King And Queen Will Visit U.S.A. As Well As Dominion

Is Keenly Anticipating Visit, Says George VI—Government Making Plans to Speed up Rearmament, Defence, Trade, Industry and Employment

LONDON, November 8: (CP)—The King and Queen will visit the United States as part of their Canadian tour next summer, His Majesty announced in the Speech from the Throne at the state opening of Parliament today. "The Queen and I have been anticipating with the keenest pleasure the visit we are hoping to pay to my Dominion of Canada next summer," he said. "I have been happy to accept the invitation extended by the President to visit the United States before the conclusion of the Canadian tour. I warmly welcome this practical expression of the good feeling that prevails between our countries."

Speaking later in the address in reply to the Speech from the Throne, Prime Minister Neville Chamberlain said that Their Majesties will carry a "warm message of goodwill" from the British people to the Canadians and Americans. The Speech from the Throne referred to the Anglo-Italian friendship agreement and the Anglo-German declaration against war as furthering the cause of peace and stated that Great Britain was ready to aid the settlement of the Sino-Japanese and Spanish civil wars.

The King and Queen rode to the Parliament Buildings in state and the King delivered his address before a brilliant assemblage in the House of Lords. He said that his ministers were intending to accelerate defence rearmament and make efforts to expand trade, industry and employment.

The Prince Rupert Chamber of Commerce at its meeting last night decided to send a telegram direct to Prime Minister Mackenzie King in regard to the inactivity of the Prince Rupert grain elevator and to report the result to a meeting of the council of the Chamber for such action as it might see fit. This decision followed a rather lengthy report from C. C. Mills, chairman of the grain committee, who read a number of telegrams sent and received up to the present date, all dealing with the elevator.

One of these telegrams was to Hon. Ernest Lapointe, acting prime minister during the absence from Ottawa of Mr. King, who replied that he was referring the matter to the cabinet. On November 6 word was received that serious difficulties had developed and Manager George McIvor is writing at length explaining the situation. This letter is expected tomorrow or not later than Friday. In view of this it is probable the wire to the Prime Minister will not be sent until after the letter is received.

Mr. Mills also reported that he had taken up the matter with Premier Pattullo and he reported having discussed the matter with Hon. W. D. Euler, minister of trade and commerce, when in Ottawa. The minister seemed quite favorable to the use of the elevator. President F. A. MacCallum suggested awaiting receipt of the letter from Mr. McIvor before taking any further action.

G. W. Nickerson suggested sending a wire to Mr. Mackenzie King. Theo Collart also urged the sending of a telegram direct to the Prime Minister. Failing action, a public meeting should be called. After considerable discussion, it was moved by Mr. Nickerson, seconded by Mr. Harvey, that a wire be sent direct to the Prime Minister and, if the result was not satisfactory, the council of the Chamber would decide what to do.

PATTULLO MESSAGE

Canadians Cannot Stand By While All Other Nations Are Learning How To Fight—Heppburn Opposes Cowring

OTTAWA, Nov. 8: (CP)—"I think we are all for peace but, in view of world conditions, I very much favor augmentation of all our forces and the taking of every precaution to protect our liberties," said a message from Premier T. D. Pattullo of British Columbia to the League of Nations Society which opened Peace Week here. "If the youngsters of Canada are taught that they must not fight under any conditions while the youngsters of other nations are taught and trained to fight, I am afraid that the future would not hold out very hopeful prospects for Canada."

Premier Michell F. Heppburn of Ontario, in a message to the Society, disapproved of Canada cowering behind the British Lion or beneath the American Eagle. He, too, was strongly in favor of strengthening Canada's defences.

C. C. F. Want of Confidence Motion Over Health Insurance Is Rejected in Legislature

Public Accounts

Proposal of Leader of Opposition Voted Down—First Night Sitting of Session Held

VICTORIA, Nov. 8: (CP)—At the first night sitting of the Nineteenth Legislature last night, a Co-operative Commonwealth Federation non-confidence motion in the government was defeated on a division of 21 to 13.

Sam Guthrie, member for Cowichan-Newcastle, moved and E. E. Winch, member for Burnaby, seconded the motion regretting that the Speech from the Throne had not indicated the government's intention to put health insurance into operation.

