for the bombing.

## COMMISSION DISSOLVED

Special Committees on Youth and Women's Employment Have Also Fulfilled Their Objects

**OTTAWA, Feb. 3. (CP)**—Abolition of the National Employment Commission, forecast in the Speech from the Throne at the opening of Parliament last week, was announced yesterday by Hon. Norman Rogers, minister of labor.

Two special committees on youth employment and women's employment have also been dissolved, having fulfilled the purpose for which they were formed.

## Queen Elizabeth May Be Name For Great New Liner

**LONDON, February 3.**—The name Queen Elizabeth is being considered for the giant new Cunard-White Star steamer which will be launched on the Clyde River July 27. Her Majesty is willing that the boat should be named after her. There is some opposition, however, to the name. One objection is that it is considered bad luck to name a ship after a reigning queen. Another is that it would be a slight to the Queen Mother as the new ship is larger than the Queen Mary.

## Well Known Home Property Is Sold

Dr. C. H. Hankinson Purchases Residence of Mrs. J. C. McLennan on Borden Street

Announcement is made of the purchase by Dr. C. H. Hankinson of the residence on Borden Street of Mrs. J. C. McLennan. The home, known as "The Cedars," will be occupied by Dr. and Mrs. Hankinson after March 1.

## Vancouver Wheat

VANCOUVER, Feb. 3. (CP) — Wheat was trading at \$1.40 1/2 on the Vancouver market today.

## INFANT DIES

William Michaluk, aged eleven months, died last night in the Prince Rupert General Hospital. The funeral will take place tomorrow with rites of the Roman Catholic Church.

## Disaster In Mid-Air During Manoeuvres On California Coast

Great Planes, Scouting for Theoretical Enemy, Came Together During Sudden Rain Squall and Plunged to Water in Full View of Surface Craft

**SAN PEDRO, California, February 3. (CP)**—The death toll of a mid-air crash of two giant United States Navy bombers rose to eleven today as a search by sea and air was made for the missing bodies of ten airmen. Rescued from the water after Bomber 11-P-4 fell in a splintering impact last night, J. H. Hester of San Diego, a radio man, died aboard hospital ship. Three of his companions were saved and, although seriously injured, are expected to recover.

Three more of the 11-P-4's crew and seven men in its sister bomber, 11-P-3, are being hunted for by the United States fleet as officials admit that there is no hope that they survived the collision.

The bombers, scouting for a theoretical enemy, collided during a sudden rain squall within view of maneuvering surface craft.

The 11-P-3 plunged to the water in flames.

## Chinese Are Being Routed

SHANGHAI, Feb. 3. (CP) — Chinese resistance to the Japanese advance towards Su-chow and other important railway points has been turned into a rout, it is asserted in Japanese quarters here. Except for sporadic stands, the invaders are moving steadily ahead, it is stated, and are consolidating their advances.

## PASSING OF PATRIARCH

George Henry, One of Leaders of Port Simpson Village, Dies At Age of Eighty-Two

One of the patriarchs of the native village of Port Simpson passed away there last week in the person of George Henry who had reached the ripe old age of eighty-two years. A prominent chief, he was one of the first to accept Christianity. He was also one of the first councillors following constitution of the village in municipal self-governing form. He came of a family of prominent leaders even before the advent of the white man and had exercised his qualities of leadership until death. He was a member of various organizations of the village. His passing was deeply mourned by the whole community of Port Simpson. This was demonstrated at the funeral service which almost the entire population of the village attended and at which there were numerous beautiful floral tributes including one wreath from the Christian Endeavour Society of Metlakatla, Alaska.

Predeceased by his wife, deceased leaves to mourn his loss four children—Mrs. B. A. Haldane of Metlakatla, Alaska, James Henry, Mrs. Ambrose Reid of Port Simpson and Mrs. Katherine Gosnell of Prince Rupert. He also had many grandchildren.

## Weather Forecast

Furnished through the courtesy of Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 24-hour period ending 5 p.m. tomorrow.

## General Synopsis

A disturbance over Vancouver Island has caused rain with gales on that coast with snow in the interior.

Prince Rupert and Queen Charlotte Islands—Fresh north wind, mostly fair and rather cold with a few scattered snow flurries.

West Coast of Vancouver Island—Strong shifting winds or moderate gales, cool with showers.

