LABOR AND THE EMPIRE

The All-Canadian Congress of Labor represents a large cross-section of Canadian labor. Its monthly publication deals in a comprehensive and clear manner with the recent Empire crisis which culminated at Munich. According to that view neither the French nor the British were prepared for war and the decision to give way to Hitler was made in order that there might me a breathing space in which those two countries might become better prepared. The Unionist goes on to say:

"In the meantime, the British government is trying to The Commercial League leading finished eating up a moose from a Many other hunting parties are find a basis of peace through such agreements as Cham-standing to date is as follows: berlain and Hitler signed on the same day as the Munich pact was concluded but without slackening in armamentproduction. It is likely that some form of national service will be adopted and certainly no stone will be left unturned in the effort to be ready if the armed truce is broken. However deeply one may desire peace, the possibility of security while Hitler remains in power is very slight."

Then comes this paragraph which, if it represents the labor view generally, is very important:

"Much has been written with regard to Canada's posi- UPSET IN tion in the event of war. There's a Good Reason You're Constipated!

When there's something wrong with you, the first rule is: get at the cause. If you are constipated, don't fiddle around with makeshift remedies. Find out what's giving you the trouble!

Chances are it's simple if you eat only what most people do: meat, bread, potatoes. It's likely you don't get enough "bulk. And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement. If that fits you, your ticket is

a crisp crunchy breakfast cereal-Kellogg's All-Bran. It contains the "bulk" you need plus the intestinal tonic, vitamin

Eat All-Bran every day, drink plenty of water, and just watch the old world grow brighter! Made by Kellogg in London,

"Holiday" tells the story of a gay young man whose philosophy of life conflicts with that of the proud aristrocratic family of his fiancee. Cary Grant plays the leading male role opposite Miss Hepburn and the cast also includes Edward Everett Horton, Binnie Barnes, Jean Dixon, Doris Noand and Lew Ayres.

"The Invisible Menace" is a novel ! and strange story with its locale an island occupied by an arsenal.