Premier T. D. Pattullo said that it was not intended to put health insurance into immediate effect but it was felt that it would be better able to deal with the matter after the Rowell Commission report on inter-government relations had been made to Ottawa, possibly early next year.

Later a resolution of R. L. Maitland K. C., leader of the Conservative Opposition, asking that the public accounts committee be authorized to examine expenditure up to October 25, 1938, was defeated 27 to 13, the C. C. F. and Conservative members, with an absentee in each case, joining in both votes.

The debate on the reply to the Speech from the Throne is expected to wind up today with the budget coming tomorrow followed by adjournment until next Monday.

In the course of the debate yesterday Hon. Dr. K. C. McDonald, minister of agriculture; J. A. Paton, Conservative member for Vancouver-Point Grey, Sam Guthrie and Mr. Winch were heard.

Dr. McDonald, in the longest ministerial speech so far this session, gave a two-and-a-half hour review of the government's agricultural policy.

Mr. Paton urged carrying out of work on the Hope-Princeton road as a winter relief project.

Mr. Guthrie urged reforms in regard to working conditions in the lumber and mining industries.

Doctors From Europe Want To Come Here

OTTAWA, Nov. 8: (CP)—A number of doctors from Central European countries are seeking to emigrate to Canada and take up practice. The Bridge River and Cariboo mining districts are among sections of Canada which are short of physicians.

UNFAIR TRADING

Chamber of Commerce Favors Retention of Present Law Against Loss Leaders and Other Practices

The Prince Rupert Chamber of Commerce, at its meeting last night, went on record as favoring the Retail Sales Act which prevents unfair practices in merchandising, including the advertising of loss leaders. Report had been received that a large Vancouver firm was trying to have this law repealed.

The retail merchants committee of the Chamber reported that it was in complete accord in wishing the retention of the present law and recommended the passing of a resolution to that effect. This was done.

Social Credit Wins Contest

EDMONTON, Nov. 8: (CP)—Premier William Aberhart's Social Credit government was successful in the Athabasca by-election yesterday. With 41 out of 44 polls reported last night, C. M. Tade, Social Credit candidate, had a lead of 249 over the Liberal, C.J.R. Whiteley, and his election was conceded. The vote was 1687 to 1438.

IS GOV'T SETBACK

Chamberlain Supporter Loses To Labor in By-election

LONDON, Nov. 8: (CP)—Premier Chamberlain's government suffered a reverse in the Dartford by-election yesterday, losing the seat to Labor. Mrs. Jennie Adamson, who had been defeated by the Conservative in 1936, won on this occasion by a majority of over 4000. The vote was: Mrs. Adamson, 46,514; Godfrey, Conservative, 42,576.

Mrs. Adamson took the result as a rebuke of the government for its "betrayal of Czechoslovakia" and political observers are inclined to agree.

Mrs. Adamson is the wife of a labor member for a Staffordshire seat.

MANAGER FOR CITY ENDORSED

Chamber of Commerce Refers Matter of City Authorities for Further Action

The Prince Rupert Chamber of Commerce last night discussed at some length the report of the legislative committee on the city manager form of city government before passing a resolution endorsing it and referring it to the city authorities to secure the endorsement or amendment of labor and other interests in the city.

City Commissioner Alder thought it was rather premature as at present the city could not afford to pay any fancy salary to a manager. It might be all right if there was some industry to cause activity in the city. He referred to the large number of city lots that had reverted to the city and the heavy cost of social services. With the present minimum wage act in force, older men could not get employment. At present it took \$128,000 annually to service the debt and that was the amount which had to be levied for without providing for carrying on of the affairs of the city. The current expenses had to be collected from other sources. He quoted how they managed at Oak Bay and Saanich where the city clerk was practically city manager. The reeve and council were not paid. There was at present no possibility of increasing the cost of administration.

Max Heilbronner thought the commissioner should carry on as at present.

It was pointed out by G. W. Nickerson that it would take a year to secure a city charter and that there was always a possibility that the Commissioner might retire or be retired, in which case there would be nothing left but the old method of city government.

Weather Forecast

Prince Rupert and Queen Charlotte Islands—Fresh to strong south east winds, unsettled and cool.