## LONDON GOLD PRICE

LONDON, Feb. 3. (CP) — The London price of bar gold yesterday was \$35.01 per fine ounce.

## NEW MISSION BOAT'S INITIAL TRIP IS SUCCESS

Thomas Crosby IV Makes Rounds of Logging Camps From Ocean Falls and Stands Heavy Seas

**OCEAN FALLS, Feb. 3.**—Rev. Peter Kelly returned Monday after completing his first rounds with the new United Church missionary boat Greta M.

Included in the company was Dr. G. E. Darby who performed many dental and surgical operations at the Indian villages. Mr. Kelly's itinerary included logging camps, canneries and mines. Among the latter was Surf Inlet Gold Mines now employing nearly fifty men.

Much rough weather was encountered. Mr. Kelly states, but the new boat is exceedingly comfortable and stood the heavy seas well. The new radio transmitter-receiver proved adequate in keeping in touch with mainland points. Permission has been granted recently to change the boat's name to Thomas Crosby IV.

### THE BOYS' BAND

It is a number of years since the Boys' Band was first organized in this city and it has been running continuously ever since that time. For several years a number of local people subscribed yearly to the upkeep of the organization but, of late, this has dropped off and it has been a great struggle to pay the instructor and keep going.

It is charged that Prince Rupert is a great place for starting things but not so good at keeping them going. The band is just as important today as ever it was and as much deserving of support. It is to be hoped that the people will rally to its assistance and see that it is not allowed to drop out of existence from lack of support.

The air seems charged with war ideas. Under such conditions it seems almost impossible that there can be peace in the world.

### CANADA ONE OF THE PLUMS

If Britain falls, Canada will be one of the plums that will fall to the invader, according to Robert H. B. MacKenzie. This will happen whether Canada remains neutral or not. He points out in a letter to the southern press that the British Columbia coast has been thoroughly surveyed by the Japanese and that they know more about it than do Canadians.

Of course this is only an opinion but it does seem as if it had possibilities. None of us would like to have a Japanese Lieutenant Governor at Victoria and a Legislature controlled by Japanese in this province.

A few years ago Britain was the friend of Japan. Today because that country is refused a free hand in the Orient, Britain is the enemy to be wiped out.

### CARE IS NEEDED

None know better than the British Government that care must be experienced in accepting any statement or unsupported charges in regard to who torpedoed the British freighter Endymion in the Mediterranean Sea. It is easy to suspect that it was done by Italian submarines but much more difficult to prove. If the British accepted the charges of the Spanish government it might have meant war with Italy but Britain is not being forced into any such position.

## Port Simpson Beats Metlakatla In Four Games Of Home And Home Basketball Series Just Played

Two Metlakatla hoop teams paid a visit to Port Simpson to try conclusions with the Simpson teams and went down to defeat, losing both games. A return series was played at Metlakatla where again Simpson won both games. The teams were men's senior and intermediates.

Before a crowd that had the Y.P.E.A. Hall filled to capacity, the Simpson senior team won its game with a score of 33 to 22. Metlakatla played a clean game but was somewhat outclassed during the first half. Nevertheless they played hard, having bad luck in their shooting but putting up a great fight to the final whistle. At the end of the first period the score was 5 to 16 for Simpson.

For the second period, Metlakatla re-arranged its guards and proved gameness by keeping up with the more experienced opponents. This last half period was a ding-dong affair and the score for it was 17 all, the total score being 33 to 22 for Simpson.

Sankey and A. Wesley proved deadly shots for the winners. A. Prevost was high scorer for the losers with 12 points.

Line-ups and scores: Port Simpson—Sankey (12); A. Wesley (18); J. Dudoward (3); Johnson; Clayton; Sampson; E. Tait; total, 33.

Metlakatla—A. Prevost (12); Robinson (1); Campbell; Nelson; D. Prevost (4); J. Auckland (2); H. Leask; J. Ryan (3); total, 22.

In the intermediate game, Metlakatla Panthers and Port Simpson were evenly matched. W. Leighton opened up the score for the Panthers by making two free throws to be followed shortly by another two free throws but making only one more in ten minutes of play. The Simpson player was ordered off the floor for repeated tripping. The game was more lively as shown by the number of personal fouls called—10 against the Panthers and 11 against Simpson during the first half. At the rest period the score stood 19 to 16 for Metlakatla.