FINAL BULLETINS

HITLER JUST WANTS JUSTICE

MUNICH—Chancellor Adolf Hitler tonight invited Great Britain and France to ensure good relations with Germany by coming to an agreement on colonies "which were taken away from us by pretexts contrary to justice."

SPEEDING UP REARMAMENT

LONDON—The government today announced that it was considering redoubling the rearmament pace with an air supremacy goal believed possible. Five hundred planes by the middle of 1940, it is understood, would involve the flotation of a \$900,000,000 supplement to the \$1,500,000,000 five-year program announced in February.

NEW MARRIAGE LAWS

VICTORIA—Amendments to the Marriage Act are forecast by Attorney General Gordon Wismer. Health examination of contracting couples will be required and the eight-day rule between issuance of the licence and marriage will be abandoned.

DENIES STATEMENT

LONDON—Rt. Hon. Arthur Greenwood denies making any such statement that he desired to see Germany and Italy annihilated. What he did say was that he would like to see dictatorships ended. The only way to do that, he believed, was from within.

WINDSORS TO ENGLAND

LONDON—In connection with the announcement that the Duke and Duchess of Gloucester will visit the Duke and Duchess of Windsor at Paris this week with "the blessings of King George," the Evening Standard says that the Windsors may pay a visit to England early in 1939.

FRANCE REGRETFUL

PARIS—A formal expression of regret has been sent by France to Germany following the incident yesterday when the secretary of the German embassy was shot by a Polish Jew.

COMPLETE SUBJUGATION

TOKYO—Japanese troops are ready to plunge further into the western provinces of China, it was stated in authoritative quarters here today. The intention is to penetrate to the borders of Tibet and Outer Mongolia.

ALIVE BY MIRACLE

BRALORNE—Denny Skakum, 37-year-old miner, was rescued yesterday after being buried for three hours under an ore slide in the Bralorne mine. He suffered only minor injuries for which he is receiving treatment at Bralorne Hospital where he is resting easily. Rescuers said that it was a miracle Skakum was still alive. He was buried after falling forty feet down the shaft when a scaffolding collapsed.

CARGO SHIP IS SINKING

LONDON—Lloyds agents at Cromer today reported that a Royal Air Force plane had sighted a cargo ship sinking about five miles west of Wandelaar lightship off the Belgium coast with the Spanish insurgent auxiliary cruiser Nadir standing by.

DESTROYERS FOR COAST

Two New Ships Arrive at Esquimalt From England, Joining Two Others

ESQUIMALT, Nov. 8: (CP)—Canada's two new destroyers for service on the Pacific Coast, the Ottawa and Restigouche, arrived here from England yesterday. For the first time in history four Canadian destroyers were tied simultaneously at Esquimalt.

OPERATING ON QUINTS

Five Dionne Girls To Have Tonsils And Adenoids Removed

CALLANDER, Ont., Nov. 8: (CP)—The five Dionne quintuplets will undergo simultaneous operations tomorrow for removal of tonsils and adenoids. The purpose, says Dr. Allan Roy Dafoe, their own physician, is to prevent them from taking colds so readily. The operation has been under consideration since last summer when the four year olds had sever colds. The operations will be directed by Dr. Allan Brown, superintendent of the Toronto Sick Children's Hospital, and will be performed under general anaesthetics.

SUPPORT MINERS

Chamber of Commerce Passed Resolution Opposing Proposed Changes in Mineral Act

On motion of Theo Collart, the Prince Rupert Chamber of Commerce last night went on record as opposing certain provisions of the proposed new Mineral Act, one of which proposes to change the present method of paying for assessment work at \$100 a claim and, instead, making it compulsory to do fifteen days work on each claim with an increased number of days for subsequent years.

The Chamber also opposed the giving of powers to the minister of mines to deal with claims on which it was found or reported that sufficient work had not been done. This, it is felt, might be giving too much power to the minister.

Mr. Collart outlined the difficulties with which prospectors were faced. He was supported by Vice-President Harvey and the Chamber was unanimous in support of the motion.

OCCUPATION CONTINUING

BUDAPEST, Nov. 8: (CP)—Riding a snow white horse, Admiral Nicholas Horthy, Regent of Hungary, entered ceded Czechoslovak territory of which Hungary is now taking military occupation.