After the interval Simpson kept up frequent substitution, trying to hold down the Panthers. In this they were somewhat successful. Hard checking by Simpson held down the Panthers to only nine more points and then came the climax that marred a good game. Just before the final whistle, a major penalty was called against a Simpson player and two free throws was awarded to W. Leighton, Metlakatla, who was not allowed to try them. The score stood 30 to 29 for Simpson.

Individual scoring: Metlakatla—A. Prevost (13), H. Leighton (2), J. Auckland (2), D. Prevost (2), F. Leask (2), J. Ryan, H. Ryan (1); total, 22.

Port Simpson—T. MacKay (21), Clayton (10), R. Johnson (10), J. Dudoward, Scott, A. Tait, H. Ryan (1); total, 42.

Intermediate Game In the opening intermediate

## GUNDERSON IS WINNER

Canceled Singles Bowling Championship—Stiles and Comadina Look Like Doubles Winners

Although Norman Kinslor injured his foot and was unable to continue with play in the city doubles and singles bowling championship series last night, Nels Gunderson is pretty well conceded the singles honors since Kinslor would have had to average 133 per game for the remaining five games to beat him out. In the nine games of the series Gunderson ran a total of 1555 for an average of 173. Albert Stiles being next with a total of 1615 and average of 163.

In doubles Albert Stiles and Johnny Comadina are leading with a combined total of 2939. Jimmy Ciccone and Bill Schriberg be-

game, the locals went down to defeat with a 34 to 21 count.

The intermediates played a good fast game with the visitors taking the edge of the first half with a score of 18 to 12 in their favor. C. MacKay snared most of the points for Simpson to the tune of 12.

After the breather the visitors proved the faster team by holding down the locals to only 9 more points. C. MacKay was again to the fore with 11 more points. W. Leighton was high scorer for the locals with 10 points. At the final whistle the score stood 34 to 21 for the visitors. Despite the score the game was full of pep from start to finish.

Individual scoring: Metlakatla—W. Leighton (10), D. Leighton (5), H. Leask (3), Campbell (5), A. Leighton (2), Haldane; total, 21.

Port Simpson—J. White (2), T. White, Lawson, C. MacKay (23), H. Sampson (6), Kelly (3), M. Green; total, 34.

Referees were Matt Leighton of Metlakatla and James Lawson of Port Simpson.

Timekeepers were D. E. Ryan and Alf Wesley. Scorekeepers were E. A. Leighton and H. Bryant.

Reception Held A reception was tendered to the visitors in the Church Army Hall by the Young Men's Benevolent Association with the assistance of the Ladies' Benevolent Association.

About sixty guests sat down and partook of a delightful dinner. Dancing was then enjoyed to the strains of the Metlakatla Dance Orchestra and refreshments served to all by the Ladies' Benevolent Association.

## HOW TO WIN FRIENDS AND INFLUENCE PEOPLE

By DALE CARNEGIE  
Author of the famous book of this name

### HAVE YOU SMOKED A TURRET LATELY?

TURRETS are appreciated by discriminating smokers everywhere because of their distinctive taste, found in no other cigarette. The choice Virginia tobaccos from which Turrets are made... their original and unique blend... and their unvarying high quality account for that. If you haven't smoked a Turret lately, we are sure you'll appreciate the suggestion that you try a package today. You'll like the Turret package, too—it has a handy calendar on the back to keep you up-to-date. Imperial Tobacco Company of Canada, Limited

### GIVE HONEST APPRECIATION

"Deep down in all our hearts there is a constant, gnawing desire to be appreciated... to hear words of praise and approval.  
"Husbands and wives are no exception to this rule; yet, in far too many homes, mutual appreciation is mighty scarce."

"Countless opportunities arise every day for husbands—and wives—to bestow little words of praise on one another.  
"Women, you know, are profoundly interested in clothes. For instance, if two women meet on the street, the first thing they do is to notice each other's hats or dresses."

"So, when your wife wears a becoming new frock—or maybe a made-over old one—why not compliment her on it? Tell her how nice and young she looks in that pretty dress.  
"The chances are she has been anxiously wondering how you are going to like it. By being lavish in your praise you satisfy her desire for appreciation."

"The same thing is true of the dinners she plans and prepares. Back in Czarist Russia, when the guests had enjoyed a fine dinner, they sent for the cook and congratulated him.  
"Take a tip from the Russians. Next time your wife serves an exceptionally good dinner, tell her how much you appreciate it. As Texas Guinan used to say: "Give the little girl a great big hand."

### Local Teachers Are In Session

Meeting Last Evening Addressed By O. C. Oung

The regular meeting of the Prince Rupert Teachers' Association was held last night at Borden Street School. Business concerning Education Week was discussed.

The guest speaker was Otto Young who gave an interesting talk on his trip to Europe. He told of the journey across Canada by freight train, then across the Atlantic by freight boat. He related visits to London, Aberdeen, Newcastle, Bergen, Oslo and Bremen.

Mr. Young described points of interest of the Paris Exposition, making special mention of the Canadian section.

The President, Mr. Mouat, on behalf of the teachers, thanked the speaker.

Refreshments were served at the close of the meeting.

### MET SCREEN LUMINARIES

Annette Stone Sees Eddie Cantor and Al Jolson in Hollywood. Also "Our Gang" in Action

Writing from Vancouver, where she is just now after an interesting and beneficial trip to California. Mrs. Jack Woods (Annette Stone) tells of visiting the moving picture colony and studios in Hollywood while in Los Angeles. In the course of radio broadcasts, she met such figures as Eddie Cantor and Al Jolson personally. She also saw "Our Gang" in the production of a picture. She met and renewed acquaintance with the parents of Paul Muni, the noted character, whom she knew in London thirty years ago.

Mrs. Woods is due home in Prince Rupert towards the end of next week.

### DESCRIBES BIG SHOW AT PARIS

(Continued from Page One)

The magnificent settings such as fountains, gardens, lighting, etc. were described by Mr. Young to whom the main point of interest was the aquarium situated in a large grotto divided into compartments. Here in electrically lighted tanks or in artificial rivers, streams and lakes were to be found live specimens of fresh water fish, presumably of France. In an annex to the aquarium was a glass submarine diving bell in which a diver was carrying on a simulated treasure hunt amid wreckage of ships on the sea bottom.

Among other points Mr. Young visited, of course, were the United States and Canadian pavilions. The former consisted mainly of a huge tower which at night became a gigantic pillar of fire with search lights playing upon it. The structure had something about it of the American skyscraper. The exhibits were representative of the Union as a whole, representing building, power production and industries. The pavilion of Canada was a reproduction of a huge terminal elevator consisting of cylindrical-shaped columns. It was quite unusual and striking. Inside were some thirty or more stands devoted to Canadian arts and crafts. There were some fine exhibits of furs, also native and Eskimo work. Sections were devoted to each province, showing the industries, crafts and sports of each. The spinning of wool and materials as made by early French-Canadians was possibly given undue prominence in comparison with some of the modern crafts. On the whole, however, the pavilion was very well done and compared favorably with the others.

Another impressive point was the Palace of Light devoted to electricity and its uses. The infinite resources of artificial lighting were magnificently portrayed.

### Pick of the Show

To Mr. Young the Grand Palais, especially the Palace of Discovery was the pick of the Exposition. The Palace of Discovery was divided into two main sections—the first devoted to the influence of discovery on the arts and the second to the emancipation of man through scientific discovery. In the first section were to be seen paintings to show how the discovery of the New World and new maritime routes had enlarged the conception of man and how increased knowledge of infinitely small things brought about about by the micro-

scope influenced the arts as well as the sciences. In the second section was shown how the discoveries of steam, aviation and wireless had transformed and simplified the existence of the individual. The developments in the various industries were depicted by contrast. Early types of steam engines, cars, airplanes, etc. were shown alongside the new. Famous experiments were reconstituted before the eyes by demonstrators or by synchronized photography. In addition, there were short commentaries to inform the public of the part played by discovery on civilization and its advancement.

Mr. Young concluded his discourse with a description of two demonstrations and exhibits which he had found of particular interest. One of these was a great electrostatic machine in the physics section. The other was the mathematics section which was most attractive. Here one gained a visual impression of the invasion of mathematics or the interpretation in mathematical form of many intricacies of science.

D. G. Borland, president, was in the chair and extended thanks of the club to Mr. Young.

Guests at the luncheon, in addition to Mr. Young, were Dr. C. A. Armstrong of Port Simpson and M. C. Brooks and J. G. Johns of Prince Rupert.