ELECTIONS ON TODAY IN STATES

Sam Goes To Polls—Advice Roosevelt and Lewis—Test of New Deal

Republicans May Make Some Gains

Not Given a Chance Of Getting Majority, However—Many Interesting Referendums Are Up

NEW YORK, Nov. 8:—Speaking from Hyde Park, President Franklin D. Roosevelt urged the voters of the United States to ballot for candidates of known experience and liberal principles at the general elections being held today.

Some 49,000,000 Americans go to polls. Old line Republicans and communists were not deserving support, the chief executive said.

L. Lewis, head of the Committee on Industrial Organization, urged labor to vote for "proven" candidates of Roosevelt's social legislation.

Some hundred and thirty-two representatives, thirty-five senators and thirty-two governors are being elected today and a host of minor office holders in the states which are expected to indicate whether the public believes the New Deal has been a working success.

Some of the most interesting contests in the elections are for the Governorship of New York, a post usually spoken of as second only to the Presidency in importance. Young Disarmament Thomas E. Dewey, a Republican candidate, seeks the Governorship. Herbert H. Lehman, a Democratic candidate for re-election, is expected to win. Both sides express confidence as to the outcome.

Republicans are expected to make substantial gains in the free elections for the 432 House of Representatives seats at stake in the states but they are not conceding a chance of gaining a majority. Political seers predict they may win somewhere between 40 and 70 seats to the 89 they captured in 1936 when President Roosevelt won a Democratic landslide that carried 334 members of that party to the Chamber. However, no one expects the Republicans to gain a majority, or 218 seats, in the 76th Congress.

Some in the "solid south," where the New Deal is a Democratic primary issue, is tantamount to election. Republican opposition failed to carry in so many districts that 73 Democratic standard-bearers already may be considered seated in the next House. Of this huge majority, one unopposed Democrat is in Illinois, one in New York and one in Ohio. The others are in the states of Texas alone supplying 14. The Republicans are unopposed in Louisiana. Maine re-elected its Republican incumbent on November 12.

In the last House there were:—Democrats, 328; Republicans, 88; Progressives, 7; Farmer-Labor, 5; Total, 435.

The political classification of the members to occupy the vacant seats was: Democrats, 6; Republicans, 1.

In the Senate outcome of the campaign for United States Senate seats at stake in the elections will provide a definite line on whether President Roosevelt's popularity is holding fast or waning but only a surprising landslide could overthrow Democratic control of the Upper Chamber. Such an upset is not looked for, even by the most optimistic Republicans.

One-third of the Senate's total membership of 96 is elected every two years. Of the seats not contained in the present campaign, Democrats hold 45, only four short of a majority, while Republicans hold 12 and Farmer-Labor, Pro-

IS IT NEW ERA BEGINNING?

Many people are wondering if it may not have been the beginning of a new era when recently war was averted by personal mediation. A number of important countries were ready to fly at each other's throats when the British political leader decided to try what a heart to heart talk would do. All the cards were laid on the table on both sides and then the pros and cons were discussed. The result was that, for the time being at least, the orders for mobilization of troops were countermanded and today we have peace instead of war. If every time there is a crisis the leaders can get together and discuss the issue, we shall find that Chamberlain succeeded where the League of Nations failed. Time will tell which side is right in the controversy which has arisen over the right or the wrong of Chamberlain's celebrated move.

BRITISH IN LEAD

British are once more in the lead in the matter of long distance flying. At the week-end they snatched the long distance record from Russia by covering 7160 miles in forty-eight hours. This is not bad for a nation some people say is decadent. It is noted that the Russians took 62 hours to cover 6306 miles. No further comment is necessary.

HITLER POLICY

We do not like the policy of Herr Hitler in making particular mention of British statesmen to whom he is opposed. He and Mussolini named Anthony Eden some months ago and only a few days later Eden was out of the cabinet. The men to whom Hitler now objects are not in the cabinet so they cannot be driven out, but they are a power in the land and may yet prove to be at least a part of the power that will stop the head of the Nazi regime from his drive for world control.

BREAKERS OF TREATIES

Japan is proving to be a great breaker of treaties. She promised some years ago that she would help protect China and maintain equal commercial opportunities in that country. We all know how that has been done and now she is proposing to throw over the treaty in toto as a scrap of paper.

ELECTION QUITE POSSIBLE

The London Express suggests there may be an election in Great Britain early in the new year. Possibly the government has decided that the country will, by that time, have got over the excitement of the crisis and will be in a position to give a considered verdict on the action of the Prime Minister in his dealings with the other European powers over Czechoslovakia. By going to the country soon they may possibly win, although the result of the election yesterday in Dartford seems to indicate that they are likely to win.

CHAMPION FISHERMAN

Minneapolis Man Captures Jasper Park Angling Honor for Season

JASPER, Nov. 8: (CP)—Elmer G. Ecklund, Minneapolis, is the champion speckled trout fisherman of the Maligne River Anglers Club for the year 1938. This announcement has just been made by Robert Sommerville, manager of Jasper Park Lodge, under whose auspices the competition has been held for many years. With the announcement goes the gold button of the club, emblematic of the season's championship.

Runner-up position was captured by Jerome M. Schweitzer, New York and with this award goes the silver button.

The competition this year was the keenest in the history of the club and entries came from all parts of the United States and Canada.

The territory of the Maligne River Anglers Club is that portion of the Maligne River between the source at Maligne Lake and the outlet into Medicine Lake and most of the way this is what is known as "fast water." All fish entered must be weighed on tested scales and measured. They must be caught on artificial fly, single hook, with a rod weighing not more than six ounces.

Mr. Ecklund's speckled trout weighed two pounds six ounces with a length of 16 1/4 inches. He used a Jungle Cock wet fly.

Legion Executive Met Last Night

Satisfaction Expressed at Result of Tag Day—Prepare for Remembrance Day

In preparation for the regular monthly meeting the executive of the Prince Rupert branch of the Canadian Legion, British Empire Service League, met last evening with President Jack Preece in the chair.

Great satisfaction was expressed at the splendid result of the efforts of the taggers of the Women's Auxiliary of the Canadian Legion and the Imperial Order, Daughters of the Empire on the occasion of Poppy Tag Day. The results will provide comforts and necessities for many who were beginning to believe that they were indeed "forgotten men."

The fine support given by the boys who turned out on Sunday last under Bandmaster Robert Greenfield to lead the church parade was the subject of much favorable comment. The veterans appreciate the work of the boys under their bandmaster, himself a veteran.

Many are planning to listen in on

Friday evening when the National Remembrance Day broadcast program will be presented over a national station from 10 p.m. until 11 p.m. The broadcast will originate from Toronto and messages will be delivered from Ottawa. Deep notes of thanks and remembrance will permeate the broadcast, thanking for the immediate removal of the war and remembrance of those fought, died and suffered in the Great War and from the time since. The speakers on the program will be Lord Tweedmouth, Governor General of Canada, Hon. William Lyon Mackenzie King, Prime Minister of Canada, and J. Manion, M.C., M.D. The portion of the program will be narrated by the famous Toronto "de'sohri" Choir under the direction of Dr. H. A. Fricker. This organization of some two hundred voices is regarded as the finest choir of massed voices on the continent. The program will be broadcast before an audience from the University of the Pacific, where there will be an audience of 1700 invited guests of the Canadian Legion. Two applications for membership and one for a transfer to the branch were approved.

Chamber Objects To Price Fixing Principle

The Prince Rupert Chamber of Commerce last night passed a resolution objecting to the policy of fixing prices at which goods might be sold. The resolution embodying this was passed after J. T. Harvey had reported for a joint committee that the committee had failed to agree and he was reporting back to that effect.

at the spread in prices charged here as against those charged at Ketchikan. He thought wholesalers should not engage in retail business. D. C. McRae opposed the resolution because he felt the government was trying to deal with a condition to which objection was taken and the government should not be condemned for that. Mr. Harvey said the proposed resolution was not condemning the present legislation but was only enunciating a general principle.

Radio Situation Here Discussed

The radio committee reported to the Prince Rupert Chamber of Commerce at its meeting last night on its activities with a view to securing a better service for the city. A letter from the chairman of the Canadian Radio Corporation was read in which it was said that the cost of proposed services would be higher than the corporation could pay. However it was hoped to remedy the present situation.