Tonight's train, due from the East at 11 o'clock, was reported this morning to be running on time.

Rev. E. W. Slater of the Anglican Mission boat Northern Cross left in the Prince George yesterday afternoon for Anyox and Alice Arm.

### CLEAN FALSE TEETH—GET RID OF STAINS—New Easy Way—No Brushing

Steen-Kleen, amazing new discovery, removes blackest stains, tartar, tartar-like matter. Just put false teeth or bridges in a glass of water and add Steen-Kleen powder. No messy brushing. Recommended by dentists—approved by Good Housekeeping. At all druggists. Money back if not delighted.

It's interesting to know when reading the Daily News that the people of the whole district are doing the same.

**"Baby is fine"**  
AND one of the reasons Baby is making such fine progress is his food value of whole cows' milk, easy digestibility and added "sunshine" vitamin D.  
In producing Carnation Milk, nothing is taken out of whole milk, except part of the natural water content—nothing is added except "sunshine" vitamin D, by irradiation. Because Carnation is homogenized and sterilized, it is easier to digest, always the same, always safe. When bottle days are over, there is no question of "weaning" baby—he goes on getting his Carnation Milk in his cup. Carnation is also extra good for cooking and creaming—smooth, double rich, and it keeps until opened, without refrigeration.  
Write for these Carnation Books. "The Contented Baby" is free. The Carnation Cook Book, containing a host of ideas and recipes, with full-page, full-colour illustrations is 15¢ (postpaid). Carnation Company Limited, 134 Abbott Street, Vancouver, B.C.  
**IRRADIATED Carnation Milk**  
A CANADIAN PRODUCT "FROM CONTENTED COWS"  
Listen to the "Contented Hour" every Monday night. See your local newspaper for stations and time.

RECIPE

# ROYAL CITY

## CORN AND SALMON SCALLOP

1 tin Royal City Corn  
1 tall tin salmon  
3 to 10 soda crackers, rolled  
1/2 cup milk. Salt and pepper.

Combine all ingredients, except few cracker crumbs. Place in buttered baking dish, sprinkle with crumbs and dot with butter. Bake in moderate oven 20 to 25 minutes. Serves 6.

## WHIFFLETS

From the Waterfront

During the past week between 1500 and 200 tons of herring have been taken from Prince Rupert Harbor by seineboats for the Tucks Inlet and Port Edward reduction plants in which manufacture of fish meal is proceeding steadily. Something less than four thousand tons remain before the quota for the harbor is exhausted. The run of the fish continues very plentiful and the seineboats are having no difficulty in keeping the reduction plants supplied.

Ken Harding of the Prince Rupert Fisheries Experimental Station staff had a chilly bath Tuesday evening when he slipped and fell into the water at the station float as return was being made by Dr. Neal Carter and other members of the staff from a trip to Port Edward reduction plant aboard the power vessel Neiris. Ken went right out of sight and there was a good deal of splashing and frothing for a little while. However, Ken was fished out and is, apparently, none the worse for the experience.

Capt. John Muir, for years one of the best known officers of vessels of the Union Steamship Co. on northern runs and of late relief skipper of such ships as the Catala and Cardena, has been promoted to the position of travelling supervisor of marine service for the company. His duties will have to do with the marine personnel of the company's fleet, relation of the operating management and ships' officers and masters and supervision of sailing schedule operations. His many friends on this part of the coast will be pleased to learn of the promotion.

## Aiyansh Women's Auxiliary Has Named Officers

AIYANSH, Feb. 3 (Special to Daily News).—The Women's Auxiliary to the Anglican Church at Aiyansh has elected officers for the coming year as follows:

## Be Careful About Children's Colds

TREAT THEM PROVED WAY

More mothers use VapoRub than any other medication of its kind—they have proved it by use in their own homes. It was further proved in the world's largest colds clinic. No "dosing"—just massage VapoRub on throat, chest, and back at bedtime. Almost at once, its poultice-and-vapor action starts to loosen phlegm, relieve irritation and coughing, help break local congestion. Often, by morning the worst of the cold is over.

## SPORT CHAT

Snowfall looming this morning threatens to interfere with skating which many Prince Rupert people have been enjoying since the cold snap started at the end of last week. Ice has been in excellent shape at such points as Salt Lake, Morse Creek and Oliver Lake. The boys have been trying their hand at hockey under leadership of Bill Stone and others. The ice sweepers may have to get into action now. During the past week more Prince Rupert people have been skating than for years before, it is believed.

## Grotto-Dairy Win In Bridge

In a postponed Prince Rupert Bridge League fixture last night Grotto scored 11,291 to 9,430 for Ramblers. In another postponed game Tuesday night Prince Rupert Dairy made 10,604 points to Canadian Legion's 6521.

The league standings to date are as follows:

Sons of Norway	32028	24274	32018
Grotto	31791	32033	31791
Ramblers	31030	26829	31030
Musketeers	30195	28209	30195
B. & K.	29521	29533	29521
C.N.R.A.	29449	29878	29449
Prin. Ru. Dairy	24570	26952	24570
Can. Legion	21201	33077	21201

cess with over 200 in attendance. Dr. H. M. Morrison, inspector of schools, of Prince Rupert was rebound at Walker Cannery Friday and Saturday so was unable to preside. J. Walker ably substituted for him. At the banquet held in Pacific Mills Hotel, Mrs. Marshall gave the toast to the immortal memory. Bob Young toasted Canada, Matt Haslett proposed the toast to Scotland and Kiehl McAllister the lassies, which latter was replied to by Miss P. Brisbane. A piano solo by Mr. Watkins, a vocal number by Mrs. T. Dixon, and songs by Bill Weans, John Elder and Max Fotheringham made the evening a very pleasant one. After the banquet, an old time dance was held in the hall.

## LIVELY COMEDY

Irene Dunne and Cary Grant in "Awful Truth"

Irene Dunne will be seen in an all-comedy role in "The Awful Truth," which opens tonight at the Capitol Theatre. Cary Grant serves as Miss Dunne's screen cohort with such favorites in support as Ralph Bellamy, Cecil Cunningham, Alexander D'Arcy, Robert Allen, Joyce Compton and Esther Dale. In "The Awful Truth" Miss Dunne is seen as the prim, staid wife of Cary Grant, a bounder who can't get used to marriage ties. He takes an innocent vacation in the guise of a business trip and returns to find his wife has been out all night with a romantic foreign vocal teacher. Accusations and recriminations fill the air. In court the only bone of contention proves to be Mr. Smith, the wire-hair terrier. Irene wins custody of the pup but the court allows Cary to visit the dog once a month. Affairs take their merry course until Cary expresses his intentions of marrying a pretty young thing with a social register background as soon as the divorce is final. In the climactic scene Irene tries to impress on Park Avenue that Cary is not the sort to be marrying wealthy, pretty young things.

Ralph Bellamy enters the scene as an Oklahoma oil tycoon with a yen for Irene. Alexander D'Arcy is the innocent vocal instructor who suffers no little at the hands of the irate Cary while Cecil Cunningham plays the tartar-tongued, sophisticated Aunt Patsy.

## Metlakatla Man Interests A.Y.P.A.

T. A. Bryant Speaks On Indian Legends and Folklore

The regular weekly meeting of St. Andrew's Cathedral branch of the Anglican Young People's Association was held last evening in the Cathedral Hall with the President, Robert Yerburch in the chair.

After a short business meeting T. A. Bryant, principal of Metlakatla School, gave a very interesting address on Indian folklore and legends. He held the attention of his audience for an hour or so with tales he had gathered during his fourteen years in and around Prince Rupert and Metlakatla. He went back to the year 1859 when Father Duncan first came to Port Simpson and told many of the legends which the natives have handed down from father to son and still believe in to this day.

At the close of the meeting refreshments were served under the conovership of Miss Joan Cross. Next week's meeting will take the form of a Valentine Party at the home of Mrs. J. D. Allen.

## OCEAN FALLS

Two very interesting and enlightening extension lectures were delivered here last Friday and Saturday nights by Dr. J. E. Morsh of the University of British Columbia. On the first night he showed the difference between pseudo-psychology and the true psychology. On the second, interesting revelations, based on laboratory findings and intelligence tests, were made. A large number of people attended these first two of the series of University extension lectures.

Freezing temperatures of the last week have coated nearby lakes with a good sheet of ice and many are taking advantage of the opportunity to skate.