Whifflets From The Waterfront

Halibut landings for the 1938 season at Seattle are placed at 20,641,000 pounds as compared with 20,583,000 pounds in 1937. The average price for this year for halibut was 8 1/2c as against 9 1/4c last year. The Mitkof, Majestic and Daily sold halibut at Seattle today, being the final boats of the season to be accounted for following the close of fishing in Area No. 3. Yesterday four schooners sold halibut at Seattle totalling 155,000 pounds as follows: Radio, 40,000 pounds, San Juan, 11c straight; Eagle, 36,000 pounds, Whiz 11 1/2c and 11c; Tordenskjold, 39,000 pounds, Whiz, 12 1/2c and 11 1/2c; Havana, 40,000, Sebastian, 12c and 11 1/2c. The Constitution and Alitak sold sablefish and cod at Seattle yesterday. Two

well known Seattle halibutters—Addington and Kingfisher—are leaving the Puget Sound port for San Pedro, California, to engage in market fishing.

Her passengers including quite a number of White Pass and Yukon Route employees, among them shipyard workers from Whitehorse, going south for the winter, C.P.R. steamer Princess Norah, Capt. S. K. Gray, called in port yesterday from 3:45 to 5 p.m. In all there were 150 passengers aboard the Princess Norah including ten who disembarked here. Three persons took passage aboard the vessel from here for Vancouver.

Union steamer Catala, Capt. James Findlay, arrived in port at 9:15 this morning from Stewart, Anyox and other northern points and sailed at 1:30 this afternoon for Vancouver and waypoints.

The Kaian was in with black cod this morning, being the only boat to arrive this morning with fish.

BEST COUGH MEDICINE CAN NOW BE MADE AT HOME

COSTS BUT FEW CENTS CHILDREN WILL LOVE IT

Mothers do this—make a syrup by dissolving 2 tablespoons of sugar in half a tea-cupful of warm water. Add the contents of one small bottle of Buckley's Cough Mixture and mix well. This will make 4 bottles of the most effective medicine in the world. It is really wonderful every half-hour. It's really wonderful

to see how quickly it relieves stubborn coughs and colds. Right away that tightness loosens up—phlegm is expelled—bronchial passages cleared—breathing becomes easier—you sleep soundly. Get a bottle of Buckley's Mixture today and make 3 bottles—enough to last the family all through the bad weather. Learn for yourself why we say the best cough medicine is made at home with Buckley's Mixture. All druggists sell Buckley's Mixture.

Toc H Active In Community

In aid of the Fuel Fund for indigent and aged, last Friday evening a splendid entertainment was given under the auspices of the Daylight Group of the Toc H organization.

The evening began with a competition in Highland dancing in which four girls competed for a silver cup, Miss Bea Ritchie proved to be the best exponent of the art. A dance followed in which a large and happy crowd joined.

Toc H has two groups actively at work in the city. One meets on Monday evenings in the Stork Block and another meets at the only time available to its members, during the day. These groups, while working quite autonomously, are at one in the work, objects and aims of the Toc H organization.

R. L. McIntosh returned to the city at the end of the week, having closed the summer home there for the season.

Rt. Rev. G. A. Rix, Bishop of Calcedonia, visited Metlakatla Sunday morning to conduct services there. The trip was made aboard the Anglican mission boat Northern Cross at the height of the storm that day.

ELECTIONS ON TODAY

(Continued From Page One)

gressives and Independent-Republicans one each.

In all, 111 candidates have offered for the 37 seats to be filled. One of them, in Louisiana, will again be held by John Overton, Democrat. He was re-elected when the Republicans failed to offer a candidate in opposition. In 32 cases election will be for six years. Those seats now are held by 29 Democrats and three Republicans.

Three contests are to fill unexpired terms of two or more years. New Jersey must elect a Senator to fill the seat of A. Harry Moore resigned. New York ballots on a successor to the late Dr. Royal Copeland. The terms in these two cases expire in January, 1941. The successor Tennessee names for the late Nathan Bachman will sit until January, 1934.

Two additional seats for unexpired terms in the present 75th Congress are up in Oregon and South Dakota but both terms expire January 3, 1939. The former was vacated by the resignation of Frederick Steiwer; the latter by the death of Peter Norbeck.

The five seats concerned in these short-term contests now are in the Democratic column.

Political make-up of the Senate at the end of the last session was:—Democrats, 76; Republicans, 15; Farmer-Labor, 2; Progressive, 1; Independent Republican, 1; vacancy, 1. Total, 96.

Many Referendums

Revised old-age pension plans and other welfare measures are among the leading referendum proposals to be voted on in various parts of the United States in connection with the elections.

A survey by the Council of State Governments showed these old-age security proposals on the ballots:—

Oregon—A referendum for maximum monthly \$100 pensions for all persons more than 60 years old.

North Dakota—Increase in pensions from \$30 to \$40 a month.

California—\$30 a week in state script to all unemployed persons of 50 years or older.

Oklahoma—A retirement plan for school teachers.

Nebraska—Licensing of slot machines to finance old-age pensions. Oklahoma and Oregon will also vote on slot machines and Maryland will vote on state lotteries.

Colorado—Repeal of the two-year-old constitutional amendment under which the needy over 60 are paid a monthly pension of \$45.

Other welfare proposals to be voted on include: authorization by the legislature to define the "paupers'" right to vote in New Hampshire; constitutional guarantee of public assistance to the physically and mentally handicapped with provisions that the legislature may establish health insurance in New York.

Illinois is voting on whether or not Americans should be called upon to fight on foreign soil.

NORWAY SONS HOLD BAZAAR

The annual Sonja bazaar on Friday afternoon and evening last was a very successful affair. During the afternoon there was a tea and sale and in the evening a highly enjoyable social was held, featuring the drawings for many raffles. The Oddfellows' Hall was the gathering place. The committee in charge of the day's proceedings consisted of Mrs. John Wick, Mrs. B. Roald, Mrs. J. Ellertson, Mrs. E. Jensen, Mrs. H. Rensvold, Mrs. O. Ellertson, Oscar Haveroy, H. Peterson, C. Aune, E. Johnson, John Murvold and Nils Wasaug.

Some three hundred persons turned out at the evening gathering. Music was by Fossun's Orchestra.

BEERY IN NEW ROLE

Plays Part of Marseilles Cafe Owner in "Port of Seven Seas"

"Port of Seven Seas," featuring the noted character actor, Wallace Beery, and "Woman Against Woman," a triangle play with Herbert Marshall, Virginia Bruce and Mary Astor, comprise a double bill picture program for the first of this week at the Capitol Theatre.

The story of "Port of Seven Seas" is woven around the owner of a Marseilles cafe, his son and the girl whom the son loves. When the son sails away in search of adventure, leaving the girl behind, the father transfers his affection from the son to the girl. The problem is worked out in a unique way with a surprise climax. In addition to Beery, prominent members of the cast are Frank Morgan, Maureen O'Sullivan, John Beal and Jessie Ralph.

"Woman Against Woman" is the story of a divorced man who takes his second wife to the town where his first wife and child live. The second wife finds the town leagued against her and the first wife bent on making trouble. However, her love for her husband gives her strength to see the situation through.

Oil Co., won by C. Phillipson.

ACHIEVED BY SOVIET

Local Communist Party Section Holds Anniversary Meeting

The achievements of twenty-one years of Soviet rule after the great Russian Revolution in 1917 was the subject dealt with at an anniversary meeting held in the Communist Party Hall on Sunday.

The speaker, A. Wallin, declared that twenty-one years had seen great changes, not only in the Soviet Union but all over the world. In the Soviet Union the system had converted a backward country into one of the foremost in technical and cultural respects. If the achievements attained in Germany in 1918 had been consolidated in the same manner as in Russia, the speaker emphasized, there would probably have had a far different Europe today. Certainly the world would have been nearer to permanent peace than it was now. As the situation was today, race prejudice was running wild. There was planned conquest of smaller nations to make up big Fascist powers. Even the great British Empire might be subdivided by the unappeased Fascist nations.

It is still time, the speaker asserted, to regain control and to consolidate peace. It must not be forgotten that, without the assistance of rich nations like the British Empire, the Fascist powers were financially helpless. The speaker further emphasized that, in the interests of saving civilization, true facts must be realized such as that the world must look towards the welfare of the majority of the people. This is the only true guarantee for progress.
